1.41 ECV (Estimated Contract Value) means amount put to tender.

2.0 Application:

These general conditions shall apply to the extent that they are not superseded by provisions in other parts of the contract.

3.0 Standards:

The goods supplied under this contract shall conform to the standards mentioned in the technical specification, and, when no applicable standard is mentioned, to the authoritative standard appropriate to the goods and such standards shall be the latest issued by the concerned institution.

4.0 Language and Measures:

All documents pertaining to the contract including specification, schedules, notices, correspondence, operating and maintenance instructions, drawings or any

other writing shall be written in english language. The metric system of measurement shall be used exclusively in the contract.

5.0 Contract Documents:

5.1 The term contract documents shall mean and include the following which shall be deemed to form an integral part of the Contract:

- a) Invitation of bid including, instructions to bidders, general terms and conditions of contract, special conditions of contract, and all other documents included under volume-I.
- b) Specifications of the equipment/ material to be furnished and erected under the contract as brought out in the accompanying technical specifications and data requirement sheets.
- c) Contractor's bid proposal and the documents attached thereto including the letters of clarifications thereto between the Contractor and the Owner prior to the award of contract except to the extent of repugnancy.
- d) All the materials, literature, data and information of any sort given by the contractor along with his bid, subject to the approval of the Owner.
- e) Letter of award / Letter of Intent to award (as applicable) and any agreed variations of the conditions of the documents and special terms and conditions of contract, if any.

5.2 In the event of any conflict between the above mentioned documents, the matter shall be referred to the engineer whose decision shall be considered as final and binding upon the parties.

5.3 All the relevant information/ material furnished by the contractor such as specifications of material/ equipment, design, literature, drawings or any other data during the course of contract will become the property of the owner and owner will have full rights to use the same elsewhere.

6.0 Use of Contract Documents and Information:

6.1 The Contractor shall not, without the Owner's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the Owner in connection therewith, to any persons other than a person employed by the Contractor in the performance of the contract. Disclosure to any such employed persons shall be made in confidence and shall extend only so far, as may be necessary for purposes of such performance.

- 6.2 The Contractor shall not, without the Owner's prior written consent, make use of any document or information enumerated in various contract documents except for purpose of performing the contract.
- 6.3 The Contractor shall not communicate or use in advertising, publicity, sales releases or in any other medium, photographs or other reproduction of the works under this contract, or descriptions of the site, dimensions, quantity, quality or other information, concerning the works unless prior written permission has been obtained from the Owner.
- 6.4 Any Document, other than the contract itself, enumerated in various contract documents, shall remain the property of the Owner and shall be returned (in all copies) to the Owner on completion of the contractor's performance under the contract, if so required by the Owner.,

7.0 Construction of the Contract:

- 7.1 Notwithstanding anything stated elsewhere in the Bid Documents, the Contract to be entered into will be treated as a **DIVISIBLE CONTRACT** resulting into three separate contracts, one for supply of goods, the second for erection and the third for civil engineering works covering the Entire Scope of the Partial/Total Turnkey Package.

All works contracts are normally 'Divisible contracts', wherein contract agreements and DWA's for each of the projects towards supply, erection and civil portion of the contract are executed and issued separately. Hence cross fall breach is envisaged in such type of contracts wherein breach in any one of the contract say either in supply, erection or civil would be treated as breach in remaining contracts also within the project/work that has been awarded. However in the package system of tendering where two or more projects/works are proposed to be clubbed for the sake of convenience for expediting the processing of tenders, the cross fall breach if any, in a particular project/work is proposed to be restricted to that project/work itself and is not allowed to get extended to other projects/works which have been included in the same enquiry and are awarded separately.

- 7.2 In case where the Owner hands over his Equipment/Material to the Contractor for executing, then the Contractor shall at the time of taking delivery of the equipment/dispatch documents be required to execute an **Indemnity Bond** in favour of the Owner in the form acceptable to KPTCL for keeping the equipment/material in safe custody and to utilise the same exclusively for the purposes of the said contract. Samples of proforma for the indemnity bond is enclosed as Annexure-VIII & IX.

8.0 Law Governing of Contract:

- 8.1 The Contract, shall in all respects be constructed and governed according to Indian Laws

8.2 The Courts of Bangalore shall have exclusive jurisdiction in all matters arising under this Contract.

9.0 Manner of Execution of Contract:

9.1 The Contract, unless otherwise agreed to, shall be signed within 15 days of the acceptance of the Letter of Award/ Letter of Intent to Award, at the Office of the Owner i.e. at the concerned O/o CEE, TZ, KPTCL, on a date and time to be mutually agreed to. The Contractor shall provide for signing of the contract, performance guarantee, appropriate power of attorney and other requisite materials. In case the contract is to be signed beyond the stipulated time, the bid security submitted with the proposal shall be extended accordingly.

