# KARNATAKA ELECTRICITY BOARD

No. KEB/B5/7202/88-89

Board Secretariat,  
Cauvery Bhavan,  
Bangalore - 560 009.

Dated : 1.3.1995.

## C I R C U L A R

The Board has taken a serious note of the officers leaving the headquarters too often and a number of complaints have been received from M.L.As., Ministers and from the public that officers are not available for restoration of power supply and to attend to other complaints.

Therefore it is reiterated that all Zonal Chief Engineers Electricity should take the permission of Technical Member or Chairman before they leave their jurisdictional area. If they are on tour, their office should be aware of their whereabouts so that they can be contacted in an emergency.

All other Chief Engineers who are not incharge of O&M including Chief Engr. Electy. (General) should take permission of Technical Member or Chairmen of KEB before going on tours. They should get their tour programmes approved in advance.

It is further instructed that it is the responsibility of concerned controlling officers to see that their subordinate officers do not leave their jurisdiction too often and without permission. A large

number of officers are seen in Cauvery Bhavan and many times, the controlling officers are not aware of their whereabouts.

Any breach of these instructions will attract disciplinary action which may please be noted.

SECRETARY,  
K.E.B.

Sir,

Sub : Clarification regarding House Orderlies.

With reference to your letter No. CEE/Glb/CA/AO/A-1/94-95/5464 dated 27.8.1994, I a director to clarify that the House Orderly is a post outside the R&P Regulations of the Board and is purely temporary one. As such the House Orderly has to be paid consolidated wages based on the initial pay on which he is appointed and he is not eligible for any increments, family benefit fund deduction etc. Similarly question of declaration or probationary period also does not arise. This may please be followed strictly.

Yours faithfully,

SECRETARY,

### PREAMBLE :

In the Government Order dated 17.9.1981, referred at Sl. (1) orders have been issued to fix the rate of interest on HBA/HPA/HRA at 1/2% less than the normal rate of interest as an incentive to promote Small Family Norms, in respect of Government Servants who undergo sterilisation voluntarily.

In the Government Order read at Sl. (2) & (3) above, it has been ordered that advances for construction/purchase/improvement and extension of house to State Government Employees will be disbursed by the H.D.F.C.

In view of the disbursement of H.B.A. loans through H.D.F.C. many of the Heads of Departments, have sought clarification as to whether the rebate of interest at 1/2% granted for promoting small family norms, may be continued under H.D.F.C.. Scheme also. Government have examined the proposal.

- Review the structure of SEBs to determine its suitability to respond to the Board's needs.
- Analyse the existing functional responsibilities at different levels of management in the organisation.
- Ascertain the bottlenecks, if any, in the effective performance of these responsibilities.
- Study the existing spans of control at different levels and their adequacy or otherwise.
- Study the staffing pattern of the organisation with their duties, responsibilities and accountability.
- Job evaluation of SEBs officials which would involve matching of jobs with people in the Board. This would help the management to understand the quality of skills and potentials that need strengthening.
- Evaluation of skills presently missing in SEBs and how these skills can be augmented effectively by a training programme.

- Assess the present training capacity in India in relation to these needs, in terms of quality and quantity of output.
- Based on above, developing yearly training plans.

## C I R C U L A R

It is observed by the undersigned that many of the officers of KEB are incurring expenditure towards laying foundation stone ceremonies/Inauguration of Sub-Stations, etc., without obtaining prior approval of the Board and sending proposals to the Board for ratification. Wherever such approvals are given the expenditure incurred is more than the approved amount. This is not correct and viewed seriously.

It is therefore instructed that prior approval of the Board should be obtained before incurring such expenditure and to limit the expenditure to the approved amount wherever prior approval has been taken. Any deviation in this regard will be viewed very seriously besides rejecting the proposals.

1. U.O. Note No. CEE(P)/SE(DG)/2905/94-95 dated 10.6.94 from the CEE (P) that three types of Oil used for Generation of Electricity at Yelahanka Unit are not brought into stock for want of accounting procedure.
2. Recommendation of C.C.A. dated 12.8.1994 on the Note of CEE (P) date 10.6.1994 duly evolving a procedure for accounting Heavy Fuel Oil, HSD Oil and Lub oil at Diesel Generating Station, Yelahanka.
3. Resolution No. IMC(P)/23/YNK-182/92-93 dtd. 6.2.1993.

BOARD ORDER No. KEB/B7/4595/94-95.

BANGALORE DATED : 1.2.1995.

The following accounting procedure is approved with retrospective effect from 1.4.1994 for accounting Heavy Fuel Oil (i.e. Furnance Oil or LSHS), HSD Oil and Lub Oil (Lubricant Oil) used in the Diesel Generating Station, Yelahanka.

### A. Payment of advances

#### 1) Advance Payments :

The advance payments shall be made as per agreement dated 8.6.1989 between the KEB and IOCL. Payment of advances shall not be more than thrice in a month. The advance shall be debited to

Head of Account "25.502 - Advance to IOCL for oil (Interest free)."

## **2) Purchase Order**

There is no necessity of a separate purchase order. The agreement entered into with IOCL itself serves as a "perpetual purchase order" for the period of agreement.

## **3) Payment of subsequent advances :**

The difference between advance paid and actual amount payable to IOCL for the oil supplied shall be invariably made good or adjusted out if advance payable for the next block period. Every advance bill shall have a certificate on it by the S.E. (Diesel Cell) as to the amount of advance to be made good or adjusted (pertaining to previous advance) out of the present advance payable. The advance bill shall be passed only after making such adjustments.

## **B. Maintenance of Registers :**

The following registers shall be maintained at Yelahanka separately for all the three kinds of oil. The registers shall be maintained in the format in which they are maintained at present. This register shall serve as basic registers for receipt of oil, issue of oil and payment of advances and hence preserved permanently.

1. "Oil receipt register" to record transfer of oil from IOCL tank to KEB's tank in respect of HFO and to record transfer of oil from IOCL's Trucks-tankers to KEB's tank in respect of HSD Oil and Lub Oil. Quantity received shall be recorded as per IOCL tank or tankers measurement taken at the time of receipt. Shrinkage

quantity allowed shall be recorded separately in the register in respect of HSD Oil and Lub Oil.

2. "Oil Receipt and Issue Register" to record inflow of oil on the basis of measurement of level of oil in KEB main storage tank taken before and after transfer of oil from IOCL's tank or truck-tanker and to record outflow of oil from KEB main storage tank on the basis of measurements of level of oil taken before and after each issue of oil to settlement tank in the case of HFO, to daily service tank in the case of HSD Oil and to generating machines in the case of Lub Oil.

3. "Advance payment and Adjustment Register" to record each advance paid and Receipt of Oil against each such advance, payment to be set off as per actuals, balance to be made good or adjusted in the next advance and to record final bills sent with a set of IOCL's invoices depicting actual supplies for passing final adjustments.

The following registers/ schedules shall be maintained in the Accounting Unit. The format of the registers shall be evolved in consultation with Chief Controller of Accounts.

4. "Advance payment register" to record each and every advance payment duly "making good or adjusting" the balance pertaining to previous advance.

5. "Advance Schedule" to post the payment of advances and adjustment of the same as per accounts.

6. "Pricing ledger" to record (a) receipt of oil, (b) final settlement against each advance/receipts of oil (c) issue of oil for generation and (d) balance of oil.

7. "Oil flow register" to record monthwise receipt of oil, issue of oil, balance of oil with respective costs and expenditure taken as cost of generation during the month with reference to Units generated.

**C. Receipt of Oil and Adjustment of advance.**

1. Heavy fuel oil (Furnace oil or LSHS)

i) The quantity of oil transferred from IOCL's tank to KEB's tank as per the measurement of level of IOCL's tank before and after transfer of oil which is recorded in the "Oil Receipt Register" and attested by IOCL authorities shall be taken as the quantity supplied. The difference in quantity as per IOCL tanks measurement and shown as received as per measurement of KEB's main storage tank shall be treated as "Measurement Difference", and recorded as such for treating the same as issues subsequently.

ii) The IOCL authorities invoice shall be verified to ensure that the quantity taken as supplied in sub-para (i) above tallies with the quantity of oil mentioned as supplied in the invoice for final settlement of claims.

iii) The price of the oil claimed in the invoice shall be as fixed by Ministry of Petroleum and Natural Gas from time to time and as applicable to power plants. This shall be ensured with proper authority and documents before passing the bill for final payment.

iv) The receipt of oil against a particular advance shall be pooled and all the relevant invoices consolidated and sent to the accounting unit through Store with a statement showing all required details pertaining to oil received, invoice No. and date, rate and cost of the oil etc. The Store Keeper shall account the total quantity of oil as received duly giving reference to IOCL invoice Nos., in 'one lump' on the basis of "this statement and set of invoice" and send the Receipt Voucher and MAS to the accounting unit along with the statement and set of relevant invoices referred above without insisting on indent as the indent will be given only once in a month i.e. on the last day of the month for formal accounting. The statement, set of invoices, Receipt Voucher and the MAS shall be prepared and sent as often as supplies are completed against a particular advance and compulsorily prepared and sent on the last day of the month irrespective of a supply is completed or not against specific advance. This procedure should be scrupulously followed to ensure that all the supplies in a month are properly taken to stock account in the same month.

v) The Accounting Section shall ensure that bills are received in the above manner against every advance paid as also for the supply of oil by IOCL upto the last day of the month and price the oil as per Sub-para (iii) above, take the oil into stock account duly pricing the same at Invoice rate and pass the final bill for adjustment duly debiting stock account (A/c Code 22.210) and crediting Advance account. It shall be noted that no liability need be created for receipt of oil as the cost is paid entirely in advance.

## 2. H. S. D. Oil

i) The quantity of oil in each Truck-Tanker of IOCL shall be measured before unloading with the help of "dip-rod" of

respective Tanker calibrated by Weights and Measures Department or of such other prescribed method. The shrinkage due to difference in temperature between that recorded in the invoice at the place of loading and that prevailing at the place of unloading shall be calculated as per standard norms and allowed. At present, the shrinkage allowed is 0.9 litre per kilolitre per degree centigrade of temperature difference. The difference between the "Invoice quantity" and "the sum of quantity measured as per dip-rod and shrinkage allowed" shall be considered as shortage in supply and recorded as such in the invoice. The sum of quantity measured as per dip-rod and shrinkage allowed shall be taken as the oil supply for the purpose of payment and the measured quantity excluding shrinkage shall be considered as transferred to KEB tank from each Truck-tanker. The difference between the quantity so taken as transferred to KEB main storage tank and the quantity taken as received in the tank as per the reading of measurement of level before and after transfer of oil into tank shall be considered as "Measurement difference" and recorded in the register for treating the same as issue subsequently.

ii) The shrinkage quantity shall not be taken as receipt into stock account at the Store but shall be considered as receipt of oil exclusively at the accounting unit for passing the bill for final adjustment. The Accounting Section shall add this quantity with respective cost to the bill sent for final adjustment through the Store (wherein the shrinkage allowed is excluded and not taken as receipt into stock) and debit the same directly to Head of Account "71.151 - Cost of HSD Oil-Diesel Power Generation" by credit to Advance Account at the time of passing the final bill for adjustment.

iii) Except for accounting the shrinkage quantity in a different manner as explained above, the procedure prescribed for H.F.O. vide paras (C)(1) (i), (ii), (iii), (iv) and (v) shall apply mutatis-mutandis to HSD Oil also.

iv) It shall be ensured by the KEB Officer nominated for the purpose by S.E. (Diesel) and security staff physically that the Truck-tanker is completely emptied after unloading and a certificate shall be recorded on respective IOCL's invoice by the nominated Officer. The Accounts Section shall verify each invoice with reference to this aspect at the time of passing final bill for adjustment.

v) The Oil shall be checked for quality through density correction factor as per ASTM/IP measurement table and ensured that the difference in density is not more than 0.004. The oil shall be rejected as of below quality if the difference is more. A certificate shall be recorded on respective IOCL's invoice regarding the quantity check duly indicating the density difference and the same invariably verified by Accounts Section at the time of passing the bill for final adjustment.

