It is observed that representations for transfers from employees on various grounds are being received in Board Office even after the general transfers are already over. The field officers have also been recommending for transfers of employees throughout the year. In this context, it is found necessary to examine the genuineness of the various representations / requests by competent authorities of the Board on merits in order to redress the grievances of the employees while the interest of the Board is also safeguarded. In order to dispose of such recommendations and requests, the following guidelines are issued for effecting transfers of employees outside the general transfers period :

- 1) Transfers of employees below the cadre of Junior Engineer shall be approved by the Chief Engineer, Electy. (General) on the specific recommendations of the field officers. The recommendations relating to the circlewise cadre employees should be compulsorily routed through the Superintending Engineers of the concerned circles to the Chief Engineer, Electy.(G).

- 2) Transfers of Assistant Engineer and Junior Engr. shall be approved by the Technical Member on the specific recommendation of the Chief Engr. Electy.
(G).

The transfers outside general transfers should be minimum and only where special circumstances are made out on the health grounds and compassionate grounds and also those transfers recommended in the interest of Board work.

ವಿಷಯ : ವಾರ್ಷಿಕ ಗೋಪ್ಯ ವರದಿಗಳನ್ನು ಕಳುಹಿಸುವ ಬಗ್ಗೆ.

ಮಂಡಳಿಯ ಎಲ್ಲಾ ನಿಯಂತ್ರಣಾಧಿಕಾರಿಗಳ ಗಮನಕ್ಕೆ ತರಲಿಚ್ಛಿಸುವುದೇ ನೆಂದರೆ, ತಮ್ಮ ಆಡಳಿತ ವ್ಯಾಪ್ತಿಯಲ್ಲಿ ಬರುವ ಎಲ್ಲಾ 'ಸಿ' ಮತ್ತು 'ಡಿ' ದರ್ಜೆ ನೌಕರರು ವಾರ್ಷಿಕ ಗೋಪ್ಯ ವರದಿಗಳನ್ನು ಬರೆದು ಸಂಬಂಧಪಟ್ಟ ನೇಮಕಾತಿ ಅಧಿಕಾರಿಗಳಿಗೆ ನಿಗದಿತ ಅವಧಿಯಲ್ಲಿ ಬರುತ್ತಿಲ್ಲವೆಂದು ಮಂಡಳಿಯ ಗಮನಕ್ಕೆ ಬಂದಿರುತ್ತದೆ. ಗೋಪ್ಯ ವರದಿಗಳು ಸಕಾಲದಲ್ಲಿ ಬರದೇ ಇರುವುದರಿಂದ ಮಂಡಳಿಯಲ್ಲಿ ಸೇವೆ ಸಲ್ಲಿಸುತ್ತಿರುವ ನೌಕರರಿಗೆ ನೀಡಬಹುದಾದ ಬಡ್ಡಿಗಳು ಪರಿಶೋಧನೆ ಅವಧಿಯನ್ನು ಘೋಷಿಸುವುದು ಮತ್ತು ಮುಂದಿನ ವೇತನ ಶ್ರೇಣಿಯನ್ನು ವಿಸ್ತರಿಸುವುದು ಮುಂತಾದವುಗಳ ವಿಳಂಬಕ್ಕೆ ಕಾರಣವಾಗುವುದಲ್ಲದೆ ಅನವಶ್ಯಕ ಪತ್ರ ವ್ಯವಹಾರಕ್ಕೆ ಕಾರಣವಾಗುತ್ತದೆ.

ಆದ್ದರಿಂದ ಎಲ್ಲಾ ಗೋಪ್ಯ ವರದಿಗಳನ್ನು ಬರೆಯುವ ಅಧಿಕಾರಿಗಳು ತಮ್ಮ ಅಫೀಸಿನಲ್ಲಿ ಕಾರ್ಯ ನಿರ್ವಹಿಸುತ್ತಿರುವ ಎಲ್ಲಾ ನೌಕರರ ವಾರ್ಷಿಕ ಗೋಪ್ಯ ವರದಿಗಳನ್ನು ಮೇಲು ರುಜು ಮಾಡುವ ಅಧಿಕಾರಿಗಳಿಗೆ ಕಳುಹಿಸುವುದು. ಮೇಲು ರುಜು ಮಾಡುವ ಅಧಿಕಾರಿಗಳು ಸದರಿ ಗೋಪ್ಯ ವರದಿಗಳನ್ನು ಪರಿಶೀಲನೆಯ ನಂತರ ಸಂಬಂಧಪಟ್ಟ ನೇಮಕಾತಿ ಅಧಿಕಾರಿಗಳಿಗೆ ಕಳುಹಿಸಿಕೊಡುವುದು. ಈ ಬಗ್ಗೆ ತೆಗೆದುಕೊಂಡ ಕ್ರಮದ ಬಗ್ಗೆ ಒಂದು ವರದಿಯನ್ನು ಮಂಡಳಿಗೆ ಕಳುಹಿಸಲು ಕೋರಿದೆ.

ಮಾನ್ಯರೇ,

ವಿಷಯ : 1995ರ ಕ್ಯಾಲೆಂಡರ್ ವರ್ಷದಲ್ಲಿ ಅಧಿಕಾರಿಗಳ ಚರಸ್ಥಿರ
ಆಸ್ತಿ ವಿವರಗಳ ಘೋಷಣೆ ಬಗ್ಗೆ.

ಉಲ್ಲೇಖ : ಮಂಡಳಿಯ ಆದೇಶ ಸಂಖ್ಯೆ ಕವಿಮಂ: ಎ1: 3265 68- 69
ದಿನಾಂಕ : 19- 10- 98 ಈ ಕಚೇರಿಯ ಇದೇ ಕ್ರಮ
ಸಂಖ್ಯೆಯ ದಿನಾಂಕ 26- 1- 1985ರ ಸುತ್ತೋಲೆ.
ಮಂಡಳಿಯ ಆದೇಶ ಸಂಖ್ಯೆ : ಬಿ4: 7620: 85- 86 ದಿನಾಂಕ
7- 8- 1987

ಮೇಲ್ಕಂಡ ವಿಷಯದ ಬಗ್ಗೆ ಉಲ್ಲೇಖದಲ್ಲಿನ ಪತ್ರಗಳ ಕಡೆಗೆ ತಮ್ಮ ಗಮನವನ್ನು
ಸೆಳೆಯುತ್ತಾ ತಿಳಿಯಪಡಿಸುವುದೇನೆಂದರೆ, ಮಂಡಳಿಯ ಅಧಿಕಾರಿಗಳು : ನೌಕರರು
ಪ್ರತಿ ವರ್ಷ ತಮ್ಮ ಚರ, ಸ್ಥಿರ ಆಸ್ತಿ ವಿವರಗಳನ್ನು ಘೋಷಿಸುವುದನ್ನು
ಖಡ್ಡಾಯಗೊಳಿಸಿದ್ದು, ಉಲ್ಲೇಖದಲ್ಲಿನ, ಪತ್ರಗಳಲ್ಲಿ ಸ್ಪಷ್ಟಪಡಿಸಿರುವಂತೆ ಡಿಸೆಂಬರ್
1995ರ ಅಂತ್ಯಕ್ಕೆ ಕೊನೆಗೊಳ್ಳುವ ಆಸ್ತಿ ವಿವರಗಳನ್ನು ಜನವರಿ 1996ರ ಅಂತ್ಯದೊಳಗೆ
ಘೋಷಿಸಿಕೊಳ್ಳಬೇಕಾಗುತ್ತದೆ. 1995ನೇ ಕ್ಯಾಲೆಂಡರ್ ವರ್ಷದ ಆಸ್ತಿ ವಿವರಗಳ
ಘೋಷಣಾ ಪತ್ರವನ್ನು ನಿಗದಿತ ನಮೂನೆಯಲ್ಲಿ ಎಲ್ಲಾ ನೌಕರರು ತಮ್ಮ
ಮೇಲಾಧಿಕಾರಿಗಳಿಗೂ ಹಾಗೂ ಎಲ್ಲಾ 'ಎ' ವರ್ಗದ ಅಧಿಕಾರಿಗಳು ಮಂಡಳಿಯ
ಕಾರ್ಯಾಲಯಕ್ಕೆ ನೇರವಾಗಿಯೂ 31- 1- 1996ರ ಒಳಗಾಗಿ ಕಳುಹಿಸುವಂತೆ
ಸೂಚಿಸಲಾಗಿದೆ.