9.2 The agreements shall be signed in original and the contractor shall be provided with one photo copy and the Owner will retain the original.

9.3 The Contractor shall provide free of cost to the Owner, the engineering data, drawings and descriptive materials submitted with the bid, in at least three (3) copies to form a part of the contract immediately after issue of letter of award/ letter of intent to award(as applicable).

9.4 Subsequent to signing of the contract, the Contractor at his own cost shall provide the Owner with at least fifteen (15) bounded true copies of DWA within thirty (30) days after issue of DWA.

10.0 Enforcement of terms:

10.1 The failure of either party to enforce at any time any of the provisions of this contract or any rights in respect thereto or to exercise any option therein provided, shall in no way be construed to be a waiver of such provisions, rights or options or in any way to affect the validity of the contract. The exercise by either party of any of its rights herein shall not preclude or prejudice either party from exercising the same or any other right it may have under the Contract.

11.0 Completion of Contract:

11.1 Unless otherwise terminated under the provisions of any other relevant clause, this contract shall be deemed to have been completed on the expiry of the guarantee period as provided for under the clause 15.0 entitled 'Guarantee' in Section-III, Volume-I of GCC.

B. GUARANTEES & LIABILITIES

12.0 Time - the essence of Contract:

- 12.1** The time and the date of completion of the contract as stipulated in the contract by the owner with or without modifications, if any, and so incorporated in the letter of award/letter of intent to award (as applicable), shall be deemed to be the essence of the contract. The Contractor shall so organise his resources and perform his work as to complete it not later than the date agreed to.
- 12.2** The Contractor shall submit a detailed **Activity Chart acceptable to the owner**, before signing of agreement, consisting of adequate number of activities covering various key phases of the work such as design, drawings, procurement, manufacturing, shipment, receiving of the owner supplied equipments (if any), and field erection activities within fifteen (15) days of the date of notice of award of contract. This network shall also indicate the interface facilities to be provided by the Owner and the dates by which such facilities are needed. The Contractor shall discuss the **Chart** so submitted with the Owner and the agreed Chart shall form part of the contract documents. During the performance of the contract, if in the opinion of the engineer, proper progress is not maintained, suitable changes shall be made in the Contractor's operations to ensure proper progress without any cost implication to the Owner. The interface facilities to be provided by the Owner in accordance with the agreed Chart shall also be reviewed while reviewing the progress of the Contract. The Activity Chart should be reviewed, updated, once every month and submitted to engineer for approval
- 12.3** Based on the above-agreed Activity Chart, fortnightly reports shall be submitted by the Contractor as directed by the Engineer.
- 12.4** Subsequent to the, finalization of the **Chart**, the Contractor shall make available to the engineer a detailed manufacturing program, in line with the agreed contract **Activity Chart**. Such manufacturing program shall be reviewed, updated and submitted to the engineer once every two months thereafter.
- 12.5** The above **Activity Chart/ Manufacturing Program** shall be compatible with the Owner's Computer environment and furnished to the Owner on such media as may be desired by the Owner.

13.0 Effectiveness of Contract:

The Contract shall be considered as having come into force from the date of **Letter of Award**.

14.0 Penalty:

14.1 For Equipment Portion (Excluding Spares):

If the Contractor fails to successfully complete the commissioning within the time fixed under the contract, the Contractor shall pay to the Owner as Penalty, a sum specified for each specified period of delay. The details of such penalty are

brought out in the accompanying special conditions of contract (scc). Equipment and materials will be deemed to have been delivered only when all its components, parts are also delivered. If certain components are not delivered in time, the equipment and materials will be considered as delayed until such time the missing parts are also delivered. The total amount of Penalty for delay under the contract will be subject to a maximum 10% of the contract price .

14.2 For Spares:

14.2.1 Unless otherwise specified in the Special Conditions of Contract, the Penalty for delay in supply of Spares, beyond the dates stipulated under clause 36.2 section GCC shall be of 1/2 % (half percent) of the price of undelivered spares per week or part thereof.

14.2.2 The total amount of **Penalty** for delay under the contract will be subject to a maximum of Ten percent (10%) of the value of contract unless otherwise specifically mentioned in Special Conditions of Contract.

14.2.3 **Penalty** for not meeting performance guarantees during the performance and guarantee tests shall be assessed and recovered from the contractor as detailed in technical specification/ special conditions of contract.

Note: The total penalty levied shall not exceed the total contract value.

