## C I R C U L A R

Cases for re-fixation of pay/revocation of option and other claims of employees are being referred to Board - seeking approval after a lapse of several years for such re-fixation of pay/Revocation of option etc., retrospectively. To quote an instance recently, a case of one Sri Sanjeevaiah, Ch.No. 2779 who was absorbed into maintenance cadre as - skilled labourer with effect from 26-5-1968 and categorised under Transport as Cleaner with effect from 3-4-1969 and - presently working as driver Grade-II in Research Division, has been referred to the Board for according approval to re-fix his pay with effect from 3-4-1969 and onwards, on the ground that the application of rules leading to the correct fixation of pay has not been done properly at that time etc., As a precedent, citing to other cases have been made by the Chief Engineer, Electricity, Bangalore Zone, in support of the claim put forth by Sri Sanjeevaiah.

In this connection, the Board would like to emphasize that the 'Law of Limitation' is required to be applied in respect of all such claims on the similar lines of 'Three years limitation' normally applied for the recovery of money commencing from the date it became due, to prevent such belated claims from being sent to Board for approval.

Hence, all the Controlling/Drawing Officers are - instructed to refrain from sending such proposals of fixation/re-fixation of pay which are over three years old to the Board for approval. Violation of above instructions will be viewed seriously and the concerned Controlling/Drawing officer will be personally held responsible for the lapse.

Board Secretariat,

Bangalore - 560 009.  
DATED : 19-8-1996.

The Chief Engineer, Electricity,  
(General),

Karnataka Electricity Board,  
BANGALORE.

All Chief Engineers, Electricity,  
Karnataka Electricity Board

All Superintending Engineers, Elecl.,

Karnataka Electricity Board,

All Executive Engineers, Electrical,

Karnataka Electricity Board,

Sirs,

**Sub :** Passing of final orders on the departmental enquiries -  
Orders on recovery of pecuniary loss - Review of the orders  
of the Disciplinary Authorities - Reg.

It is noted from some of the orders passed by the Disciplinary Authorities on the departmental enquiries that they are keen to finalise the pending departmental enquiries early. Though this spirit is appreciable it is high time to extend caution to all the Disciplinary Authorities that they should pay adequate attention to the cases where the Board sustained pecuniary loss.

As you are aware, recovery of pecuniary loss is a minor penalty under Regulation 9 of KEBs' (C.D.C&A) Regulations, 1987. Hence, before imposing this minor penalty a departmental enquiry either under Regulation 11 or under Regulation 12 of the said regulations should be held and the delinquent should have been found guilty of the charge. In such circumstances, it is permissible to impose the penalty of recovery of pecuniary loss **besides** any other - penalty as the Disciplinary Authority deems warranted. This would set an example for others to be careful, regular and honest in their duty wiping out the wrong notion that no other penalty would be imposed on him other than the recovery of pecuniary loss caused by him.

As the Disciplinary Authority fails to order recovery of pecuniary loss, the Board will suffer financially since the Board cannot recover the said loss by any other means. In the recent past, the Board has observed that a Disciplinary Authority has passed his final orders on a departmental enquiry where an Assistant Engineer, Elecl., has drawn huge store materials against a No. of W.Os but failed either to utilise the said materials for Board Work and submit CRs thereon or to return them to the Stores. The Disciplinary Authority had ordered the departmental enquiry and at the end, has found the Assistant Engr. Elecl., guilty of the charge. But, while passing the final order on the departmental enquiry, the Disciplinary Authority has withheld one increment of the Assistant Engineer, Elecl., without cumulative effect but completely ignored to pass orders on recovery of pecuniary loss sustained by the Board. This case is under review by the Board under Regulation 26 of KEBEs' (C.D.C&A) Regulations 1987. Many of the Disciplinary Authorities are under the impression that penalty of with-holding of increments are imposed to meet the pecuniary loss sustained by the Board. This is not correct. Recovery of pecuniary loss if any, should be ordered apart from the penalty for the proven misconduct/negligence etc..

However, the respective Appellate Authorities are also expected to examine the final orders passed by the Disciplinary Authorities on receipt of the said final orders. Special attention should be given where pecuniary loss is sustained by the Board and where the Disciplinary Authorities have failed to pass orders on recovery of pecuniary loss even if the delinquents are held guilty. Review of the orders of the Disciplinary Authority by the Appellate Authority, even without appeal of the delinquent, is provided under Regulation 27 of KEBEs' (C.D.C&A) Regulations, 1987.

By this circular letter, the Board hereby expects that all the Disciplinary Authorities/Appellate Authorities would bear in mind the importance of ordering recovery of pecuniary loss and exercise adequate care while passing final orders/review the orders on departmental enquiries as said in the above paras.

Yours faithfully,

SECRETARY, K.E.B.

### CIRCULAR

**Sub :** Initiation of disciplinary action against erring staff for causing Audit Short Claims/Accumulation of arrears.

- Ref :**
- 1) Board Order No. KEB/B16/3750/84-85 dtd. 8-5-1984.
  - 2) Board Circular No. KEB/B10/4902/83-84 dtd. 7-8-1995.

The detection of Audit Short Claims/Accumulation of revenue arrears has increased alarmingly over the years posing serious problems in recovering such claims from the consumers. Undoubtedly, this is neither in the interest of Board nor does it mean well for the consumers in general. In this regard, Board has also noted with regret that there is a general tendency among most of the controlling officers in the Board to ignore the lapses on the part of the concerned staff who cause audit short claims/accumulation of revenue arrears, in spite of clear instructions from the Board. In view of this and with a view to bring down the recurrence of audit short claims accumulation of revenue arrears and loss of revenue to the Board, it has been decided that accountability on the part of field/revenue staff for their lapses in the discharge of their official duties which lead to short claims/accumulation of revenue arrears from consumers, shall be fixed.

The omissions/errors committed by the field/office staff normally, are indicated in Annexure enclosed to this Circular.

In order to avoid recurrence of these omissions and commissions to avoid huge audit short claims and also to avoid accumulation of revenue arrears, personal responsibility against each of the erring officers/official shall be fixed. In this regard, it is hereby directed that;

- (i) All O&M Sub-Divisional Officers shall examine and analyse the lists of audit short claims pointed out in respect of pending audit reports of Internal Audit wing and issue memos/notices calling

for the explanation of all the concerned staff for initiating disciplinary action against them, if necessary.

- (ii) In respect of reports to be issued hereafter, the Internal Audit shall quantify the audit short claims/loss of revenue (wherever possible) in their reports against each of the erring staff for taking disciplinary action wherever necessary.

The explanations of the concerned staff and the action taken thereon shall be placed on record to watch whether there is recurrence of similar lapses by the same officers/officials in future.

It has also been observed that timely action for recovery of audit short claims is not being taken by the revenue staff. This has resulted in the accumulation of huge audit short claims. With a view to see that the audit short claims are recovered immediately after they are pointed out, the ledger clerks shall clear the accepted audit short claims within 3 months of receipt of audit reports, failing which personal responsibility shall be fixed and disciplinary action shall be taken against them.

These instructions shall take effect immediately and the records of such action and the performance of such erring officials shall be made available to the superior officers during their review/periodical inspections, hereafter.

BOARD ORDER No. KEB/B16/2663/94-95 (III),

BANGALORE, DATED : 17-6-1996.

1. The Board has reviewed the existing system of grant of stagnation increments to the officers of the Board in view of stagnation faced by them. Accordingly the Board is now pleased to accord approval for the following in supersession of the existing orders read at 1 & 2 above leading to the grant of stagnation increments to the "Officers".
  - i) The officers of KEB who draw pay in the time scale of pay which carry annual rate of increment and who have reached or who reach the maximum of the scale of pay, applicable to them may be granted five stagnation increments annually at the rate of increment last drawn and such increments should be treated as part of "PAY" for all purposes;
  - ii) The first stagnation increment may be granted from the date immediately following the completion of one year from the date of reaching the maximum of pay scales or with effect from 1-4-1996 whichever is later and the subsequent stagnation increments shall accrue every year thereafter;

- iii) The total number of the stagnation increments in the entire service inclusive of the stagnation increments already sanctioned prior to 1-4-1996 shall be limited to five only;

The grant of above stagnation increments are applicable only to those officers who hold the pay scales of Accounts Officers and other equivalent cadres and above on Ministerial side AND Asst. Executive Engineers (El.) & other equivalent cadres and above on Executive side including those Asst. Accounts Officers and Asst. Engineers (El.) and other equivalent cadres who have reached the maximum of the time scale of Accounts Officers' / Asst. Executive Engineers (El.).

2. The grant of stagnation increment shall be subject to the following conditions:-

- i) An officer should have satisfactory record of service and he should otherwise be eligible for normal increments in the time scale of pay, but for reaching the maximum of the scale;
- ii) The satisfactory nature of service for the purpose of stagnation increments shall be determined in the same manner as suitability for promotion is determined. While determining the satisfactory nature of service, the fact that whether he has passed the departmental examinations, if any, prescribed for promotion to the next higher post, need not be taken into account;

3. The benefit of stagnation increments will not be admissible to an officer who forgoes his promotion voluntarily or who after his promotion seeks reversion on his own accord to the lower post held by him before his promotion.
4. The regulation of stagnation increments in respect of officers who have been granted I, II or III stagnation increment prior to 1-4-1996 shall be as follows :-

"An officer who is allowed the I, II or III stagnation increment prior to 1-4-1996 may be granted II, III or IV stagnation increment on completion of one year from the date of sanction of the I, II or III stagnation increment as the case may be or from 1-4-1996 whichever is later. The subsequent stagnation increment may be allowed on completion of one year."

  - ಅ) ಈ ತಿದ್ದುಪಡಿಯಂತೆ ದಿನಾಂಕ 4-7-1991 ಕ್ಕೂ ಪೂರ್ವದಲ್ಲಿ ನಿವೃತ್ತಿ ಹೊಂದಿ ಮದುವೆಯಾದ ಪ್ರಕರಣಗಳಲ್ಲೂ ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನವನ್ನು, ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನ ನಿಯಮಾವಳಿಗನುಸಾರ ಅರ್ಹತೆಯುಳ್ಳವರಿಗೆ ಕೊಡಬಹುದು
  - ಬ) ಈ ತಿದ್ದುಪಡಿ ದಿನಾಂಕ 4-7-1991 ರಿಂದ ಜಾರಿಯಲ್ಲಿ ಬಂದಿರುವುದರಿಂದ, ಆರ್ಥಿಕ ಲಾಭವನ್ನು ದಿನಾಂಕ 4-7-1991 ರಿಂದ ಮಾತ್ರ ಕೊಡಬಹುದು. ನ್ಯಾಯಾಲಯದಿಂದ ಇತ್ಯರ್ಥವಾದ ಪ್ರಕರಣಗಳು ಮತ್ತು ಸರ್ಕಾರದ ಮುಂದೆ ಇತ್ಯರ್ಥವಾಗದೇ ಇರುವ ಪ್ರಕರಣಗಳನ್ನೊಳಗೊಂಡಂತೆ ಎಲ್ಲ ಅರ್ಹ ಪ್ರಕರಣಗಳಲ್ಲೂ ಆರ್ಥಿಕ ಲಾಭವನ್ನು ದಿನಾಂಕ 4-7-1991 ರಿಂದ ಮಾತ್ರ ಕೊಡಬಹುದು.

ಕ) ನಿವೃತ್ತಿಯಾದ ನಂತರ ವಿವಾಹವಾದ ಪ್ರಕರಣಗಳಲ್ಲಿ ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನ ಮಂಜೂರಾತಿಯು ಕ.ಸ.ನೌ. (ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನ) ನಿಯಮಾವಳಿ, 1964ರ ನಿಯಮಗಳಿಗೆ ಒಳಪಟ್ಟಿರುತ್ತದೆ.

4. ದಿನಾಂಕ 4-7-1991 ಕ್ಕಿಂತ ಹಿಂದೆ ನಿವೃತ್ತಿಯಾಗಿ ಮದುವೆಯಾಗಿದ್ದು ಮರಣಿಸಿರುವ ಸರ್ಕಾರಿ ನೌಕರರ ಕುಟುಂಬವು ಅಥವಾ ಜೀವಂತವಾಗಿರುವ ನಿವೃತ್ತಿಯಾದ ತನ್ನ ಪತ್ನಿಯ ಹೆಸರಿನಲ್ಲಿ ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನವನ್ನು ಒದಗಿಸಲು ಇಚ್ಛಿಸಿದಲ್ಲಿ ಅಂತಹ ನಿವೃತ್ತಿದಾರನು ನಿವೃತ್ತಿಯ ದಿನಾಂಕಕ್ಕೆ ನಿಕಟ ಪೂರ್ವದಲ್ಲಿ ಯಾವ ಕಛೇರಿಯಲ್ಲಿ ಕಾರ್ಯ ನಿರ್ವಹಿಸುತ್ತಿದ್ದನೋ ಆ ಕಛೇರಿಯ ಮುಖ್ಯಸ್ಥರ (ಪತ್ರಾಂಕಿತ ನೌಕರನಾಗಿದ್ದಲ್ಲಿ ಮೇಲಾಧಿಕಾರಿ) ಮೂಲಕ ಅರ್ಜಿಯನ್ನು ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನ ನಿಯಮಾವಳಿಯ ಮೇರಿಗೆ ಎಲ್ಲಾ ದಾಖಲೆಗಳೊಂದಿಗೆ (ಮದುವೆಯಾಗುವುದನ್ನು ಸಾಬೀತುಗೊಳಿಸುವ ದಾಖಲೆಯನ್ನು ಒಳಗೊಂಡಂತೆ) ಮಹಾಲೇಖ ಪಾಲಕರ ಕಛೇರಿಗೆ ಸಲ್ಲಿಸಬೇಕು.
5. ಸಂಬಂಧಪಟ್ಟ ಇಲಾಖಾ ಅಧಿಕಾರಿಯು ಅವಶ್ಯಕವಾದ ಸ್ಥಳೀಯ ತನಿಖೆಯನ್ನು ಮಾಡಿ ಒದಗಿಸಿರುವ ದಾಖಲೆಗಳನ್ನು ಪರಿಶೀಲಿಸಿ, ಅರ್ಜಿದಾರರು ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನಕ್ಕೆ ಹಕ್ಕುಳ್ಳ ವ್ಯಕ್ತಿಯೆಂಬುದನ್ನು ದೃಢೀಕರಿಸಿ ಅರ್ಜಿಯನ್ನು ದಾಖಲೆಗಳೊಂದಿಗೆ ಮಹಾಲೇಖಪಾಲರಿಗೆ ಸಲ್ಲಿಸಬೇಕು.
6. ಇದಲ್ಲದೆ ಇನ್ನು ಮುಂದೆ ಸರ್ಕಾರಿ ನೌಕರರು ನಿವೃತ್ತಿಯಾದ ಮೇಲೆ ಮದುವೆಯಾದ ಪ್ರಸಂಗದಲ್ಲಿ ಮದುವೆಯಾದ 3 ತಿಂಗಳೊಳಗೆ ಮದುವೆಯ ನೋಂದಣಿ ದಾಖಲಾತಿ, ದಂಪತಿಗಳ ಪೋಟೋ ಇತ್ಯಾದಿಗಳನ್ನೊಳಗೊಂಡ ಅರ್ಜಿಯನ್ನು ಸದರಿ ಪಿಂಚಣಿದಾರರು ನಿವೃತ್ತಿಯ ದಿನಾಂಕಕ್ಕೆ ನಿಕಟ ಪೂರ್ವದಲ್ಲಿ ಯಾವ ಕಛೇರಿಯಲ್ಲಿ ಕಾರ್ಯ ನಿರ್ವಹಿಸುತ್ತಿದ್ದರೋ ಆ ಕಛೇರಿಯ ಮುಖ್ಯಸ್ಥರ (ಪತ್ರಾಂಕಿತ ನೌಕರನಾಗಿದ್ದಲ್ಲಿ ಮೇಲಾಧಿಕಾರಿ) ಮೂಲಕ ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನ ನಿಯಮಾವಳಿಯ ಮೇರಿಗೆ ಮಹಾಲೇಖಪಾಲರಿಗೆ ಕಳುಹಿಸತಕ್ಕದ್ದು.
7. ಸಂಬಂಧಪಟ್ಟ ಇಲಾಖಾ ಅಧಿಕಾರಿಯು ಅವಶ್ಯವಾದ ಸ್ಥಳೀಯ ತನಿಖೆಯನ್ನು ಮಾಡಿ ಒದಗಿಸಿರುವ ದಾಖಲೆಗಳನ್ನು ಪರಿಶೀಲಿಸಿ, ಅರ್ಜಿದಾರರು ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನಕ್ಕೆ ಹಕ್ಕುಳ್ಳ ವ್ಯಕ್ತಿಯೆಂಬುದನ್ನು ದೃಢೀಕರಿಸಿ ಅರ್ಜಿಯನ್ನು ದಾಖಲೆಯೊಂದಿಗೆ ಮಹಾಲೇಖ ಪಾಲರಿಗೆ ಸಲ್ಲಿಸಬೇಕು.
8. ಹೀಗೆ ಮಾಡಿದರೆ, ಸಂಬಂಧಪಟ್ಟ ನಿವೃತ್ತಿ ಸರ್ಕಾರಿ ನೌಕರನು ಮರಣ ಹೊಂದಿದಾಗ ಅವನು ನಿವೃತ್ತಿಯಾದ ಮೇಲೆ ಮದುವೆಯಾಗಿ ಕುಟುಂಬವನ್ನು ಹೊಂದಿದ್ದನೇ ಹೇಗೆ ಎಂಬ ಬಗ್ಗೆ ವಿಶ್ಲೇಷಿಸುವ, ಖಚಿತಪಡಿಸಿಕೊಳ್ಳುವ ಮತ್ತು ಅದರಿಂದ ಕುಟುಂಬ ನಿವೃತ್ತಿ ವೇತನ ದೊರಕುವಲ್ಲಿ ವಿಳಂಬವಾಗುವ ಅನಿವಾರ್ಯತೆ ಇರುವುದಿಲ್ಲ.