ನಿಗದಿತ ನಮೂನೆಯಲ್ಲೇ ವಿವರಣಾ ಪಟ್ಟಿಯನ್ನು ಸಲ್ಲಿಸುವಂತೆ ಮತ್ತೊಮ್ಮೆ
ಸ್ಪಷ್ಟಪಡಿಸಲಾಗಿದೆ. ಈ ರೀತಿ ಸಲ್ಲಿಸಿಲ್ಲದ ವಿವರಣಾ ಪಟ್ಟಿಗಳನ್ನು ಪುರಸ್ಕರಿಸ-

ಲಾಗುವುದಿಲ್ಲ. ವಿವರಣಾ ಪಟ್ಟಿಯಲ್ಲಿ ಕೇಳಲಾಗಿರುವ ಮಾಹಿತಿಯನ್ನು ಭರ್ತಿ ಮಾಡಲು ಕಾಲಂಗಳಲ್ಲಿ ನೀಡಲಾಗಿರುವ ಸ್ಥಳಾವಕಾಶವು ಸಾಲದಿದ್ದಲ್ಲಿ ಆ ಮಾಹಿತಿಗೆ ಸಂಬಂಧಪಟ್ಟಂತೆ ಪ್ರತ್ಯೇಕ ಯಾದಿಯನ್ನು ತಯಾರಿಸಿ ಘೋಷಣಾ ಪತ್ರದೊಂದಿಗೆ ಲಗತ್ತಿಸುವುದು. ವಿವರಣಾ ಪಟ್ಟಿಯಲ್ಲಿ ಕಾಲಂಗಳಲ್ಲಿ ನೀಡಲಾಗಿರುವ ಸೂಚನೆಯಂತೆ ಎಲ್ಲಾ ಕಾಲಂಗಳನ್ನು ಸಮರ್ಪಕವಾಗಿ ಭರ್ತಿ ಮಾಡತಕ್ಕದ್ದು. ಹೀಗೆ ಆಸ್ತಿ ಮತ್ತು ಹೊಣೆಗಳ ಬಗ್ಗೆ ವಿವರಗಳನ್ನು ನೀಡುವಾಗ, ಕ.ವಿ. ಮಂಡಳಿ ನೌಕರರ ಸೇವಾ (ನಡವಳಿ) ನಿಯಮಗಳು-1988ರ ನಿಬಂಧನೆ 23 ರಲ್ಲಿನ ಅಂಶಗಳನ್ನು ಗಮನದಲ್ಲಿರಿಸಿಕೊಳ್ಳತಕ್ಕದ್ದು. ಯಾವುದೇ ಕಾಲಂಗೆ ಸಂಬಂಧಪಟ್ಟಂತೆ ಆಸ್ತಿ ಹೊಣೆಯಲ್ಲಿನ ಸ್ಥಿತಿಯಲ್ಲಿ ಯಾವುದೇ ಬದಲಾವಣೆ ಇಲ್ಲದಿದ್ದಾಗ್ಯೂ ಸದರಿ ವಿವರಗಳನ್ನು ಪ್ರತಿ ವರ್ಷವೂ ನೀಡಬೇಕು.

ಪ್ರತಿ ವರ್ಷವೂ ಈ ರೀತಿಯ ಸುತ್ತೋಲೆಗಳನ್ನು ಹೊರಡಿಸಿದ್ದಾಗ್ಯೂ ಹಾಗೂ ಹಲವಾರು ನೆನಪೋಲೆಗಳನ್ನು ಪ್ರತ್ಯೇಕವಾಗಿ ಸಂಬಂಧಪಟ್ಟ ಅಧಿಕಾರಿಗಳಿಗೆ ಕಳುಹಿಸಿದ್ದಾಗ್ಯೂ ಹಲವಾರು ಅಧಿಕಾರಿಗಳು ತಮ್ಮ ಆಸ್ತಿ ಹೊಣೆ ಪಟ್ಟಿಯನ್ನು ನಿಗದಿತ ದಿನಾಂಕದೊಳಗೆ ಸಲ್ಲಿಸದಿರುವುದನ್ನು ಮಂಡಳಿಯು ಗಂಭೀರವಾಗಿ ಪರಿಗಣಿಸಿದೆ. ಆದ್ದರಿಂದ ಸಂಬಂಧಪಟ್ಟ ಕಚೇರಿಯ ವರಿಷ್ಠ ಅಧಿಕಾರಿಗಳು ಈ ಪತ್ರವನ್ನು ತಮ್ಮ ಆಡಳಿತ ವ್ಯಾಪ್ತಿಯಲ್ಲಿ ಬರುವ ಎಲ್ಲಾ ಅಧಿಕಾರಿಗಳ ಗಮನಕ್ಕೆ ತಂದು ಅವರು ತಮ್ಮ ಆಸ್ತಿ ವಿವರ ಘೋಷಣಾ ಪತ್ರವನ್ನು ನಿಗದಿತ ನಮೂನೆಯಲ್ಲಿ ನಿಗದಿತ ದಿನಾಂಕದೊಳಗೆ ಮಂಡಳಿಯ ಕಾರ್ಯಾಲಯಕ್ಕೆ ನೇರವಾಗಿ ತಪ್ಪದೇ ಕಳುಹಿಸಬೇಕೆಂದು ಆದೇಶ ನೀಡಲು ಈ ಮೂಲಕ ಸೂಚಿಸಲಾಗಿದೆ. ಮತ್ತು ನೌಕರರಿಗೆ ಸಂಬಂಧಿಸಿದ ಆಸ್ತಿ ವಿವರಗಳ ಬಗ್ಗೆ ಸುತ್ತೋಲೆ ತಾರೀಖು 26-7-1985 ರಂತೆ ಕ್ರಮ ತೆಗೆದುಕೊಳ್ಳುವುದು.

ಮೇಲ್ಕಂಡ ಸೂಚನೆಗಳನ್ನು ಪಾಲಿಸಲು ತಪ್ಪಿದ ಅಧಿಕಾರಿಗಳ ಮೇಲೆ ಮಂಡಳಿಯ ಸೇವಾ ನಿಯಮಗಳ ಪ್ರಕಾರ ಸೂಕ್ತ ಕ್ರಮ ತೆಗೆದುಕೊಳ್ಳಲಾಗುವುದು.