15.0 Guarantee:

15.1 The Contractor shall Guarantee that the equipment supplied by him will be new, unused and in accordance with the contract documents and free from defects in material and workmanship for a period of 42 (Forty Two) months in respect of Control and Relay panels, Isolators, Battery Set & Circuit Breakers and 12 (twelve) Months for rest of the project commencing immediately upon the satisfactory commissioning. The Contractor's liability shall be limited to the replacement of any defective parts in the equipment of his own manufacture or those of his sub-contractors, under normal use and arising solely from faulty design, materials and/or workmanship provided always that such defective parts are repairable at the site and are not in the meantime essential in the commercial use of the equipment. Such replaced/ defective parts shall be returned to the Contractor unless otherwise arranged. No repairs or replacement shall normally be carried out by the engineer, when the equipment is under the supervision of the Contractor's Supervisory Engineer.

15.2 In the event of any emergency, as per the judgment of the Engineer, where in the delay would cause serious loss or damages, repairs or adjustment may be made by the engineer or a third party chosen by the engineer without advance notice to the contractor and the cost of such work shall be paid by the contractor. In the event of such action being taken by the Engineer, the Contractor will be notified promptly and he shall assist wherever possible in making necessary corrections.

This shall not relieve the Contractor of his liabilities under the Terms and Conditions of the Contract.

- 15.3** If it, becomes necessary for the Contractor to replace or renew any defective portions of the works, the provision of this clause shall apply to portion of the works so replaced or renewed until the expiry of 42 (Forty Two) months in respect of Control and Relay panels, Isolators, Battery Set & Circuit Breakers and 12 (twelve) Months for rest of the project from the date of such replacement or renewal. If any defects are not remedied within a reasonable time, the Engineer may proceed to do the Work at the Contractor's risk and cost but without prejudice to any other rights, which the Owner may have against the Contractor in respect of such defects.
- 15.4** The repaired or new parts will be furnished and erected free of cost by the Contractor. If any repair is carried out on his behalf at the Site, the Contractor shall bear the cost of such repairs.
- 15.5** The cost of any special or general overhaul rendered necessary during the maintenance period due to defects in the equipment or defective work carried out by the Contractor, the same shall be borne by the Contractor.
- 15.6** The acceptance of the Equipment by the Engineer shall in no way relieve the Contractor of his obligations under this clause.
- 15.7** In case of those defective parts which are not repairable at Site but are essential for the Commercial Operation of the Equipment, the Contractor and the Engineer shall mutually agree to a program of replacement or renewal which will minimise interruption to the maximum extent, in the Operation of the Equipment.
- 15.8** In respect of goods supplied by Vendor to the Contractor where a longer guarantee (more than 12 months) is provided by such Vendor, the Owner shall be entitled to the benefit of such longer guarantees.
- 15.9** The provisions contained in this clause will not be applicable:
- a) If the Owner has not used the equipment according to generally approved industrial practice and in accordance with the conditions of operation specified and in accordance with operating manuals, if any.
 - b) In cases of normal wear and tear of the parts to be specifically mentioned by the Contractor in the Offer.

16.0 Taxes, Permits & Licenses:

The Contractor shall be liable and pay all types of applicable Taxes such as CGST, SGST, IGST, UTGST, Duties, Levies, Cess if any, lawfully assessed

against the Owner or the Contractor in pursuance of the Contract. In addition the Contractor shall be responsible for Payment of all Indian Duties, Levies and all Taxes, cess if any lawfully assessed against the Contractor for his Personal Income and Property.

17.0 Replacement of Defective Parts and Materials:

17.1 If during the performance of the contract, the engineer shall decide and inform in writing to the Contractor that the Contractor has manufactured any equipment, material or part of equipment unsound and imperfect or has furnished any equipment inferior to the quality specified, the Contractor on receiving details of such defects or deficiencies shall at his own expense within seven (7) days of his receiving the notice, or otherwise, within such time, as may be reasonably necessary for making it good, proceed to alter, reconstruct or remove such work and furnish fresh equipment/ materials up to the standards of the specifications. In case the Contractor fails to do so, the Engineer may on giving the Contractor seven (7) days notice in writing of his intentions to do so, proceed to remove the portion of the works so complained of and at the cost of the Contractor perform all such work or furnish such equipment/ material provided that nothing in this clause shall be deemed to deprive the Owner of or affect any rights under the contract which the Owner may otherwise have in respect of such defects and deficiencies.

17.2 The Contractor's full and extreme liability under this clause shall be satisfied by the payment to the Owner of the extra cost, of such replacement procured including erection as provided for in the contract, such extra cost being the ascertained difference between the price paid by the Owner for such replacements and the contract price by portion for such defective equipment/ material/ works and repayments of any sum paid by the Owner to the Contractor in respect of such defective equipment/ material should the owner not so replace the defective equipment/materials, the Contractor's extreme liability under this clause shall be limited to repayment of all sums paid by the owner under the contract for such defective equipment /materials.

