Order No.KPTCL/B5A/415/84-85/413 dated 28.06.2011 and 18.11.2011

Preamble:

Considering the rise in cost of vehicle fuel and operational costs the Corporation revised the rates for hiring of vehicles vide its Orders dated 28.06.2011 and 18.11.2011.

While revising the rates it was stipulated that payment towards excess KM or excess hour shall be made on the basis of overall excess KM or excess hour per month and not on the basis of overall excess KM or excess hour per day.

In the review meeting of RT wings held on 12.03.2012 it was informed that the staff take-up extensive travelling on several days in a month and therefore agencies are reluctant or refusing to supply vehicles to them.

The matter was examined and felt that the Corporation can make certain relaxation in respect of vehicles hired for RT and TCD wings considering the vast jurisdictions they have to travel on routine work. Hence the following order;

Order No. KPTCL/B5A/415/84-85/413

Dated 05.05.2012

Further to Order No.KPTCL/B5A/415/84-85/413 dated 28.06.2011 and 18.11.2011 the following relaxation is allowed with effect from 01.05.2012;

'In respect of vehicles hired for RT and TCD wings payment towards hiring charges may be made based on the daily excess KMs or daily excess hours and not on monthly excess KMs or monthly excess hours.'

The other terms and conditions stipulated in the orders dated 28.06.2011 and 18.11.2011 are unaltered.

 4. Note No.CEE/RT and R&D/SEE(O)/AEE-3/KCO-80/17464/07 Dt.05.05.2012 from CEE, RT and R&D, KPTCL.

Power Purchase Agreements (PPAs) entered between ESCOMs and the Independent Power Producers (IPPs) clearly specifies that ESCOMs should carry out calibration of IPP's meters and bulk meters in IPP's Pooling Stations. However, State Power Procurement Co-ordination Centre, Bangalore vide Letter Dt.12.09.2007 had informed KPTCL to continue the calibration of IPP's meters and bulk meters in IPP's Pooling Stations of class 66KV and above till the ESCOMs are ready with the calibration facility. Accordingly, RT staff of KPTCL have been periodically calibrating the IPP's meters & bulk meters in IPP's pooling stations. Now, BESCO has requested that the IPP's meters and bulk meters in IPP's Pooling Stations will have to be calibrated by the respective ESCOMs as per PPA conditions and hence requested KPTCL to stop calibrating the IPP's meters and bulk meters in IPP Pooling Stations. In this regard it is to be noted that all ESCOMs now have their own necessary infrastructure in carrying out calibration of IPP's meters and bulk meters in IPP's Pooling Stations.

In view of the above, henceforth, all ESCOMs shall arrange to carry out calibration of IPP's meters and bulk meters in IPP's Pooling Stations by themselves and KPTCL will not undertake the work of calibration of IPP's meters and bulk meters in IPP's Pooling Stations. However, meter reading shall continue to be recorded by KPTCL staff as these meters record the energy pumped in to KPTCL grid. Further, the ESCOMs shall also undertake to maintain / replace the metering equipments in case of failures. This will come in to force with immediate effect.

3) This Office Letter No. FA(A&R)/KCO-19/6886 dated
25.07.2008 addressed to EEs of all Major Works Division.

Your attention is invited to Corporate Order under Ref.2 wherein it was ordered that KPTCL and ESCOMs carrying out any building or other construction works which are covered under Sec.2(d) of the Building and Other Construction Workers Welfare Cess Act, 1996 through a Contractor shall deduct 1% of the amount of cost approved as per tender notification from the bill at the time of making payment to the contractors and remit the same to Karnataka State Building & Other Constructions Workers Welfare Board.

In this Office Circular under Ref.3 above, instructions to deduct the cess amount, accounting entries and the manner of payment of amount to the Welfare Board were prescribed.

As, many Contractors of KPTCL have raised objection against (i) deduction of 1% Cess on the total cost of the contract and requested KPTCL to deduct such cess only on the Civil portion of the contract and (ii) levy of cess for the Tenders which were invited prior to 18.01.2007 being the date of the Govt. Order, the issue was referred to the Labour Department, GoK seeking clarification on these points.

As a result of continuous follow-up, the Labour Department, GoK vide its letter No. ಕಾಇ 338 ಎಲ್‌ಇಟಿ 2011 dated 27.04.2012 has clarified on the two issues as under.

CIRCULAR

Sub: Entrustment of work of replacement of weak /damaged insulators in EHT lines (Both 220 KV and 66 KV) in Transmission Zone Mysore on rate contract basis.

Ref: Letter No. CEE/TZ/Mys/SEE(O)/AEE-3/1034 dt. 19.05.2012 from Chief Engineer (Electy.), Transmission Zone, Mysore addressed to Executive Assistant to Director (Transmission), KPTCL, Bangalore.

Chief Engineer (Electy.), Transmission Zone, KPTCL, Mysore on 17.05.2012 has expressed difficulties in replacement of insulator strings especially in the anchor points due to shortage of staff and limited T&P inventory in TLM sub divisions, consumption of time and absence of labour rate for replacement of insulators on the EHT lines in the current KPTCL schedule of rates.

It was also expressed that even to call for a tender for this kind of work, no standard rates are available. It was informed that during emergencies two or three batches of skeleton group-IV staff are being combined to replace insulators and attend to the problem. This method is found to be time consuming in view of the logistics involved. Chief Engineer (Electy.), Transmission Zone, Mysore and Superintending Engineer (EI), Transmission (W&M) Circle, KPTCL, Mysore have suggested that a Standard rate will have to be fixed so that this can be executed locally at SR rates or by calling for short term tender in case of large volume of works.

Under the circumstances explained above, approval is hereby accorded to constitute a Committee consisting of the following members to study and propose rates for the works of replacement of tension insulator strings and suspension insulator strings of 220/110/66 KV lines and Substations in Mysore Transmission Zone.

Corporate office, 'Kaveri Bhavan' Bangalore-560 009.

Bangalore : 080 22212343

Preamble :

For EHV cable of class 66KV and above to be laid by KPTCL, it was ordered vide corporate Order No. B19/17116/2010-11 Dt. 28.11.2011 to provide pre-cast concrete slabs on either side of the cable trench to act as a physical barrier against accidental damage to the buried EHV cables along with the RCC slabs over the cable, for covering it.

The aforementioned procedure of providing protection has been discussed at length and of late the concrete slabs provided on either side of the cable trench would act as an insulation for the dissipation of the heat generated by cable in service due to its inherent poor thermal conductivity (0.86 Kcal/m^{°c} compared to 0.13 Kcal/m^{°c} for soil) resulting in accumulation of heat leading to decreased ampacity of the cable and increased loss levels. This may also lead to earlier ageing of the cable. In view of this, the order issued insisting for providing concrete protection wall on either side of the cable trench needs to be withdrawn in view of better performance, reduction in loss and increased life of the cable as per standard practice. Hence the order;

Order No. KPTCL/B19/17116/2010-11

Dt:18.06.2012

The order No.B19/17116/2010-11 Dt.28.11.2011 issued in respect of providing pre-cast concrete slabs on either side of the cable trench for the purpose of providing protection for the buried EHV UG Cables of 66KV class and above is hereby withdrawn.

 - 6) This Office Letter No. FA(A&R)/KCO-19/6886/08-09 dated 21.05.12.
 - 7) Letter No. CWWB/CESS/CR-1/2012-13/5290 dated 06.06.2012 of Chief Executive Officer, KB&OWW Board.

As per the Corporate Order under Ref(2) above, KPTCL Accounting Units were deducting Building & Other Construction Workers Welfare Cess at 1% on total cost of the contract from the bills of the contractors and remitting the same to Karnataka State Building & Other construction Workers Welfare Board till the issue of this office Circular dated 19.05.2012.

In the past, many Turnkey Contractors had raised objection for deduction of 1% cess on the total cost of the contract and requested KPTCL to deduct the cess only on Civil portion of the contract. Since the deduction was ordered in accordance with the Order of the Government of Karnataka (Ref.1 above), the Contractors' request was not considered. However, the issue was taken up with the Labour Department of GoK seeking clarification regarding recovery of cess on supply portion of the turnkey contract. The Labour Department, GoK has clarified that the said cess shall be recovered only on Civil portion of the contract vide Letter under Ref (4) above. The clarification was communicated to all the Units vide this office Circular dated 19.05.2012 cited under Ref(5) above with instructions that all the Accounting Units henceforth shall deduct said cess at 1% only on civil portion of Turnkey/Partial Turnkey Contracts/ Other Works carried out by KPTCL through Contractors.

As, many Contractors were requesting KPTCL to refund the Cess amount deducted on supply portion of Turnkey Contracts in the past, the matter was taken up with the Secretary cum Chief Executive Officer, Karnataka State Building & Other construction Workers Welfare Board, Bangalore. In the letter, by citing the clarification issued by the Labour Department, GoK, it was made clear that cess on supply and erection portion of the contract has already been recovered and remitted to the Board and hence, KPTCL is not in a position to refund the same. Hence it was suggested to the Welfare Board that the refund claims of the Contractors would be scrutinised thoroughly and forwarded to the Board duly quoting the reference relating to recovery and remittance of the cess in the past. Based on such claim proposals, the Welfare Board could refund the said cess amount to KPTCL for passing on the same to the concerned Contractor. The Welfare Board agreed to the said proposal and has conveyed the same thorough its letter under Ref (7) above.

In view of the above, the following procedure is prescribed for processing the refund claims of the Contractors.

1. As and when the Contractors approach for refund of the said cess amount, the Accounting Units have to get 'Refund Bill' in duplicate from the contractors along with full details of the amount deducted, in the bill who seek refund of the cess amount deducted and remitted on supply and erection portion in the past.
2. After the Refund Bills from the contractors are received, Accounting Units shall verify the same with reference to original DWA, Material Supply and Erection bills already passed and ensure that the said cess has been deducted and remitted to the Welfare Board. The refund claimed by the contractor should be cross verified with the amount recovered from the original bills and remitted to the Welfare Board.
3. A statement in the Format enclosed to this Circular in duplicate shall be prepared and sent to Welfare Board along with the Refund Bill of the contractor.
4. All Refund of cess Bills shall be pre-audited by the Internal Audit before forwarding the same to the Welfare Board.
5. A letter to the Building & Other construction Workers Welfare Board shall be sent along with each claim requesting the Board to refund the amount to KPTCL by drawing the cheque in favour of the Executive Engineer(Ele), Division, KPTCL

and to send the same along with a copy of the statement and bill. A draft letter to be sent to the Board is enclosed to this Circular.