Sub : Recovery of arrears outstanding against Free Lighting Installations from Board Workmen & Officers.

I am directed to state that non-recovery of Electricity charges due from the K.E.B. workmen and Officers in respect of Free Lighting Installations has attracted the attention of the State Legislature. It desired to know that the action taken by the Board to recover the arrears due against these installations.

You are not unaware that the Board order No.KEB/CLO/B14/5239/82-83 dated 8th May 1984 and the Board Order of even No.dated 2-11-1984 which sanctioned Free Lighting Concession to workmen and Officers respectively, clearly makes a provision for recovery of arrears from the salary of defaulters, if they fail to pay the dues, including Taxes and Duties in time. The installations can also be disconnected for non-payment of arrears due.

The procedure of recovery is also stated in Para-11 of the Board Order cited above, according to which a statement of such dues should be sent every quarter to the concerned Division

Office. The dues shall be recovered out of salary and sent to Sub Division office through a Demand Draft without passing it through Divisional Accounts.

The Board has also time and again, stressed the importance of fixing good working Meters in all the installations. The Board feels that there may be many cases of installations which are found without good meters. Therefore, immediate action should be taken to replace these faulty meters, wherever necessary.

Attention is also invited to Para-7 of the above cited Board Order, wherein it is clearly stated that if the energy is used for non-domestic purposes, the Free Lighting concession allowed shall cease, apart from the employee being liable to pay charges as per relevant provisions of E.S.R. and disciplinary action being taken.

I would, therefore, request you to review the Ledger Accounts of Free Lighting Installations and take action as indicated above. The Internal Audit staff shall look into this aspect during their audit of ledgers.

A brief report on the action taken in this behalf shall be sent to the Board within a month.

Please refer to the above wherein you have sought clarification in the matter of billing of installations which were serviced initially on the condition of applicability of 18% line minimum charges. I am directed to state that the matter has been examined. The Board Order cited above has granted the benefit of Free Power Supply to all workmen subject to conditions stated therein. These conditions would include all applicable conditions under Electricity Supply Regulations.

When an installation is serviced under the conditions cited above, it is applicable for billing of Free Lighting installations also, without taking away the benefit of availing units of electricity free of charge and paying for the consumption in excess of 200 units per month. If the energy charges (excluding Electricity tax) in any month, billed as prescribed in the B.O. dated 8.5.1994, falls short of the monthly rate of line minimum charges applicable to the installation, the difference also has to be collected every month. This method of billing has to be continued during the initial agreement period (7 years) only (Regulation 33.03 of ESR).

These instructions shall be carefully noted.

However, in the KEBEs' (CDC&A) Regulations 1987, It has been clearly specified that withholding of increments with or without cumulative effect as a 'MINOR PENALTY'.

To impose a minor penalty, conducting of departmental enquiry under Regulation (12) is sufficient and it is not mandatory to conduct enquiry under Regulation (11) of KEBES' (CDC&A) Regulations 1987, to impose any minor penalty. However, it has been held by the Courts that a detailed enquiry should have been held, wherever the penalty of withholding of increments with cumulative effect is imposed.

In the circumstances, the subject matter was examined by the Board in depth and it is hereby intimated to all the Disciplinary Authorities / Appointing Authorities, that they may bear in mind to order a Departmental Enquiry, under Regulation (11) of KEBEs' (CDC&A) Regulations 1987 if the penalty of withholding of increments with cumulative effect is warranted to be imposed, if the charges are held proved.

By Order,
Secretary. K.E.B.

Sir,

Sub : Payment of Conveyance allowance to the employees working in the Head Quarters of the transmission line maintenance section - clarification - Reg.

Ref : Board Order No.KEB/B16/2651/94-95 dated 26.4.1994.

2. This office letter No.KEB/B16/4088/84-85 dated 9.11.1994 and 6.1.1995
3. Your letter No.AO/AA01/A10/181-84 dated 22.4.1995.

Please refer to your letter No.AO/AA01/A10/181-84 dated 22.4.1995 on the above subject wherein you have requested the Board to clarify whether as per the provisions of Board Order No.KEB/B16/2651/94-95 dated 26.4.1994, all the employees - working in the Head quarters of the transmission line maintenance

sections are entitled for conveyance allowance at the rates stipulated therein.

In this connection, I wish to state that in Appendix-IV of the KEB ESRs under the heading 'Bicycle Allowance', it has been clearly mentioned that the maintenance men working against 2 post in Head quarters or transmission line maintenance section and one post in each of the camps enroute of transmission line where telephoe lines exists are eligible for payment of conveyance allowance. However, in the Memorandum of settlement dated 26.4.1994 entered into between the management of K.E.B., and the KEB Employees' Union (Reg. No.659) in the matter of the revision of payscales and allowances to the workmen of Board with effect from 1.4.1993, it has been agreed for the payment of conveyance allowance to all the staff working in transmission line camps. Hence, it has been - clarified vide this office letter No.KEB/B16/4088/84-85 dated 6.1.1995 that the quantum of conveyance allowance as provided in Board Order No.KEB/B16/2651/94-95 dated 26.4.1994 shall be allowed to be paid to all the staff working in transmission line camps. But, the above said settlement does not alten the provision existing in appendix-IV of the KEBESR's with regard to the sanction of conveyance allowance to the employees working in the Head Quarters of the transmission line maintenance section.

Under the circumstances, I am directed to clarify that only two posts in Head Quarters in transmission line - maintenance section are entitled for conveyance allowance.

Yours faithfully
Secretary, K.E.B.

Sub : Maintenance of Security deposits collected from employees at Divisions - New procedure and guidelines.

1. U.O. Note dtd. 10.3.1995 from Chief Controller of Accounts to decentralise maintenance of Accounts of Security deposit and refund of the same.
2. Board Secretariat Note dated 25.8.1995.

ORDER No.KEB/B16/1501/95-96

BANGALORE, DATED : 28.9.95

The Board is collecting security deposit from specific class of employees such as Drivers, Cleaners, Cashiers etc. The maximum deposit collected is Rs.500/-. Though the collections are made in the Division in which the employees are working; the Accounts are being maintained at the CCA's office and whenever refund has to be given, proposals are sent to CCA's office. The deposit portion is refunded from CCA's office duly authorising the Units to pay the interest on the deposits.

After a thorough examination of the issue of maintenance of deposit accounts at Head Office, it has been decided that these accounts need no longer continued to be maintained at CCA's office, but shall be maintained at the Units where the employees in respect

of whom deposit is held, are working.

The new procedure for maintenance of security deposit accounts of employees at the Units is as follows. This procedure comes into force from 1.9.95.