ಮಾನ್ಯರೆ,

ದಿನಾಂಕ 31-10-1995 ರ ಸರ್ಕಾರಿ ಸುತ್ತೋಲೆ ಸಂಖ್ಯೆ : ಸಿಆಸುಇ 210 ಶಿವಾನೀ 95 ರಲ್ಲಿ ಮುಖ್ಯ ಮಂತ್ರಿಗಳು, ಮಂತ್ರಿಗಳು ಅಥವಾ ರಾಜ್ಯ ಮಂತ್ರಿಗಳು ಜಿಲ್ಲೆಗಳಲ್ಲಿ ಪ್ರವಾಸ ಮಾಡಬೇಕಾದರೆ ಯಾವ ಪ್ರಕಾರ ಶಿಷ್ಟಾಚಾರಗಳನ್ನು ಪಾಲಿಸಬೇಕೆಂಬ ಬಗ್ಗೆ ಸೂಚನೆಗಳನ್ನು ನೀಡಲಾಗಿದೆ. ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ಜೊತೆಗೆ ಹೋಗಲೇ ಬೇಕಾದಂತಹ ಎಲ್ಲಾ ಅಧಿಕಾರಿಗಳು ಒಂದೇ ಬಸ್ಸಿನಲ್ಲಿ ಪ್ರಯಾಣ ಮಾಡಬೇಕೆಂದು ಸಹ ಸೂಚಿಸಲಾಗಿದೆ. ಅಲ್ಲದೆ, ಮಾರ್ಗದರ್ಶನ ವಾಹನ, ಬೆಂಗಾವಲಿನ ವಾಹನ ಹಾಗೂ ಬಸ್ಸನ್ನು ಬಿಟ್ಟು ಬೇರಾವುದೇ ವಾಹನ ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ವಾಹನವನ್ನು ಹಿಂಬಾಲಿಸಬಾರದೆಂದು ಸಹ ತಿಳಿಸಲಾಗಿದೆ. ಈ ಸೂಚನೆಗಳನ್ನು ಅಧಿಕಾರಿಗಳು ಪಾಲಿಸುತ್ತಿಲ್ಲದಿರುವುದು ಸರ್ಕಾರದ ಗಮನಕ್ಕೆ ಬಂದಿದೆ. ಈ ವಿಷಯವನ್ನು ಸರ್ಕಾರವು ಬಹಳ ತೀವ್ರವಾಗಿ ಪರಿಗಣಿಸಿದೆ.

ಆದ್ದರಿಂದ ಎಲ್ಲಾ ಅಧಿಕಾರಿಗಳು ಯಾವುದೇ ಸಂದರ್ಭದಲ್ಲಿ ದಿನಾಂಕ 31-10-1995 ರ ಸರ್ಕಾರಿ ಸುತ್ತೋಲೆಯಲ್ಲಿ ನೀಡಿರುವ ಸೂಚನೆಗಳನ್ನು ಕಟ್ಟುನಿಟ್ಟಾಗಿ ಪಾಲಿಸಬೇಕೆಂದು ಮತ್ತೊಮ್ಮೆ ತಮ್ಮನ್ನು ಕೋರುತ್ತೇನೆ. ತಪ್ಪಿದಲ್ಲಿ ಸಂಬಂಧಪಟ್ಟವರ ಮೇಲೆ ಜವಾಬ್ದಾರಿಯನ್ನು ಹೊರಿಸಿ ಶಿಸ್ತಿನ ಕ್ರಮ ತೆಗೆದುಕೊಳ್ಳಲಾಗುವುದು.

ಆದರಗಳೊಂದಿಗೆ,

ತಮ್ಮ ವಿಶ್ವಾಸಿ,

ದಿನಾಂಕ 5-9-1984 ರ ಸುತ್ತೋಲೆಯಲ್ಲಿ ಮುಖ್ಯ ಮಂತ್ರಿಗಳು ಅಥವಾ ಇತರ ಮಂತ್ರಿಗಳು ರಾಜ್ಯದಲ್ಲಿ ಪ್ರವಾಸ ಕೈಗೊಂಡಾಗ ಪ್ರವಾಸ ಕಾರ್ಯಕ್ರಮಗಳಿಗೆ ಸಂಬಂಧಿಸಿದ ಅಧಿಕಾರಿಗಳು ಮಾತ್ರ ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ಅಥವಾ ಇತರ ಮಂತ್ರಿಗಳೊಡನೆ ಪ್ರವಾಸ ಹೋಗಬೇಕೇ ವಿನಃ ಉಳಿದವರು ಪ್ರವಾಸ ಮಾಡಬೇಕಾಗಿಲ್ಲವೆಂದೂ ಮತ್ತು ಅಂತಹ ಸಂದರ್ಭಗಳಲ್ಲಿ 3-4 ಜನ ಅಧಿಕಾರಿಗಳು ಒಂದೇ ವಾಹನವನ್ನು ಬಳಸಬೇಕೆಂದೂ ಹಾಗೂ ಪ್ರತಿ ಸಂದರ್ಭದಲ್ಲೂ ಆರು ವಾಹನಗಳಿಗಿಂತ ಹೆಚ್ಚಿಗೆ ವಾಹನಗಳನ್ನು ಉಪಯೋಗಿಸಬಾರದೆಂದೂ ತಿಳಿಸಲಾಗಿತ್ತು.

ದಿನಾಂಕ 27-11-1987 ರ ಸುತ್ತೋಲೆಯಲ್ಲಿ ಈ ಸೂಚನೆಗಳನ್ನು ಪುನರುಚ್ಚರಿಸುತ್ತಾ, ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ಪ್ರವಾಸ ಕಾಲದಲ್ಲಿ ಅವಶ್ಯಕವಾಗಿ ಪಾಲೊಳ್ಳಬೇಕಾದ ಹಿರಿಯ ಅಧಿಕಾರಿಗಳು ಸಹ ನಾಲ್ವೈದು ಅಧಿಕಾರಿಗಳು ಸೇರಿ ಒಂದೇ ವಾಹನವನ್ನು ಉಪಯೋಗಿಸಬೇಕೆಂದು ಸೂಚಿಸಲಾಗಿತ್ತು.

ಈ ಎಲ್ಲಾ ಸೂಚನೆಗಳು ಇದ್ದಾಗ್ಯೂ ಸಹ ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ಅಧಿಕೃತ ಪ್ರವಾಸ ಸಮಯದಲ್ಲಿ ಅತೀ ಹೆಚ್ಚಿನ ಸಂಖ್ಯೆಯಲ್ಲಿ ಸರ್ಕಾರಿ ವಾಹನಗಳು ಮುಖ್ಯ ಮಂತ್ರಿಯವರ ಹಿಂದೆ ಹೋಗುವುದು ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ಗಮನಕ್ಕೆ ಬಂದಿರುತ್ತದೆ.

ಆದುದರಿಂದ, ಮುಖ್ಯ ಮಂತ್ರಿಯವರ ಜೊತೆಗೆ ಹೋಗಲೇಬೇಕಾದಂತಹ ಎಲ್ಲಾ ಅಧಿಕಾರಿಗಳು ಒಂದೇ ಬಸ್ಸಿನಲ್ಲಿ ಪ್ರಯಾಣ ಮಾಡುವುದು ಉಚಿತವೆಂದು ನಿರ್ಧರಿಸಲಾಗಿದೆ. ಈ ಉದ್ದೇಶಕ್ಕಾಗಿ ಜಿಲ್ಲೆಯ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಅವಶ್ಯಕತೆ ಬಿದ್ದಾಗ ಒಂದು ಸುಸಜ್ಜಿತ ಬಸ್ ಅನ್ನು ಬಾಡಿಗೆಗೆ ಪಡೆಯಲು ಅಧಿಕಾರಿ ನೀಡಲಾಗಿದೆ. ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ನಿಯಮಗಳನ್ನು ಪಾಲಿಸಿ ಬಾಡಿಗೆಗೆ ಬಸ್ ಅನ್ನು ಗೊತ್ತು ಮಾಡುವುದು ಬಾಡಿಗೆ ಹಣವನ್ನು ಒದಗಿಸಲು ಕಂದಾಯ ಇಲಾಖೆ ಅಗತ್ಯ ಕ್ರಮ ತೆಗೆದುಕೊಳ್ಳುವುದು; ಮಾರ್ಗದಲ್ಲಿ ವಾಹನ (Pilot Vehicle) ಬೆಂಗಾವಲಿಸ ವಾಹನ (Escort Vehicle) ಹಾಗೂ ಬಸ್ಸನ್ನು ಬಿಟ್ಟು ಬೇರಾವುದೇ ವಾಹನ ಮುಖ್ಯ ಮಂತ್ರಿಗಳ ವಾಹನವು ಹಿಂಬಾಲಿಸುವುದಿಲ್ಲವೆಂಬುದನ್ನು ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಕಚಿತಪಡಿಸಿಕೊಳ್ಳಬೇಕು. ಯಾವುದೇ ಸಂದರ್ಭದಲ್ಲಿ ಈ ವಾಹನಗಳಲ್ಲದೇ ಬೇರೆ ಯಾವುದೇ ಸರ್ಕಾರಿ ವಾಹನ ಪ್ರವಾಸದಲ್ಲಿರದಂತೆ ನೋಡಿಕೊಳ್ಳುವುದು ಜಿಲ್ಲಾಧಿಕಾರಿಗಳ ಜವಾಬ್ದಾರಿಯಾಗಿದೆ.

Instruction have been issued to maintain punctuality in attendance and discipline by the employee of the Board, Although, most of the employees are punctual and disciplined, unfortunately, some of the employees are not complying with the instructions issued from time to time. They are not found on their seats and remain absent very often from duty point. Even on the pretext of coffee/tea they are found absent from their seats taking long intervals. This attitude on the part of employees is noted with displeasure.

It is therefore desired by the Board that, all the employees of the Board should maintain punctuality in attendance and observe discipline. The supervisory officers should conduct surprise inspections of the sections and if any of the employee is found absent from seat without valid reasons, disciplinary action should be initiated as per conduct rules.

The employees who are supplied with uniforms should come to duty wearing uniforms compulsorily. If any of them found not wearing uniforms, such employee should not be allowed to join duty and mark absent.

Compliance should be reported to the Board.

## CIRCULAR

It has come to the notice of the Board that even after the general transfers season is over, certain transfers are being effected by some of the officers. In this context it may be stated that during this year the Board has not ordered for any general transfers and guidelines were issued to effect certain transfers such as on mutual grounds, husband and wife transfers to one place, and transfers on health grounds and on compassionate grounds. Even to effect these transfer orders had to be placed before 31-5-1996. It is also noted with displeasure that many proposals are being sent to the Board for approval to effect transfers even after the general transfer season is over. Hence it is directed that transfers of all categories are stopped forthwith until the next general transfer season and proposals of any type of transfers should not be forwarded to Board office. Officials approaching for transfers should be advised properly to concentrate on their work until next general transfer season.

Any violation of this order, would be viewed seriously and such officer would be punished.

The receipt of this circular may kindly be acknowledged.

## CIRCULAR

It is observed that, copies of letters addressed to other officers, O.M. Copies, Circular Copies etc., are being marked to the Board Secretariat. It is felt that, this does not serve any purpose and in turn it is a mere waste of stationery, postage and time, as the Board does not act upon such correspondence. Of late it is also - noticed that, the subordinate Officers like Superintending Engineers, Elecl., and below are addressing letters directly to the Board seeking approvals/clarifications by passing their jurisdictional Officers, which is not desirable.

It is therefore directed that, copies of letter addressed to the other Officers, O.M. copies, Circular copies etc., should not be marked to this office, unless desired by the Board. Similarly the Board should not be addressed directly unless specifically called for from this office it is noted that some of the officers are not responding to the letters of the Board in the time frame specified in the letters, which has been viewed seriously by the Board. Board letters should be given utmost importance.

Every correspondence should be routed through the Zonal Chief Engineers, Electricity, Chief Controller of Accounts, Financial Adviser & Chief Accounts Officer & CE(G). Subject relating to service matters and creation of posts, abolition, shifting etc., should invariably be routed through the Chief Engineer, Electricity (General) / Financial Adviser and Chief Accounts Officer.

It may be noted that officers found violating these directions will be severely dealt with.

The receipt of this Circular shall be acknowledged.

## CIRCULAR

It has been observed with concern by the Board that, Officers/Officials on transfer remain absent unauthorisedly on the pretext that leave has been applied and they do not report at the place of posting to avoid transfer and to seek modification. This is resulting in dislocation of Board's work. It is felt desirable to curb such practice forthwith and deal with these cases firmly.

Therefore all transferring authorities are hereby directed to include the following conditions in every transfer orders and any violation of the said conditions shall have to be viewed seriously and action be taken strictly.

- 1) In case the jurisdictional authority feels that there is a dislocation of work due to transfer of an incumbent in any area, such authority shall address the Chief Engr. Elcety (Gl.) concerned transferring authority to reconsider such a transfer within 10 days. In case the Chief Engr. Elcety. (Gl.)/concerned transferring authority does not reconsider or gives specific stay for such a proposal within the stipulated time, then the orders fo Chief Engr. Elcety.(Gl.)/concerned transferring authority will be implemented.
- 2) The transferred officers/officials are instructed to get themselves relieved on or before...
- 3) The controlling officers are directed to relieve the transferred officers/officials by making alternative arrangements on or before ..... The staff working in Stations and Major works should not be relieved unless substitute is posted and report for duty.
- 4) No leave shall be availed by the officers/officials under orders of transfer. Leave in extreme cases for personal hospitalisation on medical grounds shall have to be referred to the Board with necessary supporting documents.
- 5) The controlling officers are directed to send the statement of officers/officials transferred and their actual date of relief to the Transferring Authority invariably within a week of transfer.
- 6) The L.P.C. of the transferred Officers/Officials shall be sent to the Transferred Establishment by the Controlling Officers/Pay Drawing Officers on or before.....
- 7) Failure to obey the orders by the transferred Officers/Officials or controlling officers shall be dealt with as per CDC & A Rules.

The instructions contained in this circular shall be strictly complied with by all the transferring authorities and any violation will entail disciplinary action.

**Sub :** Attendance in KEB Offices located in Cauvery Bhavan.

**Ref :** Board Circular of even No. dated : 17-8-1995 & 24-6-1996.

In continuation of this office circulars noted under reference, it is noted with displeasure by the Board that, some employees working in Cauvery Bhavan, are in the habit of coming late to the office and also leaving the office before the closure of normal office hours. The Chairman has observed that, even at 12-00 Noon some officials come to the office and also leave the office by 2-45 p.m. Even after coming to the office they are not found on their seats and remain absent very often from duty point. Even on the pretext of Coffee/Tea they are found absent from their seats taking long intervals. The Board expects that the employees have to put in their hard work at a time when the Board is facing unprecedented financial crunch, and also observe discipline and maintain punctuality. The easy going nature of some of the employees conjure up a notion that the work load assigned to them is less than the norms fixed by the Board and the Board will be constrained to reassess the work load in such sections so that the surplus staff can be redeployed elsewhere where their services are more essentially required.

In the circumstances, it is desired that the supervisory officers and Heads of the Offices, should conduct surprise inspections of the sections and if any of the employees is found absent from seat without valid reasons disciplinary action should be initiated as per conduct rules. If any employee, is found wandering in the sections very often and also found entertaining visitors who are not connected with their work, the work load of such employees should be reassessed and their utility in the Sections reviewed and suitable work load should be fixed for such employees or their work should be redistributed among other employees in the section and they should be shifted to other sections/offices where their services can be better utilised. The controlling officers should maintain movement register for the employees working under their control. If there is no sufficient work load in the office such posts should be surrendered and employees holding such post should be transferred elsewhere.

The employees who are supplied with uniform should come to duty wearing uniforms compulsorily. If any of them found not wearing uniforms, such employees should not be allowed to join duty and mark absent.

Action taken should be reported to the Board.

### CIRCULAR

Proposals have been received from Field Officers for communicating approval of the Board for purchase of Vacuum Cleaners, Acqua Guard Water Filters and many other such allied office furnishing materials costing heavy amount. These offices have been functioning right from its formation for number of years without these facilities and now all of a sudden the necessity for such costly facilities have been felt by these offices. As you all know that the KEB is passing through an un-precedented financial crisis and therefore it should be the concern of all officers and employees to see that maximum economy is observed and austerity measures are adopted voluntarily wherever it is possible until we tideover the present financial crunch. At the same time, the Board will also be grateful if the essential and minimum facilities get identified properly. If a particular work is carried on for some range of time it can be continued to be carried out for some more time. Spending money at this crucial stage for un-productive activities will have to be controlled by all concerned preferably deferred for quite some time.

Therefore, it is desired that expenditure on non-productive, non-improvement of the facility has to be curbed by all officers and employees of the Board. Such proposals should not be made to the Board until the situation improves.

**Sub :** Remittance of Revenue collection to the Bank.

It is brought to the notice of the Board that conveyance facilities are not being provided to the Cashiers to remit cash to the Bank. There are also instances of attack on the Board staff who carry cash to the Banks and incidents of snatching away the cash bags when the Cashier was on the way to Bank. After detailed examination of these instance the Board wanted to provide Mobile Vans for remittance of cash to Banks. But, due to the present financial constraints, it has been found not possible to provide separate mobile vans for cash collection and also to remit the cash to Bank, immediately.

Therefore, all Asst. Executive Engineers of O&M Sub Divisions are to see that one vehicle is provided to the Cashier every day at the specific time for remittance of cash to the Bank in their jurisdiction and to ensure that cash remittance process is made easy and assult free. In this context, the Board would like to remind all Sub-Divisional officers that ensuring safety of cash collected every day is a very important duty which has to be attended to with all seriousness and diligence. Therefore, it is desired that all officers concerned will take serious note of the instructions contained in this circular and ensure its compliance.