6. A copy of the letter addressed to the Welfare Board while making remittance of cess in the past (i.e, original bill of supply and erection portion) or any proof relevant to the deduction and remittance of cess shall be enclosed to the Refund Bill.
7. The refund amount received from the Welfare Board shall be taken on receipt side of the cash book under 'Cash on hand' column and given allocation to Account Code '46.968 - Refund of Cess received from Welfare Board payable to Contractors', and remit the same to the Non operative Bank account
8. The Accounting Units shall immediately send fund requisition to Resource Section, O/o FA(A&R) quoting the reference of receipt and remittance of refund amount.
9. The refund shall be arranged by the Accounting Unit through a crossed cheque (after funds are received) or by handing over the cheque received from Resource Section of this Office duly following the required accounting procedure and obtaining acknowledgement for the refund made. The refund amount shall be allocated to Account Code '46.968' on payment side of Cash Book.
10. While making payment, one more encasement on the original Material supply & Erection bills has to be made mentioning Refund Bill No. & date, BR No. & date of refund bill. Similarly on the Refund Bill also original Bill No. & date, BR No. & date shall be mentioned through an encasement.
11. Any doubts on the issue shall be got clarified from this Office before processing the Refund Bill of cess.

## CIRCULAR

**IMPORTANT:  
SERVICE TAX MATTER**

### **Sub : Payment of Service Tax – New Reverse Charge Mechanism – reg.**

It is relevant to note that w.e.f. 1.7.2012, there was a paradigm shift in levy of service tax wherein new concept of taxation was introduced popularly referred as 'Negative List Taxation Scheme'.

Along with the above, a new concept of 'Joint Charge Mechanism' was introduced wherein the 'service recipient' was made liable to pay certain portion of service tax along with 'service provider'. This is a modified version of 'reverse charge mechanism' which was in existence for specific services under the earlier regime. It is relevant to note that 'Joint Charge Mechanism' has been introduced only for the following 3 services:

- (i) Renting of motor vehicle – i.e., Rent-a-cab or Taxi services
- (ii) Manpower Supply services
- (iii) Service portion in execution of works contract

In respect of services provided or agreed to be provided by individual Advocate or a firm of Advocates by way of legal services, KPTCL being receiver of the service has to pay 100% Service Tax directly to the Service Tax Department duly calculating at the prevailing rates. As such, while admitting such claims, only the Professional Fee has to be admitted and paid to the Advocate(s).

Under the provisions of Section 68(2) of Finance Act, 1994, the Government of India, Ministry of Finance (Department of Revenue) vide Notification No. 30/ 2012 – Service Tax dated 20<sup>th</sup> June, 2012 has **put the onus of payment of service tax on reverse charge basis partly on service provider and partly on service receiver.** A copy of the said Notification is enclosed to this Circular for information and compliance by all the Accounting Units of KPTCL. This Notification has come into force on the 1<sup>st</sup> day of July, 2012.

As can be seen from the said Notification, the following services availed by KPTCL from other parties are affected by the change in most of the Unit Offices, in respect of which the extent of service tax payable by service provider and receiver is indicated against each of such service. ( note that the last column shows the percentage payable by KPTCL).

**READ :** Minutes of 82<sup>nd</sup> meeting of the Board of Directors of KPTCL held on 23.06.2012 – Subject No.82/09 in respect of sparing of land for construction of EHT line terminal bays with associated equipments in KPTCL Substation/Receiving Stations for terminating power supply lines and evacuation lines of Independent Power Producers(IPP) and other connectivity issues.

**PREAMBLE :** In the 82<sup>nd</sup> meeting of the Board of Directors of KPTCL held on 23.06.2012, the proposal regarding sparing of land for construction of EHT line terminal bays with associated equipments in KPTCL Sub-stations / Receiving Stations for terminating power supply lines and evacuation lines of IPP's and other connectivity issues were discussed. It was noted that based on the requisitioned load / contract demand power supply is provided at the appropriate levels and whenever a consumer desires power supply directly from the HT or EHT Lines consumers have to construct the lines either under self-execution or DCW basis. Also IPPs including NCE power projects interconnect to KPTCL Stations through transmission lines and HT/EHT consumers evacuate excess power from their generating plants. Presently all the above categories of consumers / IPPs have to create their own infrastructure to interconnect to the KPTCL grid to obtain connectivity. In many cases the consumers suffer because of the non-availability of space. The proposal placed for consideration of the Board addressed the above issues by putting in place a system depending on feasibility and judicious assessment to facilitate construction of the required infrastructure on KPTCL premises at the cost of the applicant.

The proposal provides for creation of infrastructure at the cost of applicant on KPTCL premises on payment of one time non refundable fee from IPPs/NCE project developers as per a formula. Further to guard against misuse of KPTCL land, the proposal also provides for the formation of a Committee which would decide on the need for creation of the infrastructure keeping in view all the relevant factors such as Perspective Plan, Provisions of the Supply Regulations etc. The proposal was debated and Board decided to accord approval to the proposal.

Hence this Order.

**Order No.KPTCL/B28(a)/32543/12-13**

**Dt :17.08.2012**

Approval is hereby accorded to constitute a Committee of the following officers to examine the feasibility of developing necessary infrastructure either for supply of power or for evacuation vis-à-vis requests received from Generators or HT/EHT consumers subject to the parameters stated hereunder.

1. Chief Engineer, Electy. (P&C),KPTCL : Chairman  
2. Chief Engineer, Electy. (RT & R & D),KPTCL : Member

147

3. Concerned Zonal Chief Engineer, Electy. : Member.
4. Superintending Engineer, Elecl. (Planning) : Member & Convener.

Parameters to be considered.

1. The request of the applicant concerned shall be considered as one time facilitation subject to all other conditions being fulfilled.
2. The request of the applicant shall be considered subject to his accepting to meet the entire estimated cost towards developing the required infrastructure.
3. It shall be made clear to the applicant that the infrastructure being built on our premises is at his cost and subject to his payment of one time non-refundable fee without any claim whatsoever on the portion of the premises used for developing infrastructure.
4. The Committee shall analyse in detail the technical feasibility and inevitability of developing the said infrastructure on our premises duly considering the Perspective Plan of KPTCL and the possible need for such portion of the land in the years to come.
5. Unless the Committee is categorically satisfied in terms of the Perspective Plan as well as future load growth in mind, it shall not permit the Zonal Chief Engineer to extend such facilitation.
6. The Committee shall in its proceedings bring out in detail the circumstances and the rationale considered for permitting such facilitation.

Subject to the above Committee approving the said facilitation for building necessary infrastructure on KPTCL's premises at the cost of the applicant, the concerned applicant, as the case may be, shall be liable to pay additionally the required fee as detailed below:

A. For termination of Evacuation Lines constructed by the IPP's & Generating stations to the KPTCL Sub stations/Receiving Station:

- a) An one-time non-refundable charges to be calculated as below depending upon the geographical area of connectivity:

One time non-refundable amount to be paid in Rs =  $Z \times \text{guidance value per sq.ft} \times \text{area occupied by the equipments in sq. ft} \times 30 \text{ years} \times 7\%$  (Z=1.75 for Group A cities, 1.5 for Group B cities and 1.25 for others)

**AND**

- b) O&M expenses at 1.5% of Capital cost of the infrastructure with 12% escalation every year shall be collected from all existing IPP's and future IPP's from the financial Year 2012-13

O&M expenses/annum in Rs = Capital cost of the equipments X 1.5%

B. For termination of HT/EHT Lines constructed by HT/EHT applicants to the KPTCL Sub stations/Receiving Station for arranging Power supply:

If the infrastructure to be created for arranging power supply to HT/EHT consumers at their cost is a DEDICATED ONE (i.e for the exclusive use of the consumer), O&M expenses at 1.5% of Capital cost of the infrastructure with 12% escalation every year from the financial Year 2012-13.

O&M expenses/annum in Rs = Capital cost of the equipments X 1.5%

*If no space is available in the KPTCL's premises in both the above cases (A) & (B), then the applicant has to purchase land or space at his cost adjacent to the KPTCL premises for putting up the required infrastructure and shall hand over the same to KPTCL free of cost.*

C. HT/EHT consumer becoming a consumer cum IPP at a later date:

Shall comply with the financial obligations as at (A) above.

In the event of the Committee deciding to the effect that the request of the applicant cannot be considered, Managing Director, KPTCL will direct the concerned that the applicant shall arrange for the required land or space at his cost adjacent to the KPTCL premises to be handed over to KPTCL free of cost for putting up the required infrastructure.

ಕಾಲಕಾಲಕ್ಕೆ ಕರ್ನಾಟಕ ಸರ್ಕಾರ/ಭಾರತ ಸರ್ಕಾರದ ಆರೋಗ್ಯ ಮತ್ತು ಕುಟುಂಬ ಕಲ್ಯಾಣ ಸಚಿವಾಲಯವು ಕೇಂದ್ರ ಸರ್ಕಾರದ ಆರೋಗ್ಯ ಸೇವೆಗಳು (ಸಿಜಿಹೆಚ್‌ಎಸ್) ಅಡಿಯಲ್ಲಿ ನಿಗದಿಪಡಿಸಿರುವ ಅಥವಾ ನಿಗದಿಪಡಿಸಬಹುದಾದ ದರಗಳಂತೆ ಮರುಪಾವತಿಸಲು ಅವಕಾಶ ಕಲ್ಪಿಸಲಾಗಿದೆ ಹಾಗೂ ಇದರಂತೆ ಎಲ್ಲಾ ವಿದ್ಯುತ್ ಸರಬರಾಜು ಕಂಪನಿಗಳು ಈ ಬಗ್ಗೆ ಅಗತ್ಯ ಕ್ರಮ ಕೈಗೊಳ್ಳಲು ಕೋರಲಾಗಿದೆ.

ಸದರಿ ಆದೇಶವು ನಿಗಮದಲ್ಲಿ ವೈದ್ಯಕೀಯ ವೆಚ್ಚದ ದರಗಳಿಗೆ ಮಾತ್ರ ಸಂಬಂಧಿಸಿದ್ದು, ಉಳಿದಂತೆ ಈಗಾಗಲೇ ಜಾರಿಯಲ್ಲಿರುವ ನಿಯಮ/ನಿಬಂಧನೆಗಳಲ್ಲಿ ಯಾವುದೇ ಬದಲಾವಣೆಯಿರುವುದಿಲ್ಲ.