- 1) The balance of deposit held as on 1.9.95 in respect of employees working in each Division/Unit will be transferred to the Units after obtaining the details of the employees from the concerned Division/Unit. For this purpose, a format in which the details are to be given by the concerned Division/Unit shall be prescribed by the CCA.
- 2) From 1.9.95 and onwards schedule of the security deposits recovered from employees shall be maintained at the respective Division/Unit only. The existing credit schedule shall be made use of for posting the recoveries. The schedule shall invariably contain the name, designation, check No. and place of working of the employee. The posting shall be made with reference to B.R. No. etc. The recoveries shall be credited to A/c Code 46.920. It has to be ensured that the security deposit recovered is not transferred to Advance Section in CCA's office from 1.9.95 and onwards, since the schedule is to be now maintained in the Unit itself. In the March Final Accounts also from the year 1995-96 and onwards, A/c Code 46.920 shall be brought under Part A and not under Part C. As regards the security deposit transferred from Head Office to Units with details of employees, the advice so sent shall be accepted immediately on receipt of the same by crediting A/c Code 46.920 and debiting to A/c Code 36.3.

3) The security deposits are recovered from various employees like Drivers, Cleaners, Cook, Maity, Store Keeper, Asst. Store Keeper and Cashier etc. Except Cashiers, the total amount of security deposit will have been recovered from all other categories of employees within a period of 15 to 20 months from the date of their joining service and no further recoveries will be there till their retirement. The security deposit so collected will have to be constantly maintained as credit in A/c code 46.920 till it is refunded. As no further recoveries come in respect of such employees, it is convenient to transfer such security deposits to a Register namely "Permanent Security Deposit Register", once the prescribed security deposit is fully recovered. The total of this permanent security deposit is fully recovered. The total of this permanent security deposits Register should be shown as one item in the "schedule of security deposit Register" and balance struck every month. However, in respect of security deposits recovered from Cashiers, the items shall be maintained in the schedule of security deposit only. OFFICIAL MEMORANDUM

Sub : The scheme of voluntary Retirement -
Instructions - Regarding.

The scheme of voluntary retirement was basically introduced to enable Board Employees to move out of Board service on a reasonable pension. In order to encourage voluntary retirements, a weightage of 5 years of qualifying service has also been given in respect of those who have put in a qualifying service of 15 years. In this connection, it is felt necessary among other things to clarify certain points related to this scheme as contained in Regulations 214-A of KEB Employees' Service Regulations vis-a-vis Regulation 146 of KEB Employees Service Regulations, which provides for sanction of Extra-ordinary leave.

Regulations 146 of KEB Employees' Service Regulations stipulates that Extra-Ordinary leave may be granted in special circumstances when no other leave is by rule admissible or; when other leave is admissible, but the Board Employee applies in writing for the grant of Extra-ordinary leave. Both permanent and non-permanent employees of the Board are entitled for the sanction of "Extra Ordinary Leave" with certain maximum days of ceiling limits

as prescribed in KEB Employees' Service Regulation. Thus, extraordinary leave can be availed by a Regular Board Employee, if special circumstances so warrant. But, the maximum Extra-Ordinary leave that counts as qualifying service for Pension is 3 years only, as laid down in Regulation 186-A of KEB Employees' Service Regulations. It is clear from the provisions of this Regulation that competent authority sanctioning extra ordinary leave is duty-bound to see that Extra-ordinary leave is granted only when circumstances warrant its sanction as per rules, and not for purpose of earning qualifying service for seeking voluntary retirement. It is reiterated here that, as per Regulation 108 of KEB Service Regulations, leave including extra-ordinary leave cannot be claimed as a matter of right. Therefore if it is apprehended that the Board Employee is likely to misuse Extra-ordinary Leave, the competent Authority can refuse sanction of Extra-Ordinary Leave. The concerned competent authorities are accordingly impressed upon that, while Regulation 214-A stipulates that minimum qualifying service required for seeking voluntary retirement is 15 years, no person be unduly favoured with voluntary retirement benefit, by sanctioning him extra-ordinary leave for the period of his absence, only to bridge the shortage in the stipulated 15 years qualifying service.

Further, some Board employees may apply extra-ordinary leave for year/s just to claim benefits under Voluntary Retirement Scheme, by counting the extra ordinary leave applied for. Such leave should not be sanctioned; and hereafter all cases of voluntary retirement, involving shortage of actual qualifying service, excluding extra-ordinary leave should not be permitted.

A Board Employee seeking voluntary retirement is required to give a notice of atleast 3 months in writing to the appointing authority. The concerned authorities should check as to whether the Board employee fulfills all the conditions laid-down in Regulation 214-A and complete all formalities as far as possible well within the notice period of 3 monthys, so that, a decision as to whether he is permitted or not permitted to voluntarily retire is conveyed to him atleast on the date of expiry of 3 months notice period. In some cases, abnormal time may be taken in completing these formalities on grounds such as delay on account of getting qualifying service verified by the Chief Controller of Accounts, issue of No-Due-Certificate, report from subordinate or other Office/s, etc. But, under no circumstance can a mere submission of notice be construed as permission being given by the Board for retiring voluntarily nor does this confer any right on the Board employee to remain unauthorisedly absent. This is substantiated by the fact that Regulation 214-A(X) stipulates that the voluntary retirement shall not become effective merely on the ground that a Notice to that effect has been given by the Board Employees unless it is accepted by the appointing authority Therefore, a Board Employee who gives notice of voluntaary retirement cannot be allowed to remain absent from duty either from the date of notice or from the date of expiry of notice period of 3 months.

The concerned authorities are categorically requested not to give permission for voluntary retirement unless the qualifying service is got verified by the Chief Controller of accounts, KEB., Bangalore.

All the competent authorities of the Board are requested to strictly comply with the above instructions while dealing with cases pertaining to voluntary retirement and ensure fulfilment of all the conditions laid down in Regulation 214-A of KEB Employees Service Regulations before permitting the Board Employees to retire voluntarily from service.

The Chairman, KEB., has viewed seriously the lapses on the part of the officers of the Board for not discharging their legitimate duties especially with regard to the issue of energy bills with respect to street lights, water supply etc., pertaining to the local bodies and Government Departments. The accumulation of arrears to the Board has reached alarming figures resulting in financial crisis to KEB. The officers have also not taken any follow up action to realise the revenue from the above institutions.

Attention of all officers is drawn to the earlier instructions of the Board and instructions of the Chairman, KEB., regarding proper review of the revenue collection and also to achieve higher realisation. In the last one month, the Chairman has abserved that there have been no significant improvement in the collection of revenue. The Chairman has also taken seriously the note of the offices wanting postings to the O&M Divisions by bringing political and official pressure. O&M is considered as most important office of the Board. It has been decided to review the performance in the first instance, of all the Sub-Division and Division level offices with respect to recoveries and also maintenance of proper distribution system with least number of complaints.

In the next 3 months, intensive review of performance will be under taken. Any Officer who fails to achieve minimum increase of 20% in the revenue recovery collection vis-a-vis the previous year figure for that month and who continues to show negligence in proper maintenance of the systems, disciplinary action will be initiated against such officers apart from immediate transfer from thier Sub-Divisions level to non executive posts.

It is therefore requested that all officers must perform to their best ability and ensure immediate improvement in their working system. Further, in respect of arrears from the Local bodies and the Government Departments, you are requested to issue final notices giving 30 days time for recovery of the dues to the KEB. These notices must be followed up by personal contact and discussions with the concerned officers. If inspite of repeated requests the concerned agencies do not clear the arrears, action may be taken to disconnect the installations. However, before doing so adequate publicity in the local news-paper may be issued in case of direct public inconvenience likely to be caused for their information. Action taken in this regard may be kept informed to the Board. In so far as the essential services such as Hospitals, and Water supply installations are concerned utmost care may be taken not to disconnect power but seriously keep conveying your threats of disconnection if no amount is paid.