**Sub :** Surprise inspection of offices located in Cauvery Bhavan and Bangalore City.

The Board have issued several circulars regarding discipline and Attendance in K.E.B. Offices. But, the feed back available to the Board does not indicate encouraging results especially with regard to maintenance of discipline and regularity in attendance. It is unfortunate that, the work culture among some of the employees have not been upto the expectation of the Board. It is hard work and collective efforts of all the employees of the Board which can only help the organisation to overcome the present resource crunch. Since the situation is not turning to the satisfaction of the Board it is decided to direct the following officers to conduct surprise inspections of the offices located in Cauvery Bhavan and also in Bangalore City as per the calender of inspections noted below to infuse discipline and to ensure regularity in attendnace of employees to tone up the administration.

Sl. No.	Officer who should conduct surprise inspection	Day in the week to conduct inspection	
1.	Secretary, K.E.B.	Tuesday	To inspect subordinate offices.
2.	Chief Engineer, Electricity (General), K.E.B., B'lore.	Wednesday	"
3.	Financial Adviser and Cheif Accounts Officer, KEB. B'lore.	Thursday	"
4.	Chief Engineer, Electricity, Bangalore Zone, KEB., B'lore.	Friday	To inspect jurisdictional offices
5.	Superintending Enggr., Elecl., O&M Circle-I, KEB., Bangalore.	Saturday	"

If these officers cannot conduct inspections on the above days, they may select any one of the remaining days for inspection. However, inspection has to be conducted compulsorily in any of the days in the week and compliance report submitted to the Board. If any of the Officers / Officials found not available suitable action has to be proposed to the Board as per C.D.C. & A. Rules.

**CIRCULAR**

The Board has time and again been drawing the attention of all the transferring authorities, that they should not transfer any employees without the specific approval of the Board. In spite of Circular instructions, the Superintending Engineer, Electrical, C&M Circle, Mysore, has transferred a Senior Assistant to a place where the Board had also accorded approval to post a Senior Assistant on transfer to the same place which has put the Board in an embarrassing situation and the employees concerned were also put to inconvenience. The Superintending Engineer, Electrical, has since been "Censured" in that instant case.

Therefore, this is brought to the notice of all transferring authorities that they should not violate instructions of the Board which will force the Board to take unpleasant action against such officers.

### CIRCULAR

It has been brought to the notice of Chairman, K.E.B., that materials issued to Divisions/Sub-divisions have not been utilised properly and lot of unauthorised works have been carried out either directly or through Contractors. Lot of Contractors have also helped in misutilising the material. The works entrusted and carried out have not been properly supervised nor the materials accounted for.

With a view to ensure proper utilisation of Board materials, the Chief Controller of Accounts(IA) has been directed to take up the audit of materials procured and utilised for the last three years, by deferring the audit of Cash & Revenue Accounts, for the present. In this connection, the following instructions are issued.

- (1) Wherever 'C' Registers are not posted up-to-date the services of Senior Assistants of Revenue Sub-divisions may be utilised to bring the postings up-to-date.
- (2) For enabling the audit to test check the use of materials at the workspot, all the facilities such as, transport, help of technical personnel to identify the works/materials, shall be extended without any hindrance.

## OFFICIAL MEMORANDUM

**Sub:** Departmental Promotion Committee in respect of Promotions to State Services on the basis of seniority cum-merit.

1. Orders were issued from time to time constituting the Departmental Promotion Committees to assess the suitability and merit of candidates for the purpose of promotion within the State Services. Certain guidelines were also issued in the matter of writing and maintenance of annual Confidential Reports, communication of adverse remarks there for and the extent of reliance to be placed by the DPCs on the uncommunicated adverse remarks. It is observed that the DPC's have not been meeting regularly to consider the suitability of officials for promotion against the vacancies available and likely to arise in the near future. Representations are also being received from the officials that the problems of their cadre management such as filling of the vacancies in time, proper maintenance of Confidential Reports and so on are neglected. Under Rule 3 of the Karnataka Civil Services (General Recruitment) Rules, 1977 as amended in Notification No. DPAR 78 SRR 76, dated : 19th June 1982, promotion to the post of Head of Department or to the post of Additional Head of Department, if it is in a grade equivalent to that of the Head of the Department concerned, should be by selection; and the promotion to all other posts should be on the basis of seniority-cum-merit. Taking into account all these and other relevant developments, it has become necessary to issue comprehensive instructions regarding the constitution and meeting of the DPCs and the timely issue of orders filling up the promotonal vacancies. Accordingly the following instructions are issued for giving promotions on the basis of seniority-cum-merit to State Service Posts.

2. Constitution of Departmental Promotion Committee :-

The following Departmental Promotion Committees have been constituted for the purpose of promotions on the basis of seniority-cum-merit to the State Services Posts (i.e., excluding promotions within All India Services and posts which, under the rules of recruitment, are required to be filled up by promotion on the basis of selection).

I. For promotion to Group A posts carrying scale of Pay equivalent to KAS Group-A Senior scale and above.

- i. Secretary to Government of the Administrative Department concerned;
- ii. Head of Department concerned;
- iii. A representative of the Department of Law and Parliamentary Affairs and below the rank of a Deputy Secretary.

II. For promotion of Group-B or Group - C officials to Group-A posts (other than those posts which carry pay scale equal to KAS Group - A Senior scale and above) and of Group-C officials to Group - B posts.

- i. Secretary to Government of the Administrative Department concerned;
- ii. Head of the Department concerned ;
- iii. An officer of Karnataka Government Secretariat not below the rank of an Under Secretary to Government nominated by the Secretary to Government concerned.

The Committee for Public Works Department includes the Chief Engineer (WRDO) also.

3. Frequency of meetings of Departmental Promotion Committee.

The Departmental Promotion Committee should meet twice a year, unless there is no vacancy available either immediately or in the next 6 months as could be reasonably fore seen. Since the passing of prescribed departmental examination and the availability of upto-date Confidential Reports are the two important factors relevant for consideration by the Departmental Promotion Committees, the Departmental Promotion Committee should, subject to the availability of vacancies, meet for the first time in a year immediately after the results of the Departmental examinations of the June session are announced. The appointing authorities should ensure that the Confidential Report dossiers are updated by them. Since the Public Service Commission will be conducting the second session of the Departmental examination in December, the second meeting of the Departmental Promotion Committee should be convened immediately after the results of the December session of the examinations are announced. Where necessary, the Departmental Promotion Committee could meet often.

4. Size of select list :

The appointing authorities should made a forecast to the vacancies in addition to those already existing, during the next one year and place before the Department Promotion

Committee the precise number of vacancies with reference to which the select list has to be drawn up. Subject to availability of eligible officials, the Departmental Promotion Committee should prepare a select list equal to at least 25% more than the number of vacancies reported by the appointing authority. If the number of vacancies is less than four, the size of the select list should be one more than the vacancies. The Departmental Promotion Committee should clearly indicate in its proceedings the details of vacancies on the basis of which the size of the select list has been drawn up in each meeting.

5. Procedure of Departmental Promotion Committees.

- (i) The Departmental Promotion Committee should consider the Confidential Reports of officials for a period of five years immediately preceding the date of consideration of his suitability for promotion. In respect of officials who have not put in five years of service in the cadre from which they are considered for promotion to the next cadre, the Confidential Reports for the period of service rendered in the lower cadre to make up for five years should be taken into account. Where, however, the officials appointed directly to a cadre from which they are to be promoted to higher cadre and their total service is less than five years, the Confidential Report for the entire period of service in the former cadre should be considered for determining the suitability for further promotion. The non-availability of any Confidential Report for any period during the preceding five years should not be held against the officials concerned.
- (ii) For the period of deputed service outside the regular line, the assessment of an official's performance made by the borrowing department should normally be relied upon unless there are weighty reasons to accept the dissenting remarks, if any, of the parent department.
- (iii) The Departmental Promotion Committee should consider the suitability of an official who has not passed the Departmental Examinations also, without reference to his not passing such examinations and record its views on the basis of his Confidential Reports and other relevant records. If the Departmental Promotion Committee could come to a conclusion that the only reason for not recommending his promotion is that he has not passed the prescribed Departmental Examinations, a certificate to that effect should be incorporated in its proceedings. Similarly, if the Departmental Promotion Committee could come to the conclusion that the only reason for not recommending his promotion is on account of any particular adverse remark is against which a representation submitted within the time limit stipulated under the Confidential Report Rules, was pending decision on the date of the

meeting of the Departmental Promotion Committee a specific mention should invariably be made in its proceedings that he has not been recommended only on account of such an adverse remark. For this purpose, it is the responsibility of the officer convening a meeting of the Departmental Promotion Committee to clearly bring to the notice of the Committee the gist of the pending representations if any against the adverse remarks contained in any of the Confidential Reports for a period of five years immediately preceding the date of consideration of his suitability for promotion.

6. Implementation of the Select List :-

(1) The select List prepared by the Departmental Promotion Committee as approved by the appointing authority will be the basis for promotions. The list will continue to be operative till the next select list is approved subject to the following :-

(a) If an official's claim was over-looked solely on the ground of adverse remarks in his Confidential Reports, his case should be re-considered immediately by the appointing authority if the relevant adverse remarks are expunged and his name should be shown in the select list at the appropriate place depending on the seniority. If all the officials senior to him in the select list in force have already been promoted, he should be promoted in the next available vacancy. There is no need to place his case again before the Departmental Promotion Committee, unless an additional Confidential Report with adverse remarks has become available in the meantime. In case any of his juniors in the select list is already promoted at the time of expunction of the adverse remarks he should be promoted immediately against any of the available vacancies, or in the vacancy that should be created by reverting, if need be, the Junior most official among the promotees.

(b) If an official's claim is overlooked solely on the ground of not passing the prescribed departmental examination, the question of re-considering his claim by Departmental Promotion Committee may not normally arise till the results of the Departmental examination of the next session are announced. If all his seniors in the select list have already been promoted when the results of the departmental examination of the next session are announced and if he has passed he should be promoted immediately on the availability of vacancy. There is no need to place his case for consideration again in the next meeting of the Departmental Promotion Committee unless an additional

Confidential Report containing adverse remark has become available after the last meeting of the Departmental Promotion Committee.

- (2) All promotions of officials should be until further orders. The practice for promoting an official for specified periods with a condition of reviewing the promotion after obtaining a Special Report should be discontinued. Instead, the suitability of an official for promotion until further orders should be decided once for all. The cases of officials in the current select list who have not been promoted as on the date of the next meeting of the Departmental Promotion Committee should again be placed for consideration by the Committee.
7. Departmental Enquiry and Promotion :- The mere fact that a departmental enquiry is pending against an official should not be a bar for promotion. An official against whom an enquiry pending should be considered for promotion without reference to the pending enquiries and if he is otherwise found to be eligible, he should be promoted subject to the condition that the promotion would be reviewed on the conclusion of the enquiry. Even where an official is under suspension, his case should be considered without reference to the pending enquiry. The proceedings of the Departmental Promotion Committee relating to the official under suspension should be placed in sealed cover. If he is reinstated in service at any stage of the enquiry or on conclusion thereof, the appointing authority should consider the recommendation of the Departmental Promotion Committee and the outcome of the enquiry and take a decision thereon. If the decision is to promote him, he should be given such promotion immediately in any of the available vacancies. If no vacancy is readily available and any of his juniors have been promoted already, he should be promoted in the vacancy that should be created by reverting, if need be, the junior most person among the promotees.
8. General :- In respect of promotions to posts for which the Departmental Promotion Committee is not required to consider the suitability of officers, the appointing authorities themselves should assess the suitability and take decisions. In doing so, the procedure laid down for the Departmental Promotion Committee in the preceding paras could mutatis mutandis be complied with.

## OFFICIAL MEMORANDUM

**Sub :-** Departmental Promotion Committee in respect of promotion to State Services on the basis of seniority-cum-merit-Procedure when a Departmental Enquiry/Court Proceedings is pending.

**Ref :-** O.M. No. DPAR 5 SRC 84, dated : 9-10-1985.

The instructions issued in para 7 of the Official Memorandum dated : 9-10-985 referred to above have been further examined and the following instructions are issued in its place :

2. Where a departmental enquiry or court proceeding is pending the following course of action shall be taken :
3. The Departmental Promotion Committee (DPC) shall assess the suitability of the officer/official for promotion without taking into consideration the disciplinary proceedings/court proceeding pending against the officer/officail. The assessment on the basis of records, the view of the DPC shall be kept in a sealed cover. In the subsequent DPCs also, if any, during the period of disciplinary/court proceedings, the DPC shall consider the officer's/official's case and record its findings which will again be kept in a sealed cover in the above manner.
4. On the conclusion of the disciplinary/court proceedings and in case the officer/official is exonerated, the sealed cover or covers may be opened and the earliest possible date of promotion but for the pendency of the disciplinary / court proceedings against him/her, may be determined with reference in the position(s) assigned to him/her in the findings in the sealed cover/covers with reference to date of promotion of his/her junior on the basis of such position. The officer/official concerned may then be promoted in accordance with rules if necessary by reverting the juniormost officiating person.

5. If any penalty is imposed on the officer/official as a result of the disciplinary proceedings or if he is found guilty in the court proceedings, the findings in the sealed cover/covers **shall not be acted upon**. The officer's/official's case for promotion may be considered in the usual manner by the next DPC which meets in the normal course after conclusion of the disciplinary/court proceedings.
6. The sealed cover procedure contemplated herein above, shall be adopted only after the date of issuance of Charge Memo/Charge Sheet, that being the date from which the disciplinary proceedings can be taken to have been initiated.
7. The same procedure as detailed above shall be followed where an officer/official is placed under suspension. On his reinstatement in service at any stage of the enquiry the procedure as explained in para 3 of this O.M. shall be followed and on conclusion of the enquiry the procedure as indicated in paragraph 4 and 5 shall be followed.

- f) Supdtg. Engrs. Elecl.,
- g) Exe. Engineers, Elecl.,

#### TO FINALISE THE TRANSFERS OF

Chief Engineers, Supdtg. Engrs., Chief Controller of Accounts, Controller of Accounts and equivalent cadres.

Executive Engineers/Asst. Executive Engineers.

Dy. Controller of Accts., & Accounts Officers.

Asst. Accounts Officers

Asst. Engineers.

Circlewise cadres

**NOTE :** He can effect transfers within Dvn. also in consultation with EEs concerned.

Circle/Dvn. cadres within the Dvn. only.

#### IV. GENERAL PRINCIPLES TO BE FOLLOWED IN EFFECTING TRANSFERS :

- A. The transfer shall be effected on rotation basis to various branches and fields to the extent possible to give around experience specially with regard to Category A, B, and C. If an Employee selected and posted to any particular field of work, and if he refuses to report at the said place such act may be considered as an adverse remark for his further promotion and an entry to that effect shall be made in his/her S.R./ service record.

**EXECUTIVES :** In case of Technical cadres rotation to various branches shall mean O&M, Major Works, Generating Stations, Receiving Stations, M.T./R.T./Office etc.,

**MINISTERIAL :** In case of Ministerial and Accounts Staff rotation to branches shall mean Accounts, Revenue, Audit, Cash and Stores and Sub-Divisions/Divisions/ Circle/other Head Offices etc.

- B. (i) Whenever an employee is specially trained in a particular field he should be preferably transferred/posted to the place where training could be of maximum benefit to the Board.
- ii) The allocation of posts between Graduates and Non-graduates shall be maintained while effecting transfers.
- C. The number of transfers in Category C and D should not normally exceed 20% of the transferrable employees in that cadre in the respective jurisdiction of the transferring authority. In case the number of eligible employees for transfer is more than 20%, then the transfers shall be limited to 20% based on the length of the service at a place.

- Note:** 1. Officials of Groups 'B' and 'C' category should not be posted to their Native Taluks. Officers of Group 'A' Category should not be posted to their native Districts/Taluks. However the posting to the Districts of South canara, North Canara, Gulburga and Bidar can be considered without these restrictions.
2. In case of complaints, the Employees transferred, shall not be given the similar type of works in the transferred place.

#### **V. OTHER GUIDELINES :**

1. The Officer/Employee who is under transfer shall handover charge within 7 days from the date of intimation of transfer. If he fails to handover the charge within this period he shall be deemed to have been relieved after expiry of 7 days and no Superior officer shall act contrary to this condition. The Head of the office is responsible for ensuring that the Employees under transfer, hand over charge properly before his/her relief and discrepancies if any, are investigated. However in case of Stations, no Officer / Employee shall handover charge until a reliever reports.
2. When an officer is transferred, he should write the confidential reports of all his subordinates and handover the same to the countersigning officer' before handing over the charge.
3. The employees under orders of transfer may not be sanctioned leave during the period of transfer. Necessary disciplinary action should be taken against such of the employees who disobey transfer orders.
4. The transfers in respect of Officials/Officers working in Board Secretariat/Chief Engineer, Electy., (G)'s Office/Financial Adviser & Chief Accounts Officer's Office and CCA's offices shall be made only after taking concurrence of the respective Heads of the Offices.

5. Any transfer of A & B Officers once ordered shall not be modified/cancelled without the prior approval of the TM/FM respectively. In case of C & D category employees prior approval of Zonal Chief Engineers shall be taken.
6. There is acute shortage of Staff in the field. The occasion of general transfer shall be utilised to fill up the vacancies in the field evenly so that the Board work does not suffer due to excessive vacancies in any particular Office/Division. While doing so, Posts which are less essential shall be kept vacant.
7. Deputation of officers/Employees shall be at the discretion of the Board and will be generally considered for only those posts which Board deems fit to be filled. Continuation and withdrawal and transfer of officials on deputation would be issued by the Board only. Suitable proposals should be submitted through proper channel.
8. In Revenue Sub-Divisions/Sections, Inter-change of Ledger Clerks should be made after 2 years of handling the particular ledger by an Official. This means that inter table transfers should be effected and an employee shall invariably be given change of seat/ ledger accounts once in 2 years. It should be ensured that such changes are effected without exception. A report of compliance to this effect be made to the Board.
9. Inter-change of area of the duties of Meter Readers shall be made every year i.e., an Employee working as Meter Reader shall be posted as Overseer/operator/Asst. Store Keeper vice-versa and a person working in a particular field shall not be posted to the same field of work on transfer.
10. When the Husband/Wife of the Board Employee is working either in Central/State Govt., or any Organisation fully or partially owned by State or Central Govt., the Board Employees may be retained in the same place as far as possible and if transfer is necessary to bring them together, it may be done to the required place. If the change of Division and Circle is involved, such cases be referred to the CEE(G) for approval.
11. Inter-Divisional/Inter-Circle transfers of employees belonging to Division/Circle cadres shall not be considered except on mutual basis. However special cases may be sent to CEE(G) for consideration, who in turn shall consult Board before giving approval.
12. Transfer benefits are not admissible in the following cases :
  - i) Transfer taken on mutual basis.
  - ii) Premature transfers at the request of the Employee.
  - iii) Transfer effected as per Non-Official minutes.