## OFFICE MEMORANDUM

**Subject: Fresh empanelment of private hospitals and revision of package rates applicable under CGHS, Bangalore.**

The undersigned is directed to state that CGHS had initiated action for fresh empanelment of private hospitals under CGHS, Bangalore and also for the revision of package rates (which were fixed in 2007), to be paid to hospitals, by floating tender for the same. On the basis of the responses received rates for various procedures / treatments have been arrived at and have been uploaded in the website of CGHS: [www.mohfw.nic.in/cghsnew/index.asp](http://www.mohfw.nic.in/cghsnew/index.asp) and can be downloaded.

2. In order that CGHS beneficiaries get treatment from well maintained and run hospitals, it has been decided to have differential rates of reimbursements, as per details given in the enclosed rates list. The principle followed for the differential package rates being:

- (i) where L-1 rates were arrived at on the basis of rates quoted by non-NABH accredited hospitals / super-speciality hospitals, NABH accredited hospitals will be entitled to reimbursement of certain percentage of additional amount over and above the L-1 rates;
- (ii) where L-1 rates were arrived at on the basis of rates quoted by NABH accredited hospitals, then non-NABH accredited hospitals would be entitled to an amount lower by certain percentage than the reimbursement made to NABH accredited hospitals at L-1 rates; and
- (iii) Rates for super-speciality hospitals have been identified separately and notified in the rate list put on the website of the CGHS. Super-speciality hospitals covered under this category are:
  - (1) Cardiology & Cardio-thoracic surgery
  - (2) Joint replacement surgery made under orthopaedics
  - (3) Nephrology & Urology including renal transplantation;
  - (4) Endocrinology;

- (5) Neurosurgery;
- (6) Gastro-enterology & GI surgery; and
- (7) Oncology

3.1 "Package Rate" shall mean and include lump sum cost of inpatient treatment / day care / diagnostic procedure for which a CGHS beneficiary has been permitted by the competent authority or for treatment under emergency from the time of admission to the time of discharge including (but not limited to) – (i) Registration charges, (ii) Admission charges, (iii) Accommodation charges including patients diet, (iv) Operation charges, (v) Injection charges, (vi) Dressing charges, (vii) Doctor / consultant visit charges, (viii) ICU / ICCU charges, (ix) Monitoring charges, (x) Transfusion charges, (xi) Anesthesia charges, (xii) Operation theatre charges, (xiii) Procedural charges / surgeon's fee, (xiv) Cost of surgical disposables and all sundries used during hospitalization, (xv) Cost of medicines, (xvi) Related routine and essential investigations, (xvii) Physiotherapy charges etc. (xviii) Nursing care and charges for its services.

(b) Cost of Implants / stents / grafts is reimbursable in addition to package rates as per CGHS ceiling rates for Implants / stents / grafts or as per actual, in case there is no CGHS prescribed ceiling rates.

(c) Treatment charges for new born baby are separately reimbursable in addition to delivery charges for mother.

d) The hospitals empanelled under CGHS shall not charge more than the package rates / rates.

3.2 Package rates envisage upto a maximum duration of indoor treatment as follows:

12 days for Specialised (Super Specialties) treatment;

7 days for other Major Surgeries;

3 days for Laparoscopic surgeries / normal deliveries; and

1 day for day care / Minor (OPD) surgeries.

3.3 However, if the beneficiary has to stay in the hospital for his / her recovery for a period more than the period covered in package rate, in exceptional cases, supported by relevant medical records and certified as such by hospital, the additional reimbursement shall be limited to accommodation charges as per entitlement, investigations charges at approved rates, and doctors visit charges (not more than 2 visits per day per visit by specialists / consultants) and cost of medicines for additional stay).

3.4 No additional charge on account of extended period of stay shall be allowed if that extension is due to infection on the consequences of surgical procedure or due to any improper procedure and is not justified.

4.1 CGHS beneficiaries are entitled to facilities of private, semi-private or general ward depending on their basic pay / pension. The entitlement is as follows:-

| S. No. | Basic Pay (without the inclusion of grade pay) | Entitlement       |
|--------|------------------------------------------------|-------------------|
| 1.     | Upto Rs. 13,950/-                              | General Ward      |
| 2.     | Between Rs.13,951/- and Rs.19,530/-            | Semi-Private Ward |
| 3.     | Rs. 19,540/- and above                         | Private Ward      |

4.2 The package rates for semi-private ward.

4.3 It has now been decided that the CGHS beneficiaries taking treatment in the empanelled hospitals will be entitled for reimbursement /treatment on credit as per the package rates / rates. The package rates are for semi-private ward. If the beneficiary is entitled for general ward there will be a decrease of 10% in the rates; for private ward entitlement there will be an increase of 15%. However, the rates shall be same for investigation irrespective of entitlement, whether the patient is admitted or not and the test per se does not require admission to hospital.

4.4 A hospital empanelled under CGHS, whose normal rates for treatment procedure / test are lower than the CGHS prescribed rates shall charge as per the rates charged by them for that procedure / treatment from a non-CGHS beneficiary and will furnish a certificate to the effect that the rates charged from CGHS beneficiaries are not more than the rates charged by them from non-CGHS beneficiaries.

5.1 Private ward is defined as a hospital room where single patient is accommodated and which has an attached toilet (lavatory and bath). The room should have furnishings like wardrobe, dressing table, bed-side table, sofa set, carpet, etc. as well as a bed for attendant. The room has to be air-conditioned.

However, in case of an emergency when the entitled category accommodation is not available, admission in the immediate higher category may be allowed till the entitled category accommodation becomes available. However, if a particular hospital does not have the ward as per entitlement of beneficiary, then the hospital can only bill as per entitlement of the beneficiary even though the treatment was given in higher type of ward.

6.1 In case of non-emergencies, the beneficiary shall have the option of availing specific treatment / investigation from any of the empanelled hospitals of his / her choice (provided the hospital is empanelled for that treatment procedure / test).

after the same has been advised by CGHS / other Government Specialist / CMO in-charge and permission is obtained from the competent authority.

6.2 CGHS beneficiaries have, so far, been given the option to get themselves treated in any hospital of their choice. However, in view of the increased outgo on getting treatment in super-speciality hospitals, it has now been decided that CGHS beneficiaries desirous of getting treated in super-speciality hospitals, in non-emergency conditions, prior approval of the concerned Additional Director, CGHS would have to be obtained.

8.3 The hospitals shall extend credit facility to the above categories of CGHS beneficiaries under emergency / with prior permission irrespective of the CGHS city where they are registered and send the bill to Additional Director, CGHS, Bangalore.

8.4 Bills of serving employees of the Ministry of Health & Family Welfare and the employees if attached / subordinate offices under the Ministry of Health & Family Welfare will be sent directly to the office / officer which / who referred the patients to the hospitals.

## PROCEEDINGS OF THE KARNATAKA POWER TRANSMISSION CORPORATION LTD.

### Read:

1. KEB Employees' Medical Attendance Regulations, 1993 and amended from time to time.
2. Resolution No. KPTCL/IMC(A)-4/39/2000-01 dated 23.11.2000
3. Joint Meeting held with KEBEU on 30<sup>th</sup> Sept. 2000.

### Preamble:

The KPTCL has a provision for reimbursement of medical expenses of its employees. However the reimbursement of such expenses has been limited to the rates prevailing in Govt. Hospitals for several operations/medical procedures. It was found that the Govt. hospital /Sri.Jayadeva Institute of Cardiology rates for some of the tests, procedures are far below the prevailing rates in the other specialised hospitals. Several employees have been experiencing lot of difficulty in cases of hospitalization for dreaded/major diseases like cancer, heart, kidney ailments and Brain Tumor and the KEBEU has been requesting for full medical cover at least in such cases to mitigate their hardship.

It was pointed out that the specialised therapy and life saving surgical procedures in these cases are available only in few hospitals in the State and the treatment of such diseases are being administered in some of these hospitals under a 'package' system. The packages are designed to include a host of other allied procedure and essential medical supplies for operation apart from the specialised/higher operation charges which are not being reimbursed fully under the existing system of reimbursement. Therefore the KEBEU has requested the Corporation to consider evolving a suitable system to adequately meet the medical expenses in such unfortunate cases requiring chemotherapy, heart surgery, Brain Tumors surgery, kidney dialysis/transplant, etc. Hence this order.

## CIRCULAR

Sub : Building & Other Construction Workers Welfare Cess on supply & erection portion of the Turnkey Contracts.

Ref : This Office Circular No. FA(A&R)/KCO-20/6915/08-09 dated 21<sup>st</sup> July, 2012.

In this office Circular referred above detailed instructions have been issued for processing refund claims and arranging payments to the contractors in respect of Building & Other Construction Workers Welfare Cess on supply & erection portion of the Turnkey Contracts consequent to issue of clarification by the Labour Department, GoK and Building & Other construction Workers Welfare Board.

In the meanwhile, on verification of a few Detailed Work Award (DWA) documents issued in the past it is ascertained that the "Erection Portion" of the Turnkey/Partial Turnkey Contracts also include many Civil and related works which are of construction in nature. Further, it is also observed from the Tender documents like price bids of the Contractors, DWA, etc., available at the O/o CEE(T&P) that while quoting for the Turnkey Works, some of the Contractors had quoted and loaded the component of the said cess in the price bid whereas other Contractors have not explicitly quoted or loaded the same in their price bid. There is no uniformity with regard to the component of Building Cess in the Price Bid of the Turnkey Contractors.

As such, it is apt to take the above facts also into consideration while arranging refund of the said cess. Hence, the following further instructions are issued to regulate the refund claims.

1. As the 'Erection Portion' of Turnkey Contract also contains civil works which are in the nature of construction works, the refund claim of Turnkey Contractors shall be processed only in respect of "Supply Portion" of the Turnkey Contract and not the 'Erection Portion'. The relevant columns relating to Erection Portion in the format enclosed to Circular dated

21<sup>st</sup> July, 2012 shall be ignored/deleted while processing the refund claims before forwarding the same to the Welfare Board. The words 'erection portion' indicated in the draft letter (enclosed to this office Circular dated 21.07.2012) to be sent to Welfare Board shall also be deleted.