### 3) Lub Oil

i) The procedure prescribed for HSD Oil under paras (C) (2)-(i) to (v) shall apply mutatis-mutandis to Lubricant oil also except regarding (1) quantity of shrinkage allowed, (2) quality check conducted through density correction, (3) oil recycled through main storage tank while transferring oil from one engine to other, and (4) the Head of Account to be operated. The procedure to be adopted in this regard is as follows :

ii) The quality check of lub oil shall be ensured by verification of Lab-certificate issued by Lab incharge of IOCL at Bangalore in respect of each Trunk-tanker. The lab-certificate shall be produced along with invoice and retained after taking supply. Necessary certificate as in the case of HSD Oil shall be recorded on each invoice.

iii) The quantity of shrinkage allowed shall be 0.72 litre per Kilo-litre per degree centigrade of the difference in temperature. Other conditions remain unaltered. Necessary certificate shall be recorded on each invoice.

iv) For transferring oil from one engine to other ; the lub oil is flown back to main storage tank and again pass through outlet. In this recycling process, through there is inflow of oil into tank and outflow of oil from tank, it shall not be considered as Receipt and Issue of oil, as such quantity of oil has already been taken as Receipt and Issue once. Such inflow and outflow shall be distinctly recorded in a separate ink in the register to positively avoid accounting of same as Receipt and Issue second time. A certificate to the effect that such inflow is not accounted as receipt shall be recorded at the time of sending each set of bills to Accounts Section for passing final adjustments.

v) The cost of quantity of oil allowed as shrinkage as per standard norms shall be directly debited to head of account "71.152 - Cost of Lub Oil Diesel Power Generation" by credit to Advance Account at the time of passing the bill for final adjustment.

D. Issue of Oil and Booking of Expenditure :

i) The date, time, level measurements before and after transfer of oil from main storage tank to the settlement tank or daily Service Tank or to the engines as the case may be shall be properly recorded in the prescribed Registers.

ii) The quantity of oil transferred each time from the main storage tank as per level measured, shall be considered as issue of oil for generation in respect of all the three kinds of oil.

iii) "Measurement difference" recorded in the "oil Receipt Register" (i.e., the difference between the oil considered as supplied by IOCL and recorded as received in KEB tank) shall be considered as receipt of oil per as issue of oil for generation. The net of positive and negative differences during the month shall be calculated from the "Oil Receipt Register" in respect of each kind of oil and taken as receipt or issue of oil for generation in the month. However, the differences in measurement shall be within the limits prescribed by CEE (P). The CEE (Projects) has to fix this limit within one month from the date this order and issue an O.M. to that effect. If the measurement difference is recorded beyond the fixed limit, through investigation shall be made by CEE (Project) and a special report sent immediately to the Board.

iv) The CEE (Project) shall examine the aspect of measurement differences over a reasonable period and fix up the maximum limit of differences that can be allowed both on positive and negative side. The limit fixed for each kind of oil shall be a specified quantity per kilolitre.

v) One indent shall be prepared exclusively for each kind of oil for the total quantity of oil considered as issued from the 1st day of the month to the last day on the basis of transfer of oil out of main storage tank as recorded in the "oil Receipt and Issue Register" during the month, and sent to the Store Officer. After invoicing the oil against quantity available in numerical ledger these invoices shall be sent to Accounting Section along with the last day's store account for pricing and accountal of issues as expenditure towards cost of generation.

The Indents and Invoice shall be drawn against the following respective heads of Accounts :

- 1) For HFO : "71.150 - Cost of HFO (Furnace/LSHS oil consumed) - Diesel Power Generation.
- 2) For HSD : "71.151 - Cost of HSD Oil consumed - Diesel Power Generation.
- 3) For Lub Oil : "71.152 - Cost of Lub Oil consumed - Diesel Power Generation.

vi) One more indent for each kind of oil for the net quantity of oil calculated as "Measurement Difference" for the whole month as per sub-para (iii) above, shall be prepared separately duly giving the details of total positive quantity difference, total negative quantity difference and the net measurement difference quantity to be accounted as issues or as receipt and rendered to the Store Officer along with the regular Indent given for actual issues. This "Measurement difference quantity" shall also be invoiced as issue/ accounted as receipt against the stock or oil in the specific numerical ledger separately along with the invoice posted for exhibiting

monthly issues and sent to Accounts section for pricing and accountal. The same heads of accounts indicated in Sub-para (v) above shall be used in the Indent and Invoice.

vii) The balance of oil in the respective "Oil Receipt and Issue Register", Numerical Ledger and Pricing ledger shall tally on the last day every month in general and in the last day of accounting year (i.e., 31st March) every year in particular. This shall be ensured to enable depiction of stock of oil correctly in the accounts of the Board.

viii) The rate to be adopted for issue of oil shall be the average rate prevailing on last day of the month (i.e., total cost of oil as per Pricing ledger/Total Balance quantity) in which issue is made and accounted.

ix) The Accounts Section shall ensure that issue of all oils are properly accounted in the above manner by bringing the Invoices into monthly stock account.

E. Loss of oil and other aspects to be taken care of:

i) Apart from measuring the oil by its level through dip-measurement method in KEB main storage tank and other tanks, the flow of oil that actually goes into generation is measured by the flow meters fixed at the inlet of the engines. These flow meters will give an account of the exact quantity of consumption of oil for "generation of known quantum of power". However the quantity of oil considered as issued from KEB main storage tank would be definitely more than the quantity of oil recorded as used by the flow meters at the inlet of engines, thus leaving a certain quantity of oil as unaccounted which inevitably has to be considered as

loss of oil. What is the quantity of such oil which is going as unaccounted in the case of each kind of oil has to be calculated as a percentage of oil fed into the system by KEB main storage tank and also as a percentage to the oil actually used for generation, by the CEE (Proj.) duly taking the actuals during all seasons, and send a report to the Board. As all the six Units stand commissioned as on 31.1.94 and the first unit (Unit No. 6) is running continuously from April 93, this exercise shall be done within three months from the date of this order and a report sent.

ii) The HFO undergoes purification and in this process it gets separated into oil, water and sediment. Though the sludge is again pumped into settlement tank for recycling of the process, ultimately what quantity goes as waste in the form of water and sludge has to be quantified as a percentage to the oil issued from main storage tank as also to the oil used for generation as per flow meters installed at the inlet in the engines. The CEE (Proj.) shall conduct a study and send a report to the Board within three months from the date of this order.

iii) To ensure efficiency of the engines is maintained the fuel efficiency of each engine with reference to consumption of fuel and Units generated shall be calculated monthly and a report sent to the Board by CEE (Proj.) before 10th of the succeeding month.

iv) The above exercise are to be done keeping in view the following aspects :

- a) Whether the quality of the oil being supplied and obtained is satisfactory or should we insist on or explore the possibility of getting "more quality oil".
- b) How the loss of oil at different stages can be reduced and to what extent ? What are the requirements for the same".
- c) Whether the loss of oil incurred in our plant confines to standardised permissible limits or not ? And where we stand in this regard ?..

SECRETARY,

Adverting to the above, it is regretted to note that inspite of circular instructions/directions issued to all the Field Officers in this behalf from time to time, the land/property belonging to KEB are not properly protected resulting in encroachment by the outsiders. As such, all Zonal Chief Engineers Electricity are directed to entrust this work to the Executive Engineers (Civil) stationed at Zonal Head Quarters to maintain a Master File containing relevant

documents and Maps/Drawings/Plans showing the assets (Immovable Properties like Lands, Buildings, etc.,) of KEB of their jurisdiction. In case the above is not available the land should be got surveyed and records obtained. If any encroachment is noticed they should contact the concerned jurisdictional Revenues Authorities and the Assistant Director of Land Records for corrections.

It is once again reiterated that the above instructions should scrupulously/ be followed in protecting the Board properties. Any lapse in this regard will be viewed seriously by the Board and personal responsibility fixed.

The Chief Engineer, Electricity, (Projects),  
KEB, Bangalore

Sirs,

Sub : Registration by the Principal Employer (Board)  
and obtaining of Licence by the Contractor under  
Contract Labour (Regulations & Abolition Act  
1970.)

I am directed to state that the Board has been executing many of its works by entrusting the same to various contract Agencies on Labour contract or on composite contract/Turn Key basis. The Labour Department of Government of Karnataka has pointed out that as per Section 7 of the contract Labour (Regulation and Abolition) Act 1970, every Principal Employer (Board) shall obtain a Registration Certificate from the respective jurisdictional Asst. Labour Commissioner before executing any work through a

contractor. Further, U/S 12 of the said Act, no 'Contractor' shall undertake any work through Contract Labour except with a 'Valid Licence' from the Asst. Labour Commissioner. This requirement for obtaining a Licence or registering as an establishment is not dependent on the No. of workers employed for the work. (Formerly the establishments employing 20 or more workmen were brought under the purview of these Rules.)

The Board as the Principal Employer has the responsibility to ensure that statutory amenities relating to Welfare and health are provided by the contractor to the Labourers engaged by him.

Under other relevant provisions of the said Act, the Principal Employer as well as the Contractor shall maintain prescribed registers and records indicating the particulars of labour and the nature of work performed by them and wages paid to them etc.

Therefore, it has become necessary for the Board to comply with this statutory requirement by registering a O & M Division or a Major Works Division as 'an establishment' whenever we execute works through contracts.

The concerned Division Officer and other who are the executing authorities and award works to contractors should see that the concerned contractors to whom the execution of work is entrusted also comply with the provisions mentioned above. The prescribed fee shall be paid while filling the required application for obtaining Registration Certificate.

A copy of the Government Notification giving the schedule of fees is enclosed herewith along with copies of application forms for reference. These instructions shall be noted carefully by the works executing awarding authorities.

Yours faithfully,

Secretary,  
KEB.

1. Government Order No. SWL 63 SAD 85 dated 23.1.1986.
2. Government Order No. DPAR 14 SBC 86 dated 22.11.86.
3. The Constitution (Scheduled Tribes) Order (Second Amendment) Act 1991.

**PREAMBLE :**

In the Government Order dated 23.1.1986 read at (1) above, it was ordered that till a decision was taken by the Government of India on the recommendations made by the State Government to treat Nayak, Naik, Beda, Valmiki, etc., communities as synonyms of the 'Nayaka' (Scheduled Tribe) community no penal or disciplinary action should be taken and prosecution launched if any, shall be kept in abeyance and shall not be pursued against persons belonging to these communities for having obtained caste certificates as belonging to 'Nayaka' (ST) community and that suspension orders if any in such cases shall be revoked and persons retrenched if any shall be reinstated. It was clarified in Government Order dated 22.11.1986 read at (2) above that the directions contained in the

Government Order dated 23.1.1986 could be applicable only in the cases arising prior to 23.1.1986 and not subsequent to 23.1.1986.

How the Government of India through 'The Constitution (Scheduled Tribes) Order (Second Amendment) Act 1991' have treated Naik, Nayak, Beda, Dedar and Valmiki communities as belonging to Scheduled Tribes. However this act has come into force only with prospective effect from 19.4.1991 and not from retrospective effect. As such these communities can be treated as belonging to Scheduled Tribes and avail the consequential benefits only with effect from 19.4.1991 and not prior to it.

Therefore a question has arisen as to the position of the persons belonging to these communities who obtained scheduled tribe certificates as belonging to 'Nayaka' (Schedule Tribe) community prior to 19-4-1991 and availed service benefits under Scheduled Tribe quota and got protection as per Government Order dated 23-1-86 and also in respect of cases arising after 23-1-86 but before 19-4-91.

Hence the following orders.