**VI. GUIDELINES FOR EFFECTING MUTUAL/PREMATURE/REQUEST TRANSFERS :**

**i) PREMATURE TRANSFERS :**

Transfers which are not covered under the minimum period of stay as per Clause II above, shall not be approved and only in exceptional cases the proposal may be sent to Board through concerned Zonal Chief Engineers.

- ii) Request / Mutual transfers shall not be considered for the same place from which the Employee was last transferred.
- iii) In cases of mutual transfers involving change of Division/Circle for Division and Circle cadres, the existing rules for foregoing seniority etc., in the previous Division/Circle should be complied without fail.

Specific undertaking from the respective Employees should be obtained in writing before such transfers are ordered, except in case of opted Division/Circle.

VII. Physically handicapped employees shall not be disturbed in the usual course. However, they may be shifted in case of indiscipline or on complaint.

**VIII. TRANSFERS OF OFFICE BEARERS OF KEB EMPLOYEES' UNION :**

- i) The following office Bearers of Employees Union need not be transferred:
  - a) Primary Committee President, Vice-President, Secretary, Asst. Secretary and Treasurer.
  - b) Local Committee President, Vice-President, Secretary, Asst. Secretary and Treasurer.
  - c) Central Committee President, Vice-President, General Secretary, Joint Secretary, Asst. Secretary, Treasurer, Asst. Treasurer, Organising Secretaries and Members of Central Executive Committee.

No Office Bearer other than those specified above shall be entitled for exemption from transfer.

However, the transfers of the above Office Bearers may be effected on recorded reasons relating to complaint/indiscipline.

All transfers shall be effected within 20th May 1996 by all transferring authorities.

- 3) The Executive Engineers (El.) shall take the inspections during the 2nd week of the month.
- 4) The Asst. Exe. Engrs. (El.) shall take up the inspections during the 1st week of the month.

After the end of the month, a specific inspection note shall be / submitted to the next higher officer for perusal and review. The monthly inspection note is to be submitted without fail by 5th of every month.

The Chief Engineer will review the inspection note of the Subtdg. Engrs. El.

The Superitending Engineer will review the inspection note of Exe.Engrs.El.

The Executive Engineer will review the inspection note of Asst.Exe.Engrs.Elecl.

The inspection shall be so arranged as that all the officers should not inspect the same office during the particular month. During the course of inspections the items indicated in Annexure - I, II, III & IV may be kept in mind and inspection carried out.

The Chief Engineers shall send their inspection notes to the Member (Technical) positively before 10th of every month. In their inspection note, the Chief Engineers should invariably indicate whether they have reviewed inspection notes of aall Superrintending Engineerrs working under them. The inspection notes of Chief Engineers would be treated as incomplete unless they indicate that they have reviewed the inspection notes of their immediate subordinates.

The inspections of the offices/stores should be so adjusted that all offices are covered in a year.

Inspection Note has to be drawn in detail and obsrevations shall be recorded clearly. The Head of the office inspected will maintain the minute Book in which all the observations to be complied which are to be recorded from time to time. Compliance to these observations will be sent to the officers who have inspected the offices.

On receipt of Compliance Reports of the observations made, the acceptance or non-acceptance will be communicated by the Inspecting Officer to the Head of the Office inspected. He in turn will record acceptance of the compliance in the Minute Book against each observation. Balance will be struck after receipt of such communication of the observations for which compliance is not accepted.

Apart from detailed monthly inspections, surprise inspections should also be conducted by all Chief Engineers, Electy, Superitending Engineers, El. Executive Engineers, El. and Asst. Executive Engineers, El. Observations made during surprise inspections should also be communicated to the concerned Heads of the office. All the concerned officers who are required to carry out 20%, 10% and 15% etc. of total numbers shall identify those offices during this month only to avoid duplications. The list shall be sent to the undersigned by 30-1-1997.

In addition to the Inspection of subordinate offices, the Head of the office should himself do table inspections in his office. For this also, a separate calendar should be prepared in the beginning of every month. During such inspections all the pending files should be reviewed throughly and obsrevations recorded for the guidance of the case worker.

**IMMEDIATE**

Sirs,

**Sub :** Inspection of Offices, Stores and Stations.

**Ref :** This office circular of even No. dated : 16-1-1997.

Please refer to this office circular regarding inspection of Offices by Zonal/Circle/Divisional/Sub-Divisional Officers of the Board. It was directed in the Circular to submit a list of Offices that will be inspected by you during the year 1997 duly drawing up a suitable Calendar of inspections for the perusal of the Chairman, Karnataka Electricity Board. The list should have reached the Board within 30-1-1997. Unfortunately many of the Officers appear to have not taken this item of work seriously. You are therefore requested to draw a Calendar of inspections of various offices in your jurisdiction probably by convening a meeting of your Sub-Ordinate officers so as to see that the inspections are not overlapping at any point of time during the year. The Calendar of inspections should reach the undersigned within 20-2-1997 postively.

Yours faithfully,

K.E.B., SECRETARY.

Sirs,

**Sub :** Acquisition of lands for Board's works - proposals regarding.

**Ref :** Resolution No. IMC(A)/127/1037, dated : 7-11-1996.

I am to state that, Board is receiving proposals, now and then, for acquisition of land in different parts of the State for establishing Sub-Stations, Construction of Division/Sub-Division/Section Offices, Divisional/Sub-Divisional Stores, Cash Counters, Staff quarters, etc. Board, however, is finding it difficult in communicating decision on these proposals in view of the severe financial crunch being faced now.

In view of the above, I am directed to inform you that here-afterwards proposals for land acquisitions shall be forwarded to the Board through proper channel, only in respect of cases wherein productive work is involved like establishing Receiving Stations/sub-Stations, till the financial position of the Board improves. Also while sending requisitions for funds to the financial Adviser & Chief Accounts Officer, in above cases a copy of Boards approval shall invariably be furnished alongwith the Bill.

The above instructions may be strictly adhered to in future.

It was pointed out by the Telecom Department that a number of Exchanges Buildings are under construction and are to be made operational within the targeted date. They expressed that the KEB issues Work Orders only after the exchange building is ready which ultimately delays the power supply to the exchange.

To avoid delay in servicing power supply to Telephone Exchanges, it is hereby directed that immediately after sanction of power supply, without waiting for the completion of the building and completion report, the necessary survey may be done, estimate prepared and after deposits and agreements are given by the Telecom Department the work order is given so as to enable the Telephone authorities to take up line works simultaneously and also to take up Board's portion of the work if any.

To

All Executive Engineers, (Elect),

Sirs,

**Sub :** Issue of distribution materials to contractors for various RE & IP and service Connection and other works.

Reports have reached Board that distribution materials like Conductor, Poles, Insulators etc., are issued to contractors for several works as soon as they are received in the Sub-Divisional Stores without verifying whether all the materials issued earlier are used for the works or not and also whether the works are carried out as per specifications etc. This is resulting in materials getting locked up with the contractors who may not be executing these works as per seniority list of the Sub-Division. The Asst. Ex. Engr. (El.) O&M Sub-Division, may therefore be instructed to issue materials to contractors only after verifying that he issues made earlier are used in works as per seniority. They should also supply the materials required for definite works and that too adequate for utilisation within 15 days.

A register is to be kept in the Sub-Divisions in which issue of materials contractor-wise is to be recorded indicating work order No., Date of issue of Materials/quantity, Priority No., Progress, so that proper verification is possible. Further, issue to be done only after the last set of works are completed.

You may take suitable action to arrange to open these registers, instruct Asst. Ex. Engr. (El) suitably and take up this as an inspection item.

Please acknowledge receipt of this Circular letter.

**Sub :** Sanction and Servicing of Power supply to HT installations.

**Ref :** Board circular of even No. dated 6-4-1996.

Due to failure of monsoon in the catchment areas for the 2nd consecutive year, the daily availability of power is reduced substantially as compared to the unrestricted requirement and Board is unable to meet the full power requirement of new installations.

Under the circumstances, in modification to Board letter under reference, the following guidelines are issued in respect of sanction and servicing of power supply to H.T. installations after installing proper metering systems.

### **1. SERVICING OF INSTALLATIONS TO WHOM POWER SUPPLY IS ALREADY SANCTIONED :**

For all installations which have been sanctioned fresh power supply or additional power supply and who have observed all the formalities of the Board, such installations may be serviced upto 75% of the sanctioned CD (with a minimum of 100 KVA).

### **2. SANCTION AND SERVICING OF FRESH CASES :**

- a) For the HT installations, which have been cleared by SWA, fresh power supply can be sanctioned and serviced upto 75% of the requirement limiting to 500 KVA. In case of additional power supply cleared by SWA to the existing installations also, power supply can be sanctioned and serviced upto 75% of the additional requirement limiting to 500 KVA including existing CD.

- b) For all other fresh cases requiring HT supply such installations shall be sanctioned and serviced upto 100 KVA only. Request for additional power supply may not be entertained for the present.

However, the above restrictions are not applicable to Residential complexes, Public Utilities like Telephone Exchanges, Lift Irrigation Schemes, Water Works, Defence Dairies. The Executive Engineers shall send the list of such connections for the information of the Board every month.

These guidelines will come into force with immediate effect.

This policy will be reviewed by the Board only in August 1997.

**Sub :** Maintenance of priority list of failed transformers in each Sub-Division to facilitate replacement.

Reports have reached of Board that no seniority list is maintained in the Sub-divisions in respect of failed transformers to enable replacement in a proper fashion and as a result some officials are allotting the transformers in a hapazard way leading to complaints. Complaints of collection of money have also reached board.

It is hereby instructed that the Assistant Executive Engineer, Elecl., of the sub-division shall maintain a register which gives the details of failed transformers in a chronological order and allot the transformer when received for replacement in the same order to avoid complaints. However, in special cases like replacement of transformers for fact in the drinking water supply installations etc., the priority can be by - passed by making a record of the fact in the register. Board has already clarified that priority should be given to replacement of failed transformers of drinking water supply installations.

The Executive Engineers, Electrical are instructed to inspect the registers during their inspections. By a copy of this letter Chief Engineer, Elec. (TA&QC) has also been informed to inspect the registers.

It is informed in some cases that Store Keepers and Lorry drivers are taking action to issue transformers without proper instructions. The concerned Assistant Executive Engr/ Elecl/Executive Engineer Elecl, should take stringent action in such cases.

## CIRCULAR

**Sub :** Engagement of Clerical Staff on contract basis.

The Board has been receiving proposals from various functionaries at Zonal and Circle levels requesting for approval to engage clerical staff on contract basis, to carryout various clerical works in Sub-Division and Division Offices. This is necessitated due to the non-filling up of vacancies caused due to promotion, retirement, etc. The vacancies are not filled up due to restrictions placed by the Government on recruitment since many years. The works have to go on irrespective of any difficulties that may be prevalent.

The Board feels that, there is need to regulate granting approvals, restricting the engagement of man-power to the required minimum only. Therefore, in order to correctly assess the manpower requirement, etc., for various clerical works in Division and Sub-Division Offices, the specific data required shall be invariably furnished for consideration of the proposals.

The following guidelines are therefore issued for the information of officers at Zonal and Circle levels who initiate proposals after receiving requisitions from lower levels.

The arrears of work are generally found to have accumulated in revenue accounting sub-division due to servicing of installations where ledger accounts have to be opened against test reports. Similarly due to execution of various works, the arrears may be existing in the work accounts section of O&M Divisions and Major Works Divisions.

While sending proposals for augmentation of man-power, the following details shall be invariably furnished.

- a) The vacancy position : ie., sanctioned, working and vacant, of ministerial staff such as Junior Assistants and Assistants shall be clearly indicated.

- b) Jobwise allocation of posts.
- c) Nature of work such as posting of 'C' Register, Schedules, pricing ledger, abstracts, categorisation of Assets in Division Office, opening of pending test reports in revenue Section, D.C.B., tallying, ledger posting, etc., in Sub-Division Office.
- d) Quantum of work, ie., number of months of pendency of each item of above works.
- e) Nos. of clerical staff proposed to be engaged on contract directly and duration of engagement.
- f) Whether any retired officials are available who could be engaged. If so, the following particulars.
  - i) Date of retirement.
  - ii) Experience.
  - iii) Present age and Health condition.
  - iv) Application seeking engagement and willingness to work in particular place, shall be obtained and sent.

Engagement of retired KEB officials shall be considered as first option. Another alternative would be to engage private agencies/contractors such as chartered Accountants who have sufficient experience and possess skill to take up clerical work. In such cases open limited tenders may be floated after accurately assessing the quantum of work involved and the probable time required to complete the work, etc. Original quotations along with comparative statement duly checked by Internal audit shall be sent to the Board for consideration. In respect of Chartered Accounts who are not expected to respond to tenders according to Law governing their profession, names of Chartered Accountants who are willing to do the work as per our terms may be obtained from the Local Chapter of the Institute of Chartered Accounts of India and sent to the Board for consideration. The contractor should abide by requirement such as implicitly following labour laws applicable to the candidates appointed by them, especially in respect of payment of wages regularly and the monthly rate of wages paid to workers engaged by them being not less than the prescribed minimum wage. They should mention the rate of wages they are going to pay to workers engaged by them.

The instructions given above shall be borne in mind by Circle/Zonal Officers while sending their proposals to the Board. Any proposal which does not contain particulars as stated above is liable for rejection.

# KARNATAKA ELECTRICITY BOARD

No. KEB/CLO/2637/95-96

Board Secretariat,  
Cauvery Bhavan,  
Bangalore - 560 009.  
Dated : 30-10-1996.

## CIRCULAR

**Sub :** Engagement of Men and other agencies to carry out day-to-day works.

The Board has been receiving proposals from various functionaries at Zonal and Circle levels requesting for approval to engage men on contract basis for urgent works, breakdown works, pre-monsoon works, maintaining of stations, entrusting Typing/Data Entry works, etc. This is necessitated due to the non-filling up of vacancies caused due to promotion, retirement, etc. The vacancies which occur at the lower levels are not filled up due to restrictions placed by the Government on recruitment since many years. The works have to go on irrespective of any difficulties that may be prevalent.

The Board feels that, there is need to regulate granting approvals, restricting the engagement of man-power to the required minimum only. Therefore, in order to correctly assess the man-power requirement, etc., for various works and also in respect of engaging outside agencies for various day to day activities, the specific data required for consideration of the proposals shall be invariably furnished.

The following guidelines are therefore issued for the information of officers at Zonal and Circle levels who initiate proposals after receiving requisitions from lower levels.

### **A. URGENT WORKS/PRE-MONSOON WORKS/EMERGENCY WORKS GANGS :**

The vacancy position of M.E. Staff such as Wireman, Lineman, Assistant Lineman, shall be clearly indicated in respect of each O&M Division and Transmission lines Sub-Division. The probable duration of engaging the gangs, number of men required for such O&M Division/Transmission Lines Sub-Division, shall be specified.

## **B. SPECIAL WORKS GANGS :**

The Board considers proposals for special gangs in respect of works relating to restoration of lines, transformer centres, etc., which are damaged due to heavy rains, floods, wind and gale. In such cases, the nature and extent of damage caused to lines, transformer Centres and other details such as length of lines snapped, number of poles uprooted / damaged and probable duration and the strength of the force to be deployed shall be indicated in the proposal.

## **C. GANGS FOR SPECIFIC CAPITAL WORKS SUCH AS UDIS ; E&I, ETC. : (MINOR WORKS)**

The proposals should contain the details such as whether the work is approved and sanctioned, labour provision whether materials required for works are already supplied and ready for use, duration of work and strength of work force needed, etc.

## **D. DRIVERS FOR VEHICLES :**

The proposals for engaging vehicle drivers on contract basis directly, should contain the details such as vacancy position of Drivers and cleaners, how it is being managed at present and the No. of road-worthy vehicles. All efforts should be made to engage as far as possible, Ex-servicemen available on the panel supplied by Rajya Sainik Board for Welfare and Re-settlement, Bangalore and Dharwad.

## **E. RECEIVING STATIONS AND SUB-STATIONS - MINOR MAINTENANCE AND SHIFT DUTIES :**

The work of shift and minor maintenance of all stations requires manning of the work continuously. Where vacancies of Station staff are not filled up in OLD STATIONS, the same may be augmented by engaging retired personnel, as far as possible.

In such cases, the proposal should contain details such as, date of commission of the Station, vacancy position of shift and maintenance staff, how the work is being managed at present (say, with the help of O&M Staff, etc.) Applications from retired Engineers and others may be obtained and forwarded to the Board with the above details. Details such as date of retirement, experience, present health condition remuneration expected and willingness to work in particular places shall be clearly

indicated in their letters seeking appointment on contract.

In respect of NEWLY COMMISSIONED STATIONS where staff are not sanctioned/posted, the engagement of retired engineers and other staff directly, on contract basis, shall be considered as the first option to man the work. Alternatively, engaging private agencies such as licensed contractors who have sufficient experience and skilled manpower to take up the shift and minor maintenance works could be thought of. In such cases, the proposals should contain the following details :

- i) Date of Commission.
- ii) Whether staff sanctioned/posted or not.
- iii) Vacancy position.
- iv) Open/Limited tenders shall be floated and quotations in original along with comparative statement and recommendations duly checked by internal Audit be sent.
- v) The quotations should be accompanied by names of qualified staff proposed to be engaged by the licenced contractors, their consent letters, their attested testimonials of qualification.
- vi) if one contractor is quoting for more than one station, he shall furnish the names of different candidates for different stations.
- vii) The licenced contractors should agree to the conditions attached to the agreement and they should abide by other requirements such as implicitly following labour laws applicable to the candidates appointed by them, especially in respect of payment of wages regularly and the monthly rate of wages paid to workers engaged by them being not less than the prescribed minimum wage.
- viii) While accepting the quotations, the Circle/Divisional Officers should note the above points apart from the offers being financially competitive.

