In the matter of Amendments to Standard Wheeling and Banking Agreement for Renewable Sources of Energy Projects

ORDER

Preamble:

The Commission vide its Order dated 08.7.2014 had approved the standard 'Wheeling and Banking Agreements' for Renewable Energy [RE] projects. In order to give clarity on certain Clauses of the above agreements, the Commission had proposed amendments inviting comments/views/suggestions from interested persons. The Commission also held a hearing in the matter on 30.10.2014. After considering the comments/suggestions/views of the Stakeholders, the Commission has finalized the amendments to the standard Wheeling and Banking Agreements. Hence, this Order.

Order

The Commission, after considering the comments/suggestions/views of various stakeholders, hereby approves the amendments to the standard wheeling and banking agreement formats for non-REC route projects and for captive RE projects with normal charges, as enclosed to this Order at Annexure-1 and Annexure -2 respectively.

The ESCOMs are directed to incorporate these amendments in the Standard Wheeling and Banking Agreements approved vide Commission's Order dated 08.07.2014.

Amendments applicable to wheeling and banking agreement formats for non-REC route projects

Clause No.	Existing	As amended
1.1(l)	“Injection Point” means the point or points at which Electricity is injected at the project site by the Company into the Corporation/ESCOM network.	“Injection Point” means the point or points at which Electricity is injected by the Company into the Corporation’s/ESCOMs’ network.
5.4	The ESCOM shall recover from the Exclusive Consumer, twice the charges applicable to the relevant category for the over drawal of power from the grid beyond that contracted under wheeling with the Company.	<p>The ESCOM shall recover from the Exclusive Consumer:</p> <p>a) twice the demand charges as applicable to the relevant category of consumers as determined by the Commission from time to time, for overdrawal of demand [kW/MW] beyond the quantum of power contracted under the wheeling agreement; and</p> <p>b) twice the energy charges as applicable to the relevant category of consumers for overdrawal of energy from the grid beyond the net injected energy by the Company [injected energy less the wheeling and banking charges in kind].</p>

Annexure:2

Amendments applicable to wheeling and banking agreement formats for captive RE projects with normal charges

Clause No.	Existing	As amended
1.1(l)	“Injection Point” means the point or points at which Electricity is injected at the project site by the Company into the Corporation/ESCOM network.	“Injection Point” means the point or points at which Electricity is injected by the Company into the Corporation’s/ESCOMs’ network.
5.4.	The captive consumers/s not having any supply agreement with ESCOM/s , shall pay twice the charges as per tariff applicable to relevant category for the over drawal of power from the grid beyond that contracted under wheeling with the Company.	<p>The captive consumer(s) not having any supply agreement with ESCOM(s), shall pay:</p> <p>a) twice the demand charges as applicable to the relevant category of consumers as determined by the Commission from time to time, for overdrawal of demand [kW/MW] beyond the quantum of power contracted under the wheeling agreement; and</p> <p>b) twice the energy charges as applicable to the relevant category of consumers for overdrawal of energy from the grid beyond the net injected energy by the Company [injected energy less the wheeling and banking charges in kind].</p>