**GOVERNMENT ORDER NO. ENL/152.SAD/91  
BANGALORE, DATED : 17-9-1992.**

Government examined the question in detail. Since the Constitution (Scheduled Tribes) Order (Second Amendment) Act 1991 has come into effect only from 19-4-91 these communities viz., Naik, Nayaka, Beda, Bedar and Valmiki communities can be treated as belonging to Scheduled Tribe with effect from 19-4-91 only and as such they are not entitled to benefits available to Scheduled Tribes prior to 19-4-91. However, taking into consideration of certain protection given to these communities in Government order

dated 23-1-86 as explained in the preamble and on humanitarian consideration Government are pleased to order as follows :

i) Persons belonging to Naik, Nayak, Beda, Bedar and Valmiki communities will be considered as belonging to Scheduled Tribe only from 19-4-91 the date on which the Constitution (Scheduled Tribes) Order (Second Amendment) Act, 1991, came into force ;

ii) The appointments of the persons belonging to Naik, Nayak, Beda, Bedar and Valmiki communities under Scheduled Tribe quota prior to 19-4-91 shall be created as appointment to the posts under general category and

iii) To panel/Disciplinary/Degal action shall be initiated against those belonging to these communities for having secured false Scheduled Tribe Certificates as 'Nayaka' prior to 19-4-91. The cases/action which have already been initiated against them shall be withdrawn.

The Government orders dated 23-1-86 and 22-1-86 read at (1) and (2) above shall stand modified to the above extent.

THE GOVERNMENT OF  
KARNATAKA,

## **SOCIAL WELFARE SECRETARIAT**

Reservation for persons belonging to Scheduled Castes and Scheduled Tribes under Article 15(4) and 16(4) of the constitution - enhancement of percentage of orders - regarding.

### **READ :**

Government Order No. GAD 26 ORR 59, dated : 13th May 1959.

### **PREAMBLE :**

In Government Order dated 13th May 1959 read above provision has been made for reservation at 15% and 3% respectively in favour of persons belonging to Scheduled Castes and Scheduled Tribes.

The representation for scheduled Castes and Scheduled Tribes in State Civil Services and posts has been examined by Government. Similarly Government has also looked at the extent of reservation afforded under Article 15 of the Constitution and consider it necessary to ameliorate the conditions of Scheduled Castes and Scheduled Tribes. It is therefore considered necessary to increase the quantum of reservation in favour of Scheduled Castes and Scheduled Tribes for both the purposes.

**GOVERNMENT ORDER No. SWD 180 SAD 94,  
BANGALORE, DATED : 20TH APRIL 1994.**

Government are accordingly pleased to enhance the reservation in favour of persons belonging to Scheduled Castes and Scheduled Tribes from the existing 15% and 3% to 18% and 5% respectively for purposes of both Articles 15(4) and 16(4) of the Constitution of India.

This order comes into force with immediate effect.

### Method of pay fixations to be followed :

Pay to be fixed at Rs. 1500/- w.e.f. 23.12.90 in Grade Rs. 1300-3535.

Pay to be refixed @ Rs. 1550/- w.e.f. 1.10.1991 - do -  
Rs. 1600/- w.e.f. 1.10.1992 - do -

**Note :**

- 1) Date of next increment in 1.10.93. Further increments to be regulated as per rules from time to time.
- 2) In case, the probationary period of any employee is declared during the extended period of probation, the fixation may be done notionally and the monetary benefit be allowed from the date of successful completion of such probationary period.

**ILLUSTRATION - II :**

An O.A. Grade - II appointed as Draftary in Grade Rs. 355 - Rs. 690 as in service candidate against direct recruitment quota during the year 1980.

**Other details :**

Pay drawn Rs. 320/- in Grade Rs. 310-5-320-10-370-15-475-20-555 as O.A. Grade - II.

**Method of Pay Fixation :**

His pay has to be fixed at Rs. 355/- from the date of his report as Daftary in Grade Rs. 355 - 690. But the question of extending either minimum or one increment less than the minimum of the appointed scale is pending before the High Court of Karnataka. Hence till such time the case which is pending before the High Court is disposed of the employees who have been appointed in between 18.3.1977 and 31.3.1985 and who are drawing less than one increment (of the appointed scale) in the lower cadre may be allowed the pay less one initial increment of the appointed

scale. In the instant case, the employee may be temporarily allowed pay of Rs. 340/- as on the date of appointment as Daftary. Pay may be brought on the minimum of the time scale of Daftary on the date of successful completion of the probationary period as Daftary.

Board is pleased to accord approval that in respect of Board employees who had superannuated at the age of 55 years prior to 1st December 1985, the pension shall be calculated at 50% of the emoluments drawn at the time of retirement. The amount of pension so arrived at shall be related to 60 completed six monthly periods. For a Board employee who at the time of retirement has rendered a qualifying service of 20 completed six monthly periods or more but less than 60 completed six monthly periods, the amount of his pension will be in such proportion to the maximum pension admissible as the qualifying service rendered by him is to the maximum qualifying service of 60 completed six monthly periods.

2. The calculation of pension in such cases shall be subject to the following conditions :

- a) Every retired Board employee in whose case an increase is admissible shall apply to the Financial Advisor and Chief Accounts Officer, Karnataka Electricity Board, Bangalore, giving full particulars of his case, incorporating the calculation based on this order.
- b) Emoluments for calculation of pension shall include the following items :
  - i) Basic Pay.
  - ii) Stagnation increment.
  - iii) Personal Pay granted above the maximum of time scale of pay
  - iv) Portion of D.A. which had been reckoned for calculation of pensionary benefits at the time of retirement.
  - v) Special Pay allowed to all the posts in a cadre as for example, special pay attached to posts of Stenographers, Typists, Drivers, etc.
- c) In calculating the "Qualifying Service" for pension a fraction of a year equal to three months and above but less than six months shall be treated as a completed six monthly period.

- d) While determining the increase in pension with reference to simplified pension formula, the original pension sanctioned at the time of retirement and the increase in pension sanctioned in the Board Order No. KEB/B16/1323/83-84, dated : 10-2-1984 and increase in pension sanctioned in Board Order No. KEB/B16/7254/85-86, dated : 1-7-1986 shall be deducted from the pension now to be refixed. The increase in pension found admissible shall be payable, from 1st December, 1985. No arrears for the period prior to 1st December, 1985, shall be paid.
- e) The increase in pension, found admissible, if any shall be straight away added to the present basic and the increase in Dearness Allowance, if admissible, shall be paid from 1st December, 1985.
- f) Commutation of pension is not permissible with reference to the increase in pension sanctioned under this order.
- g) The lifetime arrears of increase in pension of pensioners who were alive on 1st December 1985 and who are eligible for increase in pension under the provision of this order, but die before receiving the arrears, shall be paid to the heirs of the deceased in accordance with the procedure laid down in K.E.B. Accounts Manual Volume - II. In such cases, family members of the deceased may apply to the Financial Advisor & Chief Accounts Officer, Karnataka Electricity Board, Bangalore giving full particulars of the case.

h) If, in any case, the pension recalculated with reference to the simplified pension formula is less than the pension sanctioned at the time of retirement together with the increase sanctioned in the Board Order dated : 10-2-1984, no reduction will be made in the pension now obtaining. In such cases, their present pension entitlement shall be protected and shall be continued to be paid without reduction.

This order is issued subject to modification, if any to be made by the State Government in the above regard.

BY ORDER,

SECRETARY,  
K.E.B.

No.KEB/B22/2198/94-95

Board Secretariat,  
Cauvery Bhavan,  
Bangalore - 560 009.  
Dated : 29-9-94

Encl. : Annexure - I (a), I(b), & II

All Executive Engineers, Electrical,  
O & M Division,  
Karnataka Electricity Board,

Sirs,

Sub : Maintenance of Registers for  
(1) HT & LT Meter Constants and  
(2) RT/MT/TAC/Vig. Reports in the Section  
Offices and Revenue Sections.

Of late several instances of wrong application of C.T.Ratio Constants and overlooking of inspection.rating reports of RT/MT/TAC/Vig. squads by the section offices and the Revenue Sections have come to the knowledge of the Board. This has led to pilferage of energy on a large scale and enormous amounts of Audit Short Claims at a later date. In order to avoid any slippage in the transfer of information to the billing staff and prevent any wilful suppression of reports, it is directed that all the Revenue Sections and O & M Units shall maintain two seperate Registers in the enclosed proforma by drawing up the necessary columns in the available registers/Stationary, immediately.

**METER CONSTANTS REGISTER : (Annexure - I)**

This register shall be maintained parallelly by both the revenue section and O & M Unit Section Office and shall contain the details of CTs existing/changed by any of the wings authorised by the Board in this behalf, viz. RT/MT/TAC/Vig. Squad or by the O & M offices themselves within their jurisdiction for HT and LT installation separately.

**RT/MT/TAC/VIG. SQUAD REPORTS REGISTER :  
(Annexure- II)**

This register shall be maintained by all the Revenue Sections and shall contain the details of all the reports of RT/MT/TAC/Vig. Squad in respect of ratings/inspections carried out in their jurisdiction.

To ensure that there are no commissions in the registers, the same should be periodically reconciled and made available to the inspecting/audit staff and higher officers for verification during their visits. Any delay in implementing the above directions will be viewed seriously and the concerned will be held personally responsible for any loss caused to the Board in this behalf.

Yours faithfully,

SECRETARY  
KEB.

Ref : Board letters No. KEB/B16/8254/91-92  
dated : 3-9-1992 and 22-1-1994.

The Board has observed that there is an increasing number of Revenues Appeal Cases pending before various Appellate Authorities which has led to enormous amounts being reflected in the accounts for indefinite periods, as unrealised revenue. With a view to improve this situation the Board desires to review the progress achieved by the appellate authorities in the disposal of all the revenue appeal cases. Therefore, in suppression of all previous circulars issued by the Board with regard to furnishing of statistics of revenue appeal cases, it is hereby directed that henceforth the required statistics shall be furnished in the enclosed revised proforma, to the Chief Engineer; Electricity, (TA & QC.) KEB., Bangalore, on or before the 5th of every month without fail. These statistics shall be exhaustive, i.e. they shall hereafter include all revenue appeal cases against MT/RT/TAC/Vigilance/Internal Audit or other claims, etc., pending before the appellate authority.

It is further directed that the copies of all final orders should invariably be marked to the Chief Engineer, Elecy. (TA & QC) and the Chief Controller of Accounts (I/A), KEB., in addition to the Sub-Divisional Officer concerned, and should contain a narration of the complete proceedings of the Appeal Cases.

All the Revenue Appeal Authorities are requested to personally ensure strict compliance of the instructions envisaged in this Circular.

Dated : 20-10-94

To  
The Superintending Engineer, (Elect),  
O & M Circle, KEB,  
Mangalore.

Sir,

Sub: Promotion of employees belonging to other categories against the vacancies reserved for SC/ST Candidates.

Ref : 1) Your letter No. SEE/DCA/AAO/2205 dated 23-9-1991 ;  
2) Board Order No. KEB/B6/1302/78-79 dated 16-5-1978 ;  
3) Board Order No. KEB/B16/B6/1302/78-79 dated 18-7-1992 ;  
4) Board Notification No.KEB/B16/B6/1302/78-79 dt.5-8-92.

Please refer to your letter No. SE/DCA/AAO/2205 dated 23-9-91 wherein you have requested the clarification of the Board as to whether the vacancies reserved for SC/ST candidates in

promotion under roster system of 1 to 33 could be filled up from among the employees belonging to other categories, in case the qualified and suitable employees belonging to SCC/ST category are not available for promotion.