**F. TYPING/DATA ENTRY WORK IN OFFICES :**

While sending proposals for entrusting the work to outside agency on piece rate basis, the vacancy position of Typists/JPs/Data Entry Operators, in each Sub-Division/Division/Other offices shall be separately indicated showing the sanctioned and working strength also. The period from which the posts are vacant in each office shall also be indicated. Under this system, no individual or agency is directly or indirectly appointed or no work entrustment order issued.

The work should be got done on day-to-day basis using Board's stationary and typewriter or on Job Typing basis. The remuneration for each piece of work is to be paid for in cash against a voucher.

**G. PROPOSALS FOR EXTENSION OF PERIOD OF ENGAGEMENT/  
ARRANGEMENT :**

The Board desires that no officer shall continue the engagement of persons or arrangement approved by the Board beyond the period prescribed, under any circumstances. Prior approval of the Board shall be obtained by sending proposals well-in-time duly indicating the work turned out or the progress achieved until the date of sending the proposal and other relevant particulars, if any, for considering continuation of the arrangement or extension of the period, in individual cases.

The instructions in respect of each of the above shall be borne in mind by Circle/Zonal Officers while sending their proposals to the Board. Any proposal which does not contain particulars as stated above is liable for rejection.

SECRETARY, K.E.B.

Sirs,

**Sub :** Quashing of back billing charges due to acquittal  
of the accused by the Munsiff Courts.

It has come to the notice of the Board that some of the Appellate Authorities have quashed the back billing charges raised by the Sub-Division/Technical Audit Cell/Vigilance Staff due to alleged theft of energy in terms of Section 39 and 44 of the I.E. Act 1910, as the J.M.F. Courts have acquitted the accused i.e., the consumer. But this is not correct. As per Clause No. 44.07 of Electricity Supply Regulations 1988 neither failure to launch a prosecution nor the acquittal of the consumer in any criminal case launched against him for committal of any offence under Section-39 and 44 or such other provision, on the ground other than the prosecution is false, shall bar the proceedings under the above provision.

In the light of the above, all the Appellate Authorities who are dealing with the Revenue Appeal cases are requested to take note of the same and shall not quash the back billing charges raised merely for the reason that the J.M.F.C. have acquitted the accused except on the ground that prosecution case is false.

The receipt of this circular may please be acknowledged.

## KARNATAKA ELECTRICITY BOARD

Representations received from various consumers requesting for refund of excess 3 MMD due to reduction of consumption/permanent reduction of Contract Demand in respect of their installations.

2. U.O. Note dated 31-10-1995 and 3-5-1996 of the Chief Controller of Accounts (I/A), K.E.B., Bangalore.
3. U.O. Note dated 17-5-1996 of the CEE (Genl.), K.E.B.,
4. U.O. dated 21-1-1995 and 27-8-1996 of the Chief Law Officer, K.E.B.,
5. IMC(T) Meeting Resolution No. 110/403 dated 13-1-1997.

### PREAMBLE :

Many firms have represented to the Board requesting for refund of excess 3 MMD consequent to reduction of contract demand as per Regulation 36.02 and also reduction in consumption of 3 MMD based on actual bills of previous financial year as per amendments to Regulation of previous year as per amendments to Regulation 31.02 of ESR 1988 instead of one month's highest bill amount.

The IMC(T) discussed the above issues and decided not to consider requests for refund of excess 3 MMD due to reduction in consumption in the previous financial year. It was agreed to consider requests in the case of reduction of CD/SL permanently as per said Regulation, particularly because, the probability of the consumer reaching higher consumption is very less and interest payable on 3 MMD is withdrawn.

ORDER NO KEB/B11/4001/96-97/3 MMD

BANGALORE, DATED : 19-3-1997

Approval is hereby accorded for the following :

To refund the excess 3 MMD in respect of LT installations of 100 HP and above and HT installations after permanent reduction of contract demand/sanctioned load of the consumer is approved.

The Executive Engineers of O&M Divisions are authorised to refund such excess 3 MMD in two stages after auditing as detailed below :

1. To refund immediately an amount equal to 3 times the demand charges calculated at prevailing tariff per KVA/HP for the difference between original C.D./SL and reduced C.D./SL.
2. (a) To refund the difference amount if any between the 3 MMD with Board and 3 calculated on the actual bill amounts (including PEC) for the subsequent three months from the date of effect of reduction of contract demand/sanctioned load.  
(b) The refund is subject to the usual revision of 3 MMD in the next financial year on the basis of average (Pro-data) bill of the previous financial year.
3. The refund shall be in the form of adjustment only against future bills/arrears if any.

**NOTE :** The revised 3 MMD in item (2) shall be computed for 100% entitlement in case there is a energy cut/demand cut.

## CIRCULAR

**Sub :** Regularisation of unauthorised connections,  
Disconnections etc.

Reports have reached Board that some field officers particularly in Belgaum and Bijapur districts have exhibited their discomfort, towards regularisation of unauthorised connections, disconnections etc., which are measures to improve legitimate revenues of the Board. It is also reported that these officials and officers are not taking up these works very enthusiastically and are also not very happy about the active involvement of the other dedicated employees. They are also shying away from the scene whenever the consumers ask for clarification or attack the employees, which is a very sad reflection of their loyalty to the Organisation.

It is hereby instructed that all the officers and senior officials of the Board should, the support of the local employees take up the regularisation of the unauthorised connections, disconnections etc. in a right spirit and implement the directives given by the Board with all seriousness.

If any reports are received that there is not good co-operation or active involvement, the Board will be constrained to take action against such officers/officials.

All Zonal Chief Engineers, Electy.,  
Karnataka Electricity Board,

Sirs,

**Sub :** Issue of bills and levy of interest as per  
Regulation 30.03 and 30.05 of KEB ESR 1988.

It has come to the notice of the Board that, though the H.T. installations are read on first day of every month, there is delay in delivering the bills to the consumers for arranging payment. As per Regulation 30.03 of KEB ESR 1988, the consumers are liable to pay the bill amount within 15 days from the date of presentation (day after the date of bill) of the bills. In some of the cases, the date of the bill is reckoned for arriving at the due date instead of date of presentation of the bill. As result, the consumers are penalised as per Regulation 30.05 of KEB ESR '88 as interest is levied and such consumers are approaching Board for waiver of interest.

In the circumstances, I am directed to request you to issue strict instructions to all the concerned Asst. Executive Engineers/Asst. Accounts Officers/Asst. Engineers/Junior Engineers for issue of bills to the consumers in time, particularly in case of H.T.. consumers to enable them to arrange payment within the due dates.

Any delay on the part of any officers/officials will be viewed seriously and action will be taken as per CDC&A Rules.

Yours faithfully,

**Sub :** Recovery of Audit Short Claims

**Ref :** Board Circular No. KEB/B10/4209/83-84, dated : 1-2-1995.

Board has issued strict circular instruction vide letter cited above to issue a separate supplemental bill for all Audit Short Claims detailing the reasons that led to the audit Short claim, calculation details, period of the claim and total amount to be paid, etc.

It has been observed by the Board that, inspite of the above Circular, in majority of the cases, the Audit Short Claims are being included in the regular monthly bills and no details are given. These claims are mainly due to the lapses on the part of Board Officials and are to be handled very carefully. Court will also not view the cases favourably if adequate details are not given to the consumers. The procedure to be followed is once again reiterated.

- 1) A separate supplemental bill with a detailed letter, shall not be included in the regular bill.
- 2) The letter should give all details that led to the supplemental claim, calculations, period of claim and request the consumer to pay within 30 days.
- 3) Any clarification required by the consumer shall be given by Assistant Accounts Officer/Senior assistant of the Revenue Section personally.
- 4) Instalment facility if sought by the consumer should be considered promptly as per existing rules and individual merits.

A Draft letter is enclosed for reference.

Any lapse in following the above procedure will be viewed seriously. The Internal Audit staff who raise the Audit Short claim shall specifically guide the revenue staff to follow this procedure.

**Sub :** Collection of MSD in respect of AEH installations.

**Ref :** 1. Board Circular of even no. dated 31-12-1996.  
2. Board Circular of even no dated 28-1-1997.  
3. Letter no. DE 3 EEB 96 dated 27-2-1997 of the Under Secretary to Govt., Dept., of Energy.

In modification to the circular instructions given under ref.(2), I am directed to clarify as follows regarding collection of Meter Security Deposit in respect of AEH installations, as per the directions of the Govt., of Karnataka.

### **I. EXISTING AEH INSTALLATIONS :**

In case of all existing AEH installations serviced earlier to 1-1-1997, no Meter Security Deposit is to be collected for the present. However, as and when existing Electro Mechanical Meter is replaced by an Electronic Meter, the cost of the Electronic Meter shall be collected in Three (3) equal monthly instalments without levying any interest. This amount shall be credited to a separate account Code 47.603 (b).

### **II. NEW AEH INSTALLATIONS :**

In respect of all new AEH installations serviced on or after 1-1-1997, Meter Security Deposit of Rs. 1,300/- in case of electronic Meter or Rs. 405/- in case of Electro Mechanical Meter shall be collected depending upon the meter that is fixed, as and when Electro-mechanical meter is replaced by Electronic Meter, the difference in cost is to be

collected in three (3) equal monthly instalments without levying of interest. This amount shall be credited to a separate Account Code 47.603 (a). If the type of meter that is going to be fixed to new AEH installation is not known before hand, the cost of Electro-mechanical Meter may be collected first and if an Electronic Meter is fixed at the time of service the differential cost may be collected in Three (3) equal monthly instalments as above in future bills.

In case where extra amount has already been collected as per circular of 28-1-1997, the same may be adjusted against future energy bills following proper accounting procedure.

The Assistant Executive Engineer (Ele) is authorised to extend instalment facility detailed in (I) and (II) above.

All other instructions detailed in the circulars cited under ref., remain unaltered.

You are requested to take action accordingly and also inform the public in your area.

### **PREAMBLE :**

Govt., of Karnataka introduced interest waiver scheme in 1993 to enable the farmers having Irrigation of 10HP & below, to pay the Principal amount and avail free power supply. Though some farmers, availed this facility, many have not availed this concession and as a result, the IP sets arrears outstanding as on 30-6-1996 is over Rs. 70 Corers. In order to help the farmers to clear the outstanding dues as on 30-6-1997 & also with GOK and it was agreed to announce further relief's and concessions as a last chance for IP set consumers of 10HP and below :

BOARD ORDER NO. KEB/B11/B10/6948/90-91

DATED : 1-3-1997.

Board pleased to accord approval to extend the following further relief's and concessions in respect of IP installations of 10HP and below :

- (a) Full waiver of interest and write off of 25% of the principal amount as on 30-6-1996, if the consumers pay the balance 75% of the amount before 31st March 1997.
- (b) Full waiver of interest and write off of 10% of the principal amount as on 30-6-1996, if the consumers pay the balance 90% of the amount between 1st April and 31st May 1997.
- (c) Only entire interest amount be waived off, if the consumers pay the entire Principal amount as an 30-6-1996, between 1st June and 31st July 1997.
- (d) No relief and concession be extended after 1-8-1997 and the IP installations still having arrears as on this date be disconnected as per Electricity Supply Regulations.

**Ref :** U.O. Note dated 5-12-1996 of Chief Law Officer in respect of W.P. No. 12833/91.

It has come to the notice of the Board that the Hon'ble High Court of Karnataka in W.P. No. 12833/91 that refunds due to consumer are not given immediately either in the form of cash or adjustment. The Hon'ble Court has ordered payment of interest of 10% P.A. for delayed period.

It is to be mentioned here that, in appeal cases, whenever the consumer deposits the prescribed amount as instructed by the Board/Court/Appellate authorities and subsequently the appeal is disposed off in the consumer's favour, the disputed amount should be immediately refunded either by adjustment against consumers energy bills or by cash. The lethargic attitude is attracting comments from the Hon'ble Courts besides payment of interest.

Hence, I am directed to instruct that if such instances of non-refund/non-adjustment are repeated and the interest become payable to the consumer on accounts of delay by the Board, the concerned officer/officials will be held responsible and the interest amount payable to the consumer will be recovered from their salaries.

The above may please be noted and all concerned may be instructed suitably.

IMC(T) meeting Resolution No. 110/402/dated 13-1-1997.

### **PREAMBLE :**

In the IMC(T) meeting held on 13-1-1997, while discussing the request for refund of excess 3MMD, the subject of extending instalment facility for long disconnected installations and extension of date of payment of regular bills was also discussed. In order to avoid delay causing hardship to the consumers especially in case of sick units, the Member (Finance) desired to have some guidelines regarding delegation of powers to Board Members.

After discussion it was decided in the said IMC(T) meeting held on 13-1-1997 to authorise Additional Secretary and Member (Finance) to extend instalment facility in respect of long disconnected installations when the dues are upto Rs. 2.5 Lakhs and 10.00 Lakhs respectively. All cases above Rs. 10 Lakhs to be put up to Chairman directly. Extension of time for payment of regular bills upto end of that month can be given to Additional Secretary & Member (Finance) not more than once in a 6 months period for each company and by insisting on Demand Draft or Cash payments.

BOARD ORDER NO. KEB/B11/4030/96-97, DATED : 20-2-1997.

Approval is accorded to delegate financial powers as follows :

### **A. EXTENSION OF DATE OF PAYMENT OF REGULAR BILLS MAXIMUM UPTO THE END OF THE MONTH IN WHICH PAYMENT IS DUE.**

SL. NO.	AUTHORISED BY	BILL AMOUNT
1.	Member (Finance)	Above Rs. 5 Lakhs
2.	Additional Secretary	Upto Rs. 5 Lakhs.

The payment at the end of the month shall be paid by CASH or DEMAND DRAFT ONLY. This facility shall be extended once in SIX (6) months only to a consumer, subject to levy of interest as per Regulations.

**B. TO PERMIT INSTALMENT FACILITY FOR LONG DISCONNECTED INSTALLATIONS :**

<b>SL. NO.</b>	<b>AUTHORISED BY</b>	<b>AMOUNT OF ARREARS</b>
<b>1.</b>	<b>Chairman</b>	<b>Above Rs. 10 Lakhs</b>
<b>2.</b>	<b>Member (Finance)</b>	<b>Above Rs. 2.5 Lakhs and upto Rs. 10 Lakhs</b>
<b>3.</b>	<b>Additional Secretary</b>	<b>above Rs. 50,000 and upto Rs. 2.5 Lakhs</b>

As general rule 50% shall be the down payment before reconnection and balance in Three (3) equal monthly instalments subject to levy of interest on arrears as per Regulations. No subsequent instalment facility shall be allowed till the entire arrears are cleared.

### PREAMBLE :

The powers to extend instalment facility by the field officers for additional 3MMD as per Board Order vide item no. 3, was withdrawn vide Board Order referred in item no. 6. Consequent to this consumers as now representing directly to the Board for granting instalment facility, giving several reasons that the units are sick financial constraints etc.,

In view of the above and as the Board is collecting interest at 2% PM on all belated payments of additional 3MMD, the subject was once again placed before the IMC(T) meeting held on 13-1-1997. After detailed discussions, it was decided to re-delegate financial powers to sanction only Three (3) equal monthly instalment facility for collection of additional 3MMD in respect of installations depending upon their power of sanction limits.

BOARD ORDER NO. KEB/B11/B10/5015/85-86

BANGALORE, DATED : 17-2-1997.

Approval is accorded to delegate financial powers as follows to sanction Three (3) equal monthly instalment facility for the collection of ADDITIONAL 3MMD whenever requisitions are made by the consumers.

**Sub :** Reducing of sanctioned load as per Reg. 36.02 of ESR and provision of alternate switch as per Reg. 16.02 of ESR.

**Ref :** Board Fax of even no. dated 23.11.96

In continuation of the above, Board has examined the reports regarding reduction of sanctioned load by L.T. Motive Power installations as per electricity Supply Regulation Clause no. 36.02 and most of the consumers have resorted to reduction, to avoid higher slab rates of fixed charges as per Electric Power Tariff of 1996. Board cannot refuse requests for reduction of demand.

In view of the above, I am directed to issue the following guidelines for strict compliance.

- (a) The concerned Superintending Engineer, Elecl., O&M Circle should insist for personal inspection of all such installations by Executive Engineer (EI) / Asst. Executive Engineer, (EI) and to confirm whether the consumers have actually reduced the sanctioned load by removing/ shifting some of the machinery's, installation of D.G. sets etc., or not. The order for reduction of demand should clearly specify the reasons for reduction. The consumers shall also be informed of the penal measures if connected load is found to be more than the revised sanctioned load during subsequent inspections.

- (b) A close watch shall be kept on all such installations by Asst. Executive Engineer, (El) MT/Vigilance and copies of orders of reduction of demand shall be sent to them for periodical inspection.
- (c) In the P.O. No. 10553/dated 19.7.1996, 550 nos. of L.T. Trivector meters with M.D. recording have been ordered and Superintending Engineer, (El) O&M Circle, shall get allotment from Chief Engineer, Electy., (MM&P) and arrange for fixing the same to the installations where reduction of demand is approved.

I find that some of our officers seem to hand over the list of necessary equipments to the Hon'ble Ministers as well as MLAs/MLCs of their areas for completion of certain works. It is admirable that our political bosses are trying to pursue these officers to get the work done. However, the officers themselves know why KEB has not been able to take up as many works as they want to take. It is mainly because of poor collections and massive thefts. I would, therefore, sincerely request such officers to ensure that they must hand over the list of arrears in particular areas along with the list of equipments which are required to the concerned Hon'ble Ministers as well as MPs/MLAs/MLCS and others. The equipments cannot come unless and until the recoveries are made.

I will be forced to punish those officers who do not increase their efforts at collection of arrears and somehow try to get more equipment/material.

Board circular of even no. dated 5.9.1996.

In the circulars under reference instructions were issued to serve notices in the prescribed format to all consumers whose meters are in assessible places for shifting the meters to easily accessible place to enable meter reading, monitoring etc., It was also instructed to complete the entire process within 60 days from 5.9.96 and report the action taken.