18.0 Patent Right and Royalties:

Royalties and fees for patents covering materials, articles, apparatus, devices, equipment or processes used in the works shall be deemed to have been included in the contract price. The Contractor shall satisfy, all demands that may be made at any time for such royalties or fees and he alone shall be liable for any damages or claims for patent infringements and shall keep the Owner indemnified in that regard. The Contractor shall, at his own cost and expense, defend all suits or proceedings that may be instituted for alleged infringement of any patents involved in the works, and, in case of an award of damages, the Contractor shall pay for such award. In the event of any suit or other proceedings instituted against the Owner, the same shall be defended at the cost and expense of Contractor who

shall also satisfy/comply with any decree, order or award made against the Owner. But it shall be understood that no such machine, plant, work, material or thing has been used by the Owner for any purpose or manner other than that for which they have been furnished and installed by the Contractor and specified under these specifications. Final payment to the Contractor by the Owner will not be made while any such suit or claim remains unsettled. In the event any apparatus or equipment, or any part thereof furnished by the Contractor, is in such suit or proceedings held to constitute infringement, and its use is enjoined, the Contractor shall at his option and at his own expense, either procure for the Owner, the right to continue the use by Owner of said apparatus, equipment or part thereof, replace it with non infringing apparatus or equipment or modify it, so that it becomes non-infringing.

19.0 Defense of Suits:

If any action in Court is brought against the Owner or Engineer or an Officer or agent of the Owner, for the failure, omission or neglect on the part of the Contractor to perform any acts, matters, covenants or things under the contract, or for damage or injury caused by the alleged omission or negligence on the part of the Contractor, his agents, representatives or his sub-contractors, or in connection with any claim based on lawful demands of sub-contractors, workmen, suppliers or employees, the Contractor shall in all such cases indemnify and keep the Owner, and the Engineer and/or his representative, harmless from all losses, damages, expenses or decrees arising of such action.,

20.0 Limitation of Liabilities:

The final payment by the Owner in pursuance of the contract shall mean the release of the Contractor from all his liabilities under the contract. Such final payment shall be made only at the end of the guarantee/ warranty period, and till such time as the contractual liabilities and responsibilities of the Contractor, shall prevail. All other payments made under the contract shall be treated as on account payments.

21.0 Engineer's Decision:

21.1 In respect of all matters which are left to the decision of the Engineer including the granting or with-holding of the Certificates, the Engineer shall, if required to do so by the Contractor, give in writing a decision thereon.

21.2 If, in the opinion of the Contractor, a decision made by the Engineer is not in accordance with the meaning and intent of the contract, the Contractor may file with the Engineer, within fifteen (15) days after receipt of the decision, a written objection to the decision. Failure to file an objection within the allotted time will be considered as an acceptance of the Engineer's decision and the decision shall become final and binding.

21.3 It is the intent of the agreement that there shall be no delay in the execution of the works and the decision of the Engineer as rendered shall be promptly observed.

22.0 Power to Vary or Omit Work:

22.1 No alterations, additions, amendments, omissions, suspensions or variations of the works (hereinafter referred to as '**Variation**') under the contract as detailed in the contract documents, shall be made by the Contractor except as directed in writing by the Engineer, but the Engineer shall have full powers, subject to the provisions hereinafter contained, from time to time, during the execution of the contract, to issue notice in writing to instruct the Contractor to make such variation without prejudice to the contract. The Contractor shall carry out such variation and be bound by the same conditions as far as applicable as though the said variations occurred in the contract documents. If any suggested variations would, in the opinion of the Contractor, if carried out, prevent him from fulfilling any of his obligations or guarantees under the contract, he shall notify the Engineer thereof in writing and the Engineer shall decide forthwith whether or not, the same shall be carried out and if the Engineer confirms his instructions, the Contractor's obligations and guarantees shall be modified to such an extent as may be mutually agreed to. Any difference in cost occasioned by any such variation shall be added to, or reduced from the contract price as the case may be.

22.2 In the event of Engineer requiring any variation, a reasonable and proper notice shall be given to the Contractor to enable him to work his arrangement accordingly, and in cases where goods or materials are already prepared or any design, drawings or pattern made or work done requires to be altered, a reasonable and agreed sum in respect thereof shall be paid to the Contractor.

22.3 In any case in which the Contractor has received instructions from the Engineer as to the requirement of carrying out the alterations or additions or substitute which either then or later on, will, in the opinion of the Contractor, involve a Claim for additional payment, the Contractor shall immediately and in no case later than thirty (30) days, after receipt of the instructions aforesaid and before carrying out the instructions, advise the Engineer to that effect. But the Engineer shall not become liable for the payment of any charges in respect of any such variations, unless the instructions for the performance of the same shall be confirmed in writing by the Engineer.

22.4 VOID.

22.5 In all the above cases, in the event of a disagreement as to the reasonableness of the said sum, the decision of the Engineer shall prevail.