2. **In case the Contractor had quoted and loaded the cess in the price bid, the refund obtained from the Welfare Board need not be passed on to the Contractor** as it is included in the bid as a pass through. In such a case, the refund has to be **construed as reduction in the overall project cost** of related works and **benefit should accrue to KPTCL**. The refund obtained from the Welfare Board in such cases shall be credited to concerned "Capital Work In Progress" Account. In case, such capital works have already been capitalised and outlay categorised, the same shall be withdrawn from the related Fixed Asset Accounts besides passing necessary entries for withdrawal of depreciation also if charged in the previous years.
3. In case the Contractor had not quoted the said cess explicitly in the bid and not loaded in the price bid, **the cess would have been recovered from the amount due to the Contractor**. The capital cost of the project would **not have been affected by such a reduction** whereas Contractor would have absorbed this cess. **In such a case, the refund to be obtained from the Welfare Board has to be passed on to the Contractor**.
4. The issue of whether the cess on supply portion of Turnkey Contract was included in the price bid or otherwise can be verified and certified by the O/o CEE (T&P). Hence, all the Accounting Units are hereby instructed to **get confirmation** in writing from the O/o CEE(T&P) with regard to whether Building and Other Construction Workers Welfare Cess on supply portion of Turnkey Contracts for which refund claims are being processed was loaded and included in the price bid of the Contractor or otherwise in the past. Similar confirmation shall be obtained in respect of Orders/Awards issued by the Transmission Zonal and Circle Offices from the concerned competent Authorities.
5. After obtaining refund, if the confirmation from the CEE (T&P) or other concerned authority which has placed the orders/awards is in accordance with para 3 above, the refund amount can be arranged to the Contractor. Otherwise, the refund has to be retained with KPTCL.

6. As and when Refund Claims are submitted to the Welfare Board, a copy of the same may be sent to this Office for record and reference.

All other instructions and procedure in the above referred Circular stand unaltered.

## CIRCULAR

**IMPORTANT:  
SERVICE TAX MATTER**

### **Sub : Applicability of Service Tax on activities carried out by KPTCL.**

The Department of Revenue, Ministry of Finance, Govt. of India has effected major changes to the Service Tax provisions by introducing '**Negative List Taxation Scheme**' w.e.f. 1<sup>st</sup> July, 2012 under which except the exempted services all other services are liable to service tax. Thus an activity which satisfies the definition of service would be liable to tax if the same is not covered under the list which is specified as non-taxable i.e., Negative List Taxation Scheme. In addition to this, a new concept of '**Joint Charge Mechanism**' (or **Reverse Charge Mechanism**) was introduced wherein the 'service recipient' was made liable to pay certain portion of service tax along with 'service provider'.

KPTCL being a Company registered under the Companies Act, 1956 and a State Transmission Utility (STU) is carrying out functions in accordance with the provisions of Sec.39 of the Electricity Act, 2003. The applicability of Service Tax on various activities of KPTCL is examined and an expert opinion from the Tax Consultants has been obtained. Section 66D of the Finance Act, 2012 lists the transmission of electricity as one of the exempted service from the service tax. However, in respect of activities other than transmission whether service tax is applicable or not needs to be examined and confirmed to comply with the statutory requirements. In this background, the applicability of service tax on each of the activity/service carried out by KPTCL has been examined and based on the opinion of the Tax Consultants following instructions are issued.

KPTCL is a member of the Large Tax Payers Unit (LTU) at Bangalore and correspondence with Service Tax Department is being dealt centrally at Corporate Office including the remittance of service tax through Manager (IM) Section. During 2010, LTU took up *Excise Audit, 2000* and thoroughly verified all the activities of

KPTCL. Subsequently, show cause notices were issued in respect of certain activities treating the same as taxable services. The issues involved in such litigation have also reached finality with the issue of Orders by Competent Authorities. This aspect has also been taken into account while examining presently, the applicability of service tax.

**I. Charges / Amount collected for services for which Service Tax is not applicable:**

1. Right to Information Act Fee
2. Departmental Exam Fee from Employees
3. Service Register (or other documents) Extract Fee
4. Tender Cost (which attracts VAT)
5. Sale of scrap materials, Newspaper, SR Books, etc., (which amounts to sale of goods and attracts VAT)
6. Reimbursements like water charges, Telephone charges, School bus charges, etc., (as there is no service element)

**II. Charges / Amount collected for Services which are within the ambit of transmission activity and hence not liable to Service Tax:**

*After examining the nature of following services it is clear that the same are an integral part of transmission activity and hence the same are not liable to service tax by reason of essentiality,*

1. Inspection of EHT / EHT Measurement/ EHT Clearance Charges
2. Initial Inspection Charges/ Re-inspection Charges/Inspection Charges.
3. Transformer Testing Charges
4. Meter Testing/Calibration/Capacitor Calibration Charges.
5. Oil Testing Charges
6. Pre-commissioning Testing/Testing/Equipment Testing Charges.
7. Inspection Fee/Relay Testing Charges/Panel Board and Power Testing Charges.
8. Cable Testing Charges
9. Processing Charges/Drawing Approval Charges/Charges for Earth Mat Design and drawing.
10. Technical Inspection & Certification Charges.
11. Initial Survey Charges.
12. Reactive Energy Charges.
13. Revenue from IPPs for excess drawal of Energy from KPTCL grid.
14. SLDC Charges collected from ESCOMs.

In respect of these services, the Authority/Officer who issues Official Memoranda/Orders for collecting such charges shall ensure that these activities fall within the scope of transmission activity carried out by KPTCL.

**III. Services for which Service Tax is applicable (hitherto not considered as liable to service tax):**

1. Renting of Immovable Property: Renting of immovable property has been identified as a 'declared service' under section 66E of the Act. Hence, **Rent from KPTCL Buildings occupied by ESCOM Offices is liable to service tax.** The renting of residential dwelling for use as residence (i.e, KPTCL Quarters) is specified in the negative list and hence not liable to service tax.
2. Guest House Rental Charges: This rental charges is covered under the definition of service and would be **taxable.** However, Notification No.25/2012 dated 25.06.2012 provides an **exemption** to services by way of renting of a hotel, inn, guest house, club, campsite or other commercial places meant for residential or lodging purposes, having declared **tariff of a unit of accommodation below Rs.1,000/- per day or equivalent.**
3. Ground Rental Charges: Levied for Scrap materials laying in store/store yard auctioned by KPTCL but not lifted by the Contractors within the stipulated time. Treated as renting of immovable property and **liable to service tax.**

**IV. Charges / Amount collected for Services which were subject to litigation in the past:**

1. Network Augmentation Charges
2. Supervision Charges
3. Deposit collected for Deposit Contribution Works
4. Technical Inspection and Certification Charges
5. Grid Support Charges
6. VSAT Charges
7. Other Charges (like to & fro charges related to Technical Inspection work)

Before the amendments to Finance Act, 2012 effective from 01.07.2012, KPTCL has been made subject to litigation in respect of above services. After legal proceedings Orders have been passed by the concerned Authorities. Accordingly, it was ordered that services at Sl. No.1 to 5 were classifiable

under business support services but demand, interest and penalty dropped due to exemption notification applicable to Transmission and related activities. In respect of Item No. 6 and 7, the demand was confirmed along with interest and penalty. The Orders on these two items have been contested which is still pending before the adjudicating Authority.

It is opined by the Consultants that consequent to introduction of Negative Taxation Scheme w.e.f. 1<sup>st</sup> July, 2012, for issues arising after the said date, the new provisions would apply and the orders passed under the old provisions would only have a bearing up to the period before the amendments take effect. However, they have opined that the above services are an integral part of transmission activity and KPTCL can take a stand accordingly.

In view of the above facts, charges collected for above services shall be treated as not liable to service tax for the reason of essentiality that all these activities are within the ambit of transmission of electricity which is KPTCL's stand so far.

#### V. Other Issues:

The amendment issued by the Service Tax Department with regard to 'security services' is indicated below for guidance of the Accounting Units:

Security Services : Some of the offices of KPTCL are availing Security Services from Police Department/Agencies which is a taxable service. With regard to applicability of Reverse Charge Mechanism to security services, the Service Tax Department has issued a Notification No. 45/2012-Service Tax on 7<sup>th</sup> August, 2012 with following amendment to the Notification No.30 dated 20<sup>th</sup> June, 2012.

*"(b) in para II, in the table,- ....*

*(ii) in sl.No.8, in the entries under the heading 'Description of service', after the words "manpower for any purpose", the words "or security services" shall be inserted"*

Thus, the security services has also been brought under services of 'manpower for any purpose' and thereby the Reverse Charge Mechanism prescribed vide Notification No.30 dated 20<sup>th</sup> June, 2012 and communicated in this Office Circular dated 30<sup>th</sup> July, 2012 is applicable to security services also.

To enable Accounting Units to comply with statutory provisions relating to service tax, above summarised instructions are being issued. However, for any doubt or clarification, the Accounting Units shall refer to the official website of the department ie., [www.servicetax.gov.in](http://www.servicetax.gov.in). Further, the Tax Research Unit of Central Board of Excise & Customs (CBEC) has issued 'Taxation of Services : An Education Guide' containing detailed guidance notes on almost all aspects of service tax. The said Guide seems to be very useful as ready reference for our Officers which can be referred by logging to CBECE website ie., [www.cbec.gov.in](http://www.cbec.gov.in) (an item under 'Service Tax' in the website).

The collection and remittance of service tax or otherwise on various services/ activities of KPTCL shall be regulated in accordance with above instructions. In respect of issues which in the opinion of the Units need clarification by Tax Experts, the same may be referred to this Office with full details and documents. In respect of any charges collected pertaining to service or activity not discussed above and altogether a new issue, the Accounting Units shall take an appropriate decision relying upon the provisions relating to service tax or seek clarification from this Office well in advance to avoid complications at a later date.

**Sub:** Settlement of price variation claims in respect of Turnkey works /procurements at Division level-Reg.

**Ref:** Note No. CEE(T&P)/C(T&P)/KCO-65/2012-13/274 dt. 19.10.2012 from Chief Engineer (Electy.), T&P, KPTCL, Bangalore.

It is noticed that there is a practice of multiple verification of the price variation claims in respect of Turnkey works/procurements of 220 kV and above works at Division, Circle, Zone and also at O/o Chief Engineer (Electy.), T&P, KPTCL, Bangalore which has resulted in duplication of works which is time consuming. As all the original claims are settled at Division level itself, it is felt that the multiple verification of the price variation claims can be done at the Division level only with pre-audit of the proposal.

In view of the above, the following procedures shall be followed in respect of settlement of price variation claims pertaining to Turnkey works /procurements;

- a. The price variation shall be worked out and settled at the time of admitting the original claim for supply /erection /civil portion of works and procurement of materials.
- b. On receipt of bills from the Contractor for payment, the price variation payable in respect of such bills shall be worked out in respect of works /procurements at Division offices considering both positive and negative variations, instead of waiting for contractors to submit the PV bills separately to avoid delay in settlement of these claims.
- c. All price variation claims shall be verified and certified by Internal Audit.
- d. The payment procedure in respect of original claim shall be followed for price variation claim also.
- e. An Official Memorandum to that effect shall be issued and a bill shall be preferred and payment arranged.