Ref : 1) U.O. Note of DIG of Police (Vigilance) dt. 27.6.1995;

2) This office Note dt. 11.7.1995.

It has brought to the notice of the Board by the Deputy Inspector General of Police (Vigilance), KEB., Bangalore, in his U.O. Note dated 27.6.1995 under reference that the Meters are not easily accessible to the Inspecting Officers.

It is also noticed that the entrances are usually locked and door will not be opened quickly and consumers have raised high compound walls thus making it difficult to cross the compound wall to read the meter.

But, as per Regulation 4.03 of ESR 1988, the position of the Meter and accessories shall be such that they will be easily accessible to the employees of the Board at all times. In case the meter is to be installed outside the building, it shall be well protected against adverse weather conditions by an enclosure, to the

Further, as per the Electricity Regulation 27.00 of ESR 1988 the consumer has to extend all facilities to the inspecting Officers of the Board to read the Meters.

Chairman, KEB, has also expressed his displeasure regarding non-compliance of such regulation of the Board by the Field Staff. In any of the cases, the meter will be in a separate room which is locked and guarded and consumers take along time to open doors to the Inspecting Officers. As a result, detection of power theft has become very difficult.

In this context, all the concerned Field Officers are hereby instructed that "Care should be taken while fixing the Meters and ensure compliance of Rules. "You are also hereby directed to inspect all such power intensive units so as to ensure that Meters and all other accessories are easily accessible. Disciplinary action may also be taken against the concerned, if found any deviation in this regard during the course of inspection.

Sub : Revised procedure for collection of Fuel Escalation charges.

Ref : Your letter No.FA/CF/AO/Spl.II/832 dated 30.10.95.

In your letter under reference, Board's final decision is solicited in intimating the rate of Fuel Escalation Charges to be charged to HT consumers out of the calculated two rates, one with KIOCL and other without KIOCL consumption. After examining the issue in detail, I am directed to request you to arrange to calculate the FEC without taking consumption of KIOCL. However M/S KIOCL is also liable to pay the FEC from 10/92 and onwards at the rates already intimated from time to time. The other issues relating to refund to other HT consumers, the excess FEC collected if any, can be decided after FEC is collected from M/s. KIOCL.

Further the collection of FEC from all HT consumers is being delayed due to the existing procedure involving D.C.B. finalisation, collection of FEC on quarterly baiss etc., So, the present procedure has been examined and decided to revise the procedure of collection of FEC from September 95 onwards.

In the interest of Board revenue, the Board has prescribed the following revised procedure for collecting Fuel Escalation Charges EVERY MONTH.

- (1) The Chief Engineer (El) Projects should send the monthly D.G.P. units generated / supplied etc., directly to the FA & CAO on or before 5th of every month.
- (2) All Superintending Engineers(El) O&M Circles should submit the monthly Tariff-wise H.T. consumption directly to the FA & CAO on or before 10th of every month through Speed Post / Telex.
- (3) The Superintending Engineer (El) LDC should submit the bills of FEC directly to the FA & CAO on or before 10th of every month.
- (4) The FA & CAO should arrange to calculate the FEC rate, get it audited from C.C.A (I/A) and send the same to the Chief Engineer (El) General on or before 15th of every month.
- (5) The Chief Engineer (El) General based on (4) above should issue circular instructions to all Executive Engineers (El) / Asst. Ex. Engineers (El) O&M Units about collection of FEC on or before 20th of every month.
- (6) All the field officers should arrange to issue bills for FEC to all HT consumers within 25th of every month.

The Board desires to follow the said procedure scrupulously by all the officers concerned in order to demand and collect FEC from all HT consumers in the same month in which FEC is paid to the Generating Companies. The matter may be pursued rigorously at all stages, as delay in issue of bills will be viewed seriously in future.

In the Chief Engineers, Electy., meeting, the Chairman and Member (Finance) have observed that there is considerable delay in settling the withdrawal and refund of revenue due to the lengthy procedure followed evenafter the withdrawal is approved by competent authroity. In some of the cases, evenafter 4 to 5 years,

approval has not been communicated due to delay in preparation of the withdrawal statement and procedural delays at various stages. Many of the consumers are frequently approaching the higher authorities of the Board as well as the Government to settle their cases for refund at the earliest. The reason for this abnormal delay is mainly due to the lengthy procedure in preparation and forwardal of withdrawal statement, as there are many columns to be filled up in the format of withdrawal statement, which in turn leads to duplication of work.

The Board has examined the issue in detail and considering all these aspects, has decided to simplify the procedure in preparation of withdrawal statement etc. Accordingly, a simplified procedure as detailed hereunder is to be followed henceforth :

- I) The preparation of existing withdrawal statement for withdrawal of Revenue / Tax demand and refund of Revenue / Tax shall be dispensed with, in respect of the cases as per Annexure-I.

The procedure to be followed in these cases is explained below:

- a) A proposal with all details has to be sent as per Manual of Financial powers to the Zonal / Circle / Division Office from the Sub-Division / accounting Section within two weeks of noticing the excess demand.
- b) On verification of the proposal, the Chief / Superintending / Executive Engineer (El) has to issue a formal order within one month to Sub-Division / Accounting Section in respect of all cases of withdraw is and refunds except in respect of

cases decided by the Appellate Authorities and ask the Sub-Division / Accounting Section to send details in the prescribed statement enclosed (Annexure-II).

- c) On the basis of this formal order, a statement in a simplified format with necessary certificate is to be submitted to the Division Office as per Annexure-II within two weeks.
- d) On receipt of this statement, the same has to be forwarded by the Executive Engineer to the Accounts Officer (Internal Audit) for verification and necessary certificate within a week.
- e) The Accounts Officer (I/A) has to arrange for scrutiny of the statement and re-transmit it to the Division Office if found correct with certificate or otherwise with observations to attend and return. This shall be done within a week.
- f) Once the statement is verified by the Accounts Officer (I/A) an Official Memorandum is to be put up at Zonal / Circle / Division Office as per Manual of Financial powers duly indicating the withdrawal amount of and tax and refund of revenue and tax separately, the period covered, reason for withdrawal, RR No., Address of the consumer etc.

On the basis of this Official Memorandum, necessary journal entries are to be passed at Division office duly verified by the Accounts Officer (I/A) and the same is to be conveyed to the Sub-Division / accounting Section. This shall be done within one week.

However, as regards refund is concerned, it is to be mentioned clearly in the Official Memorandum that, the refund is only by way of adjustment against future energy bills or arrears if any. But, if the consumer aggrieved by this, the request for refund by cash may be referred to the Board.

g) On receipt of the letter for having passed journal entires, the Sub-Division has to incorporate the same in the ledger account, DCB and other records with necessary entries as being done at present.

II) To continue to obtain the statement in the existing form and accord approval for withdrawal and refund of Revenue and Tax as per the procedure prevailing now in respect of -

a) Orders passed by the Appellate Authority except by the Board.

b) In specified cases as per the directions of the Board for preparation of withdrawal statement.

III) Amendments to Manual of Financial Powers in this regard is already issued.