In this connection, I wish to state that the Board had adopted the Government order No. DPAR 29 SBC 77 dt. 27-4-78 vide B.O.No. KEB/B6/1302/78-79 dt. 15-5-78 in the matter of reservations in favour of persons belonging to Schedule Castes and Scheduled Tribes in promotional vacancies and as per para 6 of the said Government Order dt. 27-4-78, if on any occasion of promotion, qualified and suitable SC or ST candidates for whom vacancies are reserved are not available, such vacancies shall be filled by promotion of qualified and suitable persons from amongst others in accordance with the rules or recruitment. The vacancies lost to persons belonging to SC/ST on account of such promotion shall not be carried forward and future vacancies shall be filled up according to roster. Further, the Government in their notification No. DPAR 13 SRR 92 dt. 1-4-92 have amended the relevant provisions of the Karnataka Civil Services (General Recruitment), Rules, 1977 and as per this Notifications, the vacancies lost to SC/ST candidates in promotion due to non-availability of eligible SC/ST candidates shall be determined with effect from, 27th April, 1978 and shall be treated as 'Back-Log' vacancies and filled up as and when the eligible and suitable SC/ST employees are available. Board had also adopted the above said Government Notification dated 1-4-1992 vide B.O.No. KEB/B16/B6/1302/78-79 dt. 18-7-1992 and necessary amendments have also been made to the relevant provisions of the KEB, R & P Regulations vide Notification No. KEB/B16/B6/1302/78-79 dt. 5-8-1992.

Under the circumstances, I am directed to clarify that in case the qualified and suitable SC/ST candidates for whom vacancies are reserved in promotion under roster system of 1 to 33 not available for according promotion such vacancies shall be filled up by promotion of qualified and suitable persons belonging to other categories and the vacancies lost to SC/ST candidates shall be treated as 'Backlog' and filled up as and when the qualified and suitable SC/ST candidates are available, subject to availability of promotional vacancies. The promotions issued under back-log need not be/brought under regular roster point & separate register may be maintained for this purpose.

(Approved by Secretary)

Yours faithfully,

SECRETARY.  
KEB.

## **KARNATAKA ELECTRICITY BOARD**

### **READ :**

1) Board Order No. KEB/B16/1950/90-91 dated 27-9-1990, and 20-10-1990, according approval to revise the scales of pay of Officers of Karnataka Electricity Board with effect from 1-4-1989.

### **ORDER NO. KEB/B16/2663/94-95, BANGALORE, DATED 31ST OCTOBER, 1994.**

In continuation to the B.O.No. KEB/B16/2663/94-95 dated 22-10-1994, Board is pleased to approve the rules of fitment of pay and other allowances as detailed below in respect of officers belonging to Group 'A' & 'B'.

#### **1. DATE OF EFFECT :**

The revised pay scales as set out in ANNEXURE - I shall take effect from 1st April, 1993.

2. Officers recruited to Board's service against direct recruitment quota in respect of categories of posts as set out in ANNEXURE - I on or after 1-4-1993 shall begin at the minimum of the time scale of the post against which they were/are appointed.

#### **3. PAY FIXATION & WEIGHTAGE :**

The initial pay of the Officers to whom the revised scales of pay are applicable shall be fixed in that scale as on 1-4-1993 in the following manner :-

(i) To the existing 'Basic Pay' add the following :-

**NOTE :** The Basic Pay for this purpose shall include annual increment/stagnation increment, if any accruing as on 1-4-1993 in the existing scale as well as personal pay if any drawn as on 1-4-1993.

(a) Weightage at a flat rate at 16.92% (Sixteen point nine two percent) on 3(i) above subject to a maximum of Rs. 800/- (Rupees eight hundred only)

(ii) After adding the weightage as above to the existing Basic Pay as at 3 (i) above, the amount so arrived shall be the 'Revised Basic Pay'. The Revised Basic Pay shall be fixed in the revised scales effective from 1-4-1993 as follows :

(a) If the 'Revised Basic Pay' happens to be less than the minimum of the revised scale of pay, the basic pay shall be fixed at the minimum of the revised scale.

(b) If the 'Revised Basic Pay' falls at a stage or in between two stages of the revised scale, pay shall be fixed at the next higher stage in the revised scale.

(c) In the case of an officer who but for his/her fixation of pay in the revised scale, would have earned increment/stagnation increment in the existing scale in the usual course subsequent to 1-4-1993 but on or before 31-3-1994 his/her pay in the revised scale shall, if advantageous to him/her to be refixed from the date of his/her earning such increment in accordance with the aforesaid pay fixation formula.

4. The pay of the officers shall be fixed in the revised scale of pay as per the 'Ready Reckoner' enclosed to this Board Order vide ANNEXURE - II.

#### **5. ELONGATION OF TIME SCALES :**

If an officer of the rank of Assitant Account Officer/Assistant Engineer/Senior Personal Assistant and other equivalent cadre who reaches the maximum of the time scale during the period from 1-4-1993 to 31-3-1998 his/her scale shall be elongated in respect of such officer as purely personal to him/her subject to the following conditions :-

(a) The elongation of the time scale shall be limited to the maximum of the revised time scale of the Assistant Executive Engineer/Accounts Officer and other equivalent cadres.

(b) The benefit of elongation in the existing time scale is also granted with effect from 1-4-1989 and their pay shall be fixed notionally from the said date and the monetary benefits if any arising out of such fixation shall be given in the revised time scale only from 1-4-1993.

#### **6. DEARNESS ALLOWANCE :**

(i) The existing rates of Dearness Allowance shall be paid on the pay fixed in the revised scales.

(ii) The three instalments of Dearness Allowance sanctioned by the Board with effect from 1-1-1987, 1-7-1987 and 1-1-1988 shall continue to be treated as 'Mergeable Dearness Allowance' for the purpose of calculation of terminal benefits only and not for any other purpose.

**7. HOUSE RENT ALLOWANCE :**

The payment of House Rent Allowance to Officers shall be regulated based on the revised pay at the rates specified in para 4 of the B.O.No. KEB/B16/1882/90-91 dated 3-12-1990, subject to other conditions stipulated therein.

**8. CITY COMPENSATORY ALLOWANCE :**

The payment of City Compensatory Allowance to Officers shall be regulated based on the revised pay at the rates specified in para 4 of the B.O.No. KEB/B16/1882/90-91 dated 3-12-1990, subject to other conditions stipulated therein.

Please refer to your letter No. AO/AAO I/A-10/94-95/1374-  
76 dated 21.7.1994. on the above subject, wherein you have  
requested the clarification of the Board as to whether as per the  
provision existing under note (d) of item X of Board Order No.  
No. KEB/B16/2651/94-95 dated 26.4.1994, all the staff working  
in transmission line sections are entitled for conveyance allowance  
at the rate stipulated therein.

In this connection, I wish to state that though the rates of  
conveyance allowance payable to different categories of workmen

have been revised vide item X of Board Order No. No. KEB/B16/2651/94-95 dated 26.4.1994, with effect from 1.4.1993, the rules and conditions applicable for payment of conveyance allowance, remain unchanged. Appendix IV of the KEB ESR's, prescribes the rules relating to payment of Conveyance allowance to the Board employees. In Appendix IV of the KEB ESR's, under the heading 'Bicycle Allowance', it has been clearly mentioned that the maintenance men working against only two posts in headquarters of transmission line maintenance section and one post in each of the camps enroute of transmission line where telephone lines exists are eligible for payment of conveyance allowance.

Under the circumstances, I am directed to clarify that the conveyance allowance shall not be payable to everyone working in transmission line section or camps. The conveyance allowance shall be admissible only to those counted against two posts in the head quarters of transmission line maintenance section and one post in each of camps enroute of transmission line where telephone line exist.

- 3) U.O. Note No. CCA(I/A)/DCA/AAO2/138 dated 22-11-94 of the CCA (C/A), KEB, Bangalore, requesting clarification regarding whether the fixation in respect of AE (Non-Graduates) has to be made on par with AE (Graduates) in accordance with B.O. dated 31-10-94.
- 4) Letter No. F24/EEE/AO/AAO1/EA(G)/94-95/7932-34 dated 25-11-1994 of the EEE, O & M Dvn., KEB., Raicur, requesting clarification regarding whether the fixation in respect of Sr. Assts. who have moved on to next higher time scale (i.e. the scale of AAO) has to be made either with the weightage & pay fixation formula in accordance with the B.O. dated 26-4-94 or 31-10-94.

Adverting to the subject cited under reference, I am to state that the Board has examined the matter in the light of the settlement dated 26-4-94 reached the management and the KEB Employees' Union (Reg. No. 659) and B.Os. dated 26-4-1994/31-10-1994 referred above with regard to the pay scales and other allied matters and wish to clarify that the pay of AE (Non-Graduates) has to be fixed duly allowing the scale made applicable to AE (Graduates), besides extending the weightage of 16.92% as per the provisions of B.O. dated 31-10-94.

Further in respect of Sr. Assts. who have moved to next higher time scale, their pay has to be fixed in higher scale (i.e., in the scale of AAO) allowing only the benefit of weightage and mode of fixation as envisaged in Para III of the B.O. dated 26-4-1994. But

scuh Senior Assts. are not entitled for the weightage benefit of 16.92% of pay made available to officers in B.O. dated 31-10-1994. Similarly the cases of JEs and Jr. Personal Assts. who have moved on to the next higher time scale, are entitled to the mode of fixation similar to the one clarified above in respect of Senior Assts.

The cases of the above nature may be reviewed in the light of the above clarification.

Yours faithfully,

Secretary,  
K.E.B.

Sirs,

Sub : Enhancement of reservation in favour of persons  
belonging to Scheduled Castes and Scheduled  
Tribes - Regarding.

Ref : Board Order No. KEB/B16/B6/1302/78-79/II  
dated 15-6-1994.

Please refer to the Board Order No. KEB/B16/B61302/78-79/II dated 15-6-1994 where in the approval has been accorded to adopt the Government Order No. SWD 180-SAD-94 dated 20-4-1994 in the matter of enhancing the reservation in favour of persons belonging to Scheduled Castes and Scheduled Tribes from the existing 15% and 3% to 18% and 5% respectively for purpose of both articles 15(4) and 16(-4) of the Constitution of India. Now,

the Government in their letter No. DE 264 EBS 94 dated 19-1-1995 have intimated that the Hon'ble High Court of Karnataka in its order dated 9-9-1994 (W.P.No. 438/94) has stayed the implementation of the contents of the Government order dated 20-4-1994.

Under the circumstances the contents of the Board Order dated 15-6-1994 need not be implemented for the present until the receipt of further orders from the Hon'ble High Court of Karnataka and Government of Karnataka in the matter.

Yours faithfully,

Secretary,  
K.E.B.

ity, (TA & QC), KEB, Bangalore ;

The Board has examined in detail, in response to the clarifi-  
cation sought under reference on the above subject. The reason for  
taking a decision to fix a separate meter for the LT-5 category  
having sanctioned load of 50 HP and above was that the three phase  
meter will not record, if the consumers uses lighting load only.  
Otherwise revenue to that extent is a loss to the Board. But, if the  
said decision is applied to the installations serviced after the intro-  
duction of Tariff 1990, the main purpose will be defeated.

In the context, I am directed to clarify that separate meters for lighting load should be provided to all LT-5 category installations irrespective of the date of service having sanctioned load of 50 HP and above in the interest of Board Revenue. However, consumers are not liable to pay any charge or incur expenditure to arrange to fix a separate meter.

2) Board Resolution No. BM 632/18624 dated 18-6-1994.

### Preamble :

As per G.O. No. DE 83 PPC 90 dated 27-4-92 the KPC Ltd. have claimed FEC amounting to Rs. 93.16 Crores for the period from 1986-87 to 1991-92. But the Chairman, KEB argued that it is not possible to pay the said FEC from retrospective effect, because it is not in a position to pass on these charges to the consumer since the electricity dues have already been recovered from the consumers for that period. On enquiry, it is found that the K.P.C. Ltd., have not shown (the FEC for the period 1986-87 to 1990-91) in the accounts. Therefore, any adjustment/could be below the line adjustment/and would not effect the account of KPC Ltd. except for period 1991-92 onwards. However, the KPC Ltd. is showing a sum of Rs. 21.96 crores in their account for 1991-92. After discussion, to settle the issue, it was decided that the Board would pay 50% of Rs. 21.96 crores and the remaining 50% shall be written off by the K.P.C. Ltd.