22.6 Notwithstanding anything stated above in this clause, the Engineer shall have the full power to instruct the Contractor, in writing, during the execution of the contract to vary the quantities of the items or groups of items in accordance with

the provision of clause entitled 'Change of Quantity' in clause 24 of Section GCC of this volume - I. The Contractor shall carry out such variations and the contract price shall be adjusted in accordance with clause 24 of section GCC.

23.0 Assignment and Sub-letting of Contract:

23.1 Deleted.

23.2 For components/ equipment procured by the Contractor for the purposes of the contract, after obtaining the written approval of the Owner, the Contractor's purchase specifications and enquiries shall call for quality plans to be submitted by the suppliers along with their proposals. The quality plans called for from the vendors shall set out, during the various stages of manufacture and installation, the quality practices and procedures followed by the vendor's quality control organization, the relevant reference documents/ standard used, acceptance level, inspection documentation raised, etc. Such quality plans of the successful vendors shall be discussed and finalised in consultation with the Engineer and shall form a part of the purchase order/contract between the Contractor and the Vendor. Such bills shall be supported by appropriate and certified vouchers or explanations, to enable the Contractor to properly identify such claims. Such claims shall be paid by the Contractor within thirty (30) days of the receipt of the corresponding bills and if not paid by the Contractor within the said period, the Owner may then deduct the amount, from any amount due or becoming due by him to the Contractor under the contract or may be recovered by actions of Law or otherwise.,

D. SPARES

36.0 SPARES:

36.1 All the spares for the equipment under the contract will, strictly confirm to the specifications and documents and will be identical to the corresponding main equipment /components supplied under the contract, and shall be fully interchangeable.

36.2 All the mandatory spares covered under the contract shall be procured along with the main equipment as a continuous operation and the delivery of the spares will be effected along with the main equipment in a phased manner and the delivery would be completed by the respective dates for the various categories of equipment as per the agreed **activity chart**.

36.3 The quality plan and the inspection requirement finalized for the main equipment will also be applicable for the corresponding spares.

36.4 The Contractor will provide the Owner with the manufacturing drawing, catalogues, assembly drawings and any other document required by the Owner so as to enable the Owner to identify the recommended spares. Such details will be furnished to the Owner as soon as they are prepared but in any case not later than six months prior to commencement of manufacture of the corresponding main equipment.

36.5 The Contractor will provide the Owner with all the addresses and particulars of his sub-suppliers while placing the order on vendors for items/components/equipment, covered under the contract and will further ensure with his vendors that the owner if so desires, will have the right to place order (s) for spares directly on them on mutually agreed terms, based on offers of such Vendors.

36.6 WARRANTY FOR SPARES:

36.6.1 The Contractor shall warrant that all spares supplied will be new and in accordance with contract documents and will be free from defects in design, materials and workmanship and shall further guarantees as under:

For 3 years Operational Spares:
(Both Mandatory and Recommended):

- a) For any item of spares ordered or to be ordered by the owner for 3 years operational requirement of the plant which are manufactured as a continuous operation together with the corresponding main equipment / component, the warranty, will be 12 months from the scheduled date of commercial operation of the last unit of main equipment under the contract. In case of any failure in the original component / equipments due to faulty designs, materials and workmanship, the corresponding spares parts, if any, supplied will be replaced without any extra cost to the Owner unless a joint examination and analysis by the Owner and the Contractor of such spare parts prove that the defect found in the original part that failed, can safely be assumed not to be present in spare parts. Such replaced spare parts will have the same warranty as applicable to the replacement made for the defective original part component provided that such replacement for the original equipment and the spare replaced are again manufactured together. The discarded spare parts will become the property of the Contractor as soon as they have been replaced by the Contractor.
- b) For the item of spares ordered / to be ordered by the Owner for 3 years operation requirements of the equipment, which with the written approval of the Owner, are not manufactured as a continuous operation together with the manufacture of the corresponding main equipment / component, will be warranted for 6000 hrs of trouble free operation, if used within a period of 18 months (reckoned from the date of delivery at Site) However, if such spare parts are put to use after 18

months of the delivery, at site then the guarantee of such spares will stand valid till the expiry of 36 months from the scheduled date of the completion of commissioning of the last unit of equipment -or 6000 hrs of trouble free operation after such spares are put in service, whichever is earlier.

c) For Long Term Requirement:

For items of spares that may be ordered by the Owner to cover requirements beyond 3 years of initial operation of the plant, the warranty will be till the expiry of 6000 hrs of trouble free operation if used within a period of 18 months from the date of delivery at site. For items of spares that may be used after 18 months from the date of delivery at site, the warranty period will be 12 months from the date they are put to use or 6000 hrs of trouble free operation, whichever is earlier.

36.6.2 The warranty of spares that are not used within 18 months from the respective dates of the delivery at site covered in para (b) & (c) above will, however, be subject to the condition that all such spares have been stored /maintained / preserved in accordance with Contractor's standard recommended practice, if any, and the same have been furnished to the Owner.