Sub : Prompt meter reading and avoiding of continuous Door Lock.

Ref : U.O. Note No.DIG(Vig)1/96 of the Deputy Inspector General of Police (Vigilance), K.E.B.,

It has been brought to the notice of the Board that Meter Readers are in the habit of reporting many installations including L.T. Industries etc., as under 'DOOR LOCK' for many months resulting in loss of Revenue to Board and also - inconvenience to consumers who are presented with one fat bill at a later date. No action is being taken by the Asst. Engineers, Elecl., / Assistant Executive Engineers, Electrical, in all such cases as per Regulation of the Board either to issue notices to the consumers to keep their premises open for Meter Reading and to effect disconnection after issuing such notices. Many consumers are representing to the Board that bills are not issued to them even though actually - premises / houses are kept open, but are reported as 'DOOR LOCK'.

It is very clear in the Regulation 27.05 of ESR 1988, that if the metering equipment is inaccessible or not made available for reading on two consecutive meter reading dates, the consumer will have to be served with a 7 clear days - notice, to keep open the

premises for taking the meter - reading on the date and time indicated in the notice. If the consumer fails to comply with the requirement, the installation is liable for disconnection without any further notice.

Further, as the Board has imposed power cut on some category of consumers, it is necessary to read the meter - every month for excess consumption if any etc., and to avoid manipulation of readings at a later date causing loss to the Board.

Assistant Executive Engineers, Electrical, of O&M Sub-Divisions should periodically review the Meter reading Books/ Ledgers and take suitable action regarding all - 'DOOR LOCK' installations particularly those coming under the power cut category.

In respect of L.T. Power and where meters are reported to be burnout or installations continuously under 'DOOR LOCK' the Assistant Executive Engineers, Electrical and also Executive Engineers, Electrical, should examine such cases in detail in the interest of Board revenue before taking action.

Any lapses on the part of Meter Readers / Junior Engrs. Electrical / Assistant Engineers, Electrical, for having - violated Board Regulation and inadequate supervision by Assistant Executive Engineers, Electrical will be viewed seriously and action will be taken as per C.D. C&A Rules.

ಮಾನ್ಯರೇ,

ವಿಷಯ : ನೀರಾವರಿ ಪಂಪುಸೆಟ್ಟು ಬಳಕೆದಾರರಿಗೆ ಅನುಕೂಲ
ವಾಗುವಂತೆ ಬರಬೇಕಾದ ಬಾಕಿಯ ಮೇಲಿನ ಬಡ್ಡಿಯ
ಭಾಗವನ್ನು ಮನ್ನಾ ಮಾಡುವ ಬಗ್ಗೆ.

ಉಲ್ಲೇಖ : ಮಂಡಳಿಯ ಆದೇಶ ಸಂಖ್ಯೆ : ಬಿ11 : ಬಿ10 : 6948 90
-91 ದಿನಾಂಕ 7.9.1995.

ಮೇಲಿನ ವಿಷಯದ ಬಗ್ಗೆ ಉಲ್ಲೇಖದತ್ತ ತಮ್ಮ ಗಮನಸೆಳೆಯುತ್ತ
ತಿಳಿಯಪಡಿಸುವುದೆಂದರೆ 10 ಅಶ್ವಶಕ್ತಿ ಸಾಮರ್ಥ್ಯದವರೆಗಿನ ನೀರಾವರಿ ಪಂಪುಸೆಟ್ಟು
ಬಳಕೆದಾರರು ಬಾಕಿ ಉಳಿದಿರುವ ರೆವಿನ್ಯೂ ಮೊತ್ತವನ್ನು ದಿನಾಂಕ 31.12.1995 ರವರೆಗೆ
ಪಾವತಿ ಮಾಡಿದಲ್ಲಿ ಬಾಕಿಯ ಮೇಲಿನ ಬಡ್ಡಿನಯನ್ನು ಮನ್ನಾ ಮಾಡಲಾಗುವುದೆಂದು
ಆದೇಶ ನೀಡಿದ್ದು ಸರಿಯಷ್ಟೆ.

ಆದರೆ ಈಗಾಗಲೇ ಮಿತಿಗೊಳಿಸಿದ ದಿನಾಂಕ 31.12.1995
ಮುಗಿದಿರುವುದರಿಂದ ಬಡ್ಡಿ ಮನ್ನಾ ರಿಯಾಯಿತಿಯನ್ನು 1.1.1996 ರಿಂದ 30.4.1996
ರವರೆಗೆ ವಿಸ್ತರಿಸಲು ಮಂಡಳಿಯು ಸರ್ಕಾರವನ್ನು ಈಗಾಗಲೇ ಕೇಳಿಕೊಂಡಿರುತ್ತದೆ.

ಈ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ಮಂಡಳಿಗೆ ಬರಬೇಕಾದ ಬಾಕಿ ವಸೂಲಿಯನ್ನು ತೀವ್ರಗೊಳಿಸಲು ಸರ್ಕಾರದ ಮುಂದಿನ ಆದೇಶ ಬರುವವರೆಗೆ ಬಡ್ಡಿ ಮನ್ನಾ ರಿಯಾಯಿತಿ ಯನ್ನು ಮುಂದುವರಿಸುವ ನಿರ್ಧಾರವನ್ನು ಮಂಡಳಿ ತೆಗೆದುಕೊಂಡಿದೆ. ಆದ್ದರಿಂದ 10 ಅಶ್ವಶಕ್ತಿ ಸಾಮರ್ಥ್ಯದವರೆಗಿನ ಪಂಪುಸೆಟ್ಟು ಬಳಕೆದಾರರ ಬಾಕಿ ಚುಕ್ತಾಗೊಳಿಸುವ ಕ್ರಮವನ್ನು ತೀವ್ರಗೊಳಿಸುವುದು ಮತ್ತು ಅಸಲು ತೀರಿಸಲು ಮುಂದಾದ ಗ್ರಾಹಕರಿಗೆ ಬಡ್ಡಿ ಮನ್ನಾ ಸೌಲಭ್ಯವನ್ನು ನೀಡಬೇಕೆಂದು ತಿಳಿಸಲು ನನಗೆ ನಿರ್ದೇಶಿಸಲಾಗಿದೆ.

ಮಂಡಳಿಯಿಂದ ಬಡ್ಡಿ ಮನ್ನಾ ರಿಯಾಯಿತಿಯು ಸೌಕರ್ಯವನ್ನು ಗ್ರಾಹಕರು ಸದುಪಯೋಗಪಡಿಸಿಕೊಳ್ಳಲು ಇದು ಕೊನೆಯ ಅವಕಾಶವಾಗಿರುತ್ತದೆ. ಆದ್ದರಿಂದ ಇದನ್ನು ಅವರಿಗೆ ಸೂಕ್ತ ರೀತಿಯಲ್ಲಿ ತಿಳಿಯಪಡಿಸಿ ಮಂಡಳಿಗೆ ಬರಬೇಕಾದ ಒಟ್ಟು ಬಾಕಿ ಮೊತ್ತವನ್ನು ಕಡಿಮೆ ಮಾಡಲು ಕ್ರಮ ಕೈಗೊಳ್ಳಬೇಕೆಂದು ಕೋರಲಾಗಿದೆ.