Further, interest has been charged by the KPC Ltd. at 9% for belated payment upto and inclusive of 15 days and 12% thereafter vide G.O.No. PWD 1 PSP 76(A) dt. 4-2-1976. But the Board has not agreed to this and has not paid the amount of Rs. 91.12 Crores.

as on 31-3-93. Because it is extremely difficult to complete all payments by the end of 15th of every month when compared to the billing procedure which is in vogue and also the N.T.P.C. provides time for making payments till the end of the month in which the billing has been made. After discussion, to settle the issue, it was decided that the Board would pay 50% of the dues of Rs. 76 Crores accepted as outstanding as on 31-3-1993 as mentioned by Managing Director, K.P.C. Ltd. and KPC would write off the balance 50%.

ORDER NO. KEB/B10/2083/86-87  
BANGAORE, DATE : 19-7-1994.

Board has agreed to the following decisions taken in the meeting held on 1-4-1993 in the chambers of the Finance Commissioner and Secretary to Govt., Department of Finance, regarding duel escalation charges and interest on belated payment on arrears by KEB to KPC Ltd.

1) To pay 50% of FEC dues of Rs. 21.96 Crores as actually indicated in the accounts of KPC Ltd. for the year 1991-92 in full settlement of FEC claim by KPC Ltd. for the period from 1986-87 to 1991-92. The KPC Ltd. has to withdraw the remaining 50% balance i.e. 10.98 crores in its accounts.

2) To pay 50% of the dues of Rs. 76 Crores accepted as outstanding as on 31-3-1993 by KPC Ltd. towards disputed interest on tariff. The KPC Ltd., has to write off of the balance 50% i.e., 38 crores in its accounts.

3) Board Resolution No. BM 632/18621 dated 18-6-1994.

### PREAMBLE :

The Central Government have established BIFR for Rehabilitation of Sick Industrial Units under the provisions of Sick Industrial Companies (Special provision) Act 1985. As per the request of the Union Ministry of Finance, the State Govt. is pleased to accord the package of relief and connection after careful examination in the H.L.C. meeting constituted by the Government for this purpose.

The following relief and concessions have been recommended by H.L.C. and asked the Board to implement it without fail.

a) To reduce power cut to 50% of the cut applicable to normal units ;

b) To extend suitable instalments for the payment of arrears/ 3MMD ;

c) To waive of minimum demand charges for the closure period/penal interest ;

But the Board hitherto implemented the above said (a) and (b) items only, pending decision to be taken on item (c). AS the High Level Committee consisting of top most officers of the Government from the Commerce & Industries, Energy, Finance, Chairman, KEB and others, presided over by the Chief Secretary, all decisions taken by the Committee should be implemented. Because, decisions are being taken in the interest of States as a whole/revival of sick industries.

As regards interest claimed during closure period though initially taken decision for complete waiver but subsequently modified it to reduce the rate of interest from 24% P.A. to 18% P.A. as requested by the Chairman, KEB and Commissioner for Commercial Taxes.

ORDER NO. KEB/B10/2563/88-89,

4) Board Resolution No. BM/632/18626 dated 18-6-1994.

### PREAMBLE :

An arrears of Rs. 3.00 Crores towards interest on the belated payment made by Mysore Paper Mills Ltd., prior to 1988-89 was outstanding. The Mysore Paper Mills had requested to waive off the same on the plea that, had the Govt. of Karnataka released the amount to the company as and when they fell due, they would have cleared the electricity charges on due dates and there would have been no build up of interest.

In order to settle the issue, the said amount was got verified from the then Controller (Internal Audit) and it was found that payments made by Mysore Paper Mills towards monthly bills from 4/80 to 5/91 was not charged to interest first as per regulation. Thereby, Controller of accounts (Internal Audit) KEB, Bangalore re-worked out the revenue arrears as Rs. 6.44 Crores as at the end of 5.91. Hence the outstanding interest of Rs. 3.00 Crores does not arise.

Subsequently, Mysore Paper Mills offered to pay Rs. 50 lakhs in lumpsum towards full and final settlement against the said arrears

in a joint meeting held on 27-8-1992. The subject was placed in the Board meeting held on 27-9-93 and it was decided to collect an approximate interest amount of Rs. 3.00 Crores in instalment for which a Board Order was issued on 21-11-1993. Accordingly the Mysore Paper Mills have paid the full amount of Rs. 3.00 Crores in instalments.

In the meanwhile, the arrears further accumulated due to the claiming of interest on arrears as per Regulation as there was no specific mention in the Board Order dated 11-11-1993 regarding to action to be taken for the balance amount.

This subject was once again placed in the Board Meeting held on 18-6-1994 and decision was taken as per the order detailed below :

ORDER NO. KEB/B10/2954/81-82  
BANGALORE, DATE : 26-7-1994

In continuation to the Board Order No. KEB/B3(a)/2954/91-92 dated 11-11-1993, the Board has agreed to accept the payment of Rs. 3.00 Crores in full settlement of the claims as discussed vide item No. 4 of the 'Proceedings of the meeting held with Mysore Paper Mills authorities on 27-8-1992' (which is annexed to this order) and to withdraw the excess claims in that regard in the respective ledger accounts.

BY ORDER,

ADDITIONAL SECRETARY,  
KEB.

Proceedings of the meeting held between MPM Ltd. and KEB on 27.8.1992 at 3.30 PM in the Conference Hall of KEB, Cauvery Bhavan, Bangalore.

**MPM Ltd.**

1. Chairman & Managing Director.
2. Director (Finance).
3. Manager.(T.C.)
4. Chief Accounts Officer

**K.E.B.**

1. Chairman
2. Member (Finance)
3. Member (Technical)
4. Chief Engineer, Electricity (General).
5. Additional Secretary
6. Financial Adviser & Chief Accounts Officer.
7. Chief Controller of Accounts (Internal Audit).

At the outset, Chairman/KEB welcomed the officers of Mysore Paper Mills Ltd. Chairman of MPM explained that MPM is manufacturing Newsprint whose price is administered by Government of India. It is not allowed to increase the price commensurate with increase in raw material and input cost. Indigenous production of Newsprint saves valuable foreign exchange. It is in this context MPM requested KEB to be reasonable to bulk consumers of energy manufacturing Newsprint. Director (Finance)/MPM explained the disputed items and impressed on KEB to withdraw the same. The Chairmen/KEB explained the financial position of the Board and action initiated for recovery of revenue arrears from the consumers. The following points were discussed during the meeting.

## **1. D.G. PROJECT DEPOSIT :**

KEB stated that MPM had paid Rs. 1.95 crores towards participation in D.G. Project and withdrawn from the participation subsequently from October 1988. Hence, the deposit stands forfeited. However, Chairman & Managing Director and Director (Finance) of MPM stated the company had withdrawn from the project due to changes made by KEB in the terms and conditions of contract. As such, MPM should be given the option to either avail the prorata energy units when the project goes on stream or to get refund of Rs. 1.95 crores. However, it is agreed to refer the matter to Legal Advisors of MPM and KEB for opinion regarding the validity or otherwise of forfeiting the deposit consequent on MPM withdrawing from the project due to changes made by KEB in the original terms and conditions of contract.

## **2 & 3. ADDITIONAL SECURITY DEPOSIT & INTEREST ON DEPOSIT :**

Director(Finance) of MPM explained regarding the financial position of the Company as also cash flow in the coming months. Though some private companies had obtained stay from Supreme Court on Additional Security Deposit, MPM wants to sort out the issue by discussion with KEB so as to help KEB towards working capital needs without affecting its financial position. Accordingly, it is proposed by KEB that MPM shall pay Additional Security Deposit demanded by KEB - (Rs. 4,71,71,136) in 12 monthly instalments without interest. Member (Finance/KEB informed that interest on the said deposit shall be paid by KEB only from the date of payment of last instalment subject to further discussions between Member(Finance)/KEB/and Director(Finance)/MPM.

#### **4. INTEREST ON ARREARS :**

Chairman & Managing Director and Director (Finance) of MPM explained that interest demand for Rs. 3 crores requires to be waived considering the vulnerable financial position of the company manufacturing Newsprint resulting saving of valuable foreign exchange. MPM is regular in payment of monthly bills on due dates for the past two years. In this perspective, MPM offered to pay Rs. 50 lakhs (lumpsum amount) towards full and final settlement of arrears and also promised to pay promptly monthly bills in time. KEB made it clear that the payment made by MPM towards monthly bills from 4/80 to 5/91 was charged to interest first and arrived the revenue arrears of Rs. 6.44 crores. Hence the outstanding interest of Rs. 3.00 crores does not arise. However, KEB agreed to place the same before its Board to consider the request of MPM.

#### **5. ELECTRICITY TAX REBATE FOR NEWSPRINT :**

MPM has requested to allow the difference in tax rebate amounting to Rs. 193.47 lakhs for the period 1985-86 to 1990-91 based on actual consumption of energy for newprint instead of formula based on C.D. Chairman/KEB has concurred with the proposal of MPM to compute energy units on the actual consumption recorded as per the meters of MPM. The said rebate shall be adjusted against the monthly power bills.

#### **6. ARREARS OF REVENUE - Rs. 1,15,66,341 :**

Chairman/KEB requested MPM to pay Rs. 1,15,66,341/- being the arrears as on 31st May 1992 excluding Rs. 44,65,822/- which is to be reconciled. It is explained that this amount includes

P.F. penalty, penalty for exceeding demand entitlement and Water Works tariff difference. Chairman/MPM agreed to pay the penalty. Chairman/KEB agreed to waive the penalty on exceeding demand charges. As regards Water Works tariff difference, KEB agreed to charge on LT2 (b) tariff upto the date of provision of Tariff 1992 subject to the condition that MPM does not charge to KEB for the water supplied to KEB.

## **7. OTHER ARREARS :**

### **(i) D.G. PROJECT CHARGES :**

MPM to pay the H.V. rebate.

### **(ii) SURRENDERING OF D.G. ENERGY :**

Out of Rs. 32,48,640/- MPM to pay Rs. 16,24,320/- for May and June 1988. KEB agreed to waive the charges for July '87 and to examine the charges for another one month for August 1988.

### **(iii) DEMAND CHARGES FOR ADDL. DEMAND ENTITLEMENT FROM JUNE '87 TO DECR. '87:**

The demand due to D.G. Project on first charge basis, though MPM have recorded less demand. This is as per KEB Circular dated 18.6.87. MPM has written for surrendering of this demand during December '87 since they came to know the surrendering facility only in November '87. In view of this KEB agreed to place the MPM's request for withdrawal before its Board.

### **(iv) PENAL CHARGES FOR OCTR..'85, JUNE'89 AND JULY '89 :**

MPM to pay.

**(v) HIGH COST ENERGY :**

MPM has requested for cancellation of 5 lakh units out of allotted 23 lakh units of high cost energy during February '84. KEB to consider this.

**(vi) MARCH '82 BILLS FOR Rs. 85,090.80 TOWARDS EXCESS M.D. CHARGES :**

MPM to pay the same.

**(vii) PENALTY FOR EXCESS M.D. CHARGES FROM JAN '91 ONWARDS : (1991-1992)**

In view of Government of Karnataka order sanctioning MP 5000 KVA and in view of the minutes of meeting held between KEB Chairman and MPM Chairman on 28.5.1991, KEB agreed to withdraw the claim. The earlier agreement shall be renewed.

**(viii) POWER FACTOR PENALTY FOR FEB '91 AND MARCH '91 :**

Sub : Recovery of Audit Short Claims.

It has come to the notice of the Board that large No. of cases are pending in the courts, challenging audit short claims. On account of this, large amounts are remaining un-recovered.

An analysis of these cases shows that the claims are being made mechanically without following the mandatory procedure provided under the ESR.