It is regretted to note that no serious action has been taken in this regard. It is observed that indents are still being sent for printing of notices. The number of notices served are also not significant.

The Chief Law Officer has brought to the notice of the Board that one of the firm challenged the notice issued by the Asst. Exe. Engineer (Ele) for shifting of the meter to a easily accessible place. After filing a detailed reply by the Board and inspection by the Engineer, the Hon'ble High Court upholding the Board's action has directed the consumer to shift the meter to the new place to be shown by the Board during Joint Inspection. It is necessary that the field staff inspect the location of the meter, see if there is any problem in meter reading/monitoring, show the new location to the consumer and then serve the notice to the consumer clearly indicating the date of joint inspection, new location of meter etc., Sending blank while forms without these details should be strictly avoided.

It is once again directed to take appropriate action to complete the process giving priority to H.T./L.T. power and commercial installations.

## KARNATAKA ELECTRICITY BOARD

1. Board Order No. KEB/B14/B10/2571/91-92 dated 7.11.1992 introducing of bi-monthly billing and reading for all AEH (LT2) installations coming under the jurisdiction of S1 (Jayanagar) and C1 (Rajajinagar) sub-divisions- Bangalore, for a period of 6 (Six) months on an experimental basis.
2. Discussion in the Senior Officers meeting held on 28.10.96 & 29.10.1996.
3. Letter No. SEE-BC/DCA/SPA/501-03 dated 26-10-1996 of the Superintending Engineer (Ele) O&M circle submitted a proposal for approval of taking readings of AEH installations once in 2 months in one of the sub-division in Bangalore Circle.
4. Proceedings of the Joint Meetings held on 15-11-1996 & 23-11-1996 with KEB employees Union (Reg., No. 659) in the matter of experimental introduction of bi-monthly reading of AEH installations in each one of the O&M City/Urban sub-division of all O&M Divisions of the Board.
5. Report submitted by the Deputy Secretary (Tech) based on the discussions in the meeting held on 30-11-1996 with some of the divisional & sub-divisional Officers & Officials regarding the problems that may occur after the implementation of the new system.
6. Letter No. KEBEU/7/97 dated 3-1-1997 of the General Secretary- KEB Employees Union.

### PREAMBLE :

In the said senior officer meeting bi-monthly billing of installations was discussed to reduce the workload on the meter readers & ledger clerks and also to ensure prompt delivery of bills to all consumers as number of complaints were coming from all the consumers. This was further discussed with the concerned field officers and officials also to know the practical problems that may occur in the revised system of bi-monthly reading and monthly billing. It was suggested in this meeting that the reasons for adopting the new system, the method of bi-monthly reading, monthly payments etc., in the new procedure is to be widely publicised for information of consumers and their acceptance. The work of the meter readers and ledger clerks will be substantially reduced in the new system, though not by 50%.

The issue was discussed with the Employees Union (Reg. No.659) who agreed for its implementation in the urban sub-divisions in the State as it will help the Board to improve its billing and revenue recoveries.

Taking into the account of the no. of installations and area managed by the Board, it was decided to introduce on an experimental basis the system of bi-monthly reading and monthly payment of revenue in respect of all LT-2 category of installations, in one City/Urban sub-division in some Divisions of the Board so as to get proper feed back, assess its usefulness and to decide the further course of action.

The issue was reexamined in response to the suggestion given in the letter dt. 3-1-1997 under ref. 6 read above, to introduce on a experimental basis in SIX (6) sub-divisions

ORDER NO. KEB/B20/5836/96-97

BANGALORE, DATED 17-1-1997.

After considering all aspects of the matter approval is hereby accorded for the following :

- A. Introduction of bi-monthly reading of all LT-2 installations as experimental measure in the following SIX (6) sub-divisions of the Board.

SL. NO.	NAME OF THE SUB-DIVISION	NAME OF THE O&M DIVISION
1.	N-2 (Vijayanagara)	Bangalore - North
2.	E-6 (Indra Nagar)	Bangalore - East
3.	Belgaum City -I	Belgaum
4.	Belgaum City- II	Belgaum
5.	Tumkur - I (Urban)	Tumkur
6.	Gulbarga - I (City)	Gulbarga

- B. The new system shall come into effect from meter reading dates falling on or after 1-2-1997.

- C. The guidelines for bi-monthly reading, payment of bills and disconnection and reconnection etc., shall be as per guidelines enclosed.

BY ORDER

(V. VENKATASUBBA RAO)  
ADDITIONAL SECRETARY.

**GUIDELINES IN RESPECT OF BI-MONTHLY READING OF**

**LT-2 CATEGORY OF INSTALLATIONS W.E.F. 1-2-1997**

**NEW METHOD :** The essence of the new system is to read all LT - 2 installations once in 2 months and issue bills which contain the amount to be paid by the consumer in that particular month and also indicate in the same bill the average amount to be paid by the consumer in the next month before the due date. The average amount paid in the month when meter is not read is to be adjusted when the actual meter reading is taken in the next month. To ensure success of the new system, it is necessary that all payments made based on average bill shall be taken into account properly and disconnection as per rules shall be done if bill amounts are not paid before the due date, in the months in which meters are not read. A sample bill format and billing procedure are annexed at 'A' & 'B' respectively.

**1.0 BIFURCATION OF INSTALLATIONS**

All LT - 2 category of installations in a sub-division shall be bifurcated into two groups for bi-monthly meter reading as installations to be read in EVEN months and those to be read in ODD months like Feb, April, May, August etc., (Even months group) AND March, May, July, Sept etc., (Odd months group) respectively. The bifurcation is to be done areawise and for the convenience of the of the Meter Readers and ledger clerks consulting of the concerned O&M units AEs/JEs regarding area, meter reading dates, no. of installations to be read etc., This shall be done as far as possible without changing the present meter reading dates, which means the installations now read every month on a particular date will be read on the same date either in the even month or odd month depending upon the group to which it is allocated.

**2.0 BILL TO BE ISSUED FOR INSTALLATIONS GROUP UNDER 'EVEN MONTH GROUP' BY THE FIRST MONTH & FEBRUARY 1997. AFTER INTRODUCTION OF THIS NEW PROCEDURE.**

The bill in the revised format as per new system shall be issued in the month of Feb '97 to all installations grouped under EVEN month reading. This bill consists of amount for the actual consumption of previous 31 days read in Feb '97 and provisional bill for the next non-reading month of March 1997 which shall be same as the bill amount of Feb '97 rounded off to nearest 10 rupees. Meter reading need not be taken for this group of installations in the month of March 1997. e.g.,

For month of	Basis	Bill Amount	Due date (assuming meter is read on 1st)
February 1997	Actual consumption	Rs. 361/-	17-2-1997
March 1997	2/97 Bill	Rs. 360/-	17-3-1997

**3.0 BILL TO BE ISSUED FOR INSTALLATIONS GROUPE UNDER ODD MONTH GROUP IN THE FEBRUARY 1997 AFTER INTRODUCTION OF THIS NEW PROCEDURE**

Actual meter reading need not be taken in Feb '97 in respect of installations grouped under ODD month group of installations. But a provisional bill shall be issued indicating the amount same as that of Jan '97 rounding off to nearest 10 rupees. A note may be added in the bill for information of the public that this is a provisional bill as per new procedure of bimonthly reading and is subject to further adjustment and the consumer shall pay the amount before the due date indicated in the bill.

**4.0 BILLS TO ISSUED FOR ODD MONTH GROUP IN THE SUBSEQUENT MONTHS i.e., MARCH 1997 ONWARDS, AFTER INTRODUCTION OF THE NEW PROCEDURE (ALSO REFER ITEM NO. 3)**

A bi-monthly bill in the new format for the ODD month group of installations shall be issued in the month of March 1997 after taking actual meter readings and deducting the provisional amount paid in Feb '97 as per item no 3.0 above. Amount to be paid for the month of 4/97 shall be also be mentioned clearly in the same bill as there will be no meter reading for this group in the month of 4/97. The bill amount for 4/97 shall be the average of two months (2/97 & 3/97) bill and rounded off to nearest 10 rupees.

**5.0 BILLS TO BE ISSUED FOR EVEN MONTH GROUP IN THE SUBSEQUENT MONTHS i.e., APRIL 97 & ONWARDS. AFTER INTRODUCTION OF THE NEW PROCEDURE (ALSO REFER NO. 2)**

A bi-monthly bill in the new format for the EVEN month group of installations shall be issued in the month of 4/97 based on actual consumption between 2/97 to 4/97 duly deducting the provisional amount already collected in the month of March 1997. The bill amount to be collected during 5/97 shall also be indicated in the same bill as there will be no meter reading for this group in the month of May 1997. This bill amount shall be average of 2/97 to 4/97 total bill rounded off to nearest 10 rupees. This procedure shall continue in the subsequent months also.

## 6.0 APPLICATION OF SLAB RATES AS PER LT-2 SCHEDULE FOR BILLING OF TWO MONTHS ACTUAL CONSUMPTION

Since meters are read once in 2 months and slab rates in tariff schedule are for per month consumption, adequate care shall be taken to give this benefit to the consumer and bills shall be prepared as follows bill revised tariffs are introduced.

First 200 units PM X 2 months = First 400 units	at 130 ps/unit
Next 100 units PM X 2 months = First 200 units	at 180 ps/unit
Next 100 units PM X 2 months = First 200 units	at 225 ps/unit
Balance units	at 325 ps/unit
Electricity Tax for all units	at 10 ps/unit
Fuel Escalation Charges for all units	at 15 ps/unit

The above however will not apply for bills to be issued in Feb '97 when only one months consumption is taken for billing.

AAO of revenue section shall prepare and issue a ready reckoner for all concerned Meter Readers and Ledger Clerks.

**Sub :** Fixing of Electronic Meters and Electro Mechanical Meters - Collection of Meter Security Deposit - reg.

**Ref :** 1. Resolution No. IMC(T)/109/397/2-11-1996.  
2. Resolution No. IMC(T)/109/398/2-11-1996.  
3. Board Notification of even no. dated 30-12-1996.

The Board in the IMC(T) meeting held on 2-11-1996 discussed the use of Electronic Energy Meters in all high revenue yielding installations, as these meters are more accurate, trouble free and tamper proof. In the same meeting, the issue of fixing of 3 phase Electro Mechanical Meters to all IP set installations was also discussed for accurate assessment of IP consumption and the T&D loss etc., The Joint House Committee which went into the tariff issue have also insisted for fixing of meters to all I.P. Set installations.

The Board has decided to use only Electronic Meters in all HT & LT installations and three phase Electro Mechanical Meters in all IP set installations to be serviced on or after 1st January 1997.

In this connection, it is hereby directed that the following guidelines shall be followed:

1. All HT and LT installations (including temporary installations given power supply with a meter) serviced on or after 1-2-1997 shall be provided with Electronic Meters except commercial lighting of 1KW & less of sanctioned load and all domestic & non-commercial lighting installations.

2. All IP set installations serviced on or after 1-1-1997, shall be provided with three phase Electro Mechanical Meters as already informed in Chief Engineer Electy., (General) circular letter no. T/com.1/EC 600/cys370/dt 9-12-1996 and the installations shall be serviced only after fixing the energy meter. The consumer shall provide suitable metal water proof housing meter box for fixing the energy meter. The Chief Engineer Electy., (General) and Chief Engineer (TA&QC) shall develop suitable drawing and forward the same immediately.
3. The present rates of Meter Security Deposit to be collected for the above said installations serviced on or after 1-1-1997 are as follows as per Schedule of Rate for 1996-97.

### I ELECTRONIC METERS :

#### (A) LT installations :

1	Single Phase	Rs.	1,300.00
2	Three phase	Rs.	3,000.00
3	Three phase with CT's & Tamper proof box	Rs.	5,570.00

#### (B) HT installations :

1 (i)	11 KV / 13.2 KV (Enamel painting)	Rs.	53,100.00
(ii)	11 KV / 13.2 KV (Epoxy painting)	Rs.	55,650.00
2	33 KV	Rs.	1,47,500.00
3	66 KV	Rs.	2,08,600.00
4	110 KV	Rs.	3,97,600.00
5	220 KV	Rs.	11,11,100.00

### II ELECTROMECHANICAL METERS

1.	Three phase	Rs.	960.00
----	-------------	-----	--------

4. However the above rates are subject to variation from time to time as prescribed by the Board in the schedule of rates. An interest at 10% pa shall be given as per Regulation No. 31.04 of ESR-1988 (Amended) for MSD from the date of service of said installations.

It may be noted that security deposit as above shall be collected from all AEH installations also which were hitherto exempted from payment of MSD apart from other installations serviced on or after 1-1-1997.

5. The meter reading of Electro-Mechanical Materials fixed to IP set installations upto 10 HP, shall be taken once in 3 months and submitted to the Revenue Section for necessary entries in the ledgers. A separate consolidated statement of this consumption along with the no. of IP sets metered, load etc., shall also be submitted along with monthly DCB.
6. The collection of cost of Electronic Meter as meter security deposit for L.T. installations shall be done, though other than Electronic Meter may be fixed initially at the time of service due to non-availability of Electronic meters, since the Board has to replace all such meters by Electronic Meters at a later date.

  - 4) U.O. Note No. Nil dated 8-10-1996 of the Chief Law Officer, KEB, B'lore;

In response to the clarification sought under reference-1 by the Chief Controller of Accounts, I/A, KEB, Bangalore, on the above subject, the Board took a decision and communicated in letter of even No. dt. 8-2-1995 that the Appellate Authorities can finalise such appeals as a quasi-judicial authority on merits on case to case basis.

The issue came up once again for discussion in one of the senior officers meeting wherein the Superintending Engineers, (Elect) (Appeals - I and II), KEB, Bangalore, stated that most of the appeals pending pertains to the period between 1988 and 1992. As there is no provision in the supply Regulations to revise the Bills by taking one year's average consumption after fixing a good meter, it was decided after discussions, to dispose of all such cases of appeals also by taking into to dispose of all such cases of appeals also by taking into account the average consumption after fixing a good meter.

Pursuant to above, I am directed to accord approval to dispose of all pending appeals pertaining to the period 8-12-1988 to 15-1-1992, in which the meters are MNR from the date of service and claims are made based on fixed units, by taking into account one year's average consumption after a working meter is installed as per Regulation 29-04 of Electricity Supply (Amendment) Regulation 1992.

Early action to dispose off all such appeals immediately by taken and number of cases disposed off may be intimated to Board in the monthly report.

**Sub :** Recovery of arrears from the Private consumers.

F.A. and C.A.O. has reported that about Rs. 136.30 Crores due from private consumers and court cases of arrears of Rs. 1 Lakh and above as of June 1996. This clearly shows that prompt action is not being taken at all levels as expected by the Board. In view of this, the total arrears is mounting to an alarming figure causing an adverse effect on the cash inflows of the Board.

Board in response to public interest petition has filed memo to the High Court that expeditious action will be taken to recover the arrears.

I am directed to instruct you once again to bestow personal attention for enforcement of disconnection whenever there is outstanding dues as per rules besides taking action as follows especially in respect of all Private Consumer Installations to improve the financial position of the Board.

- i) All pending Court cases and Appeals be vigorously pursued;
- ii) All cases for which clarification sought from the higher authorities be pursued for early settlement of disputed arrears;
- iii) All statements in respect of withdrawals/write off cases be pursued to reduce the ledger balances;

Any violation of these instructions will be viewed seriously and disciplinary action will be initiated as per CDCA Rules.

**Sub:** Ineffectiveness in disconnection of Installations  
having revenue arrears.

The Chairman, during his recent inspections observed that though the revenue sections have issued disconnection memos for non payment of revenue arrears, the field personnel are not effecting disconnections promptly. It is also noted that the disconnection memos are not being returned to the revenue sections within three days from the date of issue after effecting disconnection. This indicates inefficiency in effecting prompt disconnection, resulting in accumulation of revenue arrears. This has been viewed seriously by the Board.

It is hereby instructed that all the divisional and subdivisional officers should conduct weekly meetings at the subdivisional level and monthly meeting at divisional level to review disconnections. Any lapse in this regard will be viewed seriously by the Board and personal responsibility will be fixed and action taken as per CDCA rules.

**Sub :** Placing of meters and its accessories in an easily accessible place at consumers premises.

**Ref :** Board Circular of even No. dated 25-9-1995.

In the circular cited above, directions were issued that as per Regulation 4.03 of Electricity Supply Regulations, the position of the Meters and accessories shall be easily accessible to the employees of the Board at all times for inspection, meter reading etc. Further, in case the meter is to be installed outside the building, it shall be well protected against adverse weather conditions by providing an enclosure to the satisfaction of the Board.

It is seen that, the meters are still located in inaccessible places making inspection etc., difficult. In all such cases, a draft notice is to be served on the consumer calling upon them to fix the meter at the place which is easily accessible. The imposition of such a condition is within the powers of the Board under Section 79 of the Electricity (Supply) Act 1948 and the same will ultimately benefit the consumer even though it may involve some expenditure.

In view of the above, I am directed to enclose herewith a draft notice to be issued by the Sub-Divisional Officer to the existing consumers whose meters are in an inaccessible place and asking them to shift the same to an accessible place as required under Regulation 4.03. This shall be done within next 60 days. The Chief Engineers, Electricity, Zones, are directed to arrange for bulk printing and supply of such notices.

Further, as far as prospective consumers are concerned, all Field Officers shall ensure that, the meters and other accessories are located in such a way that they are easily accessible and also they are well protected against rain and other adverse weather conditions. Any deviation in this regard will be viewed seriously and disciplinary action will be taken as per C.D.C. and A. Rules

**Ref :** 1) Board Order of even No. dtd. 1-2-1996.  
2) Board Circular of even No. dt. 5-2-1996.

Inviting reference to the above, I am directed to state that, Board has issued Circular instructions in respect of "simplication of procedure for withdrawal and refund of Revenue and Tax." And also delegated powers to various field officers of the Board for early settlement of refund claims to the consumers and to withdraw excess demand so as to avoid fictitious demand in the ledgers.