Sirs,

Sub : Turnkey / Labour contract tenders for
construction of Transmission Lines and sub-
stations.

It is observed in some of the turnkey tenders received in the Board that some of the firms are quoting abnormal rates for certain items of the work when compared to the KEBSR while quoting very low rates for some other items. Though in turnkey tender, the final tender amount is the basis for taking a decision, individual rates have to be verified, especially in foundation items which are subject to variation due to site conditions. Hence, it is instructed

that if the rates are more than 50% over KEB S.R / Purchase rate for any individual item, such a tender is liable for rejection. Such a clause may be introduced in all labour contract or turn key tender specification.

I am directed to request you to follow these instructions of the Board for evaluating future tenders.

Sub : Energy auditing - Calibration of energy meters fixed in the Station and replacing faulty one.

It is observed from the energy balance sheet received from various Divisions that either the meters provided to various incoming bank panel or to the out-going feeder - panel in various receiving stations or sub-stations are not working or they are not at all provided. In some cases where meters are fixed the incoming energy recorded less than the sum total of the outgoing feeder energy meter connected to that bank. This shows that much importance is not being given to correctly assess the energy - received and transmitted from a station which results in wrong energy balance calculation. There is urgent need to provide and calibrate correctly recording energy meters in the station, which will help in energy auditing. Bank energy meters are especially important since even with out feeder energy meters we can prepare energy - balance sheet with the help of Bank energy meters.

Hence, it is hereby instructed that all the Officers who are incharge of the station to get the energy meters calibrated wherever they are fixed to the bank and feeder panels. Wherever the energy meters are faulty / not - working, such meters should be replaced immediately. The connecting metering equipments like CTs and

PTs should also be replaced if they are faulty.

An assessment may be made to the individual stations requirement regarding meters, CTs and PTs and sent to - Chief Engineer, Electricity, (MM&P), K.E.B., Bangalore, for purchasing the same immediately. After receipt of all the equipments, the Officer in charge of station should fix the same and energy sent out or received should be recorded for proper energy auditing.

The Superintending Engineer, Electrical (T&S), of all the Zone and the Superintending Engineer, Electrical - Bangalore Circle-II, in respect of Bangalore City is made responsible for co-ordinating the calibration / replacing / providing energy meters. They should send report to the Board for the action that is being taken in their area and also inform the name of the station where energy meters are calibrated and are correctly recording.

It has come to the notice of the Board that, the stations lines and other electrical works which are commissioned on provisional approvals, obtained from the Electrical Inspectorate, Government of Karnataka, are not regularised within the stipulated time. Further, it is observed that in the said stations and lines the defects mentioned by the Inspectorate to bring the same inconformity with the I.E. rules are not being complied with, thereby paying way for interruptions and accidents.

In the circumstances, I am directed to request you to see that the defects and deviations if any pointed out by the Electrical Inspectorate authorities are attended to on top-priority basis and immediate action shall be taken to regularise the tentative approvals within two months for the works which have been charged / commissioned by obtaining provisional approval.

Sub : Reduction of Store Inventory

Board has taken serious view regarding un-operated store materials lying in various stores for more than one to three years and also obsolete materials worth lakhs of rupees accumulating every year. Though the materials were kept un-operated for more than 3 years, and subsequently found obsolete some of the Officers have again procured the same materials and Board has taken serious view of this. The existing rules of the Board are very clear that urgent requirement of materials and that too which are required for next three months only have to be purchased. This also clearly indicates that materials are not purchased. This also clearly indicates that materials are not purchased based on the requirements but are being purchased only for the reason that purchase grants are available. Purchase of materials in excess of requirements leads to increase of inventory which again is leading to stocking of materials and allowing them to become obsolete. Apart from this the Board has to spend lakhs of rupees for storage and safety of these - unwanted materials.

Therefore, all the purchasing officers are hereby directed to discontinue and avoid purchasing of un-necessary materials, which are not required for works and only to procure required quantity of materials not exceeding three months requirement. In future personal responsibility will be fixed on the concerned purchase officer who has purchased materials which remain unused for more

485

than 3 months wherever materials are found not used and the cost of such material will be recovered from such purchase officer in addition to taking disciplinary action for such irregular acts.

Further, it is directed that all the purchasing Officers should review the list of un-operated and obsolete materials in their Zonal/ Circle/Divisional level meeting and allot it to the needy division. If these materials are not required by any of the Divisions in their Zone, it may be circulated among all other Zonal Chief Engineers, Electricity and if needed, it may be allotted to that Zone/Circle/ Division.

The store inventory has reached about 130 Crores - though many essentials line materials are not available. The Zonal Chief Engineers, Electricity / Superintending Engrs. Electrical and Executive Engineers, Elecl., should review each item of inventory to bring down the total inventory level to less than 100 Crores. Inventory level of each store house will be fixed shortly.

A flow chart of materials in each store house for each material should be maintained in the following proforma:

Sl. No.	Name of materials	Quantity required	Quantity purchased	Cost	Name of purchase officer & deign	P.O. No. & Date	Date of transaction	Drawn invoice No. and date	Balance
1	2	3	4	5	6	7	8	9	10

Any omission of the direction of this order will be viewed seriously.

Please report for action taken.

Ref : Board Circular of even No. dated 16.5.1995.

It is conveyed in the above Board Circular that during 95-96, even the IP sets which can be serviced by extension of service mains only, catagorised under Group-C. should not be serviced if the applications are registered after April 1995.

Now some of the Executive Engineers, have requested to permit them to service such IP sets. The Board after reconsidering the entire issue has decided that those IP sets which can be serviced by extension of service mains only can be serviced even if the applications are registered after April 1995, provided the applicant agrees to pay a fixed sum of Rs.5000/- per IP sets. This scheme may be implemented in the same way as "Self Financing Scheme" and the such IP sets can be serviced outside the target allocated to each sub-division/division.

To
All Executive Engineers, (Elect),
O&M Division, KEB

Sir,

Sub : Assessment of consumption of I.P. Sets

It is time and again brought to the notice of the Board that many of the field officers are not taking any interest in furnishing the monthly readings of the meter fixed to the transformer centres predominantly feeding I.P. Sets in the Taluk / Sub-Division to the Director, (Research), KEB, Bangalore. You have been informed of the importance of such assessment to be made by your subordinates officers. You are hereby instructed to strictly monitor the sending of readings every month from Sub-Divisions to Director (Research). The Chief Engineer, Electricity (General) and the Director (Research) have been instructed to bring to the notice of the Board the names of the erring officers for taking necessary disciplinary action.

Further, it is observed from the consumption recorded in some Taluks and received by Director (Research) that the consumption does not reflect the true consumption of I.P. Sets in that Taluk, since at present only two transformer Centres are provided with

the metering arrangement. If the metering equipment becomes faulty in a particular month or two, no readings will be available. In order to have more representative consumption it is hereby instructed that atleast 6 - 8 transformer centres feeding I.P. Sets be provided with metering arrangement in each Taluka. Also meter may be fixed to River bed I.P. Sets since such I.P. Sets works continuously. This has to be done in consultation with the Director, (Research) immediately and a compliance report sent to Board.

The metering arrangement at the existing Transformer Centres or at the proposed Transformer Centres should be maintained properly alongwith C.Ts wherever provided. The defective meter / C.T. should be replaced immediately after it is noticed.