In cases, wherein original payments are already made and PV bills are yet to be submitted by the contractor or pending at Division level, the price variation shall be worked out and settled duly following the above procedure.

SERVICE TAX MATTER**

## CIRCULAR

Sub : Service Tax provisions – further interpretation and clarifications.

Ref : (1) T.O. Circular No. FA(A&R)/KCO-21/6911/2012-13 dated 30.07.2012  
(2) T.O. Circular No. FA(A&R)/KCO-21/6911/2012-13 dated 17.09.2012

In this Office Circulars cited under reference, changes brought out in Service Tax provisions by the Govt. of India were communicated to all the Accounting Units. Many Accounting Units have raised various doubts with regard to interpretation of changed provisions and mode of regulating the Service Tax while admitting the bills of the Contractors/Parties/Agencies.

To clarify such doubts, a one day workshop was conducted on 3<sup>rd</sup> November, 2012 on Service Tax issues for the benefit of KPTCL Officers. Many doubts relating to 'Joint Charge' mechanism and 'Reverse Charge' mechanism among other issues were discussed and clarified in the Workshop. The related issues were also discussed in detail with the Tax Consultants.

In the above background, in continuation of this Office Circulars referred above, following additional explanation/clarification/ instructions are issued.

### 1. KPTCL - a Service Provider as well as Service Recipient:

Some of the participants raised the issue that, as KPTCL is a Transmission Company, all services of KPTCL are covered under the 'Transmission' service which is exempted from service tax and as such why service tax should be paid?

It is to clarify that KPTCL is providing certain services and also receiving services from outsiders. As far as **services provided by KPTCL**, exemption is available for 'transmission of electricity by STU' (ie., KPTCL) in the Negative List. In respect of other services rendered by KPTCL, please refer to the guidelines issued vide this Office Circular No. FA(A&R)/KCO-21/6911/2012-13 dated 30.07.2012 for deciding about collection of Service Tax or otherwise. In respect of **services obtained from outsiders by KPTCL**, the exemption given for 'Transmission' service

is not applicable, as KPTCL is a service recipient in such a case. The Service Tax has to be regulated as per the relevant provisions applicable in such cases.

## **2. Services covered under Reverse and Joint Charge Mechanism:**

### **a. Reverse Charge Mechanism:**

Following services are covered under Reverse Charge Mechanism wherein the entire Service Tax is payable by the Service Recipient:

- i. Insurance Agency,
- ii. Transportation of Goods by Road,
- iii. Sponsorship Services,
- iv. Legal Services and
- v. Director of a Company.

### **b. Joint Charge Mechanism:**

Following services are covered under Joint Charge Mechanism wherein the Service Tax is payable jointly by the Service Provider and Service Recipient at prescribed percentages:

- i. Renting of a Motor Vehicle,
- ii. Supply of Manpower,
- iii. Works Contract and
- iv. Security Services

## **3. Applicability of Joint Charge mechanism:**

Para I (A) (v) of the Notification No.30/2012-Service Tax dated 20<sup>th</sup> June, 2012 of the Department of Revenue, Ministry of Finance, GoI (a copy of which was enclosed to this Office Circular dated 30.07.2012) states that:

"Taxable Services, -

Provided or agreed to be provided by way of renting of a motor vehicle designed to carry passengers to any person who is not in the similar line of business or supply of manpower for any purpose or service portion in execution of works contract by any individual, Hindu Undivided Family or Partnership Firm, whether registered or not, including association of persons, located in the taxable territory to a business entity registered as body corporate, located in the taxable territory"

While interpreting the above provision, the Consultants have clarified that in case of Works Contract as an example, **if the Service Provider is a Body Corporate (i.e., Company) then the Joint Charge mechanism is not applicable in that case.** The examples of L&T or ABB being the Turnkey Contractors giving

service to KPTCL, while executing the works was quoted, in which case the Joint Charge mechanism is not applicable. In other words, Joint Charge Mechanism is applicable, in respect of works entrusted by KPTCL, only when the Service Provider is an Individual, HUF, Partnership Firm or Association of Persons and **NOT In case of a Company**. If the Joint Charge Mechanism is not applicable, then the entire Service Tax has to be paid by the Service Provider and hence the method of regulating Service Tax earlier to 1<sup>st</sup> July, 2012 may be continued in such cases.

Similar interpretation holds good for other services covered under 'Joint Charge Mechanism' i.e., Renting of a Motor Vehicle, Supply of Manpower and Security Services.

#### **4. Threshold Exemption or taxable services from Service Tax:**

Notification No. 33/2012 - Service Tax New Delhi, the 20th June, 2012 of Department of Revenue, Ministry of Finance, Government of India stipulates that "..... the Central Government, being satisfied that it is necessary in the public interest so to do, **exempts taxable services of aggregate value not exceeding ten lakh rupees** in any financial year from the whole of the service tax leviable thereon under section 66B of the Finance Act".

However, **threshold exemption limit Rs.10 lakhs is not applicable where service tax is payable under 'Reverse / Joint Charge' Mechanism** under sub-section (2) of section 68 of Finance Act, 1994. [Notification No.33/2012-ST dated 20.06.2012]. Hence, the exemption limit applicable to the service provider need not be considered by KPTCL while admitting the claims for services covered under Reverse/Joint Charge Mechanism.

In case of services other than falling under Joint / Reverse Charge Mechanism, the above exemption limit needs to be considered. In such cases, the Service Tax may be admitted and paid along with the service charges only if the same is claimed as a separate component in the bill, otherwise there is no obligation on the part of KPTCL to pay the Service Tax amount. If such works are awarded or agreements entered into on 'all taxes inclusive basis', while admitting the bill, no further action is required to regulate the Service Tax.

## 5. Works Contract under Service Tax Provisions:

### a. Definition of Works Contract for the purpose of Service Tax:

As per **Section 65B (54)**: "works contract" means a contract wherein transfer of property in goods involved in the execution of such contract is leviable to tax as sale of goods and such contract is for the purpose of carrying out construction, erection, commissioning, installation, completion, fitting out, repair, maintenance, renovation, alteration of any movable or immovable property or for carrying out any other similar activity or a part thereof in relation to such property;

While elaborating on the above definition, it was clarified that any work **involving both supply of material and providing of service** needs to be **construed as works contract.**

### b. Valuation of Service under Works Contract:

According to the provisions of the Service Tax

- **Value of Service** = Gross amount charged minus Value of Goods
  - Gross amount excludes VAT and Sales Tax.
  - However Gross amount includes:
    - Labour charges for execution of the works;
    - Amount paid to a sub-contractor for labour and services
    - Charges for planning, designing and architect's fees.
    - charges for obtaining on hire or otherwise, machinery and tools used for the execution of the works contract
    - cost of consumables such as water, electricity, fuel, used in the execution of the works contract
    - cost of establishment of the contractor relating to supply of labour and services
    - other similar expenses relating to supply of labour and services; and profit earned by the service provider relating to supply of labour and service.

- o If VAT is not paid on actual value, then, valuation to be reckoned as per the following table depending on the nature of work.

| Nature of works                                                                                                                                                                               | Valuation                       |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|
| Original works                                                                                                                                                                                | 40% of the total amount charged |
| Maintenance, repair, reconditioning etc., of goods                                                                                                                                            | 70% of the total amount charged |
| Other works including maintenance, repair, completion and finishing services such as glazing, plastering, floor and wall tiling, installation of electrical fittings of an immovable property | 60% of the total amount charged |

- o **Original Work :**

- all new constructions;
- all types of addition and alteration to abandoned or damaged structures on land that are required to make them workable;
- erection, commissioning or installation of plant, machinery or equipment or structures, whether pre-fabricated or otherwise

The above provisions make it clear that *in case the portion of Material Cost is ascertainable in the Works Contract, then the Value of Services will be Gross amount charged minus Value of Goods.* **Otherwise, the percentage valuation as stipulated in the above table may have to be followed.** The valuation percentage indicated in the above table is the amount to be considered for computing service tax.

**c. Regulating payment of Service Tax applicable to Works Contract**

For regulating Service Tax applicable to Works Contract in case the awarded amount is **inclusive** of such tax, the illustration given under 'Renting of Motor Vehicle' separately may be referred and same principle and method followed in this case also.

**6. Renting of Motor Vehicle:**

Most of the queries raised by field Officers relate to regulating Service Tax with regard to Renting of Motor Vehicle. As the rates prescribed by the Corporate Office are consolidated amount without any break up for Service Tax, doubts were raised as to whether the rates are inclusive or exclusive of Service Tax and

whether Service Tax amount is to be deducted or not while admitting the bills. The issue is being examined in Corporate Office and will be clarified shortly.

In the meanwhile, the mode of regulating Service Tax in case the rate is inclusive or exclusive of service tax are shown below with illustration.

**Illustration 1 : If Vehicle Hire Charges are inclusive of Service Tax**

- (1) It is not necessary to check or ensure whether Agency has remitted the Service Tax or not.
- (2) It is not necessary to check and ensure whether Agency is within threshold exemption limit or not.
- (3) The above illustrations are given for computing Service Tax on one day hire charges. Same principles and method may be applied for the total hire charges admitted during the month.

**7. Shift and Minor Maintenance of Station Contracts:**

Many queries were raised with regard to regulating Service Tax on payment of charges for shift and minor maintenance of KPTCL Stations by Contractors. It is also ascertained that there is no uniform method of calling tenders, evaluating and award of the tender for station maintenance works at field Units. Hence, the common issues raised and connected to the Service Tax have been analyzed and clarified as follows:

- *Whether this service falls under 'man power supply' category?*

**No.** The contract is for maintenance of KPTCL stations by the Contractor. However, the fact that contract is for maintenance of stations needs to be explicitly made clear in the agreement without any ambiguity.

- *Whether this service falls under 'works contract'?*

**Yes.** As the Contractor is supplying and using certain materials/items in the course of maintenance of stations, the service falls under works contract purview.

- *Whether **Joint Charge Mechanism** Taxation Scheme **applicable** for this?*

**Yes.** As the contract fall under 'works contract', the Joint Charge Mechanism is applicable.

The points at Sl. No.3 and 5 above may also be considered for deciding on the status of Service Provider and the Valuation for computing service tax amount.

*How to regulate Service Tax if the contract is awarded inclusive of Service Tax?*

Follow the procedure as illustrated for 'Renting of Motor Vehicle'.

- Whether, ESI, PF and other items to be excluded from the amount to be considered for computing service tax?