In this connection, it has come to the notice of the Board that inspite of the revised guidelines, delay is taking place at Divisional level in settling the claims. Strict instructions may be issued to all concerned to follow the Circular instructions and avoid unnecessary delay in approving the withdrawal statements which comes under your powers.

While approving and issuing such orders, copies need not to be sent to Board. However a copy may be marked to **Chief Controller of Accounts, KEB, Cauvery Bhavan, Bangalore** for information.

All Executive Engineers, Electrical,

All Assistant Executive Engrs, Elecl.,  
O&M Sub-Division, Karnataka Electricity Board,

Sirs,

**Sub :** Regarding Collection of supervision charges in respect of arranging power supply to the Street Lights/Additional Street Lights provided in the Industrial layout formed by KIADB.

**Ref :** Letter dated 9-5-1995 of the Executive Member, KIADB, addressed to the Chairman, K.E.B.,

2. Letter dated 24-8-1995 of Chief Development officer, KIADB.

3. Letter dated 11-3-1996 of Executive Member, KIADB, addressed to Chairman, K.E.B.,

With reference to the above, I am directed to state that the KIADB Bangalore has approached Board with a request, not to insist on supervision charges of 10% or 20% as the case may be on the entire cost of the estimate for arranging power supply to the Street Light/Additional Street Lights provided in the KIADB Industrial area when these are provided as detailed below :

1. KIADB is doing all the work right from preparation of estimate, Execution, Maintenance etc.,

2. Street Light fittings are mounted on separate steel tubular poles erected by KIADB.
3. After service these are not handed ??? KEB for maintenance.
4. Street light fittings are not mounted to any of the KEB Poles in the KIADB Industrial layout.
5. Street Lights are not included in a KEB. estimate while arranging power supply to the industrial layout of KIADB.

After detailed examination the Board as a special case has decided not to insist upon the payment of supervision charges of 10% or 20% as the Street light works are not supervised by K.E.B., and the Street lights are provided by KIADB as per the above conditions in the KAIDB Industrial layout. However KAIDB shall pay necessary charges as per regulation clause 47.00 of ESR 1988. They shall also -

1. Pay fresh or additional 3 MMD/Security Deposit as required.
2. Fulfill other formalities of the Board.
3. These street lights installations shall be serviced duly assigning R.R. No. for fresh service or as additional load to the existing installations.

This shall be followed strictly in all cases.

Yours faithfully,

ADDITIONAL SECRETARY.

Sirs,

**Sub :** Amendment to Regulation-9 of Electricity  
Supply Regulations.

**Ref :** Board Circular letter of even No. dated 18-1-1996  
along with a copy of the Official Gazette  
published on 11-1-1996.

The Regulation-9 of Electricity Supply Regulation regarding power supply to M.S. Building has been amended with effect from 6-10-1995 as per Circular letter under reference above.

The problems in the implementation of the Regulation were reviewed.

After examining the various issues, I am directed to clarify/accord approval as follows :

1. In all cases, where power is sanctioned to M.S. Buildings prior to 6-10-1995 and where the prospective consumers have paid the service charges deposits etc., as per old Regulations prior to 6-10-1995, such applications be processed and power

supply arranged as per old Regulations. All other cases shall be processed as per new guidelines.

2. The M.S. Buildings having 4 or more floors and having industrial installations also come under this Regulations. The jurisdictional Superintending Engineer, Elecl., may decide and arrange H.T. or L.T. power supply at single point or multi points (even if the specified load is more than 75 KWs.) as desired by the prospective consumer. However, all other clauses relating to self executive distribution system modifications, etc., are application in such cases.
3. It is also clarified that in the existing building already having power supply where specified load is less than 25 KWs, no service charges/augmentation charges need existing load is less than 25 KWs.
4. In cases of applicants availing fresh power supply to the new buildings where specified load is between 25 KW and 50 KW and if there is no space to install distribution transformer in the consumers premises, the jurisdictional Superintending Engineer, Elecl., may approve to arrange power supply as follows :
  - i. From the existing Board's distribution transformer nearby if it has capacity to cater to the additional load subject to condition that the total load on the distribution transformer does not exceed 75% of rated capacity duly taking into consideration the other fresh/additional loads that have been already sanctioned, but not yet serviced.
  - ii. By augmenting the capacity of the nearby distribution transformer subject to the condition that the total load on distribution transformer does not exceed 75% of the rated capacity duly taking into consideration the other fresh/additional loads that are already sanctioned, but not yet serviced.
  - iii. By putting up a new transformer at Board's cost in the nearby public space/footpath, if space is available.
  - iv. Board may arrange power supply to the prospective buildings from nearby transformer in a private premises which has got adequate capacity or will have capacity on enhancement, provided that the prospective consumer produces an

unambiguous permission letter from the owner of the premises where transformer is located subject to the condition that the load on the enhanced distribution transformer does not exceed 75% of rated capacity duly taking into consideration the other fresh/additional loads sanctioned on the transformer by the Board.

In all the above four cases, a service charges at the rate of Rs. 7500/- per KW in Bangalore and Rs. 5000/- per KW in other cities/towns for the entire specified load shall be collected from the prospective consumer. Under any circumstances, the capacity of the distribution transformer should not be more than 500 KVA.

Amendments to ESR in this regard will be issued separately.

However, in cases of extending additional power supply to old buildings which are already having power supply prior to 6-10-1995, the augmentation charges at Rs. 2,500/- per KW is continued to be collected as per Regulation 9.05 Note (b).

You may please follow the above guidelines and clear pending cases to avoid consumer complaints.

Sirs,

**Sub :** Illegal Electrical Connections.

**Ref :** Senior Officers Meeting held on 2-4-1996.

It has come to the notice of the Board that many illegal Electrical Connections have been taken to the unauthorised buildings. The Sub-Divisional Officers and their staff are aware of this. But, they have not taken any action either to disconnect the illegal connection with the help of KEB Vigilance or Local Police assistance, and curb the growth of such illegal connections and reduce the revenue loss to the Board. Even the jurisdictional Divisional Engineers have not taken any action during their visit to the Sub-Divisions/Section Offices. This issue had come up for discussions in the Senior Officer's Meeting held on 2-4-1996 and Chairman, KEB, has taken a serious view.

I am directed to inform you that the Sub-Division Officers of the Board under his control should identify all such illegal electrical connections excluding I.P. Sets and shall bring it to the notice of the jurisdictional Divisional Engineers within 31-5-1996. If any illegal connections are detected by KEB vigilance after 31-5-1996 the Section officers and the Sub-Divisional Officers of such Sub-Division will be held responsible and departmental enquiry would be initiated on such erring officials/officers.

Separate instructions will follow regarding I.P. Sets. However, action as per prevailing inspections should continue in respect of I.P. Sets.

**Sub :** Payment of Interest for the delayed payment which  
is less than a month.

Hon'ble High Court of Karnataka in W.P. No. 2703/93 and on other connected Writ Petitions filed by M/s. Shimoga Steels, Mysore, and M/s. Bhoruka Steels, Bangalore, has held that the consumers are liable to pay 2% interest even for a day's delay beyond due date as per Regulation 30.05 of Karnataka Electricity Board Supply Regulations 1988. In these cases, the consumers had contended that they are liable to pay interest for actual number of days of delay when the same is less than a month and not for the full month. Further, the Hon'ble High Court has held that the Regulation 30.05 is valid and legal.

(By Sri. N.K. Gupta, Adv., for Respt.)

This writ petition filed praying to declare that the Regulation 30.05 of the supply Regulations permits the board to levy interest at 2% only on the number of days of delay in payment of the electricity consumption bills, and if warranted strike down Regulation 30.05 of the K.E.B.B. as unconstitutional and being ultra vires the provisions of the constitution, etc.,

These writ petitions coming an for hearing, the same having been heard and reserved for pronouncement of order, the Court made the following order.

**ORDER**

A short but interesting question of law falls for determination in these writ petitions. The question and so also the answer to the same turns on a true and correct interpretation of Regulations 30.05 of the Karnataka Electricity Supply Regulations 1988, which empower the Board to recover interest on belated payments. The regulation reads thus :

**"Levy of interest :-** In case of any belated payment, simple interest will be levied at the rate of 2% per month or part thereof from the expiry of due date, subject to a minimum of Rs. 1/- for L.T. installations and Rs. 100/- for H.T. installations.

2. On behalf of the petitioner it is argued that the Regulation envisages payment of interest at the rate of 2% per month or 'Part thereof', which words accordings to the petitioner imply that if the delay in the payment of the electricity charges is less than a month then interest at the prescribed rate is recoverable only for the period of actual delay and not for a completed month. Reliance in support is placed on SAKTHI SUGARS LTD .v. THE ASST. COMMISSIONER OF COMMERCIAL TAXES, CENTRAL ASSESSMENT CIRCLE-I, COIMBATORE AND OTHERS / 59 STC P-52 (Madras); (2) BROOKE BOND INDIA LIMITED .vs. COMMISSIONER OF SALES TAX, U.P. LUCKNOW AND ANOTHER / 1982 (51 STC) P. 357 (Allahabad)/(3) LAMINA SUSPENSION PRODUCTS (P) LIMITED .v. STATE OF ANDHRA PRADESH AND ANOTHER / ITR 1991 P-105 (Andhra pradesh) (4) THE STATE OF TAMIL NADU .v. P.T.C. SANGVI & COMPANY AND OTHERS / 1987 (66 STC) P-69 (Madras/.
3. Mr. Narasimha Murthy, learned Senior Counsel appearing for the Respondent - Board on the other hand argued that Regulation 30.05 framed by the Respondent Board in exercise of the powers vested in it under Section 79-J of the Electricity Supply Act, 1948 only stipulates the conditions subject to which the Board would supply energy to the consumers. Supply of electricity, argued the learned Counsel, was tantamount to supply and sale of goods and any stipulation in the Regulations no matter statutory in flabour ought to be viewed only as one of the conditions subject to which such sale and supply is made. He placed reliance upon the judgment of the Supreme Court in KHAZAN CHAND AND OTHERS .v. STATE OF JAMMU AND KASHMIR AND OTHERS / AIR 1984 SC. 762/in support of his submission on that a party committing default in the payment of an amount which it was bound to pay whether on account of tax or otherwise was not entitled to complain of harshness in the provisions enacted to discourage such non-payment or to ensure prompt remittance. He contended that the provisions of Rule 30.05 have been in existance for a long time and have been understood not only by the Board but even by the consumers at large to be permitting recovery of interet on delay payments at the prescribed rate of 2% p.m. not only for every completed month of default but also as a full month for purposes of such recovery.
4. I have given my auxious consideration to the submissions made at the Bar. The crucial expression in the Regulation is "simple interest will be levied at the rate of 2% p.m., or part thereof from the expiry of the due date". Regulation 30.3 of the Regulations provides that the Bill amount just be paid by the consumer within 15 days from the date of presentation thereof. The amount remaining unpaid would therefore attract the prescribed

rate of interest from the date of expiry of the said period of 15 days. Now the expression "2% p.m. or part thereof" can be broken into two namely "2% p.m." and "part thereof". The words 2% p.m., signify that for every 100 rupees remaining unpaid there are both odd in the sense that the former is not an exact multiple of 100 and the latter not an exact multiple of a month. Calculation of simple interest at the rate of 2% p.m. on the above amount, would be possible not only for the exact amount but also for the exact period for which the delay has occurred; by applying the simple interest calculating formula i.e., **Amount x rate x time ÷ 100**. When so calculated the interest payable to the Board is  $750 \times 2 \times 6\frac{1}{2} \div 100 = \text{Rs. } 97.5$ . It is thus obvious that the expression 2% p.m. is complete in itself to make calculation of interest for any amount for any period exact to the actual number of years, months and days possible. It is not as though it would be impossible or even difficult to calculate interest for any period less than a month so as to make the use of the expression "or part thereof" necessary. Even in the absence of the said expression, it is possible to calculate interest for the exact period for which the delay has taken place.

5. The interpretation suggested by the petitioner that the use of the words "or part thereof" only mean that if the delay is less than a month then the interest amount calculated should be only for the actual delay and not a complete month if accepted would render the said expression a total surplusage. That is so because, even in the absence of the said expression, interest would be chargeable for the exact period of delay and not the whole month. Any such interpretation has therefore to be eschewed for it is an elementary rule of construction that the legislature and even a body exercising subordinate legislative functions does not waste words while enacting the laws. Each word and expression, it is presumed, is meant to serve a purpose and an interpretation which may render any word or expression redundant or superfluous must be avoided. When viewed thus the expression "or part thereof" used in the Regulation can only mean that not only shall the Board, be entitled to interest at the rate of 2% for every completed month of delay but even for a delay of a part only of a month also the interest chargeable would be 2%. Stated differently the Board is entitled to claim Rs. 2/- for every one hundred rupees unpaid for each month's delay and for a delay of a part only of a month also. That is how the Regulation appears to have been understood not only by the Board but even by the consumers at large for it is not in dispute that till the filing of the present petition none of the consumers has at any stage questioned the Board's right to recover interest for a full month even when the delay in making the payment of the charges was only for part only of a month. Even the petitioner has been over the years accepting that interpretation and making payments of interest for the full month even when the delay was less than a month.

The Regulation it is apparent stipulated a condition governing the supply of goods to the consumers and is therefore different from the provision contained in a Taxing Statute where the Court may be required to take a view more indulgent towards the tax payer if two interpretations are possible.

6. That part there is nothing unconscionable in the Regulation providing for payment of interest for the full month although the delay is only for a part thereof. Once the consumer fails to remit the amount with-in the time prescribed, it is open to him to withhold the payment till the end of the month and remit the same before the beginning of the next month. That is so because even if he makes the payment in the middle of the month his liability to pay interest for the whole month would remain unaffected.
7. Reliance upon the judgments referred to pay the learned Counsel for the petitioner does not in my opinion, lend any assistance to it. In all the cases cited on behalf of the petitioner the Court was considering the question of payment of interest and / or penalty under the provisions of the Sales Tax Act, where the Courts are entitled to adopt an interpretation more beneficial to the subject, if two views are otherwise possible. I am conscious of the fact that the view taken in those decisions does not proceed on that logic, but, the only basis on which they can be distinguished is that the cases dealt with by them arose out of taxing Statutes. If that distinction be not sound enough as even I am inclined to believe I regret my inability to subscribe to the view taken in the same and that I do with utmost respect to the honourable Judges who decided those cases.
8. In result I hold that the Respondent-Board is entitled to recover interest at the prescribed rate of 2% for not only every completed month of delay but also for every part thereof as though the part too was a complete month. There is no merit in this petition which fails and is accordingly dismissed but in the circumstances of the case without any orders as to costs.

This Writ Appeal is filed under Section 4 of the Karnataka High Court Act, 1961, praying that this Court be pleased to set aside the order of the learned single Judge passed in W.P. No. 12043/90 dated 4-12-1993.

This Writ Appeal having been heard and reserved for Judgement, this day, KRISHNA MOORTHY J., delivered the following :

## J U D G M E N T

This question involved in this Writ Appeal is an to whether the appellants are liable to pay interest for the belated payment of additional security deposit as provided under Regulation 31.02 of the K.E.B. Electricity Supply Regulation, 1988. The learned single Judge, following a decision of this Court in *SRI RADHADRISHNA KHANDASARI SUGAR MILLS v. KARNATAKA ELECTRICITY BOARD* (I.L.R. 1993 KARNATAKA 2706), held them liable and dismissed the Writ Petition. Hence this Appeal.

2. The appellants are engaged in the manufacture of paper and paper products at their Mills at Nanjangud. The appellants deposited initial security deposit. Thereafter, the Electricity Regulations were amended and additional security deposit, on the basis of 3 months consumption was demanded which was to be paid in cash. The amended Regulation was challenged by the petitioner in W.Ps. 9997 and 9998 of 1989 and the same was rejected by this Court on 28-6-1989. However, this Court, allowed the appellants to pay the amount claimed by the respondent in five monthly instalments and the appellants promptly paid the amount by availing the instalment facility granted by this Court. Thereafter, the Respondent - Electricity Board issued a demand notice dated 18-5-1990 demanding interest on the ground of delayed payment of 3 MMD calculated at 2%. This claim towards interest is for the period from 4-2-1989 to 4-4-1990. It is this demand that was challenged in the Writ Petitions which was upheld by the learned single Judge.
3. It is contended by the learned Counsel for the appellants that the decision was based on the amendment to Regulation 30.05 as amended in 1992 which provided for interest on any belated payment. The period in question in this case is before 1992 and Regulation 30.05 as it stood at the relevant time, which provided interest only for non-payment of energy charges, cannot be made applicable for non-payment of additional security deposit under Regulation 31.02. On the other hand, learned Counsel for the respondent - Board contended that the additional security deposit in effect is only the electricity charges and that, (even Regulation 30.05 the electricity charges and that), even Regulation 30.05 as it stood at the relevant time would apply for non-payment of additional security deposit as well. After hearing the learned Counsel on both the sides, we hearing the learned Counsel on both the sides, we are inclined to accept the contention of the respondent.
4. Regulation 30.05 as it stood at the relevant time provides that, in case of delayed payment, simple interest will be levied at the rate of 2% p.m. or part thereof from the expiry of due date as per Clause 30.03. This was amended in 1992 creating liability for interest for any belated payment.
5. The case of Writ petitioners is that, Regulation 30.05 will apply only to the case of belated payment of energy charges and not for security deposit, but we are of the view that, additional security deposit is also in effect, energy charges and accordingly, Regulation 30.05 would apply for the belated payment of the same as well.
6. The nature and incidence of additional security deposit demanded by the Electricity Board came up

for consideration before Their Lordships of the Supreme Court in FERRO ALLOYS CORPN. LTD., Vs. A.P. STATE ELECTRICITY BOARD AND ANOTHER (AIR 1993 S.C. 2005). In that Judgment, Their Lordships considered the nature and incidence of additional security deposit. In paragraphs 98 to 106 of that Judgment, it is observed:

"98. The next question will be : what is the object in demanding security?

The deposit though called security deposit is really an adjustable advance payment of consumption charges. The payment is in terms of the agreement interpreting the conditions of supply. This security deposit is revisable for time to time on the basis of average consumption charges depending upon the actual consumption over a period. This is the position under the terms of supply of energy with reference to all the Boards.