36.7 Void.

36.8 In addition to the mandatory spares, if the Owner further identifies certain particular items of spares, the Contractor will submit the prices and delivery quotations for such spares within 30 days of receipt of such request with validity period for 6 months for consideration by the Owner and placement of order for additional spares, if Owner so desires.

36.9 The Contractor shall guarantee the long term availability of spares to the owner for the full life of the equipment covered under the contract. The Contractor shall guarantee that before going out of production of spare parts of the equipment, he shall give the Owner at least twelve (12) months advance notice so that the latter may order his bulk requirement of spares, if he so desires. The same provision will also be applicable to sub- contractor of any spares by the Contractor or his Sub-Contractors. Further, in case of discontinuance of manufacture of any spares by the Contractor or his Sub -Contractors, the Contractor will provide the Owner, two years in advance full manufacturing drawings, material specifications and technical information required by the owner for the purpose of manufacture of such items.

36.10 Further in case of discontinuation of supply of spares by the Contractor or his sub-Contractors, the Contractor will provide the Owner with full information for replacement of such spares with other equivalent makes, if so required by the Owner.

- 36.11** The prices of all future requirements of items of spares beyond 3 years operational requirement will be derived from the corresponding ex-works price at which the order for such spares have been placed by Owner as part of mandatory spares or recommended spares. Ex-Works order price of future spares shall be computed in accordance with the price adjustment provisions covered under the main contract excepting that the base indices will be counted from the scheduled date of successful completion of trial operation of the last equipment under the main project and there will be no ceiling on the amount of narration in the prices. The above option for procuring future long term requirement of spares by the Owner shall remain valid for a period of 5 years from successful completion of commissioning last unit of equipment.
- 36.12** The Contractor will indicate in advance the delivery, period of the items of spares, which the Owner may procure in accordance with above sub-clause. In case of emergency requirements of spares, the Contractor would make every effort to expedite the manufacture and delivery of such spares on the basis of mutually agreed time Schedule.
- 36.13** In case the Contractor fails to supply the mandatory recommended or long terms spares in accordance with the terms stipulated above, the Owner shall be entitled to purchase the same from alternate sources at the risk and the cost of the Contractor and recover from the Contractor, the excess amount paid by the Owner over the rates worked on the above basis. In the event of such risk purchase by the Owner, the purchases will be as per the works and procurement policy of the Owner prevalent at the time of such purchases and the Owner at his option may include a representative of the Contractor in finalizing the purchases.
- 36.14** It is expressly understood that the final settlement between the parties in terms of relevant clauses of the bidding documents shall not relieve the Contractor of any of his obligations under the provisions of long term availability of spares unless otherwise discharged in writing by the Owner.

E. RISK DISTRIBUTION

37.0 Transfer of the Title:

- 37.1** The title of **Owner Supplied Equipments/Materials** will be with KPTCL. These equipments/materials will be handed over to the Contractor for erection, testing and commissioning duly obtaining an indemnity bond in accordance with clause 11.2 of Section-V, Special Conditions of Contract-SCC, Volume-I. This indemnity bond shall be furnished by the Contractor before commencement of the supplies of Owner supplied equipments/materials and shall be valid till the scheduled date of testing, commissioning and handing over of the work back to the Engineer in accordance with Clause 9.0 of Section-V, Special Conditions of Contract-SCC, Volume-I.

37.2 In order to enable the Contractor to carry out his obligation under the contract such as receipt at site, storage, erection, testing, etc., the Owner shall hand over (wherever applicable) the goods to the Contractor against an indemnity bond in the format enclosed as Annexure- VIII & IX.

37.3 For Contractor Supplied Equipment/Materials :

37.3.1 Transfer of the title in respect of equipment and materials supplied by the Contractor to the KPTCL pursuant to the terms of the contract shall pass on to the KPTCL with negotiation of dispatch documents.

37.3.2 This transfer of title shall not be construed to mean the acceptance and the consequent "Taking Over" of equipment and materials. The Contractor shall continue to be responsible for the quality and performance of such equipment and materials and for their compliance with the specifications until "Taking Over" and the fulfillment of guarantee provisions of this Contract.

37.3.3 This transfer of title shall not relieve the contractor from the responsibility for all risks of loss or damage to the equipment and materials as specified under the clause entitled 'insurance' of this section.

37.3.4 In order to enable the contractor to carry out its obligation under the contract such as receipt at site, storage, erection, testing, etc., the owner shall hand over (wherever applicable) the goods to the contractor against an Indemnity Bond in the format enclosed as Annexure VIII & IX. The Contractor shall be fully responsible for the safety of the goods while the same are under his custody as above.

37.4 The Contractor shall be fully responsible for the safety of all the equipments/materials while the same are under his custody as above until "Taking Over of the Stations" by the Owner in accordance with Clause 9.0 of Section-V, Special Conditions of Contract-SCC, Volume-I.