Service Tax to be computed on the entire service charges amount including any such items.

- If the Contractor has indicated value of materials used for maintenance separately in the Bill, on which amount Service Tax has to be calculated.

If the competent Officer of KPTCL concur with the value of materials used for maintenance as indicated in the Bill by the Contractor, then Service Tax needs to be calculated on the Bill amount excluding value of materials used.

## 8. Other Services:

### a. Annual Maintenance Contracts:

Most of the Annual Maintenance Contracts (for Computer, Xerox Machine, etc.,) include provisions relating to use of certain materials/items/consumables, in which case, the same is to be **construed as 'works contract'** and payment of service tax regulated accordingly. If such contract involves only labour charges without any material supply/usage, then the 'Joint Charge Mechanism' is not applicable, but Service Tax has to be regulated in the normal method i.e., entire Service Tax to be paid by the Service Provider to the Government.

### b. Guest House Maintenance / Office House Keeping services/ Maintenance of water supply & sanitary works in the colony.

In case these services are outsourced to Agency/Contractor, the same have to be treated as **'works contract'** for the reason that it involves supply/usage of some material in the course of maintenance. Service Tax may be regulated accordingly.

### c. Supply of Data Entry Operators

It is a service under **'Supply of Manpower'** covered under 'Joint Charge Mechanism'.

**d. Services of Income Tax Returns and EPF Returns filing.**

It is not covered under either Reverse or Joint Charge Mechanism. Service Tax has to be regulated in the normal course i.e., to be paid by the Service Provider.

**e. Advocates professional charges and related legal services.**

Covered under Reverse Charge Mechanism and entire Service Tax has to be paid by the Service Recipient.

Even if the Service Provider has not mentioned anything about the Service Tax, KPTCL as a Service Recipient has to compute the Service Tax separately and arrange for remittance directly to the Department.

**f. Land survey conducted by outsourced agency for project execution/sub-station construction or line erection.**

If only labour is involved, then it has to be treated as normal service. In case, some materials are also involved in the course of carrying out the service, same is construed as 'Works Contract'. Accordingly, Service Tax may be regulated.

**g. Labour contract works (where materials are provided by KPTCL)**

If only labour is involved, the same is not covered under 'Joint Charge Mechanism' and treat the same as normal service. In case, some materials are supplied/used by the Agency/Contractor in the course of executing the work, same is construed as 'Works Contract'. Accordingly, Service Tax may be regulated.

**h. Technical services for an emergency repair work.**

Same as above at (f).

**9. Point of Taxation:**

The provisions relating to point of taxation have been brought out in detail in this Office Circular dated 30<sup>th</sup> July, 2012. The same are summarised in a simple manner as under for easy understanding:

| Event                                       | Situation 1      | Situation 2<br>(case of Advance payment) | Situation 3                          |
|---------------------------------------------|------------------|------------------------------------------|--------------------------------------|
| Completion of service by Service Provider   | 30.10.11         | 31.01.12                                 | 30.04.11                             |
| Issue of invoice by Service Provider        | 01.11.11         | 12.12.11                                 | 16.06.11                             |
| Receipt of amount by Service Provider       | 31.12.11         | 30.11.11                                 | 30.06.11                             |
| <b>Date on which the service is Taxable</b> | <b>1.11.11</b>   | <b>30.11.11</b>                          | <b>30.04.11</b>                      |
| Reasoning                                   | Date of invoice. | Amount received in advance               | Invoice is not issued within 30 days |

The point of taxation illustrated above is applicable to a Service Provider and not to the Service Recipient. For a Service Recipient, the date of payment of service charges to the Service Provider is the point of taxation.

**10. Action to be taken in respect of Contracts/Awards/Agreements entered into prior to 1<sup>st</sup> July, 2012:**

**Query 1:** Many Officers sought clarification with regard to computing Service Tax in respect of Contracts/Awards/Agreements finalised prior to 1<sup>st</sup> July, 2012.

It is clarified that, at the first instance it has to be verified whether the Contracts / Awards / Agreements entered into prior to 1<sup>st</sup> July, 2012 and continuing are inclusive of service tax or otherwise. In case the same are not inclusive of service tax, then the Service Tax needs to be calculated on invoices for the services rendered subsequent to 1.7.2012 and admitted separately and payment arranged to the Party or to the Department depending on Reverse / Joint Charge Mechanism applicability. In case the rates are inclusive of Service Tax, it would be advisable for the Authority of KPTCL who is a party to such contract to call the other Party and appraise Service Provider about changes in the Service Tax provisions and to amend the relevant provisions of the agreement suitably to comply with the changed scenario. If the other party is not agreeable for the amendments, then Service Tax may be regulated as illustrated above (i.e., under 'Renting of a Motor Vehicle') till the expiry of the current agreement.

**Query 2:** Some Officers have informed that mistakes like wrong application of rate, wrong base for computing Service Tax, inclusion of wrong clauses in the

*agreement, etc., have occurred while finalising the agreement in the past and sought to know how to address such problems.*

To address such problems, same procedure of amending the agreement as suggested for Query No.1 above may be followed besides computing the Service Tax properly w.e.f. 1<sup>st</sup> July, 2012. In the course of such rectification of mistake, if any additional liability to be borne by KPTCL is found solely due to 'mistake in provision for tax liability on the part of KPTCL', the same may be rectified without any approval from the higher Authorities, because Service Tax is a statutory levy to be met correctly by KPTCL. In case, rectification of mistakes happened in the past results in arranging payment of additional amount to the other Party (ie., Service Provider) by KPTCL, approval from Corporate Office may be obtained besides taking action to terminate such contract at the earliest to avoid additional financial burden.

**The clarification/interpretation given in this Circular shall not be construed as approval for rectifying mistakes if any, committed by the field Units.**

**Query 3 :** *Some Officers have raised question as to 'what action to be taken, if Contractor / Parties are not agreeable for regulating Service Tax properly consequent to changes and insist on adherence to what has been agreed upon in the agreement?'*

It is the duty of the Field Officers to understand the provisions clearly and appraise the Contractor / Parties accordingly. It may be made clear to the parties/contractors that the statutory provisions will prevail over any contractual terms between the parties as far as payment of taxes and duties are concerned. Hence, it is inevitable to comply with the changed provisions.

#### **11. Necessity to Change the Mode of Award:**

In KPTCL, various Capital and Maintenance Works are being awarded to Contractors based on a consolidated amount which is inclusive of all taxes, duties and levies. On this issue, Tax Consultants have opined that even though contractual obligations are different from fulfillment of statutory obligations, it is **advisable to award contracts showing service tax as a separate component explicitly to avoid different interpretations at a later date** and also regulating the service tax properly under 'Joint Charge Mechanism'.

It is leant that in PSUs like BHEL, BSNL, PGCIL the service tax is being considered as an exclusive part of the award amount.

Hence, it is suggested to all Authorities who are awarding works or entering into agreement for obtaining various services from outsiders, to consider the service tax as a separate component while finalizing the award in future. Such a change in the contractual obligations would definitely bring down many controversies / disputes between the parties regarding service tax.

All the above explanation/clarification/interpretation are based on expert opinion from the Tax Consultants and discussions at the Workshop. However, for any further clarification and interpretation of any specific issue, the Officers are advised to refer to the relevant provisions of the Service Tax which can be accessed through Service Tax Department website [www.servicetax.gov.in](http://www.servicetax.gov.in). Further, guidance notes issued by the Tax Research Unit of Central Board of Excise & Customs (CBEC) viz., **'Taxation of Services : An Education Guide'** may also be referred by logging to website [www.cbec.gov.in](http://www.cbec.gov.in) (an item under 'Service Tax' in the website).

**Ref: Note No. KPTCL/DT/PS/2012-13 dated: 24.11.2012 of Director (Transmission)**

## **PREAMBLE:**

The Chief Engineer Electy., SLDC was entrusted with the work of accounting of wheeling and banking energy of NCE projects earlier. This process is still being carried out in the O/o Chief Engineer Electy., SLDC in case of some Independent Power Producers.

Here it is to be stated that, before 2008 all the Wheeling and Banking transactions were carried out by SLDC. After issue of KERC order in July 2008, as per Article 7 of the approved standard W&B agreement, the Wheeling and Banking transactions have to be carried out by ESCOMs with the W&B billing and accounting being carried out by the ESCOM where the generator is located. Also, SLDC is designated as the Nodal Agency to monitor wheeling and banking arrangement when two ESCOMs are involved. SLDC is carrying out the wheeling and banking transactions of some of the IPPs where Wheeling and Banking agreements have been executed for a term of 20 years. Recently, KERC has ordered that the difference in UI charges at the time of injection and at the time of drawl are to be claimed and the same is also upheld by the Appellate Tribunal for Electricity.

Many developers of NCE projects have been approaching KPTCL with a request that all Wheeling and Banking transactions including accounting should be carried out in the O/o Chief Engineer Electy., SLDC itself as in some cases power will have to be wheeled to EHT/HT consumers located in 2 or 3 ESCOMs and it will be difficult for them to co-ordinate with all the ESCOMs.

As per KERC order, the difference in UI charges payable to the ESCOMs/to be paid by the ESCOMs duly considering the time of injection and the time of drawl has to be claimed/paid.

As the readings of the individual Wind mills and the individual HT/EHT consumers will be downloaded by the ESCOMs using Meter Reading Instruments (Load survey data indicating the readings in 15 minutes block period), the energy drawn/injected at different points of time will be available with the ESCOMs and hence the ESCOMs will have to furnish the details to SLDC in case billing of UI energy has to be carried out at SLDC.

In order to comply with the Orders of KERC/Appellate Tribunal for Electricity in respect of UI charges, the energy injected to the grid and the energy drawn from the Bank in a particular block period will have to be furnished by ESCOMs to the SLDC, who will then prepare the bills pertaining to UI charges considering the energy injected and drawn during different block periods which will be furnished by the ESCOMs. In the absence of such data, claiming of difference in UI charges will not be possible for which KPTCL cannot be responsible.

In view of the above facts and considering the various issues involved, it is proposed that the Wheeling and Banking transactions shall be carried out at SLDC by the Chief Engineer Electy, SLDC for those installations who so desire, based on the Load Survey Data indicating the energy injected to the grid by the generator and the energy drawn from the bank by the consumer installations during different block periods with the corresponding frequencies furnished by ESCOMs. The downloaded readings should be sent by 10<sup>th</sup> of each month by email to the O/o Chief Engineer Electricity, SLDC for both the Generator point readings and the readings at the consumer installations. In case, such Data is not made available by the ESCOMs, SLDC is to finalize the W&B transactions without claiming difference in UI charges. It is proposed to carry out the above work with the existing staff. It is also proposed to authorize Chief Engineer Electy., SLDC to collect charges as mentioned below from the IPP's to carry out the above work related to W&B transactions.