You are once again instructed to take action as above, otherwise the matter will be viewed seriously by the Board.

Secretary, K.E.B.

Hence, I am directed to request you to accept / execute the power supply agreement on plain paper only while - arranging power supply to beneficiaries under Bhagya Jyothi scheme until further orders. The other instructions given in the above Board Circular will remain unaltered.

Sub : Failure of distribution transformers.

It has been observed that the failure of distribution transformers are on the increase. The failure has reached alarming proportions during 1994-95, ie., 17,374. Even during the first three months of the current year the total failures in the State other than Bangalore and Munirabad circles has reached 5,426.

The main reasons for the failure are because of short circuiting of LT lines due to loose spans, absence of protection on the LT side, poor maintenance and overloading of transformers. In spite of it the Chairman has observed indiscriminate issue of feasibility reports for new connections.

The Board has viewed this high failure rate of distribution transformers seriously as it is not only affecting the revenues of the Board but also causing dislocation of power supply to the consumers. The cause is entirely due to negligence and lack of application of mind to ensure safety of transformers by the Officers.

It is hereby instructed that immediate action should be taken

by the Divisional and Sub-divisional officers to reduce the failure rate of transformers to less than 50% of that during the year 1994-95, by providing additional transformers where required, attending to the loose spans of HT/LT lines, trimming of trees, providing LT protection to the distribution transformers etc.

It is also instructed that the transformer maintenance registers should be properly maintained with details of connected load of all installations, peak load recorded and the maintenance work carried out incorporated in it. This should be reviewed by the inspecting officers on regular basis. Further, the Board will hence forth review the position every month.

Any failure to adhere to the above instructions will be viewed seriously and severe disciplinary action taken against the concerned officials at the field level.

A list indicating the division wise failure of transformers during 1994-95 is enclosed for information.

By Order,
Additional Secretary, K.E.B.

Sub : Replacing of failed 25 KVA distribution transformers by 63 KVA transformers.

In view of failure of large No. of 25 KVA transformers and considering the small cost differential between 25 KVA and 63 KVA transformers, Board has decided to gradually reduce the procurement of 25 KVA transformers and replace them by 63 KVA transformers.

Therefore, it is hereby directed that in future 25 KVA transformers shall be used only in the following installations :

1. Water supply installations where there would be no further appreciable increase of load.
2. Villages where the connected load is less than 25 KVA and no further load is likely to come up.
3. Single installation with connected load of less than 25 KVA etc.

Whenever 25 KVA transformers fail, they should be replaced by 63 KVA transformers only, if there is further load growth expected on the T.C.; or when the transformer is already over loaded.

The above guidelines should be followed strictly to reduce the failure rate of transformers.

It is observed by the Board that the rating of L.T. installations are not carried out systematically. The installations with higher connected load (i.e., more than 90 HP) are not being rated periodically whereas installations with connected load of upto 10 HP are being rated more frequently, Hence the following guidelines are issued to M.T. / M.R.T. Divisions of the Board :

- (1) To rate L.T. Installations having sanctioned load of 90 HP and above along with T.A.C. Officers once in a year and to send rating reports to the office of the Chief Engineer, Electy. (TA&QC) for feeding into Computer.
- (2) To rate L.T. installations having sanctioned load of 40 to 90 HP once in two years along with T.A.C. Officers and send copy of rating report to the office of the Chief Engineer, Electy. (TA&QC) for feeding into computer.
- (3) To calibrate the meters of other installations having sanctioned load of 10 to 40 HP (LT-3 and LT-5) on priority by M.T. staff independently.
- (4) DC/MNR Installations should be attended immediately.

Format for sending the rating report to the concerned Sub-Divisions/Section Office (A/c) is enclosed. The above instructions may strictly be followed by all the M.T. Division rating batches.

Sub : Replacing faulty CTs & PTs of H.T. Metering Cubicle for restoring power supply to H.T. installations.

It has come to the knowledge of the Board that in many installations while replacing faulty CTs and PTs of H.T. Metering Cubicle by field staff due care is not taken to check up the wiring and connections which may result in wrong wiring thus affecting the recording of the meters which subsequently results in back billing and litigations in the Court. These things can be avoided if the field staff observe the following procedure while replacing CTs and PTs in H.T. Metering Cubicle :

- 1) Before fixing of CTs to the H.T. Metering Cubicle the ratio and the polarity of the current transformer shall be checked up.
- 2) The entry and return of the primary of the CTs shall be properly noted while releasing CTs and also while fixing the new CTs and fixed accordingly (P1 and P2).
- 3) The C.T. Secondary Terminal connections of the entry and returns (i.e., S1 & S2) shall be connected accordingly and S2 earthed.

If 2 & 3 are not made properly, the recording of the meters will be erroneous.

- 4) The installation shall be meggered before energising. Phase sequence should also be checked as it will effect recording of MD and average P.F.
- 5) The forward rotation of the meter shall be checked up for proper recording. This should be checked up individually for each of the two driving elements.
- 6) It is the responsibility of the concerned Asst. Executive Engr. (El). of the Sub-Division to verify the CT and PT connection after replacement and to ensure that the meters are properly - recording before sealing the CT & PT Chambers. The consumption and MD recorded after replacement should be compared with the previous records to ensdure that there is no mistake in either polarity or wiring of CTs.
- 7) Immediately after replacement of CTs and PTs by field staff intimation shall be given to RT / MT staff to check the wiring and rate the HT metering cubicle on priority basis for checking up the accuracy of the H.T. metering cubicle wiring and to follow up till they are rated on priority basis.

The field staff shall be directed to follow the above procedure strictly in future to avoid any possible complication arising out of litigations.

Inspite of the above instructions if it comes to the knowledge of the Board that due care has not been taken in fixing the CTs and PTs properly and wiring has not been properly done resulting in avoidable loss of revenue, personal responsibility will be fixed on the concerned Assistant Executive Engineer and suitable action will be taken as deemed necessary.

Sub : Construction of compound walls for stations and Colonies in K.E.B.,

Ref : Board Circular of even No. dated 1.2.1991.

2. Board Circular of even No. dated 28.5.1991.

In Board Circular dated 1.2.1991, instructions were issued to all the Chief Engineers that to effect economy all compound walls for Stations and Colonies shall be approved by the Board before calling for tenders.

Further in Circular dated 28.5.991, instructions were issued to adopt Brick/Size stone masonry in made mortar on Road sides and barbed wire with RCC pole supports on the remaining sides, only at important locations in Cities and Major Towns considering individual case to case basis on their merits. In other places construction of compound walls at high cost was not necessary and to avoid encroachment it was suggested to put up stub type markers notifying that the land belongs at KEB. However, instead of mud mortar it is desirable to construct compound walls in cement mortar.

But, it is observed that many Chief Engineers are sanction-

ing estimates for construction of compound walls around the colonies, Offices Stations etc., in violation of the above Board Circulars and the Board has taken a serious view of the matter. Hence all the Chief Engineers and other officers empowered to sanction the estimates are instructed to strictly adhere to the above Board Circulars and to examine construction of compound walls considering individual cases on its merits and necessity and to obtain prior approval of the Board for construction of any compound wall works for stations and colonies.

Any violation of the above Circular instructions will be viewed seriously.