38.0 Insurance:

38.1 The Contractor at his cost shall arrange, secure and maintain all insurance as may be pertinent to the works and obligatory in terms of law to protect his interest and interests of the Owner against all perils detailed herein. The form and the limit of such insurance as defined herein together with the under-writer in each case shall be acceptable to the Owner. However, irrespective of such acceptance, the responsibility to maintain adequate insurance coverage at all time during the period of contract shall be of Contractor alone. The Contractor's failure in this regard shall not relieve him of any of his contractual responsibilities and obligations. The Contractor shall, however, be authorized to deal directly with insurance company or companies and shall be responsible in regard to

maintenance of all insurance covers. Further the insurance should be in freely convertible currency.

- 38.2** Any loss or damage to the equipment during handling, transportation, storage, erection, putting into satisfactory operation and all activities to be performed till the successful completion of commissioning of the equipment shall be to the account of the Contractor. The Contractor shall be responsible for preference of all claims and make good the damages or loss by way of repairs and/or replacement of the equipment, damaged or lost. The transfer to title shall not in any way relieve the Contractor of the above responsibilities during the period of contract. The Contractor shall provide the Owner with copies of all insurance policies and documents taken out by him in pursuance of the contract. Such copies of documents shall be submitted to the Owner immediately after such Insurance coverage. The Contractor shall also inform the Owner in writing at least sixty (60) Days in advance regarding the expiry /cancellation and/or change in any of such Documents and ensure revalidation, renewal etc. as may be necessary well in time.
- 38.3** The perils required to be covered under the insurance shall include, but not be limited to fire and allied risks, miscellaneous accidents (Erection risks) Workman compensation risks, loss or damage in transit, theft, pilferage, riot and strikes and malicious damages, civil commotion, weather conditions, accidents of all kinds, etc. The Scope of such insurance shall be adequate to cover the replacement/reinstatement cost of the equipment for all risks up to and including delivery of goods and other costs till the equipment is delivered at site. The insurance polices to be taken should be on replacement value basis and/or incorporating escalation clause. Notwithstanding the extent of insurance cover and the amount of claim available from the underwriters, the Contractor shall be liable to make good the full replacement/ rectification value of all equipment/materials and to ensure their availability as per project requirements.
- 38.4** All costs on account of insurance liabilities covered under the contract will be on Contactor's account and will be included in Contract Price. However, the Owner may from time to time, during the pendency of the contract, ask the Contractor in writing to limit the Insurance coverage, risks and in such a case, the parties to the contract will agree for a mutual settlement, for reduction in contract price to the extent of reduced premium amount. The Contractor, while arranging the insurance shall ensure to obtain all discounts on premium that may be available for higher volume or for reason of financing arrangement of the project.
- 38.5** The Clause entitled 'Insurance' under the Section-IV, Erection Conditions of Contract-ECC, Volume-I covers the additional Insurance requirements for the portion of the Works to be performed at the Site.

39.0 Liability for Accidents and Damages:

Under the contract, the Contractor shall be responsible for loss or damage to the plant / structures until the successful completion of commissioning as defined elsewhere in the bid document.

40.0 Delays by Owner or his Authorised Agents:

40.1 In case the Contractor's performance is delayed due to any act of omission on the part of the Owner or his authorised agents, then the Contractor shall be given due extension of time for the completion of the works, to the extent such omission on the part of the Owner has, caused delay, in the Contractor's Performance of the Contract. Regarding reasonableness or otherwise of the extension of time, the decision of **the Engineer** shall be final.

40.2 In addition, the Contractor shall be entitled to claim demonstrable and reasonable compensation if such delays have resulted in any increase in cost. The Owner shall examine the justification for such a request for claim and if satisfied, the extent of compensation shall be mutually agreed depending upon the circumstances at the time of such an occurrence.

41.0 Demurrage, Wharfage, Etc.

All demurrage, wharfage, and other expenses incurred due to delayed clearance of the material or any other reason shall be to the account of the Contractor.

42.0 Force Majeure:

42.1 Force majeure is herein defined as any cause which is beyond the control of the Contractor or the Owner as the case may be, which they could not foresee **or** with a reasonable amount of diligence could not have foreseen and which substantially affects the performance of the contract, such as:

- a) Natural Phenomena, including but not limited to Floods, Droughts, Earthquakes and Epidemics.
- b) Acts of any Government, domestic or foreign, including but not limited to War, declared or undeclared, Priorities, Guarantees, and Embargoes. Provided either party shall, within fifteen (15) days from the occurrence of such a cause, notify the other in writing of such causes.

42.2 The Contractor or the Owner shall not be liable for delays in performing his obligations resulting from any Force Majeure cause as referred to and/or defined above. The date of completion will subject to hereinafter provided, is extended by a reasonable time even though such cause may occur after Contractor's Performance of obligation has been delayed due to other causes.