Hence this order.

**Dated: 11.12.2012**

Approval is hereby accorded to:

**11 DEC 2012**

.....ಸಂಧ್ಯಾ ಕವಾಣಿಯವರವರು.

- 1) To authorize Chief Engineer Electy., SLDC to monitor the evacuation of energy from NCE projects to the grid.
- 2) To authorize Chief Engineer Electy., SLDC to prepare the bills of the installations for UI charges based on the readings furnished by the ESCOMs in respect of individual installations from both the generator points and the HT/EHT installations to which the energy is wheeled from the respective ESCOMs, i.e. (Load Survey Data) indicating the energy injected by the IPP and the energy drawn from the banked energy during various block periods.

- 3) Chief Engineer Electy., SLDC to prepare bills without claiming difference in UI charges, in such cases where Load survey data comprising of details of energy injected to the grid and energy drawn from the bank during different block periods are not made available by ESCOMs to SLDC. In this regard, KPTCL shall not be responsible for not claiming difference in UI charges.
- 4) To authorize Chief Engineer Electy., SLDC to carry out wheeling and banking transactions at SLDC duly collecting a sum of Rs. 5000/- (Rupees Five Thousand) per month from the IPPs towards carrying out W&B transactions at SLDC.
- 5) Chief Engineer Electy., SLDC shall initiate necessary action in this regard.

The procedure indicated above shall come into effect immediately and shall be applicable only for those installations who desire to carry out the Wheeling and Banking transactions through the O/o The Chief Engineer (El), SLDC.

## CIRCULAR

Sub: **Structure of Permanent Account Number (PAN)**; How to read the PAN – reg.

During the Workshop held on 3<sup>rd</sup> November, 2012 on Service Tax matters, some of the Officers expressed difficulty in ascertaining the status of a Party for regulating Income Tax and Service Tax. In this connection, *the following points on structure of Permanent Account Number (PAN) based on information available at website of the Income Tax Department is given for information and guidance.*

### **Structure of the new series of PAN :**

The Permanent Account Number (PAN) under new series is based on following constant permanent parameters of a taxpayer and uses Phonetic Soundex code algorithm to ensure uniqueness :-

- i. Full name of the taxpayer;
- ii. Date of birth / Date of Incorporation;
- iii. Status;
- iv. Gender in case of individuals; and
- v. Father's name in case of individuals (including in the cases of married ladies)

These five fields are called core fields, without which PAN cannot be allotted.

The PAN under the new series is allotted centrally by a customised application system (IPAN / AIS) for all-India uniqueness. The system automatically **generates a 10 character PAN** using the information in above five core fields. PAN has the following structure:

### **Out of TEN digit PAN:**

**First three** characters are alphabets (series running from AAA to ZZZ)

**Fourth character is also an alphabet and indicate the STATUS of the assessee.**

**Fifth** character is an alphabet and indicates the first character of the PAN holder's last name/surname.

**Sixth to Ninth** characters are sequential number running from 0001 to 9999

**Tenth** or last character is an alphabet which is a check digit.

Regarding the fourth character, it is an alphabet that indicates the status of the assessee or party which shall be one of the following, depending on the type of assessee:

| Character | Type (of Status) of the Assessee |
|-----------|----------------------------------|
| <b>C</b>  | Company                          |
| <b>P</b>  | Person                           |
| <b>H</b>  | HUF (Hindu Undivided Family)     |
| <b>F</b>  | Firm                             |
| <b>A</b>  | Association of Persons (AOP)     |
| <b>T</b>  | AOP (Trust)                      |
| <b>B</b>  | Body of Individuals (BOI)        |
| <b>L</b>  | Local Authority                  |
| <b>J</b>  | Artificial Juridical Person      |
| <b>G</b>  | Government                       |

The PAN of any party can be read on the basis of above structure and ascertain the status based on the fourth character of the ten character number. For more information on this, please log on to website "<http://www.incometaxindia.gov.in/>" of Income Tax Department.

Circular

**Sub:** Assigning of BR numbers to all the Bills received at Divisional Offices of KPTCL.

- Ref:** 1) Circular No. KPTCL/DF/PS/190/2008 dt. 30.05.2008 of Director (Finance), KPTCL, Bangalore.  
2) Proceedings of the Meeting held on 19.11.2012 and 20.11.2012 at Kaveri Bhavan, Bangalore to review the physical and financial progress of works of all Transmission Zones.

During the Meeting held on 19.11.2012 and 20.11.2012 to review the physical and financial progress of works of all Transmission Zones; the issue of assigning BR numbers to all the Bills received at Divisional Offices of KPTCL was discussed. It was noted that the procedure followed in clearing the bills continued to be erratic and unsatisfactory inspite of specific instructions issued in the matter vide Circular cited under reference (1).

Further, it was noticed that the bills are pending for one or the other reason and remains pending without valid reason for years together without even being assigned BR Nos. and entry in the Bill tracking system. This has resulted in difficulties in monitoring the status of such bills. Such delay in clearing of the bills has been viewed seriously.

Hence, further to the Circular under reference (1), it is once again reiterated that for all the bills received at Division Office, BR number shall be assigned invariably at the O/o Executive Engineer (EI) itself and the Executive Engineer (EI) shall ensure that the bills are assigned BR Nos. and entered into the bill tracking system before referring the same to the concerned Officer in the Division or to any other Officer for further process. The Executive Engineer (EI) shall make necessary arrangements in this regard and shall personally monitor the same.

This procedure shall be enforced immediately and the instructions detailed in the Circular under reference (1) shall be scrupulously followed without giving any room for complaints and delay in clearing of bills, failing which action will be initiated against the concerned.

**SUBJECT:** Amendment to tender condition for inviting bids for construction of 220/110/66KV Sub-stations / Lines including UG Cables and 400KV Lines on Partial / Total Turnkey basis in respect of restriction on the number of works on hand of individual bidder / consortium partner both in KPTCL and ESCOMs to become eligible to participate in the turnkey tenders in KPTCL.

**READ:** Resolution of the 84<sup>th</sup> Meeting of Board of Directors of KPTCL held on 04.12.2012. - Subject No.84/09.

**PREAMBLE:** In the 84<sup>th</sup> Meeting of Board of Directors of KPTCL held on 04.12.2012, the delay in execution of KPTCL projects due to various reasons other than the unavoidable ones like ROW problems, land acquisition, etc were discussed. It was noted that handling of more number of works by turnkey agency was affecting both the quality and timely execution of works due to issues in mobilization of resources, etc. Presently in the tenders being called for execution of KPTCL works, bids are considered irrespective of the total number of works being handled by individual bidder/consortium partner which might be hampering timely execution of works.

After deliberations, it was felt that it is necessary to restrict the number of works being handled by individual bidder / consortium partner to become eligible to participate in tenders in respect of works in KPTCL duly considering the works being carried out by them both in KPTCL and ESCOMs instead of works being carried out by them in KPTCL only. The matter was debated and it was decided to amend the Clause No.11.6.2.7 of Section-I : 'Invitation for Bid', Volume-I: 'Commercial Requirements' in the standard 'Bid Document' to restrict the number of works on hand of individual bidder / consortium partner in participation of KPTCL tenders by considering the works being carried out by them both in KPTCL and ESCOMs.

Hence this Order.

**Sub: Deduction of Service Tax for the hired Vehicles provided to Officers / Employees of KPTCL –Regarding.**

**Preamble:**

During the discussions held with Managing Director, KPTCL, Director (Finance), KPTCL and Director (Transmission), KPTCL, Bangalore recently by the Agencies providing hired Vehicles to Officers / Employees of KPTCL, the issue of deduction of Service Tax by KPTCL from their monthly bills was discussed. The Agencies submitted that the deduction of Service Tax by KPTCL has badly impacted their business due to reduction in their returns, since at the time the Vehicles were hired from them, there was no proposal to deduct Service Tax from them and have requested KPTCL not to deduct Service Tax from their monthly bills as otherwise it will be an additional burden on them.

The request put forth by the agencies was considered and it was decided to pay 40% of the applicable Service Tax (KPTCL portion) to the Service Tax Department for bills pertaining to the period from 01.07.2012.

*Hence this order,*

**Order No: KPTCL/B25/32518/2012-13**

**Dated: 23 JAN 2013**

After introduction of Joint Charge Mechanism for payment of Service Tax on renting of a motor Vehicle (i.e., hired taxi) with effect from 1<sup>st</sup> July, 2012, KPTCL being Service Receiver has to pay 40% of the applicable Service Tax (12.36% as on date) directly to the Service Tax Department. At present, this amount is being deducted from the monthly bills of Agencies providing vehicles on hire to KPTCL. Such deduction of amount shall be discontinued with effect from 01.01.2013 till such time the tender for hiring of vehicles is finalised by KPTCL. The applicable KPTCL's portion of 'Service Tax, i.e., 40% of the total Service Tax' shall be paid directly to the Service Tax Department by KPTCL Accounting Units without any deduction from the bills. However, no action needs to be taken in respect of Service Tax to be paid by the Agencies as Service Provider.

In respect of bills pertaining to period from 01.07.2012 to 31.12.2012, same principle shall be applied and required action to refund the amount to the Agencies may be taken if KPTCL's portion of Service Tax has been recovered out of their bills.

## CIRCULAR

Sub: Providing appointment on Compassionate grounds to dependents of the deceased employees-reg.

Ref: 1. Notification No. KEB/B5/721/80-81 dated 17.04.1997.  
2. Circular No. KEB/B5/721/80-81 dated 17.04.1997, 12.04.2010 and 23.09.2011.

\*\*\*\*\*

The relevant provisions of Regulation-6(1) of Karnataka Electricity Board (Appointment on Compassionate Ground) Regulations, 1997 was amended in Notification No: KEB/B5/721/80-81 dated 17.09.2011. As per the amendment the powers of approval of compassionate ground appointment is delegated to the concerned Superintending Engineers (Elec.) of O&M Circles of ESCOMs as they are the Appointing Authority for Group C & D Posts as per the KEB R&P Regulations.

Though several instructions/guidelines are issued from Corporate Office, KPTCL with regard to processing of applications submitted by the dependents of deceased employees seeking appointment on compassionate grounds, it is observed that clarifications are sought from some of the O&M Circles on minor issues for which decision could have been taken at their end itself after duly verifying the relevant documents in accordance with the Rules & Regulations thereby causing undue and unnecessary delay in processing their claims.