Regulation 30.08 which provides for recovery of short claim makes it mandatory that the claims shall be made by a separate supplemental bill by furnishing all the relevant details and by giving 30 days time. This has also been held so by the Hon'ble High Court, in the case of M/s. Sahyadri Starch Vs. KEB (1990(3) KLJ-151).

As per the above Regulation and Law, every office should ensure that the audit short claims are made by a separate supplemental bill giving 30 days time and with all relevant details.

Further in these cases if consumer pleades the question of limitation it may be informed that limitation in these cases starts only from the date of expiry of 30 days of supplemental demand (this is so held by the Hon'ble High Court in he case of BBC Mills Vs - KEB, ILR 1990 Kar 3518).

So far as pending cases are concerned, the local offices shall examine each case to see what point is urged and then meet the same and get the interim stay, if any vacated on urgent basis and consultation with local Board advocate.

It has also been noticed by the Board that claims are on the increase, on account of deliberate ommissions/ or carelessness. Therefore, it is desired that -

If any official has failed to make the claims where large amount is involved, though the audit wing has raised the claims, disciplinary action shall be taken against the officials concerned for negligence of duties.

Ref : 1) Board Circular letter of even No. dt. 18.11.93;  
2) IMC(A)/Resn. No. 108/583 dt. 21.4.1994.

It has come to the notice of the Board that the appeals filed by the consumers against claims made on ground of Theft, Short Claim, Faulty Meter etc., are pending disposal for several years, and the appellate authorities are not giving priority in disposing these appeals.

It is needless to say that non disposal of appeals within a time frame will be detrimental to the Board's interest. Delay in dealing with appeal will have effect not only on Board's revenue but also on evidences and witnesses.

In the light of the above, the following instructions are issued in continuation of earlier instructions :

**A) FIRST APPEAL :**

- 1) As soon as the appellate authority receives the appeal, the maintainability of the appeal shall be checked within a weeks time and if the appeal is not maintainable the same shall be communicated to the consumer within 7 days thereafter;
- 2) If the appeal is maintainable, the appellate authority shall issue a notice, one week in advance fixing a date of hearing;
- 3) The appellate authority shall give sufficient opportunity of hearing to the consumer;
- 4) The appellate authority shall maintain a record sheet of the proceedings with due signature of the Board's representative and the consumer;
- 5) After conclusion of the hearing the appellate authority shall proceed to pass the orders within 7 days;
- 6) While passing the orders, the appellate authority shall consider all the contentions urged by the consumer and give his findings on each of them with cogent reasons;
- 7) On pronouncement of the orders the same shall be communicated to the consumer with a copy of his findings.

The above procedure at any event shall not take more than 3 months from the date of filing of the Appeal.

**B) SECOND APPEAL :**

1) In case of II appeals also, the II appellate authority shall consider all the contentions raised in the appeal and give its findings relaying only on material on record (under no circumstances no fresh evidence shall be admissible.)

2) The II appeal shall be disposed off positively within one month from the date of the filing of the appeal.

C) Consequent to the orders by the appellate authorities;

a) If the consumer has to pay the amount; the same shall be intimated to the consumer with a due date for payment. If no payment is made within the due date the installation shall be disconnected after issuing 7 days notice.

b) If any amount already collected has to be refunded, the same shall be adjusted first towards arrears if any and thereafter towards future bills.

Instructions given above shall be strictly followed by all the concerned.

Sub : Rating of L.T. power installations

Ref : Board Circular of even No. dt. 30-1-92.

It is brought to the notice of the Board that the power installations are not being rated periodically as per the Supply Regulations since it requires the presence of Asst. Ex.Engr (El) (TAC)/Vigilance for opening the plastic seals for rating of installations above 40 HP. And most of the times the T.A.C. and Vigilance staff are not available on account of preoccupations in reading of the installations. On account of this, large number of power installations have not been rated for years together leading to loss of revenue for suspected in accuracy of meter. Further, the consumers are also expressing resentment over the inordinate delay in replacement of M.N.R. meters of power installations.

In this context, the issue was examined in the IMC (Tech) meeting held on 5-7-1994 and decided to revised the procedure and the authority whose presence is necessary.

Accordingly, I am directed to accord approval for rating of all LT power installations upto 99 HP by the Asst. Es. Engr.(El) M.T. and Asst. Es. Engr.(El) O & M Sub-Division jointly irrespective of whether plastic seals are provided or not and irrespective of whether TAC/Vigilance staff are present or not. However, the rating reports should be signed by both the Asst.Ex. Engrs(El) the opening of plastic seals/number seals should be promptly brought to the notice of the concerned TAC/Vigilance staff.

The above instructions should be followed strictly.

Ref : Government Notification No. VANAE/150/MNE/93(1) dated : 29-12-1993.

In the Govt. Notification referred above. Government have transferred certain villages to the Notified Area Committees which were hither - to coming under Village Panchayaths. The powers and functions of the erstwhile village panchayaths are now exercised by these eight (8) notified area committees (Annexure - A).

In this connection, I am directed to state that in future NOC has to be insisted from the concerned notified area committees instead of Village Panchayaths for arranging power supply in the said villages. Further, it is instructed to be more vigilant while verifying the genuineness of these NOCs to avoid complications in future.

ಮೇಲ್ಕಂಡ ವಿಷಯದ ಬಗೆಗೆ ಉಲ್ಲೇಖದತ್ತ ತಮ್ಮ ಗಮನಸೆಳೆಯುತ್ತ ತಿಳಿಸುವುದೇನೆಂದರೆ 10 ಅಶ್ವಶಕ್ತಿ ಸಾಮರ್ಥ್ಯದವರೆಗಿನ ನೀರಾವರಿ ಪಂಪುಸೆಟ್ಟು ಬಳಕೆದಾರರು ಬಾಕಿ ಉಳಿದಿರುವ ರೆವಿನ್ಯೂ ಮೊತ್ತವನ್ನು ದಿನಾಂಕ 30-6-1994ರವರೆಗೆ ಪಾವತಿ ಮಾಡಿದಲ್ಲಿ ಬಾಕಿಯ ಮೇಲಿನ ಬಡ್ಡಿಯನ್ನು ಮನ್ನಾ ಮಾಡಲಾಗುವುದೆಂದು ಆದೇಶ ನೀಡಿದ್ದು ಸರಿಯಷ್ಟೆ.

Sub : Pending 'Deposit Contribution Works'  
pertaining to Electrification of Layouts.

It has come to the notice of the Board that there are number of 'Deposit Contribution Works' pertaining to electrification of layouts have not been taken up for execution till today, since so many years. This is mainly due to improper Material Management at all levels.

This delay is resulting in inconvenience to the Public at large. And many of the layout authorities are expressing their financial problem to pay the abnormal difference amount due to escalation in estimate cost because of revision of schedule of rates at regular intervals. So, the entire issue has to be examined in detail.

In this context, I am directed to request you to send a Division-wise statement showing pending 'Deposit Contribution Works' pertaining to electrification of Layouts in the enclosed proforma.

This statement shall be submitted within 28.2.1995.

Sub : Dealing of Theft Cases.

The Hon'ble High Court of Karnataka in its decision of M/s. Shreejee Plastics Vs. KEB (reported in ILR. 1994 KARNATAKA are entitled to disconnect the installation forthwith if during inspection it is found that seals on the meter have been tampered or fake seals are found on the meter or consumer is found committing or have committed any of the offences under Section 39 or 44 or any other provisions of Electricity Act or Regulations. The Hon'ble High Court has further held that before a back-bill is raised under Regulation 44.07(a), the consumer shall be served with an 8 days notice calling upon him to file objections if any against the provision back-bill and this notice shall be accompanied with a complaint copy, Mahazar copy etc., After issuing such notice the Local Officer shall consider the objection raised and issue a final back bill, the consumer if aggrieved with the final assessment (Back Bill) has to approach the Appellate Authorities provided under the Regulations.

All the Officers of the Board are hereby requested to take action as per the above decision hereafter.

So far as pending cases relating to Thefts are concerned, Local Officers may get the application filed before the concerned Courts through Board Advocate stating that the back bill issued will be enforced only after considering the objections of the consumer which shall be filed within 30 days, as per the decision of the High Court referred to above.

For the details of the judged, the concerned Law Report which will be violable with the Board Advocate may be referred to.

## C I R C U L A R

Sub : Faulty meters and reference to Electrical  
Inspector.

It has come to the notice of the Board that a large No. of cases are being filed and pending relating to Faulty Meters in the Trial Courts. The demands have been challenged on the ground of not following the correct procedure laid down in Sec. 26(6) of Indian Electricity Act, 1910.

Hon'ble Supreme Court in the case of Madhya Pradesh State Electricity Board - Vs - Basanthi Bai (AIR 1988 S.C. Page - 71) has laid down that in case of disputes relating to meters, Electricity Board cannot unilaterally raise bills without referring the same to an Electrical Inspector under Section 26 (6) of Indian Electricity Act, 1910. Following this decision the Karnataka High Court has also taken the same view in the case of Sri Ramana Tapasa Patil (1989(1) KLJ 81 and ILR 1991 Kar 909). Further, Karnataka High Court has held that in the case of slow recording of meters, it is for the Board only to refer the matter to the Electrical Inspector. In view of these binding decisions, there is no option for the Board or its officers except to refer the dispute relating to faulty meters to the Electrical Inspector as and when the consumer objects to the

demand and get the dispute adjudicated.

While referring the matter to an Electrical Inspector it shall be ensured that the faulty meter is seized under a Mahazar and sealed with Signature of the consumer or his representative and the defective meter is replaced with a good one forthwith.

After the matter is referred to the Electrical Inspector, the Local service shall make a claim on the consumer to deposit the disputed amount computed by them pending adjudication and shall also inform his that the non-payment will enable the Board to disconnect the installation/under provision to Section 24(2) of Indian Electricity Act. Further the Local Officer shall continue to demand, render bill and collect the current charges as per the new meter.

The above procedure in the case of faulty meters shall be followed strictly without any exception.

So far as cases which are pending already in Courts they may be got disposed by filing an application to the Court through the Board Advocates that the matter will be referred to Electrical Inspector as sought by the plaintiff and claim if any will be made thereafter.

It was instructed in the above circular to award all labour contract works to Licenced Electrical Contractors only. But the subject has been reexamined by the Board in view of the practical problems expressed by the filed officer that the Licenced Electrical Contractors are not coming forward to execute certain type works on Labour Contract Basis and thereby it is very difficult to achieve the targets for various works and hence has relaxed the rule.

Hence, I am directed to state that it is admissible to entertain applications and award the works to other than Licenced Electrical Contractors where there is poor response from Licenced Electrical Contrartors in the interest of speedy executions of works.

(2) U.O. Note No. FA/CF/AO(Rev)/381 dated  
9.2.1995 of the Financial Advisor & C.A.O.  
KEB, Bangalore.

You are aware that as per Regulation 33.07 of ESR 1988 if the installation is under disconnection for non payment of dues for a continuous period of not less than 3 months, Board may serve a 3 months Notice to the consumer to get the installation reconnected after payment of dues, failing which the power supply agreement shall be deemed to have been duly terminated on the date of expiry of the said notice. But in actual practice delays have been observed in issuing 3 months Notice for termination of agreement immediately after the installation is under disconnection for three consecutive months. Consequent to this, interest on revenue arrears and monthly minimum charges are being raised in the ledger accounts for an indefinite period. This position was reviewed and it has been decided to stop levying of interest on the outstanding revenue arrears and also the monthly minimum charges on expiry of six months period from the date of disconnection of the installation. This shall be without prejudice to the right of the Board to claim the interest and monthly minimum charges or the line minimum charges or other dues, if any, as per rules during the disconnection period of the installation when the consumer comes forward for reconnection of the installation, the consumers should be clearly told so. As regards the cases which are pending in the court the claims of interest need not be raised in the ledger until the case is finalised. However, the consumer should be informed in writing that the Board reserves its right to levy and collect interest as per rules as and when the case is finalised. I am directed to request you to take action as above in all similar cases till further instructions are issued in the matter.