99. As a matter of fact, electricity is supplied in anticipation of payment. In almost every case it takes nearly 2-1/2 months for the recovery of the amount before action for disconnection could be taken. We will give one illustration as is in the case of Rajasthan. The following is the billing cycle:

(a) Consumption period	30 days.
(b) Period consumed after taking the meter readings to issue bills.	10 days.
(c) period allowed for payment	17 days.
(d) Notice for disconnecting supply if consumer fails to deposit energy bill in time.	7 days.
(e) Period taken in actual disconnection after expiry of notice.	10 days.
<b>Total</b>	<b>74 days</b>

100. In practice, some time is also taken between the period allowed for payment and the notice of disconnection. At the same time, there is no obligation that the consumer must use only a particular quantum of electricity. He could even consume more than the average consumption. The Board after 2-1/2 months recovers amount for the electricity supplied by it. It could charge late surcharge in case of high tension tariff after the expiry of the said period.

101. Thus, it will be clear that the true nature of the transaction in these cases is one of advance payment of charges for consumption of electricity estimated for a period of approximately three month. Such an advance is liable to be made good and kept at the stipulated level from month to month. It is open to the consumer to permit adjustment of the advance in the first instance. Thereafter, he could make good the shortfall in consumption charges and the security deposit before actual disconnection. Actually speaking, it is only after three months the disconnection takes place. Hence, it is like a running current account.

102. The cycle of billing by the Board demonstrates that in the very nature of things, the consumer is supplied energy on credit. The compulsory deposit in the context of billing cycle is hardly adequate to

secure payments to the Board by the time the formal bill by the Board is raised on the consumer. In one sense, the consumption security deposit represents only a part of the money which is payable to the Board on the bill being raised against the consumer. Thus, the Board secures itself by resorting to such deposit to cover part of the liability.

103. For supply of electricity the Board needs finance for production, supply and other charges necessary for supply of electricity. For this purpose, it takes loans from various financial institutions. This is best illustrated if one looks at the transactions of Punjab Electricity Board where electric energy is generated through hydro as well as thermal plants for ultimate sale to the consumers. Of the total power generated about 50 per cent is through hydro plants. The remaining energy is generated through thermal power plants which are operated on coal/oil. Due to limited hydro resources within the State of Punjab the dependency on power on thermal plants is on the increase. The present requirement for working of thermal plants is more than 52 lakh tonnes of coal per annum. In addition, 60 thousand kilo litre of furnace oil is required. The coal Companies / Coal India Limited together with major suppliers of power plant like M/s. BHEL demand cost of coal/spares/projects in advance for the supply of material. The Board is also required to purchase power from Central projects N.T.P.C., H.H.P.C. in order to meet the demand for power by the consumers. For purchase of such power again advance payments are made by the Board. On such advances the Board is not paid any interest. The effect is, the Board is obliged to bear the liability of hundreds of crores of rupees per annum. It has no option but to pay the charges and deposits in order to keep the power available at a level to meet with the demand of the consumers. It is the case of the Board that it has opened letters of credit by making advance deposits in favour of National Thermal Power Corporation and the suppliers. Coal India Limited has also asked the Board to open revolving letters of credit in favour of coal Companies / Coal India Limited. Despatch of coal is only against the letter of credit.

104. From the above, it is clear that while the Electricity Board is required to make colossal advances to generate electricity and supply to consumers, the consumers use and consume electricity on credit ranging from 2 to 3 months depending upon the category of consumer. To off-set part of the amount the consumer owes to the Board continually to ensure timely payment of bills by the Board to its suppliers, the advance consumption deposit is required to be kept with the Board before commencing supply to the consumer. The clauses in the contract in relation to conditions of supply of electric energy enable the Board to adjust the bill against such deposits. Therefore, this is not a case of mere deposit of money as in commercial transaction. In demanding security deposit it is open to the Court to take note of pilferage as laid down in *Ashok Soap Factory v. Municipal Corporation of Delhi*, (1993) 1 JT (SC) 138 at p. 137 : (1993 AIR SCW 650 at p. 656, para 27) :

" ..... The variation in the electricity consumed by different consumers indicated that the charge of pilferage of electricity and gross under - utilisation or consumption of electricity compared to the sanctioned load was not without foundation .....

105. The meaning of the term "deposit" is given in Corpus Juris Secundum, Vol. 26A p. 194 quoted in Davidson v. US, C.C.A.Pa., 292F. 750, 752 as follows:

"In the sense of an Act, a deposit has been described as a mere incident of custody, and, in its ordinary signification, implies something more than mere possession, negatives all idea of loan with contemplation of use for profit, and has been defined as an act by which a person receives the property of another, binding himself to preserve it and return it in kind; the act of one person giving to another, with his consent the possession of personal property to keep for the use and benefit of the first or of a third party. It may mean a permanent disposition of the thing placed or deposited, or a mere temporary disposition or placing of the thing."

106. In these circumstances, we conclude that the object of security deposit is to ensure proper payment of bills.

From the aforesaid judgment of the Supreme Court, it is clear that the deposit, though called a security deposit, is really an adjustable advance payment of consumption charges. It was further observed by Their Lordships that the Electricity Board supplies energy to the petitioner -

Consumer in advance without receiving any payment and that, in the normal course, it takes three months time for the Electricity Board to recover the current charges. It is to safeguard the interest of the electricity Board when it supplies energy in advance, that a provision is made for making additional deposit towards energy charges. From the decision of the Supreme Court referred to above, it is clear that the additional security deposit is also in effect supply charges which is received in advance. If that be so, Regulation 30.05 as it stood at the relevant time, would clearly apply to the non-payment of the advance security deposit as well and the petitioner is liable to pay interest if the payment is delayed. The learned Judge was right in dismissing the Writ Petitions.

Learned Counsel for the petitioners contended that this Court, while disposing of the Writ Petitions, challenging the levy, had permitted the petitioners to pay the additional security deposit in five instalments and the petitioners having complied with the same by promptly paying it, are not liable to pay interest. There is no force in this argument. Though this Court granted instalment benefit to the petitioner, the liability of the petitioner arises from the date of demand or from the due date of payment and the benefit of instalment payment will not arrest the running of the liability for interest if it otherwise arises. We have already held that petitioner is liable to pay interest and accordingly, the fact that, instalment benefit was granted by this Court will not disentitle the Electricity Board from claiming interest for the belated payment.

In view of what is stated above, we do not find any ground to interfere with the Judgment of the learned single Judge and accordingly, the writ Appeal is dismissed, but in the circumstances, without any order as to costs.

M/s. Srinidhi Electrical and Civil Contractors, Navalgund, (site grading) for 220 KV Station, Narendra, Dharwar, for an estimated amount of Rs. 7.00 Lakhs. After completing the work and collecting the final bill the Contractor came up with additional claim of a sum of Rs. 44,39,000/- alleging that during the course of execution of the work, they had to idle their men and machineries due to the fault of the Board. They sought for reference of the same to an Arbitrator. The Civil Court, Hubli, before whom the Contractor initiated Arbitration suit made an order to refer the dispute to an Arbitrator, a Retired P.W.D. Chief Engineer, Against this Order the Board had filed a Miscellaneous First Appeal to the Hon'ble High Court. On coming to know of filing of appeal by the Board, the Arbitrator, hurried through the proceedings, awarded an additional sum of Rs. 8.00 Lakhs. The Hon'ble High Court was pleased to allow the Appeal filed by the Board and set aside the orders of the Civil Court appointing the Arbitrator. The Hon'ble High Court held that there was no Arbitration agreement as contemplated under Arbitration Act and the Contractor cannot seek for reference to an Arbitrator and the Civil Court cannot appoint an Arbitrator.

In the instant case the Board has observed that, the contractor has claimed Rs. 44,39,000/- as total compensation claims. Out of which the major item he has put forth is towards idling of men and machinery which is Rs. 17,45,400/-. Therefore while getting such works executed, strict adherence to the schedule of activities in the Project Evaluation Review Technique Chart is of paramount importance. The officers who are responsible for entrusting such works and also supervision should be vigilant in this respect. It is desired, that, no chance should be given for idling of men and machinery of the contractor. This instance proves the importance of timely execution of works/projects.

In this context the Board would like to bring the following for the information and guidance of all concerned in future.

- (1) There is no provision for Arbitration Agreement as contemplated under Arbitration Act. The Contractor, cannot seek for reference to an Arbitrator in such circumstances and the Civil Court cannot appoint an Arbitrator.

- (2) Before award of any work Project Evaluation Review Technique Chart (PERT) has to be strictly adhered to so that before any work is awarded it can be ensured that Land Acquisition formalities are finally settled, the area is totally cleared of all hindrances such towers, poles, unwanted structures, etc. Due precaution is taken in respect of any kind of Public Litigations/ agitations for such execution of works.
- (3) The work should be carried out strictly in accordance with the terms and conditions of the contract agreement.
- (4) While settling the final bills an undertaking has to be obtained from the Contractor that, all his dues in respect of execution of the work is finally settled and no further claim whatsoever will be raised by him in future in respect of that work.

**Sub :** Obtaining Mahazar Report as para No. 376(2) of Accounts Manual Vol. II Part - A -Compensation bills - reg.

**Ref :** Letter No. CEE/MW/N/AO/AAO/F24/A3/6001 dated 29-11-1996 of CEE, Major Works (North), Davanagere.

In order to settle the compensation bills as per the existing procedure prescribed in Accounts Manual Vol. II, Part - A para 376 (2), Mahazar has to be drawn by the Village Accountant or by any officer belonging to Mandal Panchayat. The Mahazar has to be drawn in the presence of the owner and a few important persons of the place for assessing the crop damaged/to be damaged enroute the proposed construction of lines etc. The field officers have expressed difficulties to obtain the Mahazar Report from the Village Accountant or from any officer belonging to Mandal Panchayat which ultimately delays the work.

Considering the above, the following revised procedure is approved :

### AS EXISTING

In A/c. Manual Vol. II  
Part - A, para 376 (2)

On receipt of their consent, Mahazar shall be got done by the Village Accountant or by any officer belonging to Mandal Panchayat in the presence of the owner and a few important persons of that place.

### AS REVISED

On receipt of their consent, Mahazar shall be got done in the presence of Village Accountant or any officer belonging to Mandal Panchayat.

In case, the above officials are not available, the KEB officers not below the rank of Asst. Executive Engineer (El.) shall draw the Mahazar in the presence of local respectable persons. The place, date and time of drawing the Mahazar should be clearly recorded in the report as also signature of the witnesses.

A certificate has to be recorded that the Mahazar is as per actuals.

Separate amendment will be issued to the provision in the Accounts Volume.

It was desired that the Zonal CEEs should take immediate action to carry out census of existing IP sets with the help of College Students through their institutions or through Teachers / Social Service Organisation who can organise a group of students or persons. These instructions were given in order to conclusively establish the nos. of open wells and bore wells in the State and also to identify any unauthorised IP sets existing in the taluk / Sub-division. The survey should be carried out through organisations or persons as mentioned above in order to have credibility of the information brought by them and also to make them accountable. In this regard, a set of proformas for conducting the survey was also sent to get the same ready before starting survey work.

Now, many officers have requested specific guidelines to carry out the work and also the amount to be paid to the surveyor for their effort. In this regard the following guidelines are issued and it is requested that the work should be taken up immediately.

- a) Each surveyor must be clearly briefed by the Sub-divisional officer on the action he has to take. He should be guided on the method of identifying an IP set as per the address mentioned in the ledger by giving complete details of existing IP sets as per ledger along with RR.No., sanctioned load, location etc.,
- b) As the surveyor is also required to identify any unauthorised IP set, he shall be briefed on the filling up of information as per format 'B' after locating an unauthorised IP set. He should be advised to be polite and not to entangle in any sort of dispute with the farmer or his representative.
- c) Sufficient copy of the proformas should be got printed by the Division and supplied to each Sub-division. In the proforma, a column may be added in the last as "Remarks of Revenue Section".
- d) An authorisation letter to each surveyor should be issued by concerned Executive Engineer Elec., O&M Division authorising him to inspect the installation, which should be withdrawn immediately after completion of the job.

- e) Each surveyor may be paid Rs. 4/- per IP installation, whether it is authorised or unauthorised and he has to make his own arrangement to commute. No other charges whatsoever except the above fixed amount are payable.
- f) Payment should be made after verifying the correctness of the information brought by the surveyor. Payment may be made only after completion of the job entrusted to surveyor for that week or fortnight.
- g) Bifurcation of the areas to be surveyed may be made according to the convenience of the Sub-divisional officer depending upon the number of surveyor's who volunteer.

Obviously taking a census of all the I.P. sets in the State is time consuming and also very expensive to Board. Therefore a sample survey may be done by selecting one Hobli in each Taluka and complete the census of the Hobli. This is a first phase exercise which should be completed by 31st December 1996. After reviewing the data obtained with reference to the KEB's statistics the second phase of the census can be taken up in remaining Hoblies.

In this regard, letters may be addressed to the Principals of various Institutions to publish in Notice Board of their respective Colleges. After receipt of the complete information, the Divisional officer should send a consolidated statement to the Zonal CEEs who will in turn send a consolidated statement Division-wise to the Board. The work may be started from 1st December 1996 and completed before 31st December 1996.

**Sub :** Recovery of audit short claims and excess payments and regularisation of Irregular Expenditure.

**Ref :** B.O. No. KEB/B5/3410/77-78 dated 6-5-1995. regarding deletion of audit short - claims and write off of revenue.

ii. Letter No. KEB/B7/2486/95-96 dated 29-12-1995 regarding recovery of excess payments.

iii. Letter No. KEB/B7/2486/95-96 dated 29-12-1996 regarding non-regularisation of irregular expenditure.

iv. Board's Circular No. KEB/B22/3125/95-96 dated 19-6-1996 regarding initiating disciplinary action against staff for causing audit short claims and accumulation of revenue.

During the course of review of progress reports of Internal Audit the Board has taken a very serious note of non-furnishing of replies to a large No. of Audit Notes and Inspection Reports of Internal Audit. The non-recovery of audit short claims and excess payments being pointed out by Internal Audit, resulting in accumulation of heavy outstanding balances, has also been viewed seriously by the Board.

In this connection, reference is invited to the above letters / circulars issued from the Secretary, KEB., for early clearance of huge balances of audit short claims, excess payments and irregular expenditure. Despite the issue of Circular instructions and also instructions in the Senior Officer's meeting, the progress achieved in reducing the huge balances is very insignificant. In the Senior - Officers Meeting it was also decided that in the event of non-recovery of excess payments and non-regularisation of concerned Accounts Officers and Executive Engineers, respectively.

Now, I am directed to state that the Board has desired that the Chief Engineers, Electricity, Superintending Engineers, Electrical, and Executive Engineers, Electrical, of the Zones, Circles and Divisions respectively shall review the position and furnish the explanation / reasons for non-implementation of Board's instructions scrupulously. It is also desired that they should draw up a definite time schedule of four months to clear the outstanding balances by taking effective steps for recovery/deletion/write off of short claims, excess payments and irregular expenditure as per the instructions issued by the Secretary, K.E.B., Any laxity in this regard will be viewed seriously.

Board has also issued instructions to initiate disciplinary action against the staff who are responsible for causing audit short claim. The Internal Audit is also furnishing the list of audit short claims of Rs. 5,000/- and above duly furnishing the names of Officers / Officials responsible for the audit short claim. But surprisingly no action has been taken so far by the Field Officers on the said list. In this connection, it is once again stressed that the Field Officers should bestow their - personal attention and initiate disciplinary action as deemed fit against the erring staff.

The progress achieved as per the time schedule shall be reported to the Additional Secretary as also to the Chief Controller of Accounts (Internal Audit).

## CIRCULAR

### Sub : INSPECTION REPORTS

Time and again, it has been emphasized that the officers must inspect their sub-ordinate offices, Stations, Stores, Revenue Sections etc., at regular intervals. On review of the information recently obtained from various inspecting officers, it is observed that the officers are routinely inspecting without giving much importance to the corrective measures that are to be taken and to make the office more responsive to consumer complaints, improving revenue collection, reducing Store inventory, reducing failure of distribution transformers etc., Many times, the instructions issued are also not being followed.

Therefore, to strengthen the procedure of inspections, a proforma is evolved for various inspecting officers to file their report to the **next higher officer**. The proforma should be filled in by all the inspecting officers and monthly report sent to the next higher officer. The Zonal Chief Engineers should send their report to the Board from Oct. 1996 itself. Instructions given should be recorded in the Register. The Zonal Chief Engineers and the SEEs while inspecting the offices should also observe the instructions given by the EEE during his inspection and also see whether they are complied with. Similarly, the instructions given by the SEEs must also be verified by the Zonal CEEs during their inspections.

It may be noted that the performance of the officers will be assessed on the basis of their inspection reports and followup action.

DATED : 9-9-1996.

All Executive Engineers, Electrical,  
O&M Division,  
Karnataka Electricity Board.

Sirs,

**Sub :** Scrapping of large meters.

I am directed to state that, Board has received reports from the Executive Engineer, Electrical, M.T. Division, that, the large number of meters are burning out partly or fully faulty for the following reasons and are scrapped.

**a) Improper Neutral Earthing in the T.C. :**

Due to improper earthing of neutral in the transformer centres, or due to loose contact in the neutral bushing of the transformer, the voltage fluctuates leading to burning of meters. Hence, immediate action may be taken to check the neutral earthing and improvement works may be carried out.

**b) Meter Protection :**

In many places the meters are not protected properly. Sometimes they are installed in places where water leaks and the dampness in the wall render grounding of meter. Action may be taken to shift the meters in proper place by issuing notice to the consumers.

**c) Improper Meter Handling :**

Meters are not handled properly while transporting it from stores to workspot. Please instruct to carry it in a corrugated boxes only.

**d) Meter bodies are not earthed :**

M.T. Division have found that the meter bodies are not earthed. Earthing of meter bodies is absolutely essential. Please instruct your staff to give earth connection to meter bodies. The meter Junior Engineers and their staff shall be held responsible for failure of meters for the above reasons and action taken on them.
