Dear Sir,

Sub: Request for sponsoring candidates for M.Tech in Energy Systems and Management (ESM)

Greeting from Dr. T N Nagabhushan, Principal, JSS Science and Technology University (Formerly Known as SJCE), Mysuru. JSS&TU is one of the premier university having qualified and experienced faculty with best lab facilities. The department of Electrical Engineering is offering Master's Degree (2-years PG Program), M.Tech in Energy Systems & Management. From the past many years you have supported us by deputing six electrical engineers each year for the said M.Tech program. The deputed engineers have successfully completed the course and are back in your organization. They all are performing extremely well as per feedback received by us. We are highly thankful to you. We reiterate that this venture has been very successful.

We have framed the curriculum for this course with continuous interaction with practicing engineers and electrical utilities like KPTCL and ESCOM's. The elective subjects like SCADA and power system automation are offered along with laboratory facilities with hands on experience, have the contents which are practically useful to electrical utilities. The curriculum and contents are continuously updated to suit latest engineering trends in electrical engineering. The candidates who have deputed/ selected should have a minimum qualification of B.E. and also have qualified the PG CET conducted by VTU Belagavi during the month of June/July and the details of which can be obtained from VTU website (www.vtu.ac.in).

We request you to depute Six engineers from your esteemed organization for the ensuing academic year 2020-2021, the course commences in September. We wish that this process of deputation will continue and your support is solicited.

Thanking you
With best regards

(Dr T N Nagabhushan)