The revenue staff may be strictly instructed to issue 3 months' notice to the consumer for termination of agreement in all cases of installations under disconnection for a continuous period of not less than 3 months irrespective of the period of agreement (initial

or extended) except in respect of cases pending in the court. Any lapses in this regard will be viewed seriously and action will be initiated for such lapses deeming it is a dereliction of duty under KEB Employees' (CDC&A) Regulations 1987.

**Sub : Additional Street Light Works, in respect of V.Ps  
and T.Ps.**

It is noticed that large number of additional street lights works are taken up by some divisions without fully following the Government Order in this regard. With the result, budget provision for the year has been exceeded. In view of the financial constraints, it is instructed that no additional street light works should be taken up till further instructions from the Board. If there is any breach of these instructions, the matter will be viewed seriously.

Sub : Non return of released assets of the Board - Shortage of Transformer -oil in the failed transformers Failure in following the prescribed procedure - Action on the concerned.

Ref. : B.O.NO. KEB/B19/345/85-86 dated 18-6-1987.

It has come to light that around 1500 released - transformers are left unaccounted and dumped in the storeyard in Tumkur Division. The Shortage of oil in the released transformers is found to the extent of 50%, suggesting suspected pilferage of oil. This state of affairs is directly attributable to total laxity in following the procedure prescribed by the Board vide Order dated 18-6-1987 in respect of dismantling/releasing of asset on the one hand and non-regularisation of Tentative work orders issued on the other. The mismanagement of released assets of the Board is mainly due to the carelessness of the Assistant Engineer/Junior Engineer who takes up the release/replacement work. Non-accounting of released transformers immediately after release under stock is also leading to a situation wherein the transformers failed within the guaranteed period are losing the right of getting repaired free of cost. The

Divisional Officers shall immediately visit all the stores in their Divisions and take account of the transformers lying unaccounted in the storeyards, office premises/workspots etc., and initiate action to regularise the transactions. Each Divisional Officer should send a detailed storewise report to Chief Controller of Accounts by a D.O. letter within a month on the No. of such cases found, action taken for regularisation and the present status, giving the capacity and quantity of such transformers involved. To check pilferage of oil in future, whenever a transformer fails the Assistant Executive Engineer, Elecl., should visit the place and find out the quantity of oil available and also the reason for failure of transformer. Under the circumstances the shortage of oil should exceed 10 to 15 litres which is due to leakage at bushings and drain valve.

The following action should be taken without fail to avoid loss of Board's property.

1. After execution of the replacement/dismantling work, the released assets/materials shall be returned to the stores immediately by the - concerned, Assistant Engineer/Junior Engineers. If the released assets or materials are not returned to Stores by the Asst. Engineer/Junior Engineer, within 15 days of release then Executive Engineers, Electrical, of the Divn. will issue "Show Cause Notice" and initiate disciplinary action on the erring official.
2. A maximum of 10 to 15 litres of oil only shall be allowed as shortage in respect of failed transformers and the cost of the remaining quantity of oil found short beyond this limit may have to be recovered from the official whomsoever is responsible for the shortage of oil. The Accounts Officer shall

intimate the concerned wherever such shortage are found duly informing about the likelihood of recovery. The Store Officer should routinely check the released assets received in the Stores and any deficiency noticed should immediately initiate necessary action otherwise he will be held responsible for any lapses.

3. All the Tentative work orders shall be regularised strictly as per rules laid down under para 249 on pages 289 and 290 of KEB. Accounts Manual Volume-II (Third Edition 1991). It is the - responsibility of the Divisional Officer to ensure regularisation in time and the Accounts Officer of the Division shall send a status report on this issue every month to the Chief Controller of Accounts. The CCA shall put up the position to the Board for review. As regards the existing tentative work orders pending regularisation, all such work orders shall be regularised within a month from the date of this Board Circular and a report sent to CCA by the Divisional Officer. In future no Tentative work orders shall be issued for carrying out new works either under improvement or extensions, unless it is of extreme, urgency. This should be followed strictly without any lapse.

4. The procedure laid down under Sec. 5 vide paras from 264 and 265 on pages from 322 to 356 of KEB. Accounts Volume-II (Third Edition 1991) shall be strictly followed for dismantling/release of Assets.

In all the above cases, the Divisional Officer shall propose for disciplinary action on the erring Officers/Employees apart from taking action as stipulated.

Additional Secretary,  
KEB.

Sub : Inventory Management - Implementation of Sri Srinivasan Poti, Committee - Report.

Ref : Board Order No. KEB/B7/5811/92-93 dt. 26.5.1992.

2. B.O. No. KEB/B7/5811/92-93 dtd. 17.10.92.

Board had set up a Committee under Sri Srinivasan Poti, Retired Chief Engineer, Electricity, to prepare a report for the reduction of Store inventories and disposal of unwanted materials. The Committee has made several recommendations for better Management of Store Inventory which the Board - has accepted. In this context the following guidelines are issued for procuring materials, reducing store inventory and disposal of unwanted materials.

### 1. Procurement of High/Low Cost materials :

High cost materials which are to be procured in large quantity, due to large No. of works that are to be handled then such items may be procured half yearly/annually, considering the time involved for processing tenders etc., However, the delivery period should be staggered to meet the requirement of three months only.

The Annual requirement could be assessed based on the consumption during the previous year Vis-a-Vis target, Procurement of quantity in excess of annual requirement should be avoided.

The same procedure should be adopted for low cost materials and should be procured for 3 months requirement only.

## **2. Proper distribution of materials :**

In many instances the High Cost materials so procured are becoming idle due to non-availability of matching - materials. The Divisional/Circle/Zonal Officers should effectively monitor the availability of matching materials. Recently the Board has enhanced purchasing powers of officer and also empowered officers to purchase some of the items in list - II by including in List - III of manual of financial powers. Even the Executive Engineer, Elecl., TCD's have been permitted to purchase several materials by including them in list - III. With these the Officers should see that matching materials are purchased in time to utilise the High Cost materials.

## **3. Procurement of materials in sets :**

Certain line materials like tower parts etc., have to be procured in sets only. Procuring component-wise-materials for such item should be stopped. Payment should be made only when full components of the materials are received and not against proof of despatch of individual parts.

#### **4. Major works materials in O&M Stores :**

Many Major Works equipment materials are lying in O&M Stores un-utilised. They are lost sight of while - procuring/monitoring major works materials. Hence, all such major works materials/equipment should be immediately sent to the nearest major works store. In future no major works material should be stocked in O&M Stores. Major - works materials/equipments should be sent to site after the work is taken up and when they are required for immediate installation.

#### **5. Scrap/Obsolete materials :**

As a one time measure all scrap materials as on date may be disposed off at Circle level after giving wide - publicity under the authority of the Zonal Chief Engineers, Electricity. However, empty lorries coming to Bangalore, for taking materials should bring these scrap materials as far as possible to Bangalore for disposal.

#### **6. Excess/Unoperated/Unwanted materials :**

There are many materials which are Un-operated/Unwanted for long time, lying in various stores. A list of such materials should be circulated by the Store Officer/Divisional Officer among all the Officers for the needy Divisions to collect them. The Divisional Officers should take immediate action to transport unused materials lying in sub-divisions stores to Divisional Stores. Some - materials like PVC Bends, PVC Collars, Couplings, P.G. Clamps for squirrel and weasel conductor, Turn buckles, Earth Guard Stirrups, solder less sockets etc., lying in various stores may not be required by any of the Divisions. Such materials should be disposed off immediately and should not be procured in future as they are found

unoperated in most of the stores.

All CTs, PTs, Meters, Switchgear Panels etc., should be sent to central stores and got examined by RT/MT Divisions to assess their usefulness and good ones should be put to used.

In major works stores all materials which are not required either for works on hand or for works proposed to be taken up in the Divisions are being included in the excess statement. These should be diverted to needy divisions.

#### 7. Spares :

Spares for many station equipments, like panel type meters, Relays etc., are found in various stores. These should be pooled in the Regional Stores, which will assist the MT/RT Divisions to identify for replacements of faulty ones easily.

These instructions should be followed strictly.

Sub : Servicing of I.P. Sets - Fixing of capacitors  
- Regarding.

Hitherto IP Sets are being serviced without insisting upon fixation of capacitors of required capacity by the consumers. This has resulted in poor voltage conditions in the state due to heavy drawal of reactive power by the IP Sets.

I am therefore directed to communicate the following instructions of the Board to be followed by all Officers scrupulously.

(a) All new IP set applicants should fix capacitors of required capacity to their installation before taking service. The procedure followed for servicing of the LT power installations shall be followed respect of IP sets also.

(b) All the existing IP set consumers shall also fix capacitors of required capacity within 31.5.1995. All the I.P set consumers may be informed through hand bills/memos which shall be exhibited in all the KEB Offices, and also in Zilla Parishad and Mandal Panchayat Offices for wide publicity. The local Legislators and IP set owners should also be

informed and explained the necessity of installing the capacitors.

Production of the test certificate of the capacitor issued by the manufacturer or by the concerned M.T Section is sufficient for verification before servicing new IP sets as well as for the existing IP sets.

The capacitors shall conform to the relevant ISI specifications.

**Sub : Construction of Transmission lines and Sub-Station - Taking up the works before approval by the Technical - Committee and before sanction of project report by the Board - reg.**

It has come to the notice of the Board that Construction of Transmission lines and Sub - Stations are being taken up even before the work is approved by the Technical - Committee and the project reports are approved by the Board. This is highly irregular.

The normal procedure to be followed for taking up construction of major works are as follows :

- a) After detailed study of the necessity of establishing a station by the System Improvement Cell, the proposal will be sent to Chief Engr. Electricity, (General,) through Zonal Chief Engr. Electricity.
- b) The Chief Engineer, Electricity, (General), will make detailed study of the proposal and put up before the Technical Committee, for consideration, after convincing himself the

necessity of the work.

- c) After the approval by the Technical Committee, sufficient budget provision will be made in the annual works programme for the year. Simultaneously the Chief Engineer, Electricity, (General), will also prepare - detail project report and forward it to Board for approval.
- c) The actual works will have to be taken after - receipt of sanctioned project report.

It is noticed that this procedure is being violated and works are taken up to satisfy the local pressure. Only in special circumstances the work may be taken after obtaining approval of the Board by giving the necessity in details and get the proposal ratified in the immediate Technical Committee Meeting.

The procedure as stipulated above should be followed by all the Officers and action will have to be initiated on the Officer who violate the procedure.

There are many Sprinkler I.P Sets in the State awaiting service for a long time. These I.P. Sets have a connected load of more than 10 HP and hence they fall under metered category. Moreover these are very seasonal in nature and work for only two or three months in a year.

Cys.35 dated 24-12-1988.

iii. CEE/(TA & QC)/Circular nO. CVO/  
Cys.74 dated 3-10-1991.

In the above circular, Chief Engineer Electricity, (Technical Audit & Quality Control) has instructed the field staff to service the H.T. installations only after pre-commission tests by R.T/M.T. Divisions along with T.A.C. staff and also to inform the RT/MT/TAC staff after servicing the H.T. installations. Though the pre-commission tests are conducted by RT/MT Divisions, the TAC staff were not informed of the pre-commissioning, tests (except in

Bangalore Zone). Under the circumstances it is instructed to all the R.T./M.T. Divisions to conduct pre-commission tests on H.T.installations along with T.A.C. staff before servicing these installations. Further the Executive Engineers, Electrical, O & M Divisions are instructed to inform the R.T./M.T./TAC Divisions after servicing the H.T. installations for calibrating these installations and for checking of C.T./P.T. wirings etc.,

The above instructions may strictly be adhered to, failing which necessary action will be taken against the concerned.

All the Chief Engineers Electy.,  
Bangalore/Mangalore/Hubli/Gulbarga.  
All the Supt.. Engineers (Elect) of O & M Circles,  
The Supt.. Engineer (Elect), Load Despatch Circle, Bangalore.