42.3 Bankruptcy:

If the Contractor shall become bankrupt or otherwise insolvent or have a receiving order made against him or compound with his creditors, or being a corporation, commence to be wound up, not being a voluntary winding up for the purpose only of amalgamation/ reconstruction, or carry on its business under a receiver for the benefit of its creditors or any of them, the Owner will be at liberty:

- a) To terminate the contract forthwith by notice in writing to the liquidator or receiver or to any persons in whom the contract may become vested and to act in the manner provide in Clause 44.0 infra titled 'Contractor's Default Liabilities', as though the last mentioned notice has been the notice referred to in such clause and the equipment materials and works have been taken out of the Contractor's hands;
- b) To give such liquidator, receiver, or other persons the option of carrying out the contract subject to his providing a guarantee, for the due and faithful performance of the contract, up to an amount, to be determined by the Owner.

43.0 Suspension of Work:

43.1 The Owner reserves the right to suspend and reinstate execution of the whole or any part of the works without invalidating the provisions of the contract. Orders for suspension or reinstatement of the works will be issued by the Engineer to the Contractor in writing. The time for completion of the works will be extended for a period equal to duration of the suspension.

43.2 Any necessary and demonstrable cost incurred by the Contractor as a result of such suspension of the works will be paid by the Owner, provided such costs are substantiated to the satisfaction of the Engineer. The Owner shall not be responsible for any liabilities if suspension or delay is due to some default on the part of the Contractor or his Sub- Contractor.

44.0 Contractor's Default

44.1 If the Contractor shall neglect to execute the works with due diligence and expediency or shall refuse or neglect to comply with any reasonable Order given to him, in writing by the Engineer in connection with the works or shall contravene the provisions of the contract, the Owner may give notice in writing to the Contractor to make good the failure / neglect or contravention complained of. Should the Contractor fail to comply with the notice within thirty (30) days from the date of serving the notice, then and in such case the Owner shall be at liberty to employ other workmen and forthwith execute such part of the works as the Contractor may have neglected to do or if the Owner shall think fit, without prejudice to any other right he may have under the contract to take the work wholly or in part out of the Contractor's hands and re-contract with any other persons or persons to complete the works or any part thereof and in that event the

Owner shall have free use of all Contractor's equipment that may have been at the time on the site in connection with the works without being responsible to the Contractor for fair wear and tear thereof and to the exclusion of any right of the Contractor over the same, and the Owner shall be entitled to retain and apply balance which may otherwise be due on the Contract by him to the Contractor, or such part of the works or of completing the works as the case may be. If the cost of completing the works or executing a part there of as aforesaid shall exceed the balance due to the Contractor, the Contractor shall pay such excess amount. Such payment of excess amount shall be independent of the **Penalty** for delay, which the Contractor shall have to pay if the completion of works is delayed.

44.2 In addition, such action by the Owner as aforesaid shall not relieve the Contractor of his liability to pay Penalty for delay in completion of works as defined in **Clause 14.0** of this Section.

44.3 Such action by the Owner as aforesaid the termination of the contract under this clause shall not entitle the contractor to reduce the value of the contract performance guarantee nor the time thereof. The contract performance guarantee shall be valid for the full value and for the full period of the contract including guarantee period.

45.0 Termination of Contract on Owner's Initiative

45.1 The Owner reserves the right to terminate the contract either in part or in full due to reasons other than those mentioned under clause entitled contractor's default. The Owner shall in such an event give fifteen (15) days notice in writing to the Contractor of his decision to do so. The Contractor, upon receipt of such notice, shall discontinue the work on the date and to the extent specified in the notice, make all reasonable efforts to obtain cancellation of all orders and contracts to the extent they are related to the work terminated and terms satisfactory to the Owner. Stop all further Sub-Contracting or purchasing activity related to the work terminated, and assist the Owner in maintenance, protection, and disposition of the works acquired under the contract by the Owner.

45.2 In the event of such a termination the Contractor shall be paid the amount due to him for the work already under taken. If the Contractor is an individual or a proprietary concern and the individual or the proprietor dies and if the Contractor is a partnership concern and one of the partners dies, then unless the Owner is satisfied that the legal representatives of the individual Contractor or of the proprietor of the propriety concern and in the case of partnership, the surviving partners, are capable of carrying out and completing the contract, the Owner shall be entitled to cancel the contract as to its incomplete part without being in any way liable to payment of any compensation to the estate of deceased Contractor and/or to the surviving partners of the Contractor's Firm on account of the cancellation of the contract except the amount which has already become due and payable. The decision of the Owner that the legal representatives of the deceased

Contractor or surviving partners of the Contractor, cannot carryover and complete the contract, shall be final and binding on the parties.