It was instructed in the Circular dated 23.09.2011 that under no circumstances the issue/file be referred to KPTCL. In spite of the above, some of the O & M Circles are frequently referring the files seeking clarification. In view of the above it is once again reiterated that the Appointing Authority is the Competent Authority to take a decision on providing compassionate ground appointment in accordance with the Regulations in force and as per the circulars issued by this office from time to time and as such it is not necessary to refer issues/seek clarifications from KPTCL.

It is also observed that the copies of correspondence relating to compassionate ground appointment are unnecessarily marked to this office and submitted for information. As such it is instructed that such unnecessarily correspondences of marking the copies to Corporate Office, KPTCL be avoided.

It was intimated in the Circular dated 23.09.2011 that the computation of the total income of the family as per Regulation-4(1) of the Karnataka Electricity Board (Appointment on Compassionate Ground) Regulations, 1997 would be prescribed by the Board from time to time and intimated periodically.

The total monthly income ceiling limit for applications submitted from 01.01.2011 to 30.06.2011 was fixed at Rs.18953/-

The monthly income ceiling limit is variable as and when there is increase in the rates of Dearness Allowance, House Rent Allowance, City Compensatory Allowance and Scale of Pay.

From July-2011 the rates of Dearness Allowances have been periodically revised. Further the Scale of Pay has also been revised in the Government from April-2012.

As such as per Regulation 4(1) (a) the monthly income ceiling limit is computed and the details are as follows:

- *For applications submitted from 01.07.2011 to 31.12.2011 ceiling limit as Rs.19649/- per month.*
- *For applications submitted from 01.01.2012 to 31.03.2012 ceiling limit as Rs.20370/- per month.*
- *For applications submitted from 01.04.2012 to 30.06.2012 ceiling limit as Rs.25270/- per month.*
- *For applications submitted from 01.07.2012 to 31.12.2012 ceiling limit as Rs.26066/- per month.*

Some of the O&M Circles had sought clarification with regard to the post to which the applicants possessing with Diploma in Civil Engineering qualification be appointed as the same was not intimated in the Circular dated 23.09.2011. It is hereby clarified that as per the KEB R&P Regulations an applicant possessing Diploma in Civil Engineering from the Polytechnic of Government of Karnataka is eligible to be appointed to the post of Junior Engineer (Civil). Further, clarifications are also sought on the eligibility of post for appointment of the applicants who are illiterates. It is clarified that male applicants who are illiterates are to be appointed to the post of Watchman and female illiterate applicants to be appointed to the post of Mali Grade-II.

The relevant provisions of Karnataka Electricity Board (Appointment on Compassionate Ground) Regulations, 1997 was amended on 08.10.2012 wherein provision has been made for appointment on compassionate ground to dependant unmarried brother/unmarried sister or widowed sister of deceased male and female unmarried Board employee. Further, provision has also been made by including 'Widowed Daughter' as one of the eligible dependant of

deceased Board employee for appointment on compassionate ground. These amendments are effective from 8<sup>th</sup> of October 2012. It implies that the above mentioned dependents are eligible for compassionate ground appointment if the deceased Board employee has expired on or after 08.10.2012. As such the dependents of Board employee who have expired prior to 07.10.2012 are not eligible for claiming compassionate ground appointment under the amended Regulations.

The O & M Circles of ESCOMs are hereby instructed to maintain the statistics of compassionate ground appointments approved and pending month-wise in the format shown below so as to facilitate furnishing the statistics within the specific time as and when sought by this office:

| Month | Compassionate ground appointment | Category |    |    |       |        |        |                    | Total |        |

-----

The ESCOMs are facing several constraints in supplying power in rural areas and they have approached KPTCL to discuss on measures that could be taken to restrict/eliminate unauthorized consumption by IP sets during the time when rostering of power is done on feeders supplying power to IP sets. This issue had come up during 2009 also and based on the discussions in a workshop conducted in this regard by BESCOM, KPTCL had issued a circular in October 2009 and again in February 2012.

Recently, BESCOM had again raised the above issue and in a meeting held at BESCOM chaired by Managing Director, BESCOM in which Director Transmission, KPTCL and other Senior Officers of BESCOM participated, it was decided that Open delta system of 11 kv lines should be done so as to restrict the energy consumption during peak hours as this will ensure adequate power supply is available during the examination period to provide adequate power supply to villages and small towns in rural areas. In the meeting circulars issued by KPTCL in October 2009 and February 2012 were also discussed in detail and it was agreed by BESCOM to implement the suggestions contained in circular dated 30.10.2009 and to have Open delta operation of 11 kv feeders during when rostering is done.

During MMR meeting held on 16.02.2013, Managing Directors of all ESCOMs also desired that during single phase hours of power supply, open delta operation should be done in their ESCOMs also. Managing Directors of all ESCOMs also agreed to give wide publicity through pamphlets etc., explaining the necessity of operating the feeders in open delta mode instead of rostering the feeders while supplying power to predominantly IP set feeders during the hours when these feeders were subject to rostering so as to avoid discontentment from the public.

As desired by the ESCOMs the open delta system will come into effect from 01.03.2013 and will continue till further notice. The Chief Engineers, Elec. of Transmission Zones, KPTCL are instructed to take following measures:

1. In the rostering GOS, blade which is used for shorting 2 phases should be removed and stored in a safe place.
2. 11 kv feeders are so connected that at no point of time current in power transformer should not exceed 5 Amps.
3. The Executive Engineers/Superintending Engineers Elec. of ESCOMs should give a certificate to the Executive Engineers, TL&SS, KPTCL stating that ground resistance of the neutral circuit of the transformers have been checked and are well within the prescribed limits.

Copies of the earlier circulars are enclosed.

These instructions shall come into effect from 01.03.2013 without fail.

Sub : Preparation of separate Estimates for New Works and Dismantling works.

Ref : Board Order No. KEB/B19/345/85-86 dated 18/06/1987

The Estimates for carrying out works have to be prepared properly under correct budget head to ensure correct budget sanction as also booking of expenditure under capital and revenue. However, many instances have been reported to the Corporate Office wherein discrepancies with regard to preparation of Estimates, sanction of work under wrong budget head of account and improper booking of expenditure under capital and revenue heads of account are noticed.

Most of the capital works in KPTCL are being executed through turnkey contracts. Estimates are being prepared by various authorities of KPTCL for carrying out the Capital Works. Based on the Estimates, Detailed Project Report is prepared and further action to award the work is taken up through tendering process.

In some cases, the execution of the project may involve dismantling of existing assets, which were already commissioned in earlier years and held as Fixed Assets in the books of KPTCL. Such Works are being awarded to the Turnkey Contractors on the condition that the Turnkey Contractors have to carry out dismantling of the existing assets during the course of execution of the new projects. In such cases, a single estimate is being prepared for execution of the new work as well as dismantling work and total amount is computed and awarded to the Turnkey Contractor. This procedure of awarding work combining both the works has lead to confusion in preparation of estimates and accounting treatment of such transactions. The instructions in the Board Order cited under reference above, to prepare separate Estimates for new work and labour charges for decommissioning of existing assets are not being followed properly.

In the light of above, the issue has been examined again and following procedure is prescribed to overcome the deficiencies in the method of preparing and sanctioning of Estimates.

Case-I-Capital Projects wherever de-commissioning of Assets is not envisaged:- In the cases of execution of Capital Works where the de-commissioning of the existing Asset is not required to be done, the existing procedure of sanctioning, awarding and incurring the cost under relevant Capital Head of Account shall be continued.

Case-II-Capital Projects which envisages De-commissioning of the existing Asset:- In cases where the Capital Work envisages dismantling of existing Asset during the course of execution of the new project, estimates are to be prepared in 3 Parts, i.e., Part-A, Part-B and Part-C.

Part-A- Estimate for executing new Capital Work :- Procedure as explained in Case-I above may be followed.

Part-B- Estimate for de-commissioning of Asset:- Expenditure incurred on dismantling the existing structure i.e., 'labour charges' is a Revenue Expenditure. As such, the estimate may be sanctioned, awarded and incurred under Revenue Expenditure Head of Accounts '77.540-Transmission Lines / Sub-Stations - Decommissioning Cost' or '77.550-Other Decommissioning Cost' as the case may be. The format of the estimate is shown below;

## CIRCULAR

**Sub:** Calibration of IPP's Energy meters in IPP's Pooling Stations of class 66kV and above.

**Ref:** 1) KPTCL B.O No. KPTCL/B28/B13/3595/91-92 dated: 21.03.2005.  
2) T.O Circulars dated 21.05.2012 and 11.03.2013.  
3) Letter No. GM(PP)/DGM(F&C)/AGM(F&C)/BESCOM/BC-39/Cys-50 dated: 25.02.2013 of GM (PP), BESCOM addressed to CEE, RT and R&D.

As per the Circular dated 21.05.2012 cited above, ESCOMs were requested to carry out the calibration of energy meters of IPPs located at pooling stations with directions to record the meter readings jointly by KPTCL, ESCOMs and IPPs, as these meters record the energy pumped in to KPTCL grid. BESCOM in its letter referred above has now requested KPTCL to make arrangements for recording joint meter reading with certification and also undertake joint calibration of energy meters of IPPs at pooling station by representatives of BESCOM, KPTCL and IPPs.

In this regard, it is to be noted that all the IPPs are pumping the energy generated by their projects at different voltage levels to the KPTCL grid. In case of Wind mills, energy meters are installed at various individual wind mills and in turn connected to the energy meters installed at pooling stations. Recording of meter readings of individual meters and bulk meters along with calibration of meters are to be carried out periodically. ESCOMs are carrying out calibration of energy meters installed at 33kV stations. Calibration of energy meters installed at 66kV and above stations has to be carried out by KPTCL. Any discrepancies in recording of energy meter readings or improper calibration of energy meters could result in erroneous accounting of energy at KPTCL grid which in turn will also affect determination and accounting of transmission loss at different voltages. In order to maintain the meters in optimum working conditions and to properly account the energy pumped into the grid and transmission losses at different voltage levels, it is necessary to calibrate the meters jointly by the concerned agencies viz representatives of KPTCL, ESCOMs and IPPs.

In view of the above, it is hereby instructed that henceforth the calibration of energy meters in pooling stations of IPPs shall be carried out jointly by representatives of KPTCL, ESCOMs and IPPs. Further as already intimated, the meter readings shall continue to be recorded jointly by representatives of KPTCL, ESCOMs and IPPs with due certification.

The above instructions shall be enforced strictly and will come into immediate effect.