Sirs,

Due to failure of monsoon in some parts of the State and enormous increase of demand by IP sets and industrial loads particularly in the Districts of Bangalore Rural, Bangalore Urban, Kolar, Tumkur, and Chitradurga resulting in low voltages and interruptions in power supply. Hence I am directed to request you to impose load shedding on Rural and Urban feeders with immediate effect as per the details noted below, on selective basis wherever low bus voltages are prevailing :

1. Load shedding on rural feeders should be imposed in two spells from 6.00 a.m. to 12.00 Noon and 12.00 Noon to 6.00 p.m. i.e. 50% of the rural feeders in the morning and 50% of the rural feeders in the afternoon. The timings may be interchaged every fortnight.
2. I.P. Set consumers may be requested not to draw power during evening peak hours form 6.00 p.m. to 9.00 p.m. The roster switches if provided should be operated during the above period.

3. Load shedding on all Urban feeders other than Bangalore City should be effected for a period of one hour on each feeders between 7.00 a.m. and 10.a.m.

4. All the H.T. and L.T. Power installations should not be permitted to work between 6.00 p.m. and 9.00 p.m. except for security lighting and water supply purposes.

However, the above restrictions are not applicable to essential categories of installations such as water supply, sewerage, hospitals, coffee plantations etc.,

5. The City feeders in Bangalore may be shed for 45 minutes from 6.00 a.m. to 10.00 a.m. in all the ring main stations. A separate load shedding schedule shall be prepared by the Chief Engineer, Electricity, Bangalore Zone and implemented. The programme of load shedding may be informed to consumers by notifying prominently in Service Stations, Sub-Stations and also in the Sub-division and Division Offices.

The Zonal Chief Engineers should review the voltage levels in their area and decide on the areas where above programme of load shedding should be introduced, since some areas may not require load shedding. If the situation improve in the next few days as a result of expected rains in Andhra padesh, Tamilnadu and parts of Karnataka due to which the grid voltage is likely to improve, action may be taken to withdraw load shedding.

Please report on the action taken.

Yours faithfully,

ADDITIONAL SECRETARY,

Sub : Peak Hour Load Restrictions.

Please refer to Board's circular of even No. dated 14-12-1990 and subsequent circular instructions issued in this regard. You are directed to conduct surprise inspections to check the working of Industries during evening Peak Hours i.e., between 6 p.m. and 9 p.m. All H.T. and L. T. installations shall be closely monitored so that they restrict the loads during these hours to Security Lighting and Drinking Water Supply requirements only. Field Officers shall take stringent measures against power installations working during evening peak hours and disconnect such installations for the period as indicated in Board's Notification dated 15-12-1990.

The following Officers of the Board are requested to conduct surprise inspections every week.

Superintending Engineers (Elect)	10 Installations (H.T. installations only)	L.T. installations shall be inspected
Executive Engineers (Electrical)	15 Installations (H.T. installations only)	if there are no sufficient number of
Asst. Ex. Engineers (Elect)	25 Installations (L.T. installations only)	H.T. installations.

and send details of inspection so conducted in the following proforma to Broad every Monday of the week without fail, failing which the same will be viewed seriously.

Consequent to prevailing low voltages obtaining in the past few days, it has become inevitable to restrict I.P. loads during peak load hours from 6.00 p.m. to 9.00 p.m. in order to improve the peak hour voltage conditions. Hence, you are requested to restrict the draw of power by agricultural sector (I.P. Sets) between 6.00 p.m. to 9.00 p.m. with immediate effect by operating the roaster switches. **KARNATAKA ELECTRICITY BOARD is receiving bulk of its power requirement from Central Generating Stations at Somanahalli through 400 KV lines from Ramagundam Super Thermal Power Station via Andhra Pradesh. The voltage at Somanahalli Bus which should be 400 KV has gone down as low as 300 KV recently. The main reason for this low voltage is due to low incoming voltage consequent to excess drawl of power by Andhra Pradesh, also due to enormous increase of demand by I.P. sets. The state consumption of power which was around 50 MUs during last month has risen to 58.5 MUs per day and the peak load has gone upto 2982 MWs. We are pursuing with PGCIL and Central Government to take action to improve the incoming voltage. However, in the meanwhile it has become inevitable to shed the loads in the Urban areas and Rural areas in order to improve the voltage level to a tolerable extent, as follows :**

Further to Board's circular cited under reference above and consequent to peak demand and daily consumption reaching as high as 3135 MW and 62.085 MU, respectively and also peak load increasing day by day, it has become inevitable to shed the loads in Rural and Urban areas in order to reduce peak load and improve the voltages. The programme of load shedding is as follows :

- 1) All feeders in Rural Areas will be opened out for a period of 4 hours on rotation in three spells from 6 a.m. to 10 a.m., 10 a.m. to 2 p.m. and 2 p.m. to 6 p.m. respectively. The timings may be changed once in 15 days ;

### **READ :**

Proceedings of the Meeting held in the chambers of the Finance Commissioner on 14-9-1993 regarding tariff dispute between the Karnataka Power Corporation Limited and the Karnataka Electricity Board - Item 5 and 6.

2. Board Resolution No. BM 6351/18676 dated 2-12-1994.

### **PREAMBLE :**

The Government of Karnataka revised the selling rates of energy supplied by Karnataka Power Corporation Limited Station namely ; Sharavathy Generating Station, Bhadra Hydro Electric Project, Linganmakki Power House and Nagjhari Power House, with effect from 1-10-1983. The Government approved revision of tariff of Karnataka Electricity Board with effect from 24-10-1983. The revised tariff of Karnataka Power Corporation Limited was given effect from 11-11-1983 which is midway between 24-10-1983 and 24-11-1983. After examining the position of KEB it was decided in the meeting held on 28-4-1992 and 27-6-1992 that Karnataka Power Corporation Limited will forego its claim to the extent of 50%.

Out of the total claim of Rs. 3,04,25,704/- Karnataka Electricity Board will admit the claims to the extent of balance of 50% amounting to Rs. 1,52,12,852/- so that the additional liability is shared by both the organisations.

2. Eventhough the Karnataka Power Corporation Limited started supplying power from RTPS generating station with effect

from 1-4-1985 the selling rates per unit was not fixed by Government, until October 1985. The Government in their order No. PWD 83 PPC 85 dated 5-10-1985 fixed the selling rates at 73 paise per unit with effect from 27-9-1985. But KEB has been paying the same from 13-10-1985 since (a) Government did not fix the rates from 1-4-1985 to 26-9-1985, and (b) Benefit of Karnataka Electricity Boards revised tariff accrued from October 1985.

However, in the joint meeting held on 27-6-1992, it was agreed that since the power has been drawn by Karnataka Electricity Board with effect from 1-4-1985, the Karnataka Electricity Board accepted to pay the bills for the period from 1-4-1985 to 9/85 at the rates fixed by the Government with effect from 27-9-1985 vide Government Order dated 5-10-1985. The amount due for the period to the extent of Rs. 32.12 lakhs will be admitted and paid by Karnataka Electricity Board after the verification as per joint meter reading statement. The Karnataka Power Corporation on the other hand will not any interest on the claim upto the date of payment.

3. Revised Tariff for power supplied from Nagjhart power House was fixed by the Government of Karnataka with effect from 27-9-1985. But, Karnataka Electricity Board has admitted the revised tariff with effect from 13-10-1985. The difference in bill due from Karnataka Electricity Board for the period from 27-9-1985 to 12-10-1985 is Rs. 19.02 lakhs which Karnataka Electricity Board agreed to pay as per Government Order.

4. Government of Karnataka revised the rates of royalty on generation of all Hydro Electric Stations with effect from 1-8-1983 vide Government Order No. PWD 137 PPC 83 dated 30-7-1983.

Karnataka Electricity Board tariff was revised from 24-10-1983. Karnataka Electricity Board desired to pay the revised rates of royalty to Government with effect from 11-11-1983 (midway between 25-10-1983 and 24-11-1983). But in the meeting held on 14-9-1993 it was decided that K.E.B., should pay Rs. 4,12,66,883/- towards royalty to Government from 1-8-1983 to 10-11-1983.

ORDER NO. KEB/B13/4082/79-80  
BANGALORE, DATED : 28-1-1995.

Board has agreed to the following decisions taken in the meeting held on 14-9-1993 in the Chambers of Finance Commissioner and Secretary to Government of Karnataka, Department of Finance. These pertain to items 5 and 6 of the proceedings of the said meeting.

- i) To admit the claims of Karnataka Power Corporation Ltd., to an extent of Rs. 1,52,12,852/- which is 50% of the total claims of Karnataka Power Corporation Limited equivalent to Rs. 3,04,25,704/- for the power supplied from Karnataka Power Corporation Limited stations from 1-10-1983 to 10-11-1983. Karnataka Power Corporation Limited, on the other hand will forego its claim to the extent of balance of 50% amounting to Rs.1,52,12,852/-
- ii) To admit the claims of Karnataka Power Corporation Ltd., to an extent of Rs. 32.12 lakhs towards the power supplied from RTPS I & II Units for the period from 1-4-1985 to 9/85 at the rates fixed by Government with effect from 27-9-85 vide Government Order dated 5-10-1985. This is subject to verification as per Joint Meter Reading statement. Karna-

taka Power Corporation Ltd., on the other had will not charge any interest on the claim upto the date of payment.

iii) To admit the claims of Karnataka Power Corporation Limited to an extent of Rs. 19.02 Lakhs for the power supplied from Najhari Power House from 27-9-1985 to 12-10-1985.

iv)

period from 1-8-1983 to 10-11-1983 to Government of Karnataka directly, on generation of all Hydro Electric Stations.

## **K. E. B. NOTIFICATION**

No. B-13/4020/94-95

Dated : 8-3-1995

**Sub : Demand cut on HT Industries with a C.D. of 251 KVA and above located in Bangalore, Kolar, Mysore and Tumkur Districts.**

It is noted that the peak load in the State and daily energy consumption have not come down inspite of load shedding on Rural and Urban Feeders, restriction on HT consumers to use power between 6 pm to 9 pm, operation of roaster GOS etc. The recorded maximum State Peak and energy consumption on 5-3-1995 are 3155 MWS and 66.607 MUS respectively when compared to 2824 MWs and 58.531 MUs recorded during the same period during the last year. The installed capacity of Karnataka is 3366.70 MW and KEB is drawing about 700 MW as central share mainly at Somanahally 400 KV Power Grid Station. The voltage at Power Grid Somanahally Bus which should be 400 KV has gone down to as low as 310 KV, which is due to enormous increase of demand by IP sets both in Andhra Pradesh and Karnataka and also partly due to excess drawal of energy by Andhra Pradesh Electricity Board. Though KEB is pursuing with Power Grid Corporation of India Ltd., and Central Govt. to take action to improve the incoming voltage, the areas fed from the Somanahally 400 KV stations, which receives power from Central generating stations, namely Bangalore, Mysore, Tumkur and Kolar Districts are suffering from low voltage, because of which agricultural operations have been hampered, and standing crops have been affected. In order to improve the quality of power in affected areas it has become inevitable to impose DEMAND CUT at 25% to HT industries with a Contract Demand of 251 KVA and above located in Bangalore,

to the residences of Officers of K.E.B.

At present, the P & T Telephones provided to the Officers at their residences are being shifted to the residences of new incumbents whenever the officers are transferred or promoted. This is causing delay and unnecessary hardship and also involves payment of shifting charges. Hence to avoid all these difficulties, the following revised guidelines may be followed :

- 1) Whenever an Officer is transferred or promoted within the City, then the P & T Telephone provided to him at his residence need not be shifted, provided that the officer is eligible for P & T Telephone at the new post.
- 2) For the new incumbent, a new connection may be obtained, provided the officers did not have P & T Telephone at his residence in his previous post.
- 3) If the officer is transferred/promoted out of the City, then action may be taken to shift the P & T Telephone to the new incumbent.
